ONME SOHO HEALTH AND BEAUTY LIMITED

DIRECTORS' REPORT

FOR THE PERIOD ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the period ended 31 March 2026.

Principal activities
The company was incorporated and commenced trading on 15 October 2024. The principal activity of the company was the wholesale and retail of merchandise, stationery, perfumes, cosmetics and similar products.

Results and dividends
The results for the period are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the period and up to the date of signature of the financial statements were as follows:

Mr Bhavesh Shah	(Appointed 9 May 2025)
Mr Abhishekh Kanoi	(Appointed 15 October 2024)
Mr Sagarkumar Ballari	(Appointed 15 October 2024)
Mr Roland Seregi	(Appointed 15 October 2024 and resigned 9 May 2025)

Auditor
UHY Hacker Young were appointed as auditor to the company and in accordance with section 485 of the Companies Act 2006, a resolution proposing that they be re-appointed will be put at a General Meeting.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:
- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV53307610-0815-CDDA-3270-EEBF 08/05/2026 15:47 PM UTC

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Bhavesh Shah

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ONME SOHO HEALTH AND BEAUTY LIMITED

Opinion

We have audited the financial statements of Onme Soho Health and Beauty Limited (the 'company') for the period ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial period for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management’s incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Onme Soho Health and Beauty Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Reporting period

The company was incorporated on 15 October 2024. The accounts therefore show the results for the 18 month period.

1.2 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- comparative narrative information;
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 12.

1.3 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

1.4 Revenue

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The company recognises revenue when it transfers control of a product or service to a customer.

RSign Envelope ID: ENV53307610-0815-CDDA-3270-EEBF 08/05/2026 15:47 PM UTC

1 Accounting policies **(Continued)**

1.5 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Computers	3 years straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.6 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.7 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

RSign Envelope ID: ENV53307610-0815-CDDA-3270-EEBF 08/05/2026 15:47 PM UTC

1 Accounting policies **(Continued)**

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company’s business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

RSign Envelope ID: ENV53307610-0815-CDDA-3270-EEBF 08/05/2026 15:47 PM UTC

1 Accounting policies **(Continued)**

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets
Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets
Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.10 Financial liabilities
The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities
Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities
Financial liabilities are derecognised when, and only when, the company’s obligations are discharged, cancelled, or they expire.

1.11 Equity instruments
Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

RSign Envelope ID: ENV53307610-0815-CDDA-3270-EEBF 08/05/2026 15:47 PM UTC

1 Accounting policies (Continued)

1.12 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company continued to be that of interior design.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr P Seth
Mr A Banaik
Mr K Kanodia

Auditor
The auditors, UHY Hacker Young, are deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Mr K Kanodia
Director

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF CASA FORMA LIMITED

Opinion

We have audited the financial statements of Casa Forma Limited (the 'company') for the year ended 31 March 2026 which comprise the statement of comprehensive income, the statement of financial position, the statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 'Reduced Disclosure Framework' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption in preparing the Directors' Report and take advantage of the small companies exemption from the requirement to prepare a Strategic Report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

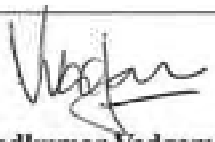
Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.



There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Casa Forma Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Accounting convention

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

The company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of IFRS 7 Financial Instruments: Disclosures;
- the requirement in paragraph 38 of IAS 1 ‘Presentation of Financial Statements’ to present comparative information in respect of: (i) paragraph 79(a) (iv) of IAS 1, (ii) paragraph 73(e) of IAS 16 Property Plant and Equipment (iii) paragraph 118 (e) of IAS 38 Intangibles Assets, (iv) paragraphs 76 and 79(d) of IAS 40 Investment Property;
- the requirements of paragraphs 10(d), 10(f), 16, 38A to 38D, 39 to 40 ,111 and 134-136 of IAS 1 Presentation of Financial Statements;
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors;
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets; and
- the requirement to present a statement of cash flows and related notes.

As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to financial instruments, capital management, presentation of comparative information in respect of certain assets, standards not yet effective and impairment of assets.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 12.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements. The company will also continue to obtain sufficient funding from within the group to enable it to pay its debts as they fall due.

In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

1 Accounting policies **(Continued)**

1.3 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Patents and Licenses	5 years straight line

1.4 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

1.5 Cash and cash equivalents

Cash and cash equivalents include cash in hand and deposits held at call with banks.

1.6 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument.

Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets and is determined at the time of recognition.

Financial assets are initially measured at fair value plus transaction costs, other than those classified as fair value through profit and loss which are measured at fair value.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

1 Accounting policies **(Continued)**

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial. The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument to the net carrying amount on initial recognition.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.7 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Financial liabilities at fair value through profit or loss

Financial liabilities are classified as measured at fair value through profit or loss when the financial liability is held for trading. A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of selling or repurchasing it in the near term, or
- on initial recognition it is part of a portfolio of identified financial instruments that the company manages together and has a recent actual pattern of short-term profit taking, or
- it is a derivative that is not a financial guarantee contract or a designated and effective hedging instrument.

Financial liabilities at fair value through profit or loss are stated at fair value with any gains or losses arising on remeasurement recognised in profit or loss.

1 Accounting policies **(Continued)**

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the net carrying amount on initial recognition.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.8 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs.

2 Employees

The average monthly number of persons (including directors) employed by the company during the year was 3 (2025: 3)

The directors acting during the period are remunerated by other group companies. There are no identifiable qualifying services for this company in 2026.

At the end of the year	(936,229)	(917,381)

10 Contingent liabilities

RBS has a fixed and floating charge over the assets of the company.

11 Capital risk management

The company manages its capital to ensure that it will be able to continue as a going concern whilst maximising the return of stakeholders through the optimisation of equity balance. The capital structure of the company consists of cash and cash equivalents and equity attributable to equity holders of the parent, compromising of issued capital, reserves and retained earnings.

12 Controlling party

The immediate parent company is Multinational Textile Group Limited, a company registered in Mauritius, and the ultimate parent company is PDS Limited, a company registered in India.

PDS Limited prepares group financial statements and copies can be obtained from Unit No 971, Solitaire Corporate Park, Andheri, Ghatkopar Link Road, Andheri East, Mumbai, Maharashtra, 400093.

PDS Limited is listed on the BSE and National Stock Exchange in India.

MODA & BEYOND LIMITED

DIRECTORS' REPORT
FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is the import and distribution of garments. Our core business model encompasses sourcing, designing, producing and marketing garments for key partners. Additionally, we operate through an omni-channel approach, primarily focused on e-commerce and wholesale distribution. Our portfolio of brands specialises in cross-category products, with a primary focus on occasion wear, on-trend fashion, and casual wear.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr A Banaik
Mr K Kanodia
Mr A Kanoi
Mr E Matthews

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

RSign Envelope ID: ENV66994499-0839-FECA-5701-FCAE 10/05/2026 08:57 AM UTC

Statement of directors' responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Krishna Kanodia

.....

Mr K Kanodia

Director

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF MODA & BEYOND LIMITED

Opinion

We have audited the financial statements of Moda & Beyond Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management’s incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls) and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management, testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Moda & Beyond Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;; and
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Sourcing Limited . The group accounts of PDS Sourcing Limited are available to the public and can be obtained as set out in note 20.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Furthermore, group companies have agreed to provided financial support by not seeking repayment of amounts owed until such time as the company is able to pay its debts. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements, notwithstanding the net liabilities of £1,785,121(2025: £1,039,843).

1.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

RSign Envelope ID: ENV66994499-0839-FECA-5701-FCAE 10/05/2026 08:57 AM UTC

1 Accounting policies (Continued)

Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

1.4 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives.

Brands and licenses	10 years

1.5 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Fixtures and fittings	33% Straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.6 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

RSign Envelope ID: ENV66994499-0839-FECA-5701-FCAE 10/05/2026 08:57 AM UTC

1 Accounting policies **(Continued)**

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.7 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

RSign Envelope ID: ENV66994499-0839-FECA-5701-FCAE 10/05/2026 08:57 AM UTC

1 Accounting policies (Continued)

Financial assets held at amortised cost
Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income
Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets
Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets
Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

RSign Envelope ID: ENV66994499-0839-FECA-5701-FCAE 10/05/2026 08:57 AM UTC

1 Accounting policies **(Continued)**

1.10 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.11 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.12 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

RSign Envelope ID: ENV66994499-0839-FECA-5701-FCAE 10/05/2026 08:57 AM UTC

1 Accounting policies **(Continued)**

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.13 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.14 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.15 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

2 Revenue

	2026	2025
	£	£
Revenue analysed by class of business		
Sale of clothes	4,082,126	3,083,963

Independent Auditor's report to the shareholders of Simple Approach Bangladesh Pvt. Ltd.

Opinion

We have audited the financial statements of Simple Approach Bangladesh Pvt. Ltd. hereinafter referred to as "the company" which comprise the statement of financial position as at 31 March 2026, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the company as at 31 March 2026, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the Companies Act 1994 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and ICAB bye laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRSs) and the Companies Act 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objective are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud and error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

As a part of audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements of the company. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

In accordance with Companies Act 1994, we also report the following:

a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof.

b) in our opinion, proper books of account as required bye laws have been kept by the company so far as it appeared from our examination of those books; and

c) the company's financial position and statement of comprehensive income dealt with by the report are in agreement with the books of account.

The Value Added Tax and Supplementary Duty Rule, 2016
The Customs Act, 1969

2.3 Basis of measurement

The financial statements have been prepared on historical cost following the accrual basis on accounting.

2.4 Functional and presentational currency

These financial statements are prepared in Bangladesh Taka (Taka/Tk/BDT), which is the Company's functional currency. All financial information presented in Taka has been rounded off to the nearest integer unless otherwise indicated.

2.5 Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting polices and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

2.6 Going concern

The commercial operation of the company has been started from September 2023. The board of directors of the company believes that the company has adequate resources and group support to continue its operation in the foreseeable future. As a result, the financial statements of the company has been prepared on a going concern basis.

2.7 Cash flow statements

Cash Flow Statement is prepared as per International Accounting Standard (IAS-7). Cash flow from operating activities is determined for the period under indirect method.

2.8 Reporting period

The company has got approval from DCT for maintaining the accounting year with parent as 01 April to 31 March dated 20 June 2022. These financial statements cover for the period from 01 April 2025 to 31 March 2026. Since this is the first year of the company no comparative information is available.

2.9 Date of authorization

The audited financial statements for the year ended 31 March 2026 was authorized by the Board of Directors on 05 MAY 2026

3.00 Significant accounting policies

The accounting policies set out below have been applied consistently in these financial statements.

3.1 Property, plant and equipment

Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises of its purchase price, import duties and non-refundable taxes, after deducting trade discount and rebates, and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the intended manner.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent Costs

The cost of replacing part of an item of fixed assets is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in the statement of comprehensive income as incurred.

Depreciation

Depreciation is charged on all items of property, plant and equipment on straight line method. For addition to property, plant and equipment, depreciation is charged from the day of capitalization up to the period immediately preceding the period of disposal. Depreciation method, useful lives and residual values are reassessed and adjusted (if any) at each reporting date.

Depreciation rates are as follows:

Particulars	Rate
Plant & machinery	10%
Furniture & fixtures	10%
Office equipments	10%
IT equipments	25%

3.2 Right of use assets and lease liabilities

The Company is a party to rent contracts for, Buildings- office space from August 2023 for ten

IFRS -16 requires recognition of a 'right of use' asset, representing the right to use the underlying asset and a liability, representing the obligation to make lease payments, for the lease contract. The impact on the Income Statement is that former lease-operating expenses are replaced by depreciation and interest. Total expenses (depreciation for 'right of use' assets and interest on lease liabilities) are higher in the earlier years of a typical lease and lower in the later years, in comparison with former accounting for operating leases.

3.3 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i)Recognition and initial measurement

The Company initially recognises receivables and deposits on the date that they are originated. All other financial assets are recognized initially on the date at which the company becomes a party to the contractual provisions of the transaction.

ii)Classification and subsequent measurement

On initial recognition, a financial asset is classified and measured at: amortized cost; FVOCI – debt investment; FVOCI – equity investment; or FVTPL. Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets – Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management; the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Financial assets – Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss account.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss account.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss account.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are never reclassified to profit or loss account.

Financial assets includes advances, deposits and prepayments and cash & cash equivalents.

3.3.1 Advances, deposits and prepayments

Advances, deposits and prepayments at the balance sheet date are stated net of provision for amounts estimated to be doubtful of recovery.

3.3.2 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at nagad, cash at Bkash, and cash at banks which are available for use by company without any restriction.

3.4 Financial liabilities

All financial liabilities are recognized initially on the transaction date at which the Company becomes a party to the contractual provisions of the liability. The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. Financial liabilities include Liability for expenses.

3.4.1 Liability for expenses

A liability for expenses is recognized in the statement of financial position when the Company has a legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Liability is ordinarily measured at the best estimate of the expenditure required to settle the present obligation at the date of statement of financial position. Where the effect of time value of money is material, the amount of provision is measured at the present value of the expenditures expected to be required to settle the obligation.

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.5 Taxation

Current tax

Income tax expense is recognized in statement of comprehensive income. Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to tax payable or receivable in respect of previous years. The amount of current tax payable is the best estimate of the tax amount expected to be paid that reflects uncertainty related to income tax, if any. Current tax assets/liabilities are offset if certain criteria are met. It is measured using tax rates enacted or substantively enacted at the reporting period.

3.6 Revenue recognition

In compliance with the requirements of IFRS 15 : Revenue from contracts with customers is measured at the fair value of the consideration received or receivable.

Service revenue: Revenue from services rendered is recognized when invoices are raised based on the contract with customer for monthly USD 10,000.

Revenue from export: Revenue from export rendered is recognized when invoices are raised based on the contract with customer as sample exported from Bangladesh.

Commission revenue: Revenue from commission rendered is recognized when invoices are raised based on the contract with customer upto 1.5% of the sales exported from Bangladesh.

3.7 Foreign currency transactions

Transactions in foreign currency are translated to Bangladesh Taka at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currency at the reporting date are retranslated to the functional currency at the exchange rate prevailing at that date.

3.8 Related party

A related party is a person or an entity that is related to the reporting entity:

(i) A person or a close member of that person's family is related to a reporting entity if that person has control, joint control, or significant influence over the entity or is a member of its key management personnel.

(ii) An entity is related to a reporting entity if, among other circumstances, it is a parent, subsidiary, fellow subsidiary, associate, or joint venture of the reporting entity, or it is controlled, jointly controlled, or significantly influenced or managed by a person who is a related party.

Parent and ultimate controlling party

Simple Approach Limited, Hongkong holds 99.9997% equity shares in the Company. As a result, they are the ultimate controlling party of the Company.

3.9 Employee benefits

The company's employee benefits include the following:

Short Term Employee Benefits;

These includes employee benefits provided to employees to ensure better working conditions in line with Labour Law 2006 and its subsequent amendments. Transportation for admin and management employee, Advance against salary, Festival bonus, Leave encashment, termination benefits as per Law, etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

3.10 Events after reporting period

Events after the reporting period that provide additional information about the company's position at the date of statement of financial position or those that indicate the going concern assumption is not appropriate are reflected in the financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes when material.

3.11 General

i) Prior year's figures have been rearranged and restated wherever considered necessary to ensure comparability with the current year and comply with relevant IFRSs.

ii) Figures in bracket denote negative.

iii) Figures have been rounded off to the nearest integer.

16.2 Financial risk management

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk (see 16.2.1)
- Liquidity risk (see 16.2.2)
- Market risk (see 16.2.3)

The Board of Directors of the company has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

16.2.1 Credit risk

Credit risk is the risk of a financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. In monitoring credit risk, receivables are grouped according to their risk profile, i.e. their legal status, financial condition, ageing profile, etc.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

a) Cash and cash equivalents

The Company held cash and cash equivalents: Bank balances of Taka 22,543,446 and cash in hand of Taka 1,100 at 31 March 2026, which represents its maximum credit exposure on these assets. The cash and cash equivalents: Bank balances are held with Commercial Bank of Ceylon Plc in Bangladesh.

16.2.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or other financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Typically, the Company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, based on time line of payment of the financial obligation and accordingly arranging for sufficient liquidity/fund to make the expected payment within due date.

In extreme stressed conditions, the Company may get support from the parent company in the form of shareholder's loan/capital contribution.

The followings are the contractual maturities of non derivative financial liabilities:

			Contractual cash flows					
31 March 2026 **In taka**	Note	Carrying amount	2 months or less	2-12 months	1-2 years	2-5 years	More than 5 years	Total
Lease liabilities	9.0	28,535,835	-	-	-	28,535,835	-	28,535,835

Leave encashment payable-non current portion	10.1	2,323,365	-	-	-	-	2,323,365	2,323,365
Terminal benefits payable-non current portion	10.2	21,316,487	-	-	-	-	21,316,487	21,316,487
Closing balance		**71,182,957**	**-**	**19,007,269**	**-**	**28,535,835**	**23,639,852**	**71,182,957**

16.2.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

17 Related Party Transactions

The company carried out a number of transactions with related party in the normal course of business. The name of the related parties, nature of business and their value have been set out below in accordance with the provisions of IAS -24 "related party disclosure."

NORWEST INDUSTRIES LIMITED

REPORT OF THE DIRECTORS

The directors present their report and the audited financial statements of Norwest Industries Limited (the "Company") and its subsidiaries (the "Group") for the year ended 31 March 2026.

Principal activities

The principal activity of the Company has not changed during the year and was the trading of garments. Details of the principal activities of the Company's subsidiaries are set out in note 1 to the financial statements. There were no significant changes in the nature of the Group's principal activities during the year.

Results and dividends

The Group's profit for the year ended 31 March 2026 and the Group's financial position at that date are set out in the financial statements on pages 6 to 85.

An interim dividend of US$0.375 per ordinary share totally HK$11,670,000 was paid on 12 September 2025. The directors do not recommend the payment of a final dividend in respect of the year.

Directors

The directors of the Company during the year were:

Deepak Kumar Seth
Krishna Kanodia
Yael Gairola
Srinivas Bangalore Gangaiah
Abhishekh Kanoi

The persons who were directors of the subsidiaries of the Company during the year (not including those directors listed above) were:

Albert Farre Moll
Alexandra Louise Pickles
Alex Feng
Anuj Banaik
Ashok Kumar Chhabra
Ashok Kumar Sanghi
Bhavesh Dinesh Shah
Charles Edward Guy Rudge
Eric Kahlil Leddel
Iftekhar Ullah Khan

Independent auditor's report
To the member of Norwest Industries Limited
(Incorporated in Hong Kong with limited liability)

Opinion
We have audited the consolidated financial statements of Norwest Industries Limited (the "Company") and its subsidiaries (the "Group") set out on pages 6 to 85, which comprise the consolidated statement of financial position as at 31 March 2026, and the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2026, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for opinion
We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") as issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"). We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial statements and auditor's report thereon
The directors of the Company are responsible for the other information. The other information comprises the information included in the report of the directors.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the consolidated financial statements
The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors of the Company determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

A member firm of Ernst & Young Global Limited

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

A member firm of Ernst & Young Global Limited

Auditor's responsibilities for the audit of the consolidated financial statements (continued)
We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Kong Choi Yi (practising certificate number: P07873).

1. CORPORATE AND GROUP INFORMATION (continued)

Information about subsidiaries (continued)
The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

2. ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with HKFRS Accounting Standards (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) as issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for derivative financial instruments, financial assets at fair value through profit or loss and through other comprehensive income and defined benefit obligation, which have been measured at fair value. These financial statements are presented in Hong Kong dollars ("HK$").

Basis of consolidation
The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the "Group") for the year ended 31 March 2026. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

Generally, there is a presumption that a majority of voting rights results in control. When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:
(a) the contractual arrangement with the other vote holders of the investee;
(b) rights arising from other contractual arrangements; and
(c) the Group's voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of its subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the respective dates that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2.1 BASIS OF PREPARATION (continued)

Basis of consolidation (continued)
The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted amendments to HKAS 21 Lack of Exchangeability for the first time for the current year's financial statements. The Group has not early adopted any other standard or amendment that has been issues but is not yet effective.

Amendments to HKAS 21 specify how an entity shall assess whether a currency is exchangeable into another currency and how it shall estimate a spot exchange rate at a measurement date when exchangeability is lacking. The amendments require disclosures of information that enable users of financial statements to understand the impact of a currency not being exchangeable. As the currencies that the Group had transacted in and the functional currencies of overseas subsidiaries and associate for translation into the Group's presentation currency were exchangeable, the amendments did not have any impact on the Group's financial statements.

2.3 ISSUED BUT NOT YET EFFECTIVE HKFRS ACCOUNTING STANDARDS

The Group has not applied the following new and amended HKFRS Accounting Standards, that have been issued but are not yet effective, in these financial statements. The Group intends to apply these new and amended HKFRS Accounting Standards, if applicable, when they become effective.

HKFRS 18	*Presentation and Disclosure in Financial Statements*[2]
HKFRS 19	*Subsidiaries without Public Accountability: Disclosures*[2]
Amendments to HKFRS 9 and HKFRS 7	*Amendments to the Classification and Measurement of Financial Instruments*[1]
Amendments to HKFRS 9 and HKFRS 7	*Contracts Referencing Nature-dependent Electricity*[1]
Amendments to HKFRS 10 and HKAS 28	*Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*[3]
Amendments to HKAS 21	*Translation to a Hyperinflationary Presentation Currency*[2]
Annual Improvements to HKFRS Accounting Standards – Volume 11	Amendments to HKFRS 1, HKFRS 7, HKFRS 9, HKFRS 10 and HKAS 7[1]

[1] Effective for annual periods beginning on or after 1 January 2026
[2] Effective for annual/reporting periods beginning on or after 1 January 2027
[3] No mandatory effective date yet determined but available for adoption

The Group is in the process of making assessment on the impact of the new and amended HKFRS Accounting Standards upon initial application but is not yet in a position to state whether these new and amended HKFRS Accounting Standards would have a significant impact on the Group's financial statements in the period of initial application.

2.4 MATERIAL ACCOUNTING POLICIES

Investments in an associate and a joint venture

An associate is an entity in which the Group has a long term interest of generally not less than 20% of the equity voting rights and over which it is in a position to exercise significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investments in an associate and a joint venture are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses. Adjustments are made to bring into line any dissimilar accounting policies that may exist.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Investments in an associate and a joint venture (continued)
The Group's share of the post-acquisition results and other comprehensive income of an associate and a joint venture is included in the consolidated statement of profit or loss and consolidated other comprehensive income, respectively. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and its associate or joint venture are eliminated to the extent of the Group's investments in the associate or joint venture, except where unrealised losses provide evidence of an impairment of the assets transferred. Goodwill arising from the acquisition of associate or joint ventures is included as part of the Group's investments in an associate or a joint venture.

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method. In all other cases, upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

Business combinations and goodwill
Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition date fair value which is the sum of the acquisition date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

The Group determines that it has acquired a business when the acquired set of activities and assets includes an input and a substantive process that together significantly contribute to the ability to create outputs.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts of the acquiree.

If the business combination is achieved in stages, the acquisition previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability is measured at fair value with changes recognised in profit or loss. Contingent consideration that is classified as equity is not remeasured and subsequent settlement is accounted for within equity.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Business combinations and goodwill (continued)
Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 March. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a cash-generating unit (or group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained.

Fair value measurement
The Group measures its derivative financial instruments and financial assets at fair value through profit or loss at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Fair value measurement (continued)
All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - based on quoted prices (unadjusted) in active markets for identical assets or liabilities
Level 2 - based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly
Level 3 - based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Impairment of non-financial assets
Where an indication of impairment exists or when annual impairment testing for an asset is required (other than inventories, deferred tax assets and financial assets), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs. In testing a cash-generating unit for impairment, a portion of the carrying amount of a corporate asset (e.g., a headquarters building) is allocated to an individual cash-generating unit if it can be allocated on a reasonable and consistent basis or, otherwise, to the smallest group of cash-generating units.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the statement of profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the statement of profit or loss in the period in which it arises.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Related parties
A party is considered to be related to the Group if:

(a) the party is a person or a close member of that person's family and that person
  (i) has control or joint control over the Group;
  (ii) has significant influence over the Group; or
  (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

(b) the party is an entity where any of the following conditions applies:
  (i) the entity and the Group are members of the same group;
  (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  (iii) the entity and the Group are joint ventures of the same third party;
  (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
  (vi) the entity is controlled or jointly controlled by a person identified in (a);
  (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
  (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Property, plant and equipment and depreciation
Property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to profit or loss in the year in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Buildings	3%
Leasehold improvements	Over the shorter of the lease terms and 33⅓%
Furniture and fixtures	25%
Motor vehicles	33⅓%
Office equipment	33⅓%

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Property, plant and equipment and depreciation (continued)
Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Investment properties
Investment properties are interests in land and buildings held to earn rental income and/or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business. Such properties are measured initially at cost, including transaction costs and any directly attributable expenditure, and subsequently at cost less accumulated depreciation and any impairment losses.

Depreciation is calculated on the straight-line basis to write off the cost of each investment property, which is the shorter of 50 years and the term of the lease.

Any gain or loss on the retirement or disposal of investment properties recognised in the statement of profit or loss in the year the investment properties are derecognised is the difference between the net sales proceeds and the carrying amount of the investment properties.

Intangible assets (other than goodwill)
Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(a) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets of properties are depreciated on a straight-line basis over the lease terms and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

(b) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate the lease. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Leases (continued)

(c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (that is those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the recognition exemption for leases of low-value assets to leases of office equipment and laptop computers that are considered to be of low value.

Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

Group as a lessor

When the Group acts as a lessor, it classifies at lease inception (or when there is a lease modification) each of its leases as either an operating lease or a finance lease.

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. Rental income is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Investments and other financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value, plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under HKFRS 15 in accordance with the policies set out for "Revenue recognition" below.

In order for a financial asset to be classified and measured at amortised cost, it needs to give rise to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business mode.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Investments and other financial assets (continued)
Initial recognition and measurement (continued)
The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows. Financial assets which are not held within the aforementioned business model are classified and measured at fair value through profit or loss.

Purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace are recognised on the trade date, that is, the date that the Group commits to purchase or sell asset.

Subsequent measurement
The subsequent measurement of financial assets depends on their classification as follow:

Financial assets at amortised cost (debt instruments)
Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in the statement of profit or loss when the asset is derecognised, modified or impaired.

Financial assets at fair value through other comprehensive income (debt instruments)
For debt investments at fair value through other comprehensive income, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income. Upon derecognition, the cumulative fair value change recognised in other comprehensive income is recycled to the statement of profit or loss.

Financial assets designated at fair value through other comprehensive income (equity investments)
Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity investments designated at fair value through other comprehensive income when they meet the definition of equity under HKAS 32 *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to the statement of profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in other comprehensive income. Equity investments designated at fair value through other comprehensive income are not subject to impairment assessment.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Investments and other financial assets (continued)
Financial assets at fair value through profit or loss
Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

This category includes derivative instruments and equity investments which the Group had not irrevocably elected to classify at fair value through other comprehensive income. Dividends on equity investments classified as financial assets at fair value profit or loss are also recognised as other income in the statement of profit or loss when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognised in the statement of profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

Derecognition of financial assets
A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

General approach

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information. The Group considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables which apply the simplified approach as detailed below.

Stage 1 – Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs

Stage 2 – Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs

Stage 3 – Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Impairment of financial assets (continued)
Simplified approach
For trade receivables that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Financial liabilities
Initial recognition and measurement
Financial liabilities are classified, at initial recognition, as loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and other payables, net of directly attributable transaction costs.

Subsequent measurement - Financial liabilities at amortised cost (trade and other payables, loans and borrowings)
After initial recognition, trade and other payables, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in profit or loss.

Derecognition of financial liabilities
A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in profit or loss.

Offsetting of financial instruments
Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as forward currency contracts, to hedge its foreign currency risk. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

Any gains or losses arising from changes in fair value of derivatives are taken directly to the statement of profit or loss, except for the effective portion of cash flow hedges, which is recognised in other comprehensive income and later reclassified to profit or loss when the hedged item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction, or a foreign currency risk in an unrecognised firm commitment.

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship with which the Group wishes to apply hedge accounting, the risk management objective and its strategy for undertaking the hedge.

The documentation includes identification of the hedging instrument, the hedged item, the nature of the risk being hedged and how the Group will assess whether the hedging relationship meets the hedge effectiveness requirements (including the analysis of sources of hedge ineffectiveness and how the hedge ratio is determined). A hedging relationship qualifies for hedge accounting if it meets all of the following effectiveness requirements:

- There is “an economic relationship” between the hedged item and the hedging instrument.
- The effect of credit risk does not “dominate the value changes” that result from that economic relationship.
- The hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Group actually hedges and the quantity of the hedging instrument that the Group actually uses to hedge that quantity of hedged item.

The effective portion of the gain or loss on the hedging instrument for cash flow hedges is recognised directly in other comprehensive income in the hedging reserve, while any ineffective portion is recognised immediately in the statement of profit or loss. The cash flow hedge reserve is adjusted to the lower of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

For cash flow hedges, the amount accumulated in other comprehensive income is reclassified to the statement of profit or loss as a reclassification adjustment in the same period or periods during which the hedged cash flows affect the statement of profit or loss.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Derivative financial instruments and hedge accounting (continued)
Initial recognition and subsequent measurement (continued)

If cash flow hedge accounting is discontinued, the amount that has been accumulated in other comprehensive income must remain in accumulated other comprehensive income if the hedged future cash flows are still expected to occur. Otherwise, the amount will be immediately reclassified to the statement of profit or loss as a reclassification adjustment. After the discontinuation, once the hedged cash flow occurs, any amount remaining in accumulated other comprehensive income is accounted for depending on the nature of the underlying transaction as described above.

Current versus non-current classification

Derivative instruments that are not designated as effective hedging instruments are classified as current or non-current or separated into current and non-current portions based on an assessment of the facts and circumstances (i.e., the underlying contracted cash flows).

- Where the Group expects to hold a derivative as an economic hedge (and does not apply hedge accounting) for a period beyond 12 months after the end of the reporting period, the derivative is classified as non-current (or separated into current and non-current portions) consistently with the classification of the underlying item.
- Embedded derivatives that are not closely related to the host contract are classified consistently with the cash flows of the host contract.
- Derivative instruments that are designated as, and are effective hedging instruments, are classified consistently with the classification of the underlying hedged item. The derivative instruments are separated into current portions and non-current portions only if a reliable allocation can be made.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the actual basis and comprises invoiced value of purchases, freight and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

Cash and cash equivalents

Cash and cash equivalents in the consolidated statement of financial position comprise cash on hand and at banks, and short-term highly liquid deposits with a maturity of generally within three months that are readily convertible into known amounts of cash, subject to an insignificant risk of changes in value and held for the purpose of meeting short-term cash commitments.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, and short-term deposits as defined above, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Provisions (continued)
When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in profit or loss.

Income tax
Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the country in which the Group operates.

Deferred tax is provided using the liability method, on temporary differences at the end of the reporting period arising between the tax bases of assets and liabilities and their carrying amounts for the financial reporting purposes, except that deferred tax is not recognised for the Pillar Two income taxes. Tax rates enacted or substantially enacted by the end of the reporting period are used to determine the deferred tax.

Deferred tax liabilities are recognised for all taxable temporary differences while deferred tax assets are recognised for all deductible temporary differences, the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Dividends
Interim dividends are simultaneously proposed and declared, because the Company's memorandum and articles of association grant the directors the authority to declare interim dividends. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Revenue recognition

Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

Revenue from the sale of garments is recognised at the point in time when control of the asset is transferred to the customer, generally delivery of the garments.

Other income

Rental income is recognised on a time proportion basis over the lease terms.

Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

Commission income from the provision of marketing services is recognised at the point in time when control of the asset is transferred to the customer, generally upon the completion of the services.

Handling fee is recognised over time when the relevant services has been rendered.

Contract liabilities

A contract liability is recognised when a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related goods or services to the customer).

Share-based payments

The Group operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services as in exchange for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees for grants after 7 November 2002 is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an external valuer using the Black-Scholes option-pricing model, further details of which are given in note 28 to the financial statements.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Share-based payments (continued)
For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognised. Where awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

Other employee benefits
Pension scheme

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for all of its employees. Contributions are made based on a percentage of the employees' basic salaries and are charged to the statement of profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

The employees of the Group's overseas subsidiaries/branches are required to participate in central pension schemes operated by the respective local governments. These subsidiaries/branches are required to contribute certain percentages of its payroll costs to the central pension schemes. The contributions are charged to profit or loss as they become payable in accordance with the rules of the central pension schemes.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Other employee benefits (continued)
Defined benefit plan

The Group's liability for termination benefit and earned leave for its employees is pursuant to Bangladesh Labour Act and is based on the most recent salary of the employees, number of completed years of service and number of working days.

The cost of providing termination benefit and earned leave is determined based on the valuations performed by an independent actuary. Remeasurements arising from a defined benefit pension plan, comprising actuarial gains and losses, the effect of the asset ceiling (excluding amounts included in net interest on the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the statement of financial position with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligations under "administrative expenses" in the consolidated statement of profit or loss by function:

- service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- net interest expense or income

Foreign currencies

These financial statements are presented in HK$, which is the Group's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in foreign currencies are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in foreign currencies are translated using the exchange rates at the dates when their fair values were measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in other comprehensive income or profit or loss is also recognised in other comprehensive income or profit or loss, respectively).

The functional currencies of overseas subsidiaries are currencies other than HK$. As at the end of the reporting period, the assets and liabilities of these entities are translated into HK$ at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss are translated into HK$ at the weighted average exchange rates for the year.

2.4 MATERIAL ACCOUNTING POLICIES (continued)

Foreign currencies (continued)
Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on acquisition are treated as assets and liabilities of the foreign operation and translated at the closing rate.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into HK$ at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of the overseas subsidiaries which arise throughout the period are translated into HK$ at the weighted average exchange rate for the year.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

Judgements
In the process of applying the Group's accounting policies, management has made the following judgement, apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial statements:

Estimation uncertainty
The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Provision for expected credit losses on trade receivables
The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables is disclosed in note 19 to the financial statements.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (continued)

Estimation uncertainty (continued)

Defined benefit plan

The determination of the Group's obligation and cost for defined benefits is performed by independent actuary engaged by the Group and dependent on the selection of certain assumptions used by them in calculating such amounts. Those assumptions include among others, discount rates and future annual salary increases. In accordance with the Group's accounting policy for pension obligations, actual results that differ from the Group's assumptions are recognised immediately in other comprehensive income as and they occur. While the Group believes that the actuary's assumptions are reasonable and appropriate, significant differences in the Group's actual experience or significant changes in the Group's assumptions may materially affects its pension and other retirement obligations.

4. REVENUE, OTHER INCOME AND GAINS

(i) Disaggregated revenue information

The Group's entire revenue of goods transferred is recognised at a point in time.

(ii) Performance obligations

Information about the Group's performance obligations is summarised below:

Sale of garment products

The performance obligation is satisfied upon delivery of garment products is generally due with 30 to 90 days from delivery, except for new customers, where payment in advance is normally required.

As a practical expedient, the amounts of transaction prices allocated to the remaining performance obligations (unsatisfied or partially unsatisfied) are not disclosed in the notes to the financial statements because all the remaining performance obligations in relation to the sale of goods have an original expected duration of one year or less.

4. REVENUE, OTHER INCOME AND GAINS (continued)

An analysis of the Group's revenue, other income and gains are as follows:

	2026 HK$	2025 HK$
Revenue from contracts with customers		
Sale of goods	2,610,143,495	3,172,390,521
Other income and gains		
Interest income	5,802,291	5,525,332
Commission income	12,915,578	14,431,906
Service income	5,803,834	29,749,003
Rental income	2,616,726	3,398,261
Foreign exchange gains, net	-	5,352,091
Fair value gains on financial assets at fair value through profit or loss	1,020,696	59,564
Gain on termination of leases	-	175,675
Gain on lease modification	412,848	613,625
Marketing fee income	74,651,798	102,223,581
Gain on disposal of subsidiaries	39,540,777	1,834,997
Recovery from suppliers	13,821,707	27,421,554
Others	10,009,003	9,352,351
Total other income and gains	166,595,258	200,137,940

The following table shows the amounts of revenue recognised in the current reporting period that were included in the contract liabilities at the beginning of the reporting period:

	2026 HK$	2025 HK$
Revenue recognised that was included in contract liabilities at the beginning of the reporting period:		
Sales of goods	24,917,303	36,149,265

5. PROFIT BEFORE TAX

The Group's profit before tax is arrived at after charging/(crediting):

	Notes	2026 HK$	2025 HK$
Cost of inventories sold		2,214,819,064	2,760,997,503
Auditor's remuneration		2,602,812	1,910,155
Depreciation of property, plant and equipment	10	11,636,495	15,238,748
Depreciation of investment properties	11	733,471	733,471
Depreciation of right-of-use assets	12	7,527,153	9,319,837
Amortisation of intangible assets	17	313,584	273,633
Employee benefit expense (excluding directors' remuneration (note 7)):			
Salaries, bonuses and allowances		168,320,856	227,172,966
Pension costs*		5,068,672	27,313,959
Equity-settled share option expense		(2,579,504)	826,977
Total		170,810,024	255,313,902
Write-off of items of property, plant and equipment		755,991	722,018
Lease payments not included in the measurement of lease liabilities		4,928,418	3,911,365
Rent concessions from lessors		(22,915)	(31,565)
Loss/(gain) on termination of leases#		35,009	(175,675)
Gain on lease modification#		(412,848)	(613,625)
Gain on disposal of subsidiaries#		(39,540,777)	1,834,997
Reversal of impairment of trade receivables	19	(1,020,345)	(212,295)
Fair value losses/(gains), net:			
Cash flow hedges (transfer from equity)#		(1,309,695)	1,813,335
Financial assets at fair value through profit or loss#		(1,020,696)	(59,564)
Loss/(gain) on disposal of items of property, plant and equipment		(588,020)	-
Foreign exchange gains, net#		(273,089)	(1,410,427)

\# These gains are included in "Other income and gains" and the losses are included in "Other operating expenses", as appropriate, in consolidated statement of profit or loss.

* There are no forfeited contributions that may be used by the Group as the employer to reduce its contributions in future years (2025: Nil).

6. FINANCE COSTS

	2026 HK$	2025 HK$
Interest on bank loans and overdrafts	23,752,628	19,990,040
Interest on lease liabilities	1,407,480	1,824,189
Total	25,160,108	21,814,229

7. DIRECTORS' REMUNERATION

Directors' remuneration disclosed pursuant to section 383(1)(a) of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation is as follows:

	2026 HK$	2025 HK$
Other emoluments:		
Salaries, allowances and other benefits	855,800	855,800

8. INCOME TAX

Hong Kong profits tax was provided at the rate of 16.5% (2025:16.5%) on the estimated assessable profits arising in Hong Kong during the year. Taxes on profits assessable elsewhere have been calculated at the rates of tax prevailing in the jurisdictions in which the Group operates.

	2026 HK$	2025 HK$
Current - Hong Kong		
Charge for the year	970,824	1,534,352
Overprovision in prior years	(1,036,594)	(419,015)
Current - Elsewhere		
Charge for the year	4,561,751	2,356,182
Underprovision in prior years	72,455	748,387
Deferred (note 25)	(270,996)	(773,298)
Pillar Two income taxes - current tax	6,086,023	-
Total tax charge for the year	10,383,463	3,446,608

8. INCOME TAX (continued)

A reconciliation of the tax charge at the statutory rates for the jurisdictions in which the Company and the majority of its subsidiaries are domiciled to the tax charge at the Group's effective tax rate is as follows:

2026

	Hong Kong HK$	Others HK$	Total HK$
Profit before tax	77,404,359	22,328,774	99,733,133
Tax at the applicable tax rate	12,771,727	7,117,072	19,888,799
Adjustments in respect of current tax of previous periods	(1,036,594)	72,455	(964,139)
Income not subject to tax	(18,048,922)	(2,068,900)	(20,117,822)
Tax losses utilised from previous periods	(1,181,078)	(1,951,128)	(3,132,206)
Expenses not deductible for tax	7,088,117	257,755	7,345,872
Tax losses not recognised	914,734	362,202	1,276,936
Pillar Two top-up taxes	6,086,023	-	6,086,023
Tax charge at the Group's effective rate	6,594,007	3,789,456	10,383,463

2025

	Hong Kong HK$	Others HK$	Total HK$
Profit/(loss) before tax	101,012,280	(1,789,112)	99,223,168
Tax at the applicable tax rate	16,667,026	(986,076)	15,680,950
Adjustments in respect of current tax of previous periods	(419,015)	748,387	329,372
Income not subject to tax	(16,332,604)	(2,604)	(16,335,208)
Tax losses utilised from previous periods	(2,680,836)		(2,680,836)
Expenses not deductible for tax	2,674,624	2,478,763	5,153,387
Tax losses not recognised	1,210,478	339,272	1,549,750
Others	-	(250,807)	(250,807)
Tax charge at the Group's effective rate	1,119,673	2,326,935	3,446,608

At the end of the reporting period, the Norwest Industries Limited sub-group had unused tax losses of HK$41,999,480 (2025: HK$53,243,541), arising from various subsidiaries, with the majority relating to Hong Kong entities, which are available indefinitely for offsetting against its future taxable profits. These tax losses are available for carry-forward and may be offset against future taxable profits of the respective entity in which they originated. Deferred tax assets have not been recognised in respect of these unused tax losses as it is not considered probable that sufficient taxable profits will be available in the near future for these unused tax losses to be utilised.

8. INCOME TAX (continued)

Pillar Two income taxes

The Company and its subsidiaries (referred to as the "Sub-group") belong to a multinational group that falls within the scope of the Global Anti Base Erosion Model Rules ("Pillar Two Model Rules") issued by the Organisation for Economic Cooperation and Development, with subsidiaries operating in some jurisdictions that have legislated domestic Pillar Two income tax requirements in alignment with this framework.

The Sub-group's earnings are subject to domestic minimum top up taxes in Belgium, Spain, United Kingdom (effective from 1 January 2024), Hong Kong, and United Arab Emirates (effective from 1 January 2025). From 1 January 2025, the Sub-group is also liable to Pillar Two income taxes under the Hong Kong Inland Revenue (Amendment) (Minimum Tax for Multinational Enterprise Groups) Ordinance 2025 in respect of its earnings from operations in Bangladesh, China, Sri Lanka, and United States of America, even though these jurisdictions have not yet enacted Pillar Two legislation.

The Sub-group has assessed its potential Pillar Two income tax exposure in these jurisdictions based on the information available regarding the financial performance of the Group for the year ended 31 March 2026. Based on the assessment, all of the jurisdictions the Sub-group operates, except for Hong Kong and United Arab Emirates, qualify for the Transitional Country-by-Country Reporting ("CbCR") Safe Harbor, and as a result, the Pillar Two income tax exposure for these jurisdictions is deemed to be zero. The Sub-group notes that Hong Kong and United Arab Emirates do not qualify for the Transitional CbCR Safe Harbor and the effective tax rates are below 15%. As a result, the Group recognised a current tax charge of HKD 6,086,023 in respect of the top-up tax for the year ended 31 March 2026 (2025: Nil).

The Sub-group applies the exception to recognising and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes, as provided in the amendments to HKAS 12 issued in May 2023.

9. DIVIDENDS

	2026 HK$	2025 HK$
Interim - US$0.375 (2025: US$2) per ordinary share	11,670,000	62,240,000

The directors do not recommend the payment of a final dividend for the year ended 31 March 2026 (2025: Nil).

At 31 March 2025, net of accumulated depreciation	23,429,066
At 31 March 2025:	
Cost	36,673,551
Accumulated depreciation	(13,244,485)
Net carrying amount	23,429,066
At 1 April 2025, net of accumulated depreciation	23,429,066
Depreciation provided during the year	(733,471)
At 31 March 2026, net of accumulated depreciation	22,695,595
At 31 March 2026:	
Cost	36,673,551
Accumulated depreciation	(13,977,956)
Net carrying amount	22,695,595

The Group's investment properties consist of two commercial properties in Hong Kong. The directors of the Company have determined that the investment properties consist of two classes of assets, i.e., residential and commercial, based on the nature, characteristics, risks of each property. The investment properties are measured initially at cost less accumulated depreciation and provision for any impairment in value.

The Group's investment properties were revalued on 31 March 2026 based on valuation performed by management at HK$93,500,000 (2025: HK$103,000,000). Each year, the directors of the Group decide which external valuer to be responsible for the external valuations of the Group's properties. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

The investment properties are leased under operating leases, further summary details of which are included in note 12 to the financial statements.

At 31 March 2026 and 31 March 2025, all of the Group's investment properties were pledged to secure the general banking facilities granted to the Group (note 23).

12. LEASES

The Group as a lessee

The Group has lease contracts for office premises which have lease terms between 1 and 5 years. Other property generally has lease term of 12 months. Generally, the Group is restricted from assigning and subleasing the leased assets outside the Group.

(a) Right-of-use assets

The carrying amounts of the Group's right-of-use assets and the movements during the year are as follows:

	Properties HK$
As at 1 April 2024	25,989,480
Additions	7,852,904
Lease modification	787,280
Depreciation charge	(9,319,837)
Termination of leases	(2,102,198)
Exchange realignment	(3,381,393)
As at 31 March 2025 and 1 April 2025	19,826,236
Additions	5,022,426
Lease modification	(1,248,175)
Depreciation charge	(7,527,153)
Termination of leases	(4,224,961)
Disposals as a result of disposal of subsidiaries	(334,786)
Exchange realignment	(1,282,692)
As at 31 March 2026	10,230,895

12. LEASES (continued)

(b) Lease liabilities

The carrying amount of lease liabilities and the movements during the year are as follows:

	2026 HK$	2025 HK$
Carrying amount at the beginning of the year	21,211,105	27,557,699
New leases	5,022,426	7,852,904
Lease modification	(1,661,023)	173,655
Accretion of interest recognised during the year	1,407,480	1,824,189
Rent concessions from lessors	(22,915)	(31,565)
Payments	(9,143,239)	(9,997,868)
Termination of leases	(4,189,952)	(2,277,873)
Disposals as a result of disposal of subsidiaries	(342,589)	-
Exchange realignment	(1,399,604)	(3,890,036)
Carrying amount at the end of the year	10,881,689	21,211,105
Analysed into:		
Current portion	5,273,784	9,124,096
Non-current portion	5,607,905	12,087,009

The maturity analysis of lease liabilities is disclosed in note 38 to the financial statements.

(c) The amounts recognised in profit or loss in relation to leases are as follows:

	2026 HK$	2025 HK$
Interest on lease liabilities	1,407,480	1,824,189
Depreciation charge of right-of-use assets	7,527,153	9,319,837
Expense relating to short-term leases and other leases	4,928,418	3,911,365
(Gain)/Loss on termination of leases	35,009	(175,675)
Gain on modification of leases	(412,848)	(613,625)
Rent concessions from lessors	(22,915)	(31,565)
Total amount recognised in profit or loss	13,462,297	14,234,526

The Group as a lessor

As at 31 March 2026, the Group leased its investment properties (note 11) consisting of two commercial properties in Hong Kong under operating lease arrangements. Rental income recognised by the Group during the year ended 31 March 2026 was HK$2,616,726 (2025: HK$3,398,261), details of which are included in note 4 to the financial statements.

At 31 March 2026 and 31 March 2025, there was no undiscounted lease payments receivable by the Group in future periods under non-cancellable operating leases with its tenants.

13. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	Notes	2026 HK$	2025 HK$
Listed equity investments, at fair value	(a)	-	12,629,103
Listed debt investments, at fair value	(b)	-	21,868,439
Unlisted investments, at fair value	(c)	31,411,814	30,391,118
Total		31,411,814	64,888,660
Less: current portion		-	(34,497,542)
Non-current portion		31,411,814	30,391,118

Notes:

(a) The above listed equity investments were classified as financial assets at fair value through profit or loss as they were held for trading.

(b) The above listed debt investments represent investments in bonds which are held for trading. They were designated by the Group as financial assets at fair value through profit or loss and are stated at fair value.

(c) The above unlisted investments were designated, upon initial recognition, as financial assets at fair value through profit or loss as they are managed and their performance are evaluated on a fair value basis, in accordance with a documented risk management and investment strategy, and information about the investments is provided on that basis to the Group's key management personnel.

At 31 March 2026, the Group's unlisted investments with an aggregate carrying value of HK$31,411,814 (2025: HK$30,391,118) were pledged to secure the general banking facilities granted to the Group (note 23).

14. FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

	2026 HK$	2025 HK$
Non-current assets		
Unlisted equity investments, at fair value	2,024,823	2,024,823

The Group has designated the above investments as financial assets at fair value through other comprehensive income as the Group considers these investments to be strategic in nature.

15. INVESTMENT IN AN ASSOCIATE

	2026 HK$	2025 HK$
Share of net liabilities	(723,554)	(31,307)
Goodwill on acquisition	5,974,804	5,974,804
Total	5,251,250	5,943,497

Particulars of the Group's associate as at 31 March 2026 are as follows:

Name	Registered share capital	Place of registration and business	Percentage of Ownership interest	Percentage of Voting power	Principal activities
Nobleswear (Private) Limited	BDT 333,717,904	Sri Lanka	26	25	Manufacturing of garment products

16. GOODWILL

	HK$
At 31 March 2024:	
Cost	19,243,813
Accumulated impairment	(844,354)
Net carrying amount	18,399,459
Cost at 1 April 2024, net of accumulated impairment	18,399,459
Disposal of a subsidiary (note 30)	(6,724,025)
Exchange realignment	116,206
At 31 March 2025	11,791,640
At 31 March 2025:	
Cost	12,635,994
Accumulated impairment	(844,354)
Net carrying amount	11,791,640
Cost at 1 April 2025, net of accumulated impairment	11,791,640
Disposal of a subsidiary (note 30)	-
Exchange realignment	-
At 31 March 2026	11,791,640
At 31 March 2026:	
Cost	12,635,994
Accumulated impairment	(844,354)
Net carrying amount	11,791,640

16. GOODWILL (continued)

Impairment testing of goodwill

Goodwill acquired through business combinations has been allocated to the garment products cash-generating units in the markets of the United Kingdom, Colombo and Belgium, respectively. The recoverable amounts of the cash-generating units have been determined based on a value-in-use calculations using cash flow projections based on financial forecasts covering a five-year period approved by management. The discount rates applied to the cash flow projections are 10% to 17% (2025: 10% to 17%) and cash flows beyond the five-year period are extrapolated using growth rate of 3% (2025: 3%), which was the same as the long term average growth rate of the garment products industry.

Assumptions were used in the value-in-use calculation of the garment products cash-generating units for 31 March 2026 and 31 March 2025. The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of goodwill:

Budgeted gross margin - The basis used to determine the value assigned to the budgeted gross margin is the average gross margin achieved in the year immediately before the budget year, increased for expected efficiency improvements, and expected market development.

Discount rates - The discount rates used are before tax and reflect specific risks relating to the relevant units.

The values assigned to the key assumptions on market development of garment products and discount rates are consistent with external information sources.

17. INTANGIBLE ASSETS

	Software license HK$
31 March 2026	
Cost at 1 April 2025, net of accumulated amortisation	549,584
Additions	173,961
Amortisation provided during the year	(313,584)
Exchange alignment	3,472
At 31 March 2026	413,433
At 31 March 2026:	
Cost	1,852,970
Accumulated amortisation	(1,439,537)
Net carrying amount	413,433

17. INTANGIBLE ASSETS (continued)

	Software license HK$
31 March 2025	
Cost at 1 April 2024, net of accumulated amortisation	621,504
Additions	201,713
Amortisation provided during the year	(273,633)
At 31 March 2025	549,584
At 31 March 2025:	
Cost	1,679,010
Accumulated amortisation	(1,129,426)
Net carrying amount	549,584

18. INVENTORIES

The Group's inventories represented fabrics sourced for supplies to manufacturers for their production of garments for the Group.

19. TRADE RECEIVABLES

	2026 HK$	2025 HK$
Trade receivables	147,547,215	419,908,363
Less: Impairment	(1,337,336)	(2,355,908)
Total	146,209,879	417,552,455

The Group's trading terms with its customers are mainly on credit, except for new customers, where payment in advance is normally required. Trade receivables are non-interest-bearing and are on terms of up to 120 days. The Group seeks to maintain strict control over its outstanding receivables to minimise credit risk. Overdue balances are reviewed regularly by senior management. In view of the aforementioned and the fact that the Group's trade receivables related to a large amount of diversified customers, there is no significant concentration of credit risk. The Group does not hold any collateral or other credit enhancements over its trade receivable balances. Trade receivables are non-interest-bearing.

19. TRADE RECEIVABLES (continued)

The movements in the loss allowance for impairment of trade receivables are as follows:

	2026 HK$	2025 HK$
At beginning of year	2,355,908	2,567,721
Reversal of impairment of trade receivables, net (note 5)	(1,020,345)	(212,295)
Exchange realignment	1,773	482
At end of year	1,337,336	2,355,908

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns. The calculation reflects reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written off if past due for more than one year and are not subject to enforcement activity.

Set out below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix:

As at 31 March 2026

		Past due				
	Current	Less than 1 month	1 to 2 months	2 to 3 months	Over 3 months	Total
Expected credit loss rate	0.90%	0.93%	0.95%	1.04%	0.96%	0.91%
Gross carrying amount (HK$)	127,723,826	4,839,911	5,043,973	2,266,133	7,673,372	147,547,215
Expected credit losses (HK$)	1,147,661	44,868	47,717	23,540	73,550	1,337,336

As at 31 March 2025

		Past due				
	Current	Less than 1 month	1 to 2 months	2 to 3 months	Over 3 months	Total
Expected credit loss rate	0.54%	0.54%	0.58%	0.65%	0.79%	0.56%
Gross carrying amount (HK$)	206,663,826	138,491,493	37,170,269	13,077,020	24,505,755	419,908,363
Expected credit losses (HK$)	1,116,041	745,451	216,396	84,504	193,516	2,355,908

20. PREPAYMENTS, DEPOSITS AND OTHER RECEIVABLES

	2026 HK$	2025 HK$
Prepayments	53,082,616	95,511,124
Deposits	5,981,474	4,815,730
Other receivables	31,014,881	11,541,002
	90,078,971	111,867,856
Less: Portion classified as non-current assets	(2,098,279)	(4,255,487)
Total	87,980,692	107,612,369

The financial assets included in the above balances relate to receivables for which there was no recent history of default and past due amounts. As at 31 March 2026 and 2025, the loss allowance was assessed to be minimal.

21. CASH AND CASH EQUIVALENTS AND PLEDGED DEPOSITS

	2026 HK$	2025 HK$
Cash and bank balances	141,550,031	143,679,617
Pledged time deposits	158,564,391	148,303,944
	300,114,422	291,983,561
Less: Pledged time deposits for banking facilities:		
- with original maturity of less than three months when acquired	(131,927,865)	(30,489,203)
- with original maturity of more than three months when acquired	(26,636,526)	(117,814,741)
Cash and cash equivalents	141,550,031	143,679,617

At the end of the reporting period, the cash and cash equivalents of the Group denominated in RMB amounted to HK$98,937 (2025: HK$1,762,107). The RMB is not freely convertible into other currencies, however, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short term time deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group, and earn interest at the respective short term time deposit rates. The bank balances and pledged time deposits are deposited with creditworthy banks with no recent history of default.

22. OTHER PAYABLES AND ACCRUALS

	Notes	2026 HK$	2025 HK$
Other payables	(a)	3,998,042	4,116,065
Accrued employee benefits		16,475,438	8,490,424
Accruals		64,484,773	65,023,504
Contract liabilities	(b)	25,378,293	24,917,303
Defined benefit obligations	26	11,889,313	16,668,244
Total		122,225,859	119,215,540
Less: Portion classified as non-current assets		(11,889,313)	(16,668,244)
		110,336,546	102,547,296

Notes:

(a) Other payables are non-interest-bearing and have an average term of three months.

(b) Details of contract liabilities are as follows:

	31 March 2026 HK$	31 March 2025 HK$	1 April 2024 HK$
Short-term advances received from customers			
Sales of goods	25,378,293	24,917,303	36,149,265

Contract liabilities include short-term advances received to deliver garment products. The increase in contract liabilities in 2026 was mainly due to the inlcrease in sales order received from customers in relation to sales of garment near year end. The decrease in contract liabilities in 2025 was mainly due to the decrease in sales order received from customers in relation to sales of garment near year end.

23. INTEREST-BEARING BANK BORROWINGS

	2026		
	Contractual interest rate (%)	Maturity	HK$
Import loans	SOFR +2.15% p.a	30-90days / on Demand	46,230,788
Trust receipt loans	COF+1.75% p.a	30-90days / on Demand	66,427,153
Bank overdraft	LIBOR + 3.75 p.a	on Demand	26,699,545
			139,357,486

	2025		
	Contractual interest rate (%)	Maturity	HK$
Import loans	USD SOFR*+1.75%, USD SOFR*+2.15%, USD SOFR*+3.75%,	On demand	42,251,940
Trust receipt loans	COF^+1.75%, USD SOFR*+1.75%, USD SOFR*+2.15%, USD SOFR*+3.5%, BPLR*** +1.75%,	On demand	194,168,506
Bank overdraft	COF^+2.25%, USD SOFR*+1.75%, USD SOFR*+3.75%,	On demand	7,483,413
			243,903,859

^ Intesa Sanpaolo S.p.A.'s Cost of Funds ("COF")
^^ BNP PARIBAS's Cost of Funds ("COF")
^^^ Citi Bank's Cost of Funds ("COF")
* Secured Overnight Financing Rate ("SOFR")
** UCO bank Secured Overnight Financing Rate ("SOFR")
*** Benchmark Prime Lending Rate ("BLPR")

Certain of the Group's bank loan agreements contain repayment on demand clauses and the corresponding bank loans have been classified as current liabilities in the consolidated statement of financial position. Ignoring the effect of any repayment on demand clauses and based on the maturity terms of these loans, the interest-bearing bank borrowings of the Group are repayable within one year.

23. INTEREST-BEARING BANK BORROWINGS (continued)

Set out below is the information about the interest-bearing bank borrowings by denomination currency:

	2026 HK$	2025 HK$
US$	139,033,141	201,360,278
HK$	324,345	42,543,581
	139,357,486	243,903,859

As at the end of the reporting period, certain of the Group's interest-bearing bank borrowings are secured by certain of the Group's investment properties, time deposits, and unlisted investments with an aggregate carrying amount of approximately HK$212,671,798 (2025: HK$245,647,598) and guaranteed by the immediate holding company, fellow subsidiaries, and directors of the Company.

24. DERIVATIVE FINANCIAL INSTRUMENTS

Assets

	2026 HK$	2025 HK$
Forward currency contracts	139,101	479,602

Liabilities

	2026 HK$	2025 HK$
Forward currency contracts	3,301,322	4,611,017

Cash flow hedges

Forward currency contracts are designated as hedging instruments in respect of forecast future sales and forecast purchases in foreign currencies to which the Group has firm commitments. The forward currency contract balances vary with the levels of expected foreign currency sales and purchases and changes in foreign exchange forward rates.

At 31 March 2026, the Group held 95 (2025: 58) forward currency contracts. They are designated as hedges in respect of expected future sales to customers in the United Kingdom for which the Group has firm commitments.

24. DERIVATIVE FINANCIAL INSTRUMENTS (continued)

The terms of the forward currency contracts have been negotiated to match the terms of the commitments. The cash flow hedges relating to expected future settlement of sales and purchases between April 2024 to March 2025 were assessed to be highly effective and net profit of HK$969,194 (2025: net loss of HK$2,721,613) were included in the hedging reserve as follows:

	2026 HK$	2025 HK$
Total fair value losses included in the hedging reserves	(340,501)	(908,278)
Reclassified from other comprehensive income to the consolidated statement of profit or loss (note 5)	1,309,695	(1,813,335)
Net losses on cash flow hedges	969,194	(2,721,613)

25. DEFERRED TAX

The movements in deferred tax assets and liabilities during the year are as follows:

	Depreciation allowance in excess of related depreciation HK$	Depreciation in excess of related depreciation allowance HK$
Gross deferred tax assets at 1 April 2024	(107,181)	170,130
Deferred tax credited to the consolidated statement of profit or loss during the year* (note 8)	107,181	666,117
Gross deferred tax asset at 31 March 2025 and at 1 April 2025	-	836,247
Deferred tax credited to the consolidated statement of profit or loss during the year* (note 8)	-	270,996
Gross deferred tax assets at 31 March 2026	-	1,107,243

* The net effect credited to profit and loss amounts to HK$270,996 (2025: HK$773,298).

26. DEFINED BENEFIT OBLIGATIONS

The Group made provisions for estimated liabilities for employee benefits in respect of termination benefit and earned leave pursuant to Bangladesh Labour Act. According to the law, employees are entitled to termination benefit and earned leave upon dismissal or retirement. Employees who have completed at least five years but less than ten years of continuous service are entitled to termination benefit equal fourteen days' salary for each completed year of service. Employees who have completed ten or more years of continuous service are entitled to termination benefit equal thirty days' salary for each completed year of service. Employees who have completed one year of continuous service are entitled to one day of earned leave for every fifteen days of work to up to sixty days.

The liability for termination of employment is measured using the projected unit credit method. The actuarial assumptions include expected salary increases and rates of employee turnover based on the estimated timing of payment. The amounts are presented based on discounted expected future cash flows using a discount rate determined by reference to market yields at the reporting date on government bonds with a term that is consistent with the estimated term of the severance pay obligation.

The most recent actuarial valuations of the plan assets and the present value of the defined benefit obligations were carried out on 31 March 2026 by Charan Gupta Consultants Pvt Ltd, a member of the Actuarial Society of India, using the projected unit credit actuarial valuation method.

The principal actuarial assumptions used as at the end of the reporting period are as follows:

	2026	2025
Discount rate (%)	10	11.9
Expected rate of salary increases (%)	7.75	7.8

26. DEFINED BENEFIT OBLIGATIONS (continued)

A quantitative sensitivity analysis for significant assumptions as at the end of the reporting period is shown below:

	Increase in rate %	Increase/ (decrease) in defined benefit obligations HK$	Decrease in rate %	Increase/ (decrease) in defined benefit obligations HK$
2026				
Discount rate	0.5	(291,132)	0.5	305,732
Future salary increase	0.5	322,860	0.5	(310,633)
2025				
Discount rate	0.5	(1,121,764)	0.5	1,206,213
Future salary increase	0.5	1,192,928	0.5	(1,128,321)

The sensitivity analysis above has been determined based on a method that extrapolates the impact on defined benefit obligations as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analysis is based on a change in a significant assumption, keeping all other assumptions constant. The sensitivity analysis may not be representative of an actual change in the defined benefit obligations as it is unlikely that changes in assumptions would occur in isolation of one another.

The total expenses recognised in the consolidated statement of profit or loss in respect of the plan are as follows:

	2026 HK$	2025 HK$
Current service cost	1,579,949	3,377,344
Past service cost	195,458	1,443,174
Interest cost	1,428,115	1,170,180
Net benefit expenses recognised in administrative expenses	3,203,522	5,990,698

26. DEFINED BENEFIT OBLIGATIONS (continued)

The movements in the present value of the defined benefit obligations are as follows:

	2026 HK$	2025 HK$
At beginning of year	16,668,244	9,489,044
Current service cost	1,579,949	3,377,344
Past service cost	195,458	1,443,174
Net interest cost	1,428,115	1,170,180
Actuarial gain/(loss) arising from experience adjustments	(178,324)	4,557,542
Benefit paid	(3,499,941)	(3,196,080)
Exchange realignment	109,582	(172,960)
Disposal of subsidiary	(4,413,769)	-
At end of the reporting period	11,889,314	16,668,244

27. SHARE CAPITAL

	2026 HK$	2025 HK$
Issued and fully paid:		
4,000,000 (2025: 4,000,000) ordinary shares	31,120,000	31,120,000

28. SHARE OPTION SCHEME

The employees of the Company are covered under the share-based schemes of Employee Stock Option Plan 2021 – Plan A and Phantom Stock Units Plan 2021 (the ultimate holding company).

Employee Stock Purchase Plan (ESPP):
The employee stock purchase plan options are offered to all eligible employees fixed numbers of shares/appreciation rights. Under the plan, the option price per share is 100 percent of the fair market value on the grant date with a discount of 20 percent. The options have a four-year term plan and would be exercisable in four equal instalments.

Total share-based expense recognised in the statement of profit and loss as part of employee benefits expense is as follows:

	2026 HK$	2025 HK$
Share-based expense	(3,871,722)	1,939,717

28. SHARE OPTION SCHEME (continued)

Computation methodology and assumptions

The Company accounts for all awards granted under the share based schemes and estimates the fair values for stock options using the Black-Scholes option-pricing model with the following weighted average assumptions as follows:

	22 October 2021 HK$	8 December 2021 HK$	30 December 2021 HK$
Weighted average grant date share price, per share*	28.6	33.0	35.6
Weighted average exercise price, per share*	22.8	22.8	22.8
Weighted average assumptions used:			
Expected volatility	25%	25%	25%
Expected lives (in years)	4	4	4
Risk-free interest rates	5.50%	5.65%	5.85%
Expected dividend yields	1.12%	95%	0.88%

The Company determines expected volatility on all options granted using available implied volatility rates. The Company believes that market-based measures of implied volatility are currently the best available indicators of the expected volatility used in these estimates. The Company determines expected lives of options based on the weighted average life of the options. The Company believes that the weighted average life of the options is the best estimate currently available. The risk-free interest rates are determined using the implied yield currently available for zero-coupon U.S. government issues with a remaining term equal to the expected life of the options. The expected dividend yields are based on the annualised approved quarterly dividend rate and the current market price of the ultimate holding company's common stock at the time of grant. No assumption for a future dividend rate change is included unless there is an approved plan to change the dividend in the near term. Employee stock purchase plan is a discount-purchase plan and consequently the fair value per share under this plan equals the amount of the discount.

28. SHARE OPTION SCHEME (continued)

Summarised information about movement in the share based schemes:

The Options outstanding under the employee stock purchase plan as of 31 March 2026 had an exercise price equal to 80 percent of the fair market value of holding company's stock on the date of exercise.

The following share options were outstanding under the Scheme during the year:

	2026		2025	
	Weighted average exercise price HK$ per share	Number of options	Weighted average exercise price HK$ per share	Number of options
At 1 April	28.15	476,000	28.15	663,500
Exercised during the year	28.15	(96,875)	28.15	(25,000)
Cancelled/Transferred during the year	28.15	(34,375)	28.15	(162,500)
At 31 March	28.15	344,750	28.15	476,000

29. RESERVES

The amounts of the Group's reserves and the movements therein for the current year and the prior year are presented in the consolidated statement of changes in equity on pages 10 and 11 of the financial statements.

30. DISPOSALS OF SUBSIDIARIES

On 30 June 2025, the Group disposed of its entire equity interest in PDS Fareast Limited ("PDSFE") to PDS Sourcing Limited, a fellow subsidiary of the Group, for a cash consideration of US$800 (equivalent to HK$6,244). On 17 March 2026, the Group disposed of its entire equity interest in Design Arc Asia Limited ("DAA") to PDS Sourcing Limited, a fellow subsidiary of the Group, for a cash consideration of HK$2,894,488.

	DAA HK$	PDSFE HK$	Total HK$
Net asset disposal of:			
Property, plant and equipment	131,312	385,643	516,955
Right-of use assets	282,952	51,834	334,786

32. NOTES TO THE CONSOLIDATED STATEMENT OF CASH FLOWS

(a) Major non-cash transactions

During the year, the Group had non-cash additions to right-of-use assets and lease liabilities of HK$5,022,426 (2025: HK$7,852,904) and HK$5,022,426 (2025: HK$7,852,904), respectively, in respect of lease arrangements for properties.

32. NOTES TO THE CONSOLIDATED STATEMENT OF CASH FLOWS (continued)

(b) Change in liabilities arising from financing activities

	Lease liabilities HK$	Interest-bearing bank borrowings HK$
At 1 April 2024	27,557,699	241,023,835
New leases	7,852,904	-
Lease modification	173,655	-
Changes from financing cash flows, net	(9,997,868)	(4,669,282)
Rent concessions from lessors	(31,565)	-
Interest expense	1,824,189	-
Termination of leases	(2,277,873)	-
Exchange realignment	(3,890,036)	65,893
At 31 March 2025 and 1 April 2025	21,211,105	236,420,446
New leases	5,022,426	-
Lease modification	(1,661,023)	-
Changes from financing cash flows, net	(9,143,239)	(72,942,552)
Rent concessions from lessors	(22,915)	-
Interest expense	1,407,480	-
Termination of leases	(4,189,952)	-
Disposals as a result of disposal of subsidiaries	(342,589)	(50,819,953)
Exchange realignment	(1,399,604)	-
At 31 March 2026	10,881,689	112,657,941

(c) Total cash outflow of leases

The total cash outflow for leases included in the statement of cash flows is as follows:

	2026 HK$	2025 HK$
Within operating activities	4,928,418	3,911,365
Within financing activities	9,143,239	9,997,868
Total cash outflow of leases	14,071,657	13,909,233

33. CONTINGENT LIABILITIES

At the end of the reporting period, contingent liabilities not provided for in the financial statements were as follows:

	2026 HK$	2025 HK$
Guarantees given to banks in connection with facilities granted to fellow subsidiaries	813,542,909	919,377,561

At 31 March 2026, the banking facilities guaranteed by the Company to fellow subsidiaries were utilised to the extent of approximately HK$648,894,769 (2025: HK$916,105,676).

In determining whether financial liabilities should be recognised in respect of the Group's financial guarantee contracts, the directors exercise judgement in the evaluation of the probability of resources outflow that will be required and the assessment of whether a reliable estimate can be made of the amount of the obligation.

In the opinion of the directors, the fair values of the financial guarantee contracts of the Group are insignificant at initial recognition and the directors consider that the possibility of the default of the parties involved is remote, and accordingly, no value has been recognised in the consolidated financial statements.

34. PLEDGE OF ASSETS

Details of the Group's assets pledged for the Group's bank loans and overdrafts are included in note 23 to the financial statements.

35. RELATED PARTY TRANSACTIONS

(a) In addition to the transactions detailed elsewhere in these financial statements, the Group had the following transactions with related parties based on mutually agreed terms during the year:

	2026 HK$	2025 HK$
Fellow subsidiaries:		
Sales of goods	32,786,571	48,100,029
Purchase of goods	121,635,094	142,070,990
Handling fees paid	22,433,130	23,917,340
Marketing fees paid	21,793,067	-
Marketing fees received	7,401,896	31,967,105
Rentals received	2,111,976	488,376
Support services fee paid	21,917	12,967
Sampling fees paid	266,963	969,808
Ultimate holding company:		
Sales of goods	25,240,265	181,622,062
Marketing fees paid	6,636,550	4,281,399
Immediate holding company:		
Consultancy fees paid	1,154,474	-
Management fees paid	19,916,494	20,355,552
Rental expenses paid	521,186	-
Support services fee received	17,153,031	5,909,171
Associate:		
Purchase of goods	16,437,809	30,431,673

(b) Outstanding balances with related parties:

(i) The outstanding balances with the ultimate holding company, fellow subsidiaries, non-controlling shareholders, the immediate holding company, an associate, directors and a related company are unsecured, interest-free and are repayable on demand.

(c) Compensation of key management personnel of the Company represented directors' remuneration as disclosed in note 7 to the financial statements.

36. FINANCIAL INSTRUMENTS BY CATEGORY

Other than derivative financial instruments, financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income as disclosed in notes 13, 14 and 24 to the financial statements, respectively, which were classified as financial assets at fair value through profit or loss designated as such upon initial recognition and investments on debt and equity instruments designated as such upon initial recognitions, respectively, all financial assets and liabilities of the Group as at 31 March 2026 and 2025, were stated at amortised cost.

36. FINANCIAL INSTRUMENTS BY CATEGORY

The financial liabilities of the Group comprise trade and bills payables, financial liabilities included in other payables and accruals, interest-bearing bank borrowings, lease liabilities and amounts due to directors, an associate and fellow subsidiaries, which are categorised as financial liabilities at amortised cost, and derivative financial instruments which are categorised as financial liabilities at fair value through profit or loss. The carrying amounts of these financial liabilities are the amounts shown on the consolidated statement of financial position or in the corresponding notes to the financial statements.

Management has assessed that the fair values of trade receivables, pledged time deposits, cash and cash equivalents, trade and bills payables, current portion of deposits and other receivables, financial liabilities included in other payables and accruals, interest-bearing bank borrowings, and balances with the ultimate holding company, the immediate holding company, fellow subsidiaries, directors, a related company, an associate and non-controlling shareholders, approximated to their carrying amounts largely due to the short term maturities of these instruments.

37. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

The fair values of the non-current portion of deposits have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risk and remaining maturities. The changes in fair value as a result of the Group's own non-performance risk for interest-bearing bank borrowings as at 31 March 2026 and 31 March 2025 were assessed to be insignificant.

The fair values of financial assets and liabilities are included at the amounts at which the instruments could be exchanged in current transactions between willing parties, other than in forced or liquidation sale transactions. The fair values of listed equity investments and listed debt investments at fair value through profit or loss are based on quoted market prices. The fair value of unlisted investments at fair value through other comprehensive income and fair value through profit or loss are based on either using a valuation technique which incorporates various market observable inputs or most recent transaction prices. The directors believe that the estimated fair value resulting therefrom, which is recorded in the consolidated statement of financial position, and the related change in fair value, which is recorded in the statement of profit or loss, are reasonable, and that it was the most appropriate value at the end of the reporting period.

The fair values of unlisted investments included in financial assets at fair value through profit or loss have been estimated based on the surrender values, which are calculated and quoted by the issuer. The directors believe that the estimated fair values resulting therefrom, which are recorded in the consolidated statement of financial position, and the related changes in fair values, which are recorded in the consolidated statement of profit or losses, are reasonable, and that they were the most appropriate values at the end of the reporting period.

The Group enters into derivative financial instruments with financial institutions with high credit ratings. Derivative financial instruments, representing forward currency contracts and option currency contracts, are measured using valuation techniques similar to forward and option pricing, using present value calculations. The models incorporate various market observable inputs including the credit quality of counterparties, foreign exchange spot and forward rates. The carrying amounts of forward currency contracts are the same as their fair values.

37. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS (continued)

As at 31 March 2026, the mark-to-market value of the derivative asset position is net of a credit valuation adjustment attributable to derivative counterparty default risk. The changes in counterparty credit risk had no material effect on the hedge effectiveness assessment for derivatives designated in hedge relationship and other financial instruments recognised at fair value.

Fair value hierarchy

The following tables illustrate the fair value measurement hierarchy of the Group's financial instruments:

Assets measured at fair value:

At 31 March 2026

	Fair value measurement using			
	Quoted prices in active markets (Level 1) HK$	Significant observable inputs (Level 2) HK$	Significant unobservable inputs (Level 3) HK$	Total HK$
Financial assets at fair value through profit or loss	-	31,411,814	-	31,411,814
Financial assets at fair value through other comprehensive income	-	2,024,823	-	2,024,823
Derivative financial instruments	-	139,101	-	139,101
Total	-	33,575,738	-	33,575,738

At 31 March 2025

	Fair value measurement using			
	Quoted prices in active markets (Level 1) HK$	Significant observable inputs (Level 2) HK$	Significant unobservable inputs (Level 3) HK$	Total HK$
Financial assets at fair value through profit or loss	34,497,542	30,391,118	-	64,888,660
Financial assets at fair value through other comprehensive income	-	2,024,823	-	2,024,823
Derivative financial instruments	-	479,602	-	479,602
Total	34,497,542	32,895,543	-	67,393,085

37. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS (continued)

Fair value hierarchy (continued)
The following tables illustrate the fair value measurement hierarchy of the Group's financial instruments:

	Fair value measurement using			
	Quoted prices in active markets (Level 1) HK$	Significant observable inputs (Level 2) HK$	Significant unobservable inputs (Level 3) HK$	Total HK$
Liabilities measured at fair value:				
At 31 March 2026				
Derivative financial instruments	-	3,301,322	-	3,301,322
At 31 March 2025				
Derivative financial instruments	-	4,611,017	-	4,611,017

During the year, there were no transfers of fair value measurements between Level 1 and Level 2, and no transfer into or out of Level 3 for financial liabilities (2025: Nil).

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's exposure to interest rate risk, foreign currency risk, credit risk, equity price risk and liquidity risk arises in the normal course of its business. These risks are managed by the Group's financial management policies and practices described below:

Interest rate risk

The Group's interest rate risk arises from cash and cash equivalents, pledged time deposits and bank borrowings which bears interest at variable rates.

The following table demonstrates the sensitivity to a reasonably possible change in HK$ interest rate, with all other variables held constant, of the Group's profit before tax (through the impact on cash and time deposits at banks and floating rate borrowings). There is no impact on the Group's equity except on the retained profits.

	Increase/ (decrease) in basis points	Increase/ (decrease) in profit before tax HK$
2026		
HK$	50	1,622
HK$	(50)	(1,622)
2025		
HK$	50	240,399
HK$	(50)	(240,399)

Foreign currency risk

The Group has transactional currency exposures. Such exposures arise from sales or purchases in currencies other than the Group's functional currency. The Group uses forward currency contracts to eliminate the foreign currency exposures on its sales transactions, for which the corresponding settlements are anticipated to take place more than one month after the Group has entered into firm commitments for the sales. The forward currency contracts must be in the same currency as that of the hedged items. The Group negotiates the terms of the hedge derivatives to match the terms of the hedged items to maximise hedge effectiveness. It is the Group's policy that a forward contract is not entered into until a firm commitment is in place.

The Group considered the impact on the equity from the change in US$ exchange rate was nominal at the end of the reporting period since HK$ is pegged to US$.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Foreign currency risk (continued)

The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in the GBP exchange rate, with all other variables held constant, of the Group's profit before tax (due to changes in the fair value of monetary assets and liabilities). There is no impact on the Group's equity except on the retained profits.

	Change in the exchange rate %	Increase/ (decrease) in profit before tax HK$
2026		
If HK$ weakens against GBP	10	4,374,433
If HK$ strengthens against GBP	(10)	(4,374,433)
2025		
If HK$ weakens against GBP	10	4,135,827
If HK$ strengthens against GBP	(10)	(4,135,827)

Credit risk

The Group's cash and cash equivalents are held in major financial institutions, which management believes are of high credit quality. In addition, receivable balances are monitored on an ongoing basis and the Group's exposure to bad debts is not significant.

Maximum exposure and year-end staging

The tables below show the credit quality and the maximum exposure to credit risk based on the Group's credit policy, which is mainly based on past due information unless other information is available without undue cost or effort, and year-end staging classification as at 31 March. The amounts presented are gross carrying amounts of the financial assets.

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Credit risk (continued)

* For trade receivables to which the Group applies the simplified approach for impairment, information based on the provision matrix is disclosed in note 19 to the financial statements.

** The credit quality of the deposits and other receivables and amounts due from the ultimate holding company, the immediate holding company, fellow subsidiaries, non-controlling shareholders, directors and a related company are considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. Otherwise, the credit quality of the financial assets is considered to be "doubtful".

Equity price risk

Equity price risk is the risk that the fair values of investment securities decrease as a result of changes in the levels of equity indices or the value of individual securities. The Group is exposed to equity price risk arising from individually listed equity investments included in financial assets at fair value through profit or loss (note 13) as at 31 March 2026. The Group's listed equity investments are listed in the United States of America and are valued at quoted market prices at the end of the reporting period.

The following table demonstrates the sensitivity to every 10% change in the fair values of the investment securities, with all other variables held constant and before any impact on tax, based on their carrying amounts at the end of the reporting period.

	Carrying amount of equity investments HK$	Change in profit before tax HK$
2026		
Investments listed in the United States of America	-	-
2025		
Investments listed in the United States of America	12,629,103	1,262,910

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Liquidity risk

In the management of liquidity risk, the Group monitors and maintains a level of working capital deemed adequate, and maintains a balance between continuity and flexibility of funding from group companies.

The maturity profile of the Group's financial liabilities as at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

	2026			
	On demand/ less than 1 year HK$	1 to 5 years HK$	Over 5 years HK$	Total HK$

Total	1,379,104,593	12,661,142	-	1,391,765,735

38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

Capital management

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its businesses and maximise shareholder's value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust dividend payments to its shareholders, return capital to the shareholders or issue new shares. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2026 and 31 March 2025.

ONME SOHO HEALTH AND BEAUTY LIMITED
REPORT OF THE DIRECTORS
FOR THE YEAR ENDED MARCH 31, 2026

The directors present their annual report and the audited financial statements for the year ended 31 March 2026.

PRINCIPAL ACTIVITY

The principal activity of the Company during the year ended March 31, 2026, was trading in garments. With effect from 29 July 2025, the business purpose was changed to trading in merchandises, stationery, perfumes, cosmetics, and retail.

RESULTS

The Company's profits for the year ended March 31, 2026, and its financial position as at that date are set out in the financial statements on pages 6 to 12.

DIRECTORS

The directors of the Company during the financial year and up to the date of this report were:

Abhishekh Kanoi
Rahul Khettry
Mohandas Thekkeyil
Melanie Athalia Wilson (appointed on October 9,2025)
Bhavesh Dinesh Shah (appointed on May 9, 2025)
Roland Thomas Seregi (resigned on May 9, 2025)

In accordance with the Company's articles of association, all directors retire by rotation and being eligible, offer themselves for re-election.

PERMITTED INDEMNITY PROVISION

At no time during the financial year were there any permitted indemnity provisions in force for the benefit of one or more directors of the Company.

BUSINESS REVIEW

No business review is presented as the Company has been able to claim an exemption under section 388(3) of the Hong Kong Companies Ordinance (Cap. 622) since it falls under the "reporting exemption" in accordance with section 359, as at the reporting date.

DIRECTOR'S INTERESTS

At no time during the financial year or at the end of the financial year was the Company, or any of its holding company or fellow subsidiaries a party to any arrangements to enable the Company's directors to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

The directors had no material interest, either directly or indirectly, in any transactions, arrangements or contracts of significance to the business of the Company to which any of its holding companies or fellow subsidiaries were a party during the year.

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year.

AUDITORS

Falcon Certified Public Accountants Limited were appointed as auditors of the Company. The financial statements have been audited by Falcon Certified Public Accountants Limited, who retire and being eligible, offer themselves for re-appointment.

APPROVAL OF DIRECTOR'S REPORT

The report was approved by directors on May 12, 2026.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF ONME SOHO HEALTH AND BEAUTY LIMITED

(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the financial statements of Onme Soho Health and Beauty Limited ("the Company") set out on pages 6 to 12, which comprise the statement of financial position as at 31st March 2026, and the income statement for the year ended 31st March 2026, and a summary of significant accounting policies and other explanatory notes to the financial statements.

In our opinion, the financial statements of the Company for the year ended 31st March 2026, are prepared, in all material respects, in accordance with the Hong Kong Small and Medium-Sized Entity Financial Reporting Standards ("SME-FRS") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") and with reference in Practice Note 900 (revised) "Audit of Financial Statements Prepared in accordance with Small and Medium-sized Entity Financial Reporting Standards" issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the financial statements and auditor's report thereon

The directors are responsible for the other information. The other information comprises the information included in the reports of the directors but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of directors and those charged with governance for the financial statements.

The directors are responsible for the preparation of the financial statements in accordance with the SME-

Suite 305-306, New East Ocean Centre, No.9 Science Museum Road, Tsim Sha Tsui, Hong Kong.
Tel: +852-3111 7718 Email: info@fcpahk.com Web: www.fcpahk.com

FRS issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body corporate, in accordance with section 405 of the Hong Kong Companies Ordinance (Cap. 622), and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Suite 305-306, New East Ocean Centre, No.9 Science Museum Road, Tsim Sha Tsui, Hong Kong.
Tel: +852-3111 7718 Email: info@fcpahk.com Web: www.fcpahk.com

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The ultimate holding company is incorporated in India and the immediate holding company is incorporated in Mauritius. The ultimate holding company's shares are listed on the Bombay Stock Exchange and National Stock Exchange in India.

2. Basis of preparation and principal accounting policies

The Company qualifies for the reporting exemption as a small private company under section 359(1)(a) of the Hong Kong Companies Ordinance (Cap.622). The Company is therefore entitled to prepare and present its financial statements in accordance with the Small and Medium-sized Entity Financial Reporting Standards ["SME-FRSs"] issued by the Hong Kong Institute of Certified Public Accountants ["HKICPA"].
These financial statements comply with the SME-FRS and have been prepared under the accrual basis of accounting and on the basis that the Company is a going concern. The measurement base adopted is historical cost convention.

3. Principal Accounting Policies

a. Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Company ad when the revenue can be measured reliably, on the following basis.
- Interest income is recognised on a time proportionate basis taking into account the principal outstanding and the interest applicable.

b. Income tax

Income tax expenses represent current tax expense. The income tax payable / (recoverable) represents the amount expected to be paid to / (refunded from) the taxation authority, using the tax rates (and tax laws) have been enacted or substantively enacted at the reporting date.
Deferred tax is not provided.

c. Inventories

Inventories comprised garments, apparels, and related accessories and equipment and are stated at lower of cost and net realisable value, after making due allowance for any obsolete or slow-moving items.

d. Cash and cash equivalents.

Cash and cash equivalents comprise cash on hand, demand deposits held at call with banks, and short term highly liquid investments with short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Company's cash management.

3 Principal Accounting Policies (contd.)

e. Translation of foreign currency

i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are prepared in Hong Kong dollars ("HK$"), which is also the functional currency of the Company.

ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement.

f. Related parties

A party is considered to be related to the Company if:

(a) the party is a person or a close member of that person's family and that person
- (i) has control or joint control over the Company;
- (ii) has significant influence over the Company; or
- (iii) is a member of the key management personnel of the Company or of a parent of the Company; or

(b) the party is an entity where any of the following conditions applies:
- (i) the entity and the Company are members of the same group;
- (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the entity)
- (iii) the entity and the Company are joint ventures of the same third party;
- (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
- (v) the entity is a post-employment benefit plan for the benefit of the employees of either; the Company or an entity related to the Company.
- (vi) the entity is controlled or jointly controlled by a pension identified in (a);
- (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
- (viii) the entity or any member of a group of which it is a part, provides key management personnel services to the Company or to the parent of the Company.

3. Principal Accounting Policies (contd.)

Close members of the family of a person are those family members who may be expected to influence, or to be influenced by, that person in their dealings with the entity and include:

a. that person's children and spouse or domestic partner.
b. children of that person's spouse or domestic partner; and
c. dependants of that person or that person's spouse or domestic partner.

4. Revenue, other income and gains

Independent Auditor's Report

TO THE MEMBERS OF TECHNO DESIGN GMBH

Report on the Audit of the Special purpose financial statement

Opinion

We have audited the accompanying special purpose financial statement of Techno Design GmbH ("the Company"), which comprise the Balance Sheet as at 31 March 2026, the Statement of Profit and Loss, including Other Comprehensive Income, Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and notes to the financial statement, including a summary of material accounting policy information and other explanatory information (hereinafter referred to as "financial statement"). The special purpose financial statement have been prepared by the management of Company, solely for the purpose of preparation of the consolidated special purpose financial statement of its ultimate holding company, PDS Limited.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid special purpose financial statement give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit, total comprehensive profit, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the special purpose financial statement in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibility for the Audit of the Financial Statement' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statement, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statement.

Management's Responsibility for the Special purpose financial statement

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these special purpose financial statement that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with Companies (Indian Accounting Standard) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the special purpose financial statement that give a true and fair view and free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Special purpose financial statement

Our objectives are to obtain reasonable assurance about whether the special purpose financial statement as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the special purpose financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statement, including the disclosures, and whether the special purpose financial statement represent the underlying transactions and events in a manner that achieves fair presentation.

  Materiality is the magnitude of misstatement in the special purpose financial statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the special purpose financial statement may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the financial statement.

  We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

  We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Reporting Requirements

We further report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid financial statement.

b) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and Statement of Changes in Equity, and dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the financial statement.

Restriction on Distribution and Use

These Special Purpose Financial Statement has been prepared for the limited purpose of preparation of the consolidated Special Purpose Financial Statement of PDS Limited. As a result, the Special purpose financial statement may not be suitable for another purpose. Our report is intended solely for the use of the Company and should not be distributed to or used by other parties.

Techno Design GmbH

Notes to standalone financial statements for the year ended 31 March 2026

Note 1: Corporate information

Techno Design GmbH has its registered office in Willich and is registered with the Krefeld Local Court under the registration number HRB 14782.

These annual financial statements have been prepared in accordance with Indian Accounting Standard (IND AS) and in accordance with the the relevant provisions of the German Limited Liability Companies Act (GmbH). The company has made use of the size-dependent for the preparation of the notes to the financial statements in accordance with Indian Accounting Standard (IND AS).

Note 2: Statement of compliance

The Standalone financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as amended and other relevant provisions. The accounting policies are applied consistently to all the periods presented in the standalone financial statements.

Basis of preparation and presentation

The standalone financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the relevant accounting policies mentioned. The financial statements are presented in Euro.

Going concern

The Board of Directors have considered the financial position of the Company at 31 March 2026 and the projected cash flows and financial performance of the Company for at least twelve months from the date of standalone financial statements as well as planned cost and cash improvement actions, and believe that the plan for sustained profitability remains on course.

The Board of Directors have taken actions to ensure that appropriate long-term cash resources are in place at the date of signing the accounts to fund the Company's operations.

Note 3: Significant accounting policies

a) Significant accounting judgements, estimates and assumptions

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these standalone financial statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates.

Judgements:

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the standalone financial statements:

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Estimates and Assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Estimates and underlying assumptions are reviewed at each balance sheet date. Such changes are reflected in the assumptions when they occur.

i) Income taxes

The Company is subject to income tax laws as applicable in Germany. Significant judgment is required in determining provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognises liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

ii) Contingencies

Contingent Liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal and other claims. By virtue of their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgements and the use of estimates regarding the outcome of future events.

iii) Recoverability of deferred taxes

In assessing the recoverability of deferred tax assets, management considers whether it is probable that taxable profit will be available against which the losses can be utilised. The ultimate realisation of deferred tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the projected future taxable income and tax planning strategies in making this assessment.

iv) Impairment of long lived assets

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets. The Company assesses impairment of long lived assets which are recorded at cost. At the time when there are any indications that such assets have suffered a loss, if any, is recognised in the Statement of Profit and Loss.

b) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on a current/ non-current classification.

Assets:

An asset is treated as current when it is:

i) Expected to be realised or intended to be sold or consumed in normal operating cycle.

ii) Held primarily for the purpose of trading

iii) Expected to be realised within twelve months after the reporting period, or

iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Liabilities:

A liability is current when:

i) It is expected to be settled in normal operating cycle

ii) It is held primarily for the purpose of trading

iii) It is due to be settled within twelve months after the reporting period, or

iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Property, plant and equipment (PPE) and Investment property

Property, plant and equipment, capital work in progress are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Such cost includes expenditure that is directly attributable to the acquisition of the asset.

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss within other income or expense (as applicable).

Subsequent Costs: The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item of property, plant and equipment, if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably with the carrying amount of the replaced part getting derecognised. The cost for day-to-day servicing of property, plant and equipment are recognised in statement of profit and loss as and when incurred.

Decommissioning Costs: The present value of expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Capital work in progress: Capital work in progress comprises the cost of fixed assets that are not ready for their intended use at the reporting date.

Depreciation: Depreciation on PPE, except leasehold improvements, is provided on straight-line method over the useful lives of assets. Depreciation for assets purchased / sold during a period is proportionately charged to Statement of Profit and Loss. Leasehold improvements are amortised over the lease term or the remaining useful life of the assets whichever is lower.

d) Intangible assets

Recognition and measurement

Intangible assets that are acquired by the Company are measured initially at cost. Intangible assets with finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses, if any.

Amortisation: Intangible assets, with infinite lives, are amortized over their respective individual estimated useful lives on a straight-line basis, commencing from the date the assets are available to the Company for their use. In case of the trade mark capitalised, the Company is amortizing it over period of 5 years from the date of capitalisation. Specialized software's are amortized over a period of 5 years or license period whichever is earlier.

e) Borrowing costs

Borrowing costs consists of interest and amortization of ancillary costs that an entity incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

f) Foreign currency transaction

Functional and presentation currency

The Company's standalone financial statements are presented in Euro which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which a Company operates and is normally the currency in which the Company primarily generates and expends cash. All the financial information presented in Euro except where otherwise stated.

Initial recognition

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Measurement at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured in terms of historical cost are not retranslated.

g) Revenue recognition

Income from corporate and sourcing support services rendered to group companies are recognized as the services are rendered based on a cost plus mark-up in accordance with the terms of respective arrangements.

'Unbilled revenue' included in other financial assets represent revenue in excess of billings as of the Balance Sheet date. 'Unearned revenues' included in financial liabilities represent billing in excess of revenue recognized.

Revenue from sale of goods is recognised when a customer obtains control of the goods. Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and services tax, etc. Further, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the entity.

Other income

i) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

ii) Any other income is recognized on an accrual basis.

h) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(a) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease terms and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

(b) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for termination of a lease, if the lease term reflects the Company exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

(c) Short term leases

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (that is those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the recognition exemption for leases of low-value assets to leases of office equipment and laptop computers that are considered to be of low value.

Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

i) Provisions, Contingent liabilities and Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of;

i) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle obligation;

ii) a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are neither recognised nor disclosed. However, when realisation of income is virtually certain, related asset is recognised.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date and adjusted where necessary to reflect the current best estimate of obligation or asset.

j) Financial instruments

A financial instrument is a contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

k) Taxes on income

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income (OCI) or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets are offset against current tax liabilities if, and only if, a legally enforceable right exists to set off the recognised amounts and there is an intention either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred Tax

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

l) Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash balance on hand, cash balance at banks and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

m) Earnings per share (EPS)

In determining earnings per share, the Company considers the net profit after tax and includes the post tax effect of any extra ordinary items.

i) Basic earning per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

ii) For the purpose of calculating Diluted Earning per share, the number of shares comprises of weighted average shares considered for deriving basic earning per share and also the weighted average number of equity share which could have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. A transaction is considered to be antidilutive if its effect is to increase the amount of EPS, either by lowering the share count or increasing the earnings.

Particulars	As at 31 March 2026	As at 31 March 2025
Trade payables	53,75,181	49,87,771
Payables to Related Party	95,62,801	1,68,36,927
Total	**1,49,37,982**	**2,18,24,698**

Notes:
(a) In terms of notification no. G.S.R 719(E) dated September 4, 2015 issued by the Central Government of India, the disclosure of payments due to any supplier as at 31 March 2026 are as follows:

Particulars	As at 31 March 2026	As at 31 March 2025
Balance of Trade payables as at the end of the year		
- Principal amount due to Micro, Small and Medium Enterprises	-	-
- Principal amount due to Others	1,49,37,982	2,18,24,698
Total	**1,49,37,982**	**2,18,24,698**

Trade Payable ageing as on 31 March 2026:

Particulars	Not due	Outstanding for following periods from due date of payment			Total
		Less than 1 year	1-2 years	More than 2 years	
MSME	-	-	-	-	-
Others	1,38,90,640	10,47,342	-	-	1,49,37,982
Total	**1,38,90,640**	**10,47,342**	**-**	**-**	**1,49,37,982**

Trade Payable ageing as on 31 March 2025:

Particulars	Not due	Outstanding for following periods from due date of payment			Total
		Less than 1 year	1-2 years	More than 2 years	
MSME	-	-	-	-	-
Others	2,18,24,698	-	-	-	2,18,24,698
Total	**2,18,24,698**	**-**	**-**	**-**	**2,18,24,698**

Note 21: Other liabilities

Particulars	As at 31 March 2026	As at 31 March 2025
Other payables	3,22,991	8,08,384
Statutory remittances (contributions to Withholding taxes)	45,005	43,343
Total	**3,67,996**	**8,51,727**

(All monetary numbers in Euro unless otherwise specified)

Note 22: Revenue from Operations

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Sale of products	4,76,71,652	9,92,12,297
Sale of Services	8,06,868	7,80,853
Total	**4,84,78,520**	**9,99,93,150**

(i) Revenue information

In the following table, revenue is disaggregated by major products/service lines and timing of revenue recognition:

Particulars	Timing of revenue recognition	Year ended 31 March 2026	Year ended 31 March 2025
Sale of products	At point in time	4,76,71,652	9,92,12,297
Sale of services	At point in time	8,06,868	7,80,853
Total		**4,84,78,520**	**9,99,93,150**

(ii) Contract balances

Assets and liabilities related to contracts with customers:

Particulars	As at 31 March 2026	As at 31 March 2025
Unbilled Revenue	789	-
Trade receivables	1,12,57,411	1,97,25,462
Total	**1,12,58,200**	**1,97,25,462**

Contract assets primarily relate to the Company's right to consideration for work completed but not yet billed at reporting date for services rendered to customers. Contract assets are transferred to receivables when the rights become unconditional.

Contract liabilities primarily relate to the Company's obligation to transfer goods or services to customer for which the Company has invoiced the customer or received advances from the customer for rendering of services. Contract liabilities are recognised as revenue as the Company performs under the contract.

Note 23: Other income

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Miscellaneous Income including sale of scrap	13,63,770	16,37,995
Compensation fees	-	9,69,328
Gains on Foreign Currency Translation	6,11,061	73,695
Total	**19,74,831**	**26,81,018**

Note 24: Cost of Goods Sold

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Cost of Goods Sold	4,03,94,576	8,43,69,402
Total	**4,03,94,576**	**8,43,69,402**

Note 25: Employee benefit expense

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Salaries, allowances and other benefits	21,17,612	25,34,379
Contribution to provident and other funds	3,08,978	3,96,537
Staff welfare expenses	9,268	33,980
Total	**24,35,858**	**29,64,896**

Note 26: Depreciation and amortisation expense

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Depreciation of property, plant and equipment	2,37,790	1,85,848
Amortisation of intangible assets	37,258	12,351
Total	**2,75,048**	**1,98,199**

Techno Design GmbH

Notes forming part of the financial statements for the year ended 31 March 2026

(All monetary numbers in Euro unless otherwise specified)

Note 27: Finance cost

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Interest on financial liabilities related to ROU assets	3,897	5,647
Other finance cost	45,851	65,710
Total	**49,748**	**71,357**

Note 28: Other expenses

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Auditors' Remuneration [Refer Note (i) below]	33,175	53,857
Bank Charges	1,81,268	2,85,127
Communication expenses	91,594	34,944
Courier Charges	60,847	97,736
Electricity charges	3,973	6,458
Insurance	1,49,760	53,155
Legal and professional fees	6,37,235	5,18,673
Printing and stationery	7,964	6,484
Rates and taxes	3,41,072	5,44,520
Recruitment expenses	63,831	33,699
Rent	52	57,209
Repairs and maintenance- Others	45,322	53,186
Sampling Expenses	27,678	7,352

Sundry Expenses	2,37,539	3,71,159
Storage Charges	1,94,605	3,23,204
Office Expenses	93,361	1,41,569
Software Charges	1,05,237	1,55,865
Travelling and conveyance	3,91,812	2,65,734
Total	**97,14,321**	**1,36,12,256**
Notes:		
(i) Auditors' remuneration:		
For statutory audit	33,175	53,857
Reimbursement of expenses	-	-
Total	**33,175**	**53,857**

Note 29: Earnings per share

Basic EPS amounts is calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of common and dilutive common equivalent shares outstanding during the year, except where the result would be anti-dilutive.

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Profit/(Loss) attributable to equity holders	(16,85,533)	9,92,187
Weighted average number of equity shares outstanding during the year	1,00,000	1,00,000
Basic earnings per share (Euro)	(16.86)	9.92
Diluted earnings per share (Euro)	(16.86)	9.92
Face value per share (Euro)	1.00	1.00

Note 30: Income Tax

The major components of income tax expense for the years ended 31 March 2026 and 31 March 2025 are:

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Current Tax	-	4,80,488
Deferred tax charge/ (credit)	(7,30,667)	(14,617)
Total	**(7,30,667)**	**4,65,871**

(All monetary numbers in Euro unless otherwise specified)

Note 31: Capital management

The Company's objective for managing capital is to ensure:
- ability to continue as a going concern, so that the Company can continue to provide returns to shareholders and benefits for other stakeholders, and
- maintain optimal capital structure to reduce the cost of capital.

The Company monitors capital structure using gearing ratio, which is calculated as under:

Particular	Year ended 31 March 2026	Year ended 31 March 2025
Borrowings	-	-
Less: Cash and Cash Equivalents	(21,63,590)	(36,36,204)
Less: Bank balances other than cash and cash equivalents	(33,738)	(33,738)
Adjusted net debt (A)	**(21,97,328)**	**(36,69,942)**
Equity share capital (refer note 14)	1,00,000	1,00,000
Other equity (refer note 15)	(2,57,296)	14,23,557
Total capital (B)	**(1,57,296)**	**15,23,557**
Capital and net debt (A+B)=(C)	**(23,54,624)**	**(21,46,385)**
Gearing ratio (D = C/A)	**107.16%**	**58.49%**

a) No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2026 and 31 March 2025.
b) For the purpose of capital management, capital includes issued equity capital and all other reserves attributable to the equity holders of the Company.

Note 32: Related Party Disclosures

Disclosures in accordance with the requirements of Ind AS 24 on Related Party Disclosures, as identified and certified by the management, are set out as below:

(a) Details of related parties:

Description of relationship	Names of related parties
Ultimate Holding Company	PDS Limited (formerly PDS Multinational Fashions Limited)

Total (A+B)	**1,39,82,807**	**2,37,56,520**	**1,39,82,807**	**2,37,56,520**
b) Fair value of financial liabilities:				
Financial liabilities measured at amortised cost				
Trade payables	1,49,37,982	2,18,24,698	1,49,37,982	2,18,24,698
Dues to related party	-	-	-	-
Total	**1,49,37,982**	**2,18,24,698**	**1,49,37,982**	**2,18,24,698**

Note 34: Leases

(i) The Company has adopted Ind AS 116 "Leases" effective April 1, 2019, as notified by the Ministry of Corporate Affairs (MCA) in the Companies (Indian Accounting Standard) Amendment Rules, 2019.

The Company also has certain leases of office premises with lease terms of 12 months or less and leases of office equipment with low value. The Company applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases as per Ind AS 116.

(ii) Lease payments not included in measurement of lease liability

The expense relating to payments not included in the measurement of the lease liability is as follows:

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Short-term leases	52	57,209
Total	**52**	**57,209**

(iii) Set out below are the carrying amounts of right-of-use assets recognised and the movements during the year:

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Opening balance	1,93,999	3,52,711
Right of Use Asset recognised during the year	99,234	-
Amortisation expense	(2,15,122)	1,58,712
Closing balance	**78,111**	**1,93,999**

Set out below are the carrying amounts of lease liabilities and the movements during the period:

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Opening balance	1,96,384	3,57,977
Lease liability recognised during the period	99,234	-
Interest expense on lease liabilities	3,897	5,647
Payment of lease liabilities	(2,05,235)	(1,67,240)
Closing balance	**94,280**	**1,96,384**

Note: The right of use asset and lease liability has been created for office premises.

(All monetary numbers in Euro unless otherwise specified)

(iv) Maturity analysis of lease liabilities:

Particulars	Lease payments	Interest expense	Net Present Values
Not later than 1 year	88,918	438	88,480
Later than 1 year not later than 5 years	5,860	60	5,800
Later than 5 years	-	-	-
Total	**94,777**	**497**	**94,280**

(v) Amounts recognised in profit or loss

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Rent expense relating to short-term leases	52	57,209
Interest expense on lease liabilities	3,897	5,647
Depreciation expense of right-of-use assets	2,15,122	1,58,712
Total	**2,19,071**	**2,21,568**

Notes :

1. Accounting treatment for Leases is not done in the books according to German GAAP but it has been accounted while preparing the books as per IND AS for the purpose of Consolidation.
2. Security Deposit given for leases is recognised in the current period as per IND AS adjustment which have not been considered in as per German GAAP.

Note 35: Commitments and Contingencies

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable.

Note 36: Additional Regulatory Information

Ratio Analysis

Ratio	Numerator	Denominator	As at 31 March 2026	As at 31 March 2025	Variation	Reason for Variation
Current Ratio (in times)	Current assets	Current Liabilities	0.90	1.04	-13%	N/A
Gross Profit Ratio (in percentage)	Gross Profit	Revenue from operations	17%	16%	1%	N/A
Trade Receivables turnover ratio (in times)	Revenue from operations	Average trade receivables	3.13	6.02	-48%	Refer note (i)
Average collection period (in days)	365	Trade Receivables turnover ratio	117	61	91%	Refer note (ii)
Trade Payables turnover ratio (in times)	Cost of good sold	Average trade payables	2.20	4.23	-48%	Refer note (iii)
Average Payment period (in days)	365	Trade Payables turnover ratio	166	86	93%	Refer note (iv)
Inventory turnover ratio (in times)	Cost of good sold	Average inventory	119.02	84.23	41%	Refer note (v)
Asset Turnover Ratio (in times)	Revenue from operations	Average Total Assets	2.34	4.42	-47%	Refer note (i)
Net profit ratio (in %)	Profit for the year	Revenue from operations	-3.48%	0.99%	-451%	Refer note (i)
Earning per share (in times)	Profit/(Loss) attributable to equity holders	Weighted average number of equity shares outstanding during the year	(16.86)	9.92	-270%	Refer note (vi)
Net capital turnover ratio (in times)	Revenue from operations	Working capital (i.e. Total current assets less Total current liabilities)	(30.11)	120.15	-125%	Refer note (vii)
Return on Equity Ratio (in times)	Profit for the year less Preference dividend	Average Total Equity	(2.47)	9.92	-125%	Refer note (viii)
Return on Capital employed (in %)	Profit before tax and finance costs	Capital employed = Net worth + Deferred tax liabilities	(15.04)	1.00	-1604%	Refer note (ix)

Notes:

Reason for change more than 25% in above ratio are as under:

(i) The change in ratio is due to 52% decrease in revenue from operations as compared to previous year.

(ii) The change in ratio is due to decreased trade receivables turnover ratio compared to previous year.

(iii) The change in ratio is due to decrease in cost of goods sold in relation with revenue from operations compared to previous year.

(iv) The change in ratio is due to decreased trade payables turnover ratio compared to previous year.

(v) The change in ratio is due to decrease in average inventory in March 2026 compared to March 2025 resulting to decreased average inventory in current year.

(vi) The change in ratio is due to loss in current year in line with decreased revenue from operations compared to previous year.

(vii) The change in ratio is due to excees of current liability over current assets resulting in negative working capital.

(viii) The change in ratio is due to loss in current year.

(ix) The Company has negative profit before tax and finance cost. Further due to current year losses, the networth of the Company has become negative. The positive return on capital employed is an arithmetic outcome of a negative numerator and negative denominator.

(All monetary numbers in Euro unless otherwise specified)

Note 37:
No material events have occurred between the balance sheet date to the date of issue of these standalone financial statements that could affect the values stated in the standalone financial statements as at 31 March 2026.

Note 38:
In order to align with requirement of Ind "AS 19 – Employee Benefits", necessary restatements have been made in the financial statements to recognize the employee performance related liability and corresponding expense in the period in which the employees rendered the related services and the Company derived economic benefits from those services, i.e. accounted for on an accrual basis. Pursuant to this adjustment, the Company has also recorded consequential adjustments to revenue and taxes.
The adjustments made to the financial statements are not considered material to these financial result

Note 39:
The previous year's figure have been regrouped/ rearranged wherever necessary, to make them comparable to those of the current year.

Note 40: Approval of financial statements
The financial statements were approved for issue by the board of directors on 08 May 2026

POETIC BRANDS LIMITED

STRATEGIC REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present the strategic report for the year ended 31 March 2026.

Review of the business

The company has achieved a very strong financial and operational performance during the year, reflecting the effectiveness of its strategic direction and the resilience of its business model. Revenue increased significantly from £21 million in the previous year to £29 million in FY 2026, supported by the increase in profit before tax. This notable improvement demonstrates the success of the company's commercial initiatives, operational efficiencies, and disciplined execution across the business.

Despite continued economic and market challenges, the company has maintained positive momentum and strengthened its overall market position. The Board considers the year-end financial position to be healthy and believes the business is well placed to deliver continued growth and profitability in the years ahead.

The Directors would like to express their appreciation to the company's employees, management team, customers, suppliers, and strategic partners for their continued commitment and contribution throughout the year. Their collective efforts have played a vital role in achieving the company's strong performance.

During the financial year, the company continued to make progress across several strategic priorities. Particular focus was placed on expanding into new markets, enhancing product development capabilities, strengthening customer relationships, and improving operational efficiency. These initiatives have supported revenue growth, improved margins, and enhanced the company's ability to scale effectively.

The Licensed business continues to represent an important strategic growth area for the company. Through the development of long-term partnerships with recognised Licenses, the business has further diversified its revenue streams and improved earnings visibility. The Directors believe this area of the business offers substantial future potential and will continue to contribute positively to long-term stability and growth.

In addition, the company has continued investing in operational improvements, supply chain optimisation, and technology-driven processes to support efficiency and responsiveness. Increased focus on customer engagement, innovation, and agility has enabled the business to adapt effectively to changing market conditions and consumer demand.

The company's principal key performance indicator remains sustainable growth in profitability, supported by strong sales performance, improved operational leverage, and strategic investment in future growth opportunities.

Looking forward, the Board remains highly optimistic about the company's future prospects. With a strengthened financial position, expanding customer base, and growing commercial pipeline, the Directors believe the company is well positioned to build on the significant progress achieved during the year and continue delivering long-term value to shareholders and stakeholders alike.

RSign Envelope ID: ENV90628511-5627-FCBA-7656-CAEF 11/05/2026 14:29 PM UTC

The company's key performance indicator is measured by reference to maintaining growth in net profit.

Profit before tax in 2025 of £292,704 has increased to £818,419, reflecting accelerated customer growth and increased licence penetration, supported by strong demand for our offerings

Other key financial performance indicators can be summarised as follows:

i) Improvement and efficiency of asset usage	**2026**	**2025**
a) Average credit period for trade receivables	66 days	105 days
b) Computation of number of days of purchase outstanding	51 days	82 days
c) Computation of stock turnover days	0.2 days	0.3 days

ii) Financial stability of the company	**2026**	**2025**
Working capital ratio	1.26	1.16
Liquidity ratio	1.26	1.16

Future developments

The Directors remain confident in the company's long-term strategy and future growth prospects following the strong performance achieved during the year. The significant increase in both revenue and profitability during the year provides a solid platform for continued expansion and investment across key areas of the business.

Looking ahead, the company intends to continue pursuing opportunities for sustainable and profitable growth through a combination of market expansion, product diversification, and operational enhancement. Management remains focused on strengthening the company's presence in both existing and new markets while deepening relationships with key customers and commercial partners.

Further investment in product innovation, brand development, and customer-focused initiatives will remain central to the company's strategy. The Directors believe these investments will support continued revenue growth and further strengthen the company's competitive position within the market.
The company also plans to further expand its Licensed business portfolio through additional strategic partnerships with established international and domestic brands. These partnerships are expected to provide enhanced recurring revenue opportunities, broaden market reach, and improve long-term earnings visibility.

Operational efficiency and cost management will continue to remain a priority. The business will seek to build on the efficiencies achieved during FY 2026 through ongoing supply chain optimisation, process improvements, and scalable infrastructure investments designed to support future growth.
The company also recognises the increasing importance of digital capabilities and data-driven decision-making. As part of its long-term strategy, management will continue to invest in systems, technology, and digital transformation initiatives aimed at improving operational effectiveness, enhancing customer experience, and supporting informed strategic planning.

The Directors are encouraged by the company's strong trading performance and remain optimistic about future opportunities. With an experienced management team, strengthened financial performance, and a clear strategic vision, the Board believes the company is well-positioned to achieve continued growth, improved profitability, and long-term success in the coming years.

Principal risks and uncertainties

Key risks and uncertainties

The main risks of the company are summarised below:

Currency risk
Expenses and revenue of the company are mainly denominated in USD and GBP. As a result, the company is subject to risk of foreign currency movements. It is the company's policy to monitor this risk and to take necessary steps to minimise any adverse effects.

Liquidity risk
Liquidity risk is the risk that the company may encounter in meeting its financial liabilities obligations as they fall due. During the year, the company continued to be funded from liquid resources retained in the UK. The directors continue to monitor the company's liquidity, taking steps, wherever necessary, to ensure that financial obligations and commitments are met as and when they fall due.

Market risk
Pressure on margins: As the competition amongst value retailers is increasing, profit margins are under constant pressure. However, the company is spreading its customer base from value retailers to high margin fashion retailers to counter this risk.

Credit Risk
Credit risk arises from trade receivables where the party fails to discharge their obligation in relation to the instrument. To minimise the risk, management have appropriate credit assessment methods in place to establish credit worthiness of new customers and monitor receivables by regularly reviewing aged receivable reports.

The main uncertainty of the company is summarised below:

Inflationary Pressure

Continued rise of global material cost including cotton and also increased cost of logistic services is exerting significant pressure on fashion garment industry. The Company is working along with its suppliers and customers towards providing possible solutions and improving efficiency in the supply chain to mitigate its impact.

Other buisness review

Environmental policy
The company recognises the importance of environmental responsibilities and where practical has an environmental policy in place which includes challenging sustainability agenda including increased trading of responsibly sourced garments and recycling of paper and all office materials. The directors believe the nature of its activities has a minimal effect on the environment.

Health and safety
The company recognises the importance of safeguarding the health, safety and welfare of its employees and has a health and safety policy in place. Regular updates are communicated to all employees.

Employees
The company aims to ensure that the employees work in a safe and healthy environment. The company encourages the workforce to be involved by providing appropriate training, learning and career development programmes. It is also making information available to employees through the medium of frequent staff meetings, together with personal appraisals and feedback sessions.

On behalf of the board

Director

Date: 11/05/2026 .....

DIRECTORS' REPORT
FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

As stated in note 1.1, the directors have chosen to prepare the financial statements as if they were statutory financial statements for purpose of group consolidation.

Principal activities
The principal activity of the company continued to be that of import and distribution of Licensed garments. In addition, the company has now expanded its offering to include Licensed Luggage, footwear and accessories.

Results and dividends
The results for the year are set out on page 11.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr A Banaik	(Resigned 15 December 2025)
Mr E Mathews	
Mr B Shah	
Mr S Ballari	(Appointed 15 December 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

On behalf of the board

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF POETIC BRANDS LIMITED

Opinion

We have audited the financial statements of Poetic Brands Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity, the statement of cash flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the strategic report and directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young

London E1W 1YW

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to revenue and results.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the website of the Financial Reporting Council at: http://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Poetic Brands Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

These financial statements do not reflect the consolidation of the company's subsidiaries and are not statutory financial statements. The directors have nonetheless prepared and presented on the basis they are statutory financial statements for disclosure purposes in all other aspects.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;
- disclosure of related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 19.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements. The company will also continue to obtain sufficient funding from within the group to enable it to pay its debts as they fall due.

1 Accounting policies **(Continued)**

1.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

-Sale of goods

Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

-Licence fee income

Licence fee income is earned from the royalty agreements with various Licensors, when the ordered goods have been delivered to the customers.

1.4 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Motor vehicles	Over lease term

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.5 Non-current investments

Investments in subsidiary undertakings are stated at cost less provision for impairment.

1.6 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

1 Accounting policies **(Continued)**

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.7 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

1 Accounting policies **(Continued)**

Financial assets held at amortised cost

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial. The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument to the net carrying amount on initial recognition.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.10 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company’s obligations are discharged, cancelled, or they expire.

1.11 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1 Accounting policies (Continued)

1.12 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.13 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.14 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for lease payments made at or before the commencement date plus any initial direct costs and an estimate of the cost of obligations to dismantle, remove, refurbish or restore the underlying asset and the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently adjusted for remeasurements of the lease liability and applies the relevant cost model, fair value model or revaluation model as set out within the accounting policies for the applicable asset class. Where the cost model is applied, the asset is depreciated from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term, and is periodically reduced by impairment losses, if any.

The lease liability is initially measured at the present value of the lease payments that are unpaid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise fixed payments, variable lease payments that depend on an index or a rate, amounts expected to be payable under a residual value guarantee, and the cost of any options that the company is reasonably certain to exercise, such as the exercise price under a purchase option, lease payments in an optional renewal period, or penalties for early termination of a lease.

The lease liability is measured at amortised cost using the effective interest method. It is reassessed at each financial period end to reflect lease modifications and any changes to the factors considered at initial measurement, as set out above. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

RSign Envelope ID: ENV90628511-5627-FCBA-7656-CAEF 11/05/2026 14:29 PM UTC

1 Accounting policies **(Continued)**

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

1.15 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss.

2 Revenue

POETICGEM LIMITED

STRATEGIC REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present the strategic report for the year ended 31 March 2026.

Review of the business

The company delivered a resilient and encouraging performance during the financial year, reflecting the strength of its business model, disciplined execution, and ability to adapt effectively within a dynamic and competitive market environment. The Directors are pleased with the progress achieved during the year, and the company's financial position at year-end remains strong and well-positioned to support future growth initiatives.

The Board would like to acknowledge the continued dedication and contribution of the company's employees, management team, commercial partners, and stakeholders, whose commitment and collaborative efforts remain fundamental to the company's ongoing success and development.

During the year, the company continued to advance a number of key strategic priorities. These included expansion into selected high-potential markets, increased focus on innovation and design-led product development, and strengthening the company's brand positioning in response to evolving consumer preferences and market trends. These initiatives have enhanced the company's competitive standing and established a solid platform for sustainable long-term growth.

A significant strategic focus remains the continued expansion of the company's design-led business model through long-term strategic partnerships, together with the conceptualisation, development, and curation of distinctive brands. The Directors believe this approach strengthens the company's market differentiation, enhances customer engagement, and creates additional opportunities for scalable and recurring revenue streams.

Alongside its commercial objectives, the company continues to prioritise operational excellence, agility, and a customer-centric approach across all areas of the business. Ongoing improvements in internal processes, collaboration, and strategic planning are expected to further strengthen operational efficiency and support future expansion opportunities.

The company's principal key performance indicator continues to be the achievement of sustainable growth in net profit, supported by disciplined cost management, strategic investment, and continued development of the company's core business activities.

Looking ahead, the Directors remain confident in the company's strategic direction and future prospects. With a clear long-term vision, a differentiated market offering, and a strong operational foundation, the Board believes the company is well positioned to capitalise on emerging opportunities and deliver continued sustainable value in the years ahead.

The company's key performance indicator is measured by reference to maintaining growth in net profit.

Profit before tax in 2025 of £286,620 has decreased to £276,580.

Other key financial performance indicators can be summarised as follows:

i) Improvement and efficiency of asset usage	**2026**	**2025**
a) Average credit period for trade receivables	45 days	52 days

ii) Financial stability of the company	**2026**	**2025**
Working capital ratio	1.35:1	1.28:1
Liquidity ratio	1.27:1	1.24:1

Principal risks and uncertainties

The main risks of the company are summarised below:

Currency risk

Expenses and revenue of the company are mainly denominated in USD and GBP. As a result, the company is subject to risk of foreign currency movements. It is the company's policy to monitor this risk and to take necessary steps to minimise any adverse effects.

Liquidity risk

Liquidity risk is the risk that the company may encounter in meeting its financial liabilities obligations as they fall due. During the year, the company continued to be funded from liquid resources retained in the UK. The directors continue to monitor the company's liquidity, taking steps, wherever necessary, to ensure that financial obligations and commitments are met as and when they fall due.

Market risk

Pressure on margins: As the competition amongst value retailers is increasing, profit margins are under constant pressure. However, the company is spreading its customer base from value retailers to high margin fashion retailers to counter this risk.

Credit Risk

Credit risk arises from trade receivables where the party fails to discharge their obligation in relation to the instrument. To minimise the risk, management have appropriate credit assessment methods in place to establish credit worthiness of new customers and monitor receivables by regularly reviewing aged receivable reports.

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

The main uncertainties of the company are summarised below:

Inflationary Pressure

Continued rise of global material cost including cotton and also increased cost of logistic services is exerting significant pressure on fashion garment industry. The Company is working along with its suppliers and customers towards providing possible solutions and improving efficiency in the supply chain to mitigate its impact.

Other information and explanations

Environmental policy

The company recognises the importance of environmental responsibilities and where practical has an environmental policy in place which includes challenging sustainability agenda including increased trading of responsibly sourced garments and recycling of paper and all office materials. The directors believe the nature of its activities has a minimal effect on the environment.

Health and safety

The company recognises the importance of safeguarding the health, safety and welfare of its employees and has a health and safety policy in place. Regular updates are communicated to all employees.

Employees

The company aims to ensure that the employees work in a safe and healthy environment. The company encourages the workforce to be involved by providing appropriate training, learning and career development programmes. It is also making information available to employees through the medium of frequent staff meetings, together with personal appraisals and feedback sessions.

On behalf of the board

Krishna Kanodia

.....

Mr K Kanodia

Director

Date: 10/05/2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The company's primary activities include Designing, Importing, and Distribution of Cloths, alongside Conceptualizing and Curating Brands.

Results and dividends
The results for the year are set out on page 10.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr A Banaik
Dr A Bhupatkar
Mr K Kanodia
Mr A Kanoi

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the United Kingdom. Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, International Accounting Standard 1 requires that directors:

- properly select and apply accounting policies;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosures when compliance with the specific requirements in IFRSs are insufficient to enable users to understand the impact of particular transactions, other events and conditions on the entity's financial position and financial performance; and
- make an assessment of the company's ability to continue as a going concern.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditor

Each director in office at the date of approval of this annual report confirms that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- the director has taken all the steps that he / she ought to have taken as a director in order to make himself / herself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

On behalf of the board

Krishna Kanodia

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF POETICGEM LIMITED

Opinion

We have audited the financial statements of Poeticgem Limited (the 'company') for the year ended 31 March 2026 which comprise the statement of comprehensive income, the statement of financial position, the statement of changes in equity, the statement of cash flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and UK adopted international accounting standards.

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its profit for the year then ended;
- have been properly prepared in accordance with UK adopted international accounting standards; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management’s incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue and profit.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Poeticgem Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted for use in the United Kingdom and with those parts of the Companies Act 2006 applicable to companies reporting under IFRS, except as otherwise stated.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Prior period error

The comparatives have been restated to incorporate the impact of bonus adjustments. Further information is on note 36.

1.3 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

1 Accounting policies **(Continued)**

1.4 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

-Sale of goods

Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

-Commission receivable

Commission receivable is earned when the supplier delivers to the end customers.

-Rental income

Rental income is earned at arm's length on the freehold property which is occupied by a third party. Rental income under operating leases is credited to the statement of comprehensive income on a straight line basis over the term of the lease.

-Interest income

Interest revenue is accrued on a time basis by reference to the principal outstanding and the effective interest rate applicable.

-Corporate income

Corporate income represents the recovery of cost of services rendered by senior management. It is accounted for on an accrual basis.

1.5 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Product Development Costs	3 years straight line

The product is in its development stage and will be amortised once the product has been launched.

1.6 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Land and buildings Leasehold	1% straight line on long lease and over lease term for short lease
Fixtures, fittings & equipment	25% reducing balance
Plant and machinery	33.33% reducing balance
Motor vehicles	25% reducing balance

1 Accounting policies **(Continued)**

1.7 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

1.8 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

1.9 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.10 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets held at amortised cost

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company’s business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

1 Accounting policies **(Continued)**

Available-for-sale assets are non-derivatives that are either deisngated in this cateogry or not classified in any other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date. Available-for-sale financial assets are stated at fair value.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.11 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company’s obligations are discharged, cancelled, or they expire.

1.12 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

1 Accounting policies **(Continued)**

1.13 Derivatives

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to fair value at each reporting end date. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

A derivative with a positive fair value is recognised as a financial asset, whereas a derivative with a negative fair value is recognised as a financial liability. A derivative is presented as a non-current asset or liability if the remaining maturity of the instrument is more than 12 months and it is not expected to be realised or settled within 12 months. Other derivatives are classified as current.

1.14 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.15 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.16 Share-based payments

The parent company PDS Limited (formerly PDS Multinational Fashions Limited) has issued share options to certain directors and employees. These are measured at fair value and recognised as an expense in the profit and loss account with a corresponding increase in equity. The fair value of the options was estimated at the date of grant using the Black - Scholes option pricing model. The fair value will be charged as an expense in the profit or loss account over the vesting period. The charge is adjusted each year to reflect the expected and actual level of vesting.

When the terms and conditions of equity-settled share-based payments at the time they were granted are subsequently modified, the fair value of the share-based payment under the original terms and conditions and under the modified terms and conditions are both determined at the date of the modification. Any excess of the modified fair value over the original fair value is recognised over the remaining vesting period in addition to the grant date fair value of the original share-based payment. The share-based payment expense is not adjusted if the modified fair value is less than the original fair value.

Cancellations or settlements (including those resulting from employee redundancies) are treated as an acceleration of vesting and the amount that would have been recognised over the remaining vesting period is recognised immediately.

1 Accounting policies **(Continued)**

1.17 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for lease payments made at or before the commencement date plus any initial direct costs and an estimate of the cost of obligations to dismantle, remove, refurbish or restore the underlying asset and the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently adjusted for remeasurements of the lease liability and applies the relevant cost model, fair value model or revaluation model as set out within the accounting policies for the applicable asset class. Where the cost model is applied, the asset is depreciated from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term, and is periodically reduced by impairment losses, if any.

The lease liability is initially measured at the present value of the lease payments that are unpaid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise fixed payments, variable lease payments that depend on an index or a rate, amounts expected to be payable under a residual value guarantee, and the cost of any options that the company is reasonably certain to exercise, such as the exercise price under a purchase option, lease payments in an optional renewal period, or penalties for early termination of a lease.

The lease liability is measured at amortised cost using the effective interest method. It is reassessed at each financial period end to reflect lease modifications and any changes to the factors considered at initial measurement, as set out above. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

1.18 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss.

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

1 Accounting policies (Continued)

1.19 Change in accounting policy

During the year, the Group changed its accounting policy for employee bonuses from cash-based recognition to an accrual-based approach in accordance with IFRS. Under the revised policy, bonus expenses are recognised in the period in which the related employee services are rendered and a liability is recognised when the obligation can be reliably estimated.The change has been applied retrospectively in accordance with IAS 8, with a corresponding adjustment to opening retained earnings and restatement of comparative information.

2 Adoption of new and revised standards and changes in accounting policies

Change in accounting policy

The company has changed its accounting policy for recognising employee bonus expenses from a cash basis to an accrual basis. Bonus costs are now recognised in the period in which the related performance is earned, providing a more appropriate matching of expenses with revenue. This change has been treated as a change in accounting estimate in accordance with IAS 8, and opening retained earnings have been adjusted for the impact of prior-period incentive payments.

3 Critical accounting estimates and judgements

In the application of the company’s accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Critical judgements

Share-based payments

The Group operates an employee compensation scheme, settled in equity. The fair value of equity-settled share-based payment arrangements requires significant judgement in the determination of the valuation of options, or the assumptions regarding vesting conditions being met, which will affect the expense recognised during the period.

These assumptions include the future volatility of the Company's share price, future dividend yield and the rate that which awards will lapse or be forfeited. These assumptions are then applied to a recognised valuation model in order to calculate the fair value of the awards. The fair value attributed to the awards, and hence the charge made in the income statement, could be materiality affected should different assumptions be made to those applied by the Group. Details of these assumptions are set out in note 24. The Group uses a professional valuer in the determination of the fair value of options at grant date.

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

3 Critical accounting estimates and judgements (Continued)

Development costs
The director would assess and apply judgement on whether costs incurred in the development of the intangible assets meet the conditions required for capitlisation.

Valuation of lease liability & right-of-use asset
The application of IFRS 16 requires the company to make judgements that affect the valuation of the lease liabilities and the right-of-use assets. These include determining the interest rate used for discounting of future cashflows. The present value of the lease payment is determined using the discount rate representing the company's incremental borrowing rate.

Key sources of estimation uncertainty
Interest-bearing loans and borrowings
Interest-bearing bank loans and overdrafts are recorded as the proceeds received, net of direct issue costs. Finance charges are accounted for on an accruals basis in the statement of comprehensive income using the effective interest rate method and are added to the carrying amount of the instrument to the extent that they are not settled in the period in which they arise.

Derivative financial instruments and hedge accounting
The company uses derivative financial instruments such as forward currency contracts to hedge its exposure to exchange rate movements on merchandise purchases, certain other costs and sales denominated in foreign currencies.
Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently measured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

The company applies cash flow hedge accounting whereby changes in the fair value of the hedging instrument are recognised directly in equity rather than the statement of comprehensive income. When the hedged item is recognised in the financial statements, the accumulated gains and losses are removed from equity and recognised in the profit and loss.

Hedge effectiveness testing is carried out retrospectively and prospectively and where ineffectiveness arises on hedged item, the changes in fair value are taken directly to the statement of comprehensive income for the year.

4 Revenue

An analysis of the company's revenue is as follows:

	2026	2025
	£	£
Revenue analysed by class of business		
Sale of garments	17,506,832	12,928,594
Commission receivable	12,977,034	15,348,253
	30,483,866	28,276,847

4 Revenue (Continued)

	2026	2025
	£	£
Revenue analysed by geographical market		
UK	20,469,580	12,928,594
Rest of the world	10,014,286	15,348,253
	30,483,866	28,276,847

5 Operating profit

Operating profit for the year is stated after charging/(crediting):	2026 £	2025 £
Exchange losses	256,191	23,076
Depreciation of property, plant and equipment	1,385,557	1,115,856
Amortisation of intangible assets (included within administrative expenses)	364,361	364,361
Cost of inventories recognised as an expense	15,725,318	13,515,462
Share-based payments	17,401	80,117

6 Auditor's remuneration

Fees payable to the company's auditor and associates:	2026 £	2025 £
For audit services		
Audit of the financial statements of the company	55,277	37,298
For other services		
Other services	20,186	16,750

7 Employees

The average monthly number of persons (including directors) employed by the company during the year was:

	2026 Number	2025 Number
Designers	56	59
Sales	35	39
Management and administration	27	28
Quality Control	13	16
Total	131	142

Their aggregate remuneration comprised:

	2026 £	2025 £
Wages and salaries	7,255,724	8,550,408
Social security costs	1,023,869	993,960
Pension costs	156,555	226,117
	8,436,148	9,770,485

8 Directors' remuneration

	2026 £	2025 £
Remuneration for qualifying services	481,000	479,403
Company pension contributions to defined contribution schemes	2,642	2,642
	483,642	482,045

The number of directors for whom retirement benefits are accruing under defined contribution schemes amounted to 2 (2025 - 2).

The number of directors who exercised share options during the year was 0 (2025 - 2).

The number of directors who are entitled to receive shares under long term incentive schemes during the year was 2 (2025 - 2).

8 Directors' remuneration (Continued)

Remuneration disclosed above include the following amounts paid to the highest paid director:

	2026	2025
	£	£
Remuneration for qualifying services	381,000	374,000
Company pension contributions to defined contribution schemes	1,321	1,321

The highest paid director has exercised share options during the year.

9 Investment income

	2026	2025

Amounts owed by related parties	114,840	148,416	-	-
Other receivables	461,115	966,397	5,390,421	5,413,388
Prepayments	438,818	454,922	-	-
	11,753,330	13,234,524	5,390,421	5,413,388

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

16 Trade and other receivables **(Continued)**

Trade receivables disclosed above are classified as loans and receivables and are therefore measured at amortised cost.

17 Trade receivables - credit risk

Fair value of trade receivables
The directors consider that the carrying amount of trade and other receivables is approximately equal to their fair value.

No significant receivable balances are impaired at the reporting end date.

18 Fair value of financial liabilities

The directors consider that the carrying amounts of financial liabilities carried at amortised cost in the financial statements approximate to their fair values.

19 Derivative financial instruments

	2026	2025
	£	£
Forward foreign exchange (fair value)	(42,572)	(23,267)

The terms of the forward foreign exchange contracts have been negotiated to match the terms of the commitments referred to below.

The cash flow hedges of the expected future purchases were assessed to be highly effective and as at 31 March 2026, a recognised loss of £45,272 (2025: £23,267) was included in the hedging reserves in respect of these contracts.

At the balance sheet date, the total notional amounts of outstanding forward foreign exchange contracts that the group has committed to are as follows:

	2026	2025
	£	£
Forward foreign exchange contracts (cash flow hedges)	9,228,982	6,414,449

These commitments have been entered into to hedge against future payments to suppliers in the ordinary course of business.

20 Trade and other payables

	2026	2025 (as restated)
	£	£
Trade payables	1,471,819	890,993
Amounts owed to fellow group undertakings	5,497,989	6,442,114
Amounts owed to related parties	8,125	2,493
Accruals	739,642	902,669
Social security and other taxation	379,231	545,878
Other payables	833,451	679,433
	8,930,257	9,463,580

Information related to prior period adjustment is included in note 36.

21 Borrowings

	2026	2025
	£	£
Borrowings held at amortised cost:		
Bank overdrafts	-	367,394
Bank loans	728,332	1,591,046

Bank loans are arranged at floating rates, thus exposing the company to cash flow interest rate risk.

The other principal features of the company's borrowings are as follows:

i) Bank overdrafts are repayable on demand. The average effective interest rate on bank overdrafts approximates to 6.99 percent per annum and is determined based on 2 percent plus base rate.

At 31 March 2026, the company had available £2,500,000 (2025: £2,500,000) of undrawn committed borrowing facilities in respect of which all conditions precedent had been met.

The company has advances from factors that are secured by a charge on the trade receivables of the company.

The carrying value of all the company's long term borrowings approximate to their fair value as at the balance sheet date.

22 Lease liabilities

	2026	2025
Net amounts due	£	£
Within one year	1,067,472	1,015,854
After more than one year	7,733,074	8,791,218
	8,800,546	9,807,072

	2026	2025
Maturity analysis of future lease payments	£	£
Within one year	1,385,274	1,400,200
In two to five years	4,003,897	5,096,940
In over five years	4,836,749	5,097,920
Total undiscounted liabilities	10,225,920	11,595,060
Future finance charges and other adjustments	(1,425,374)	(1,787,988)
Lease liabilities in the financial statements	8,800,546	9,807,072

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

22 Lease liabilities (Continued)

The company enters into leasing arrangements for certain assets. Lease payments are made over the lease terms and are primarily fixed in nature. The lease arrangements do not include purchase options and there are no material restrictions imposed by the lease agreements. The company has not entered into any material variable lease payment or contingent rental arrangements.

Other leasing information is included in note 30.

23 Deferred taxation

	Liabilities	
	2026	2025
	£	£
Deferred tax balances	53,467	53,467

The following are the major deferred tax liabilities and assets recognised by the company and movements thereon during the current and prior reporting period.

	ACAs
	£
Liability at 1 April 2024	53,467
Liability at 1 April 2025 and 31 March 2026	53,467

Deferred tax assets and liabilities are offset in the financial statements only where the company has a legally enforceable right to do so.

24 Retirement benefit schemes

	2026	2025
Defined contribution schemes	£	£
Charge to profit or loss in respect of defined contribution schemes	156,555	226,117

The company operates a defined contribution pension scheme for all qualifying employees. The assets of the scheme are held separately from those of the company in an independently administered fund.

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

25 Share-based payments

	Number of share options		Average exercise price	
	2026 Number	2025 Number	2026 INR	2025 INR
Outstanding at 1 April 2025	280,375	550,375	109.52	174.91
Exercised in the period	(10,000)	(270,000)	219.00	133.30
Outstanding at 31 March 2026	270,375	280,375	-	109.52

Options outstanding

The options outstanding at 31 March 2026 has an exercise price of INR 219 (2025: INR 133 to INR 174.91).

The weighted-average share price at the date of exercise for share options exercised in 2026 was INR 219 (2025: INR133.30).

Expenses

Related to equity settled share based payments	17,401	80,117

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

25 Share-based payments (Continued)

Share options were granted to the employees of the company on 03/07/2021 and 22/10/2021. There are performance conditions attached to these options. Options granted under this plan vest as follows;

For the Share options granted on 03/07/2021

a. 30% of the options vest at the end of 1st year from the date of Grant,
b. 30% of the options vest at the end of 2nd year from the date of Grant,
c. 40% of the options vest at the end of 3rd year from the date of Grant,

Exercise of an option is subject to continuous employment and fulfilling the conditions as set out in the grant letter.

For the Share options granted on 22/10/2021

a. 25% of the options vest at the end of 1st year from the date of Grant,
b. 25% of the options vest at the end of 2nd year from the date of Grant,
c. 25% of the options vest at the end of 3rd year from the date of Grant,
d. 25% of the options vest at the end of 4th year from the date of Grant,

Exercise of an option is subject to continuous employment and fulfilling of certain conditions as mentioned in the grant letter.

Both options were valued used the Black-Scholes option-pricing model. The fair value per option granted and the assumptions used in the calculations are as follows;

Grant date	03/07/2021	22/10/2021
Share price at grant date	INR 199.80	INR 273.80
Exercise price	INR 130.00	INR 219.00
Number of employees	1	16
Shares under option	650,000	377,500
Vesting period (years)	3	4
Option life (years)	3	4
Expected life (years)	3	4
Fair value per option;		
Year 1	INR 83.80	INR 94.80
Year 2	INR 90.00	INR 107.00
Year 3	INR 95.40	INR 117.20
Year 4	-	INR 125.20

The exercise price, and hence the fair value, of the options is denominated in INR and has been translated in the table above at the exchange rate on the date of grant being INR 103.194 = £1.

26 Share capital

Ordinary share capital	2026 Number	2025 Number	2026 £	2025 £
Issued and fully paid				
Ordinary shares of £1 each	50,000	50,000	50,000	50,000

27 Cashflow hedge

	2026 £	2025 £
At the beginning of the year	(23,267)	10,647
Other movements	(19,305)	(33,914)
At the end of the year	(42,572)	(23,267)

28 Share-based payments reserve

	2026 £	2025 £
At the beginning of the year	1,040,222	958,926
Other movements	18,226	81,296
At the end of the year	1,058,448	1,040,222

29 Contingent liabilities

At 31 March 2026, the company had the following contingent liabilities:

The company's bankers, HSBC plc have given the following guarantee on behalf of the group:

HM Revenue and Customs	£500,000
RBS PLC	£36,935

The bank has a fixed and floating charge over the assets of the company which is supported by a debenture dated 11 September 2012.

The company has agreed to act as a guarantor in respect of properties leased by fellow group entities.

The total rents payable on these leases for the term of the leases are as follows:

	2026 £
Future rents payable	335,451

RSign Envelope ID: ENV14442557-8191-AFDD-4050-BFED 11/05/2026 10:55 AM UTC

30 Other leasing information

As lessee

During the year, the company entered into certain short-term lease arrangements. Short-term leases are leases with a lease term of 12 months or less. Payments relating to short-term leases are recognised as an expense in profit or loss over the lease term.

	2026	2025
Amounts recognised in profit or loss:	£	£
Expense relating to short-term leases	3,640	2,105
Expense relating to variable lease payments not included in lease liabilities	-	217,660

Information relating to lease liabilities is included in note 22.

31 Capital risk management

The company aims to manage its overall capital to ensure that it continues to operate as a going concern and maintains sufficient financial flexibility to undertake planned investments, whilst providing adequate return to shareholders.

The company's capital structure is reviewed on a quarterly basis to ensure that an appropriate level of gearing is being used.

The company calculates its gearing ration as borrowings, including current and non-current borrowings, divided by total capital as represented by borrowings less cash and cash equivalents plus total equity.

Loss as adjusted	(171,317)

Notes to reconciliation

During the current financial year, management identified that the bonus provision for the year ended 31 March 2025 was understated by £457,937 due to an oversight in the accrual process. This error has been corrected retrospectively in accordance with IAS 8 – Accounting Policies, Changes in Accounting Estimates and Errors.

As a result, the opening balance of retained earnings as at 1 April 2025 has been reduced by £457,937, and the corresponding liability has been increased.

This adjustment has no impact on the current year's profit or loss but ensures that the financial statements reflect a true and fair view of the company's financial position.

Independent Auditor's Report to the shareholders of PDS Fashions Bangladesh Limited

Opinion

We have audited the financial statements of PDS Fashions Bangladesh Limited hereinafter referred to as "the Company" which comprise the statement of financial position as at 31 March 2026, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the company as at 31 March 2026, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the Companies Act 1994 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with International Standard on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the financial statements section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and ICAB bye laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRS) and the Companies Act 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud and error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As a part of audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements of the company. We are responsible for the direction, supervision and performance of the audit . We remain solely responsible for our audit opinion.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, communicated them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable related safeguards.

Report on other Legal and Regulatory Requirements

In accordance with Companies Act 1994, we also report the following:

a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof.

b) in our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books; and

c) the company's financial position and statement of comprehensive income dealt with by the report are in agreement with the books of account.

1.00 Reporting Entity

1.01 Formation and legal status

PDS Fashions Bangladesh Limited is incorporated as a private limited company in Bangladesh having its registered office in Dhaka, Bangladesh as on 25 July 2023 with incorporation number C-189840/2023 under Company's Act 1994 with its head office at Level 08, A. R. Tower, 24 Kemal Ataturk Avenue, Banani CIA, Dhaka-1213, Bangladesh.

1.02 Nature of Business

The principal activity of the company is to provide business support services and corporate support services to other organizations on a contractual basis, & carry on business related to the garment and fabric industry by trading, buying, selling, exporting, importing, marketing, indenters, commission agents, selling agents, distributors, broker, stockiest, merchants, wholesalers, retailers, buyers, manufacturers, general order suppliers and dealers in general merchandise, commodities, articles and goods of all description whatsoever.

2.00 Basis of preparation of financial

2.01 Statements of compliance

This financial statements have been prepared following accrual basis of accounting except for statement of cash flows in accordance with International Accounting Standards (IASs), International Financial Reporting Standard (IFRSs) and Companies Act 1994.

2.02 Other regulatory compliances

The Company is required to comply with the following major laws and regulations along with
The Companies Act 1994:
The Income Tax Act, 2023
The Income Tax Rules, 2023
Value Added Tax & Supplementary Duty Act, 2012
Value Added Tax & Supplementary Duty Rules, 2016
The Customs Act, 1969

2.03 Basis of measurement

The financial statements of the Company have been prepared on historical cost following the accrual basis on accounting.

2.04 Functional and presentation currency

These financial statements are prepared in Bangladesh Taka (Taka/Tk/BDT), which is the Company's functional currency. All financial information presented in Taka has been rounded off to the nearest integer unless otherwise indicated.

2.05 Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting polices and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

2.06 Going concern

In adopting the going concern basis for preparing financial statements, the directors have considered the business activities as well as business principal risks and uncertainties. The Board is satisfied that the business will be able to operate within the level of it's facilities for the foreseeable future. All local and overseas projects in hand of the company are progressing smoothly. Furthermore, the company has entered into new overseas revenue contracts for the upcoming year. For this reason the business continues to adopt the going concern basis in preparing it's financial statement.

2.07 Cash flow

Cash Flow Statement is prepared as per International Accounting Standard (IAS-7). Cash flow from operating activities is determined for the period under indirect method.

2.08 Reporting period

The company has got approval from DCT for maintaining the accounting year with the parent as 01 April to 31 March dated 17 Oct 2023. These financial statements cover the period from 1 April 2025 to 31 March 2026.

2.09 Date of authorization

The audited financial statements for the year ended 31 March 2026 was authorized by the Board of Directors on 05 MAY 2026

3.00 Significant accounting policies

The accounting policies set out below have been applied consistently in these financial statements.

3.01 Property, plant and equipment

Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises of its purchase price, import duties and non-refundable taxes, after deducting trade discount and rebates, and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the intended manner.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent Costs

The cost of replacing part of an item of fixed assets is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in the statement of comprehensive income as incurred.

Depreciation

Depreciation is charged on all items of property, plant and equipment on reducing balance method. In addition to property, plant and equipment, depreciation is charged from the month of capitalization up to the period immediately preceding the disposal period.

Depreciation rates are as follows:

Particulars	Rate
Furniture & Fixture	10%
Office Equipment	10%
Computer Equipment	25%

3.02 Right of Use assets and lease liabilities

The Company is a party to rent contracts for:

Buildings- office space

The application of IFRS 16 requires an entity to assess whether a contract is, or contains, a lease at inception of a contract and shall recognize a right of use asset and a lease liability accordingly. This requires determination of contracts in scope of IFRS 16, contract term and interest rate used for discounting of future cash flows.

The company has two rental premises for the registration office and the head office, with agreements. Both agreements cover one year. For this rental contract, the company elected not to apply the requirements of IFRS-16 in the year ended 31 March 2026, considering that the contracts are short-term leases as the contracts are less than one year, and registartion office is cancellable with two months notice and head office is cancellable with three months notice without any penalty.

3.03 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i)Recognition and initial measurement

The Company initially recognises receivables and deposits on the date that they are originated. All other financial assets are recognized initially on the date at which the company becomes a party to the contractual provisions of the transaction.

ii)Classification and subsequent measurement

On initial recognition, a financial asset is classified and measured at: amortized cost; FVOCI – debt investment; FVOCI – equity investment; or FVTPL. Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets – Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management; the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Financial assets – Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in profit or loss account.
Financial assets at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss account.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in profit or loss. Other net gains and losses are recognized in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss account.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in OCI and are never reclassified to profit or loss account.

Financial assets includes advances, deposits and prepayments and cash & cash equivalents.

3.03.01 Advances, deposits and prepayments

Advances, deposits and prepayments at the balance sheet date are stated net of provision for amounts estimated to be doubtful of recovery.

3.03.02 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at nagad, cash at Bkash, and cash at bank which are available for use by company without any restriction.

3.04 Financial liabilities

All financial liabilities are recognized initially on the transaction date at which the Company becomes a party to the contractual provisions of the liability. The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. Financial liabilities include Liability for expenses.

3.04.01 Liability for expenses

A liability for expenses is recognized in the statement of financial position when the Company has a legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Liability is ordinarily measured at the best estimate of the expenditure required to settle the present obligation at the date of statement of financial position. Where the effect of time value of money is material, the amount of provision is measured at the present value of the expenditures expected to be required to settle the obligation.

3.05 Taxation

Current tax

Income tax expense is recognized in statement of comprehensive income. Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to tax payable or receivable in respect of previous years. The amount of current tax payable is the best estimate of the tax amount expected to be paid that reflects uncertainty related to income tax, if any. Current tax assets/liabilities are offset if certain criteria are met. It is measured using tax rates enacted or substantively enacted at the reporting period.

3.06 Revenue recognition

In compliance with the requirements of IFRS 15 : Revenue from contracts with customers is measured at the fair value of the consideration received or receivable.

Revenue from services rendered is recognized when invoices are raised based on the contract with the customer with a cost plus 9% mark-up.

3.07 Foreign currency transactions

Transactions in foreign currency are translated to Bangladesh Taka at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currency at the reporting date are retranslated to the functional currency at the exchange rate prevailing at that date.

3.08 Related party disclosures

A related party is a person or an entity that is related to the reporting entity:

(i) A person or a close member of that person's family is related to a reporting entity if that person has control, joint control, or significant influence over the entity or is a member of its key management personnel.

(ii) An entity is related to a reporting entity if, among other circumstances, it is a parent, subsidiary, fellow subsidiary, associate, or joint venture of the reporting entity, or it is controlled, jointly controlled, or significantly influenced or managed by a person who is a related party.

Parent and ultimate controlling party

Norwest Industries Limited holds 99.998% equity shares in the Company. As a result, they are the ultimate controlling party of the Company.

3.09 Employee benefits

The company's employee benefits include the following:

Short Term Employee Benefits;

These includes employee benefits provided to employees to ensure better working conditions in line with Labour Law 2006 and its subsequent amendments. Transportation for admin and management employee, Advance against salary, festival bonus, leave encashment, termination benefits as per Law, etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

3.10 Events after reporting period

Events after the reporting period that provide additional information about the company's position at the date of statement of financial position or those that indicate the going concern assumption is not appropriate are reflected in the financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes when material.

3.11 General

i) Figures in bracket denote negative.

ii) Figures have been rounded off to the nearest integer.

Total		-	-	-	-	-	**33,425,030**	**33,425,030**

14.02 Financial risk management

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk (see 14.02.)
- Liquidity risk (see 14.02.)
- Market risk (see 14.02.)

The Board of Directors of the company has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

14.02.1 Credit risk

Credit risk is the risk of a financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. In monitoring credit risk, receivables are grouped according to their risk profile, i.e. their legal status, financial condition, ageing profile, etc.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

a) **Cash and cash equivalents**

The Company held cash and cash equivalents: Cash at bank of Taka 164,35818 and cash in hand of Taka 62,672 at 31 March 2026, which represents its maximum credit exposure on these assets. The cash and cash equivalents: Bank balances are held with Commercial Bank of Ceylon Plc, The Hongkong and Shanghai Banking Corporation PLC, cash in hand, cash at Nagad, and cash at Bkash.

14.02.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or other financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Typically, the Company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations through preparation of the cash flow forecast, based on time line of payment of the financial obligation and accordingly arranging for sufficient liquidity/fund to make the expected payment within due date.

In extreme stressed conditions, the Company may get support from the parent company in the form of shareholder's loan/capital contribution.

The followings are the contractual maturities of non derivative financial liabilities:

			Contractual cash flows					
31 March 2026 **In taka**	**Note**	**Carrying amount**	**2 months or less**	**2-12 months**	**1-2 years**	**2-5 years**	**More than 5 years**	**Total**

Leave encashment payable-non current portion	9.01	2,713,908	-	2,713,908	-	-	-	**2,713,908**
Terminal benefits payable-non current portion	9.02	13,631,979	-	13,631,979	-	-	-	**13,631,979**
Closing balance		**33,425,030**	**-**	**33,425,030**	**-**	**-**	**-**	**33,425,030**

14.02.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

15.00 Related Party Transactions

The company carried out a number of transactions with related party in the normal course of business. The name of the related parties, nature of business and their value have been set out below in accordance with the provisions of IAS -24 "related party disclosure."

Name of the party	Nature of relationship	Nature of transaction	Opening balance as on 1 April '2025	Net transaction during the period	Balance as on 31 March 2026
Norwest Industries Limited	Shareholder	Share money deposit	188	-	188

AUDITOR'S REPORT
&
AUDITED FINANCIAL STATEMENTS
OF
PROGRESS APPARELS (BANGLADESH) LIMITED

AS AT AND FOR THE YEAR ENDED 31 March 2026

A. QASEM & CO.
Chartered Accountants Since 1953

INDEPENDENT AUDITORS' REPORT

TO THE SHAREHOLDERS OF PROGRESS APPARELS (BANGLADESH) LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Progress Apparels (Bangladesh) Limited (the "Company"), which comprise the statement of financial position as at 31 March 2026, the statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, and a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the company give a true and fair view, in all material respects, the financial position of the company as at 31 March 2026 and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRSs, the Companies Act, 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Main Office: Gulshan Pink City, Level 7 Plot # 15, Road # 103, Gulshan, Dhaka-1212, Bangladesh; ☎ +880-2-8958874-6, ✉ aqasem@aqcbd.com
Chattogram Office: Faruk Mokul (3rd Floor), Plot # 93, Agrabad C/A, Chittagong-4100, Bangladesh; ☎ +880-2331-705555, 310068, ✉ aqasemctg@aqcbd.com
Tax & Company Affairs Office: Ivory Krishnachura (5th Floor), 3/1-E, Purana Paltan, Dhaka-1000, Bangladesh; ☎ +880-2-9563013, 9564925, ✉ aqasemtax@aqcbd.com

b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e) Evaluate the overall presentation, structure and content of the Company' financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

In accordance with the Companies Act 1994, we also report the following:

a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;

b) in our opinion, proper books of accounts as required by law have been kept by the Company so far as it appeared from our examination of these books; and

c) the statements of financial position and statements of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of accounts.

VP-Finance and Reporting
Progress Apparels (Bangladesh) Limited

1.00 Significant accounting policies and other material information

1.01 Company profile

Progress Apparels (Bangladesh) Limited (the "Company") was incorporated in Bangladesh on 12 July 2015 as a private company limited by shares under the Companies Act, 1994 with its registered office located at House N0. 490, Road 8 (East), Baridhara DOHS, Dhaka 1206. The factory is located at MS SFB # 01 & 02 , Adamjee EPZ, Siddhirgonj, Narayangonj 1431, Bangladesh.

1.02 Nature of business

The principal activity of the Company is to manufacture and trade in ready made garments for 100% export

2.00 Basis of preparation and significant accounting policies

2.01 Statement of compliance

The financial statements of the company have been prepared under historical cost convention in a going concern concept and on accrual basis in accordance with generally accepted accounting principles and practice followed in Bangladesh in compliance with The Companies Act 1994.

2.02 Functional and presentational currency and level of precision

The financial statements are presented in Bangladesh Taka (BDT), which is the Company's functional currency. Financial information presented in BDT have been rounded off to the nearest BDT.

2.03 Use of estimates and judgment

The financial statements was prepared by the management on the basis of best judgments, estimations and assumptions complying the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates and underlying assumptions, which are reviewed on an ongoing basis. Revision to accounting estimates is recognized in the year in which the estimates are revised and in any future years affected.

2.04 Reporting period

The financial report covers the period from 01 April 2025 to 31 March 2026.

2.05 Authorization for issue

The financial statements were authorised for issue by the Board of Directors on 30 April 2026.

2.06 Consistency of presentation

The presentation and classification of all items in the financial statements have been retained from one period to another period unless where it is apparent that another presentation or classification would be more appropriate having regard to the criteria for the selection and application of accounting policies or changes as required by another IFRSs.

2.07 Comparative information

Comparative information has been disclosed in respect of the previous period for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current period financial statements. Certain figures for previous period have been rearranged wherever considered necessary, as to ensure better comparability with the current period financial and to comply with relevant IASs.

2.08 Preparation and presentation of financial statements of the company

The Management of the company is responsible for the preparation and presentation of the financial statements of the company.

2.09 Components of the financial statements

According to the International Accounting Standard IAS-1 "Presentation of Financial Statements" the complete set of Financial Statements includes the following components:

i) Statement of financial position as at 31 March 2026.
ii) Statement of profit or loss and other comprehensive income for the year ended 31 March 2026
iii) Statement of changes in equity for the year ended 31 March 2026.
iv) Statement of cash flows for the year ended 31 March 2026.
v) Notes to the financials statements including significant accounting policies.

3.00 Summary of significant policies

3.01 Principle of accounting policies

Specific accounting policies were selected and applied by the company's management for significant transactions and events that have a material effect within the framework of IAS-1 "Presentation of Financial Statements" in preparation and presentation of financial statements.

3.02 Accrual basis of accounting

The financial statements have been prepared, except statements of cash flows, under accrual basis of accounting in accordance with applicable International Accounting Standards which do not vary from the requirements of the Companies Act, 1994 and other laws and rules as applicable in Bangladesh.

3.03 Going concern

The financial statements are prepared on a going concern basis. As per management assessment, there is no material uncertainty relating to events or condition which may cast doubt upon the Company's ability to continue as a going concern.

3.04 Statement of cash flows

The Statement of cash flows has been prepared in accordance with the requirements of IAS 7: Statement of cash flows. The cash generating from operating activities has been reported using the direct method.

3.05 Accounting policies, changes in accounting estimates and errors

Accounting policies

Accounting policies are the specific principles, bases, conventions, requirements and practices used by an entity in preparing and presenting its financial statements.

An existing accounting policy should only be changed where a new accounting will result in reliable and more relevant information being presented.

Any changes in accounting policy required to be accounted for retrospectively except where it is not practicable to determine the effect in prior periods.

Accounting estimates

The preparation of financial statements requires many estimates to be made on the basis of latest available and reliable information.

The effect of a change in accounting estimates should therefore be recognized prospectively.

Prior period errors

A prior period error is where an error has occurred even though reliable information was available when those financial statements were authorized for issue.

3.06 Events after the reporting period

Events after the reporting period that provide additional information about the Company's position at the date of statement of financial position or those that indicate the going concern assumption is not appropriate are reflected in the financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes when material. There are no material events after reporting date which required judgement or disclosure in the financial statement.

3.07 Taxation

Current tax

As an export oriented private limited company, applicable tax rate for the company is 0.60% on gross receipt or 10% on net profit or tax deducted at source- whichever is higher. As tax deducted at source is higher than others, it will be considered as final settlement.

Deferred tax

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they are reversed, based on the laws that have been enacted or substantively enacted by the reporting date.

3.08 Recognition of Property, plant and equipment

Recognition and measurement

According to IAS 16 "Property, Plant and Equipment" items of property, plant and equipment excluding freehold land, freehold building and leasehold building, are measured at cost less accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises its purchase price, import duties and non-refundable taxes (after deducting trade discount and rebates) and any costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the intended manner

Part of an item of property, plant and equipment having different useful lives, are accounted for as separate items (major components) of property, plant and equipment.

Subsequent costs

The cost of replacing or upgrading part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in the statement of comprehensive income as incurred.

Capital work in progress

Capital work in progress consists of acquisition costs, capital components and related installation cost, until the date when the asset is ready to use for its intended purpose. In case of import of components, Capital work in progress is recognized when risks and rewards associated with such assets are transferred to the Company.

Depreciation

No depreciation is charged on capital work in progress (CWIP) as CWIP is not yet available for use. Depreciation on other items of property plant and equipment is recognized on reducing balance or WDV basis over the estimated useful lives of each item of property, plant and equipment. For addition to property, plant and equipment, depreciation method, useful lives and residual balance are reviewed each reporting date and adjusted if appropriate.

The rate of depreciation varies according to the estimated useful lives of the items of property, plant and equipment. The depreciation rates for the current period are as follows:

Class of assets	Depreciation rate
Furniture and fixtures	10%
Leasehold improvements	10%
Plant and machineries	10%
Freehold factory building	10%
Motor vehicles	20%
Air conditioners	20%
Electrical installations	20%
Fire Protection & Prevention Equipment's	20%
Office Equipment's	20%
Other Equipment's	20%
Development projects	20%
IT equipment's	30%
Software/ERP	30%

3.09 Inventories

Inventories are valued at the lower of cost and net realizable value as per IAS 2, after making due allowance for obsolete, rejection and slow moving items. Cost is valued using weighted average method. Net realizable value is the price at which inventories can be sold in the ordinary course business less the estimated cost of completion and the estimated cost necessary to make the sale.

3.10 Revenue recognition

The Company recognizes as revenue the amount that reflects the consideration to which the Company expects to be entitled in exchange for goods or services when (or as) it transfers control to the customer. To achieve that core principle, IFRS 15 establishes a five-steps model as follows.

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognise revenue when (or as) the entity satisfies a performance obligation.

Considering the five steps model, Revenue arises from the sale of goods and the rendering of services. It is measured at the fair value of consideration received or receivable, excluding taxes, and reduced by any rebates and trade discounts allowed as per IFRS-15.

Revenues are recognized when the risks and rewards of the ownership is transferred to the buyer, recovery of the consideration is probable, the associated cost and possible return can be estimated reliably and there is no continuing management involvement with the sale of goods or service provided.

3.11 Interest income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head 'other income' in the statement of profit or loss and other comprehensive income.

3.12 Transaction with related parties

The company carried out a number of transactions with related parties in the course of business and on arms length basis. Transaction with related parties has been appropriately recognized and disclosed in accordance with IAS 24 "Related Party Disclosures".

3.13 Foreign currency transactions

Foreign currency transactions are translated into Bangladesh Taka at the rate ruling on the transaction date. All monetary assets and liabilities at the statement of financial postion date are retranslated using rates prevailing on the date. This treatment is in accordence with IAS -21: The effects of changes in foreign exchange rates, which requires all differnces arising from foreign exchange transactions to be recoglzed in the comprehesive income statment. The closing exchange rate is considered as USD 1 = 122.8092

3.14 Financial Instruments

Cash and cash equivalents

Cash and cash equivalents include cash in hand and cash at banks which are held and available for use by the company without any restriction. For the purposes of the cash flow statement, cash and cash equivalents comprise cash in hand, deposits held at financial institutions and short-term highly liquid investments with maturities of three months or less from the date of acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

Trade receivables

Trade receivable represents the amounts due from export customers. Accounts receivable stated at original invoice amount without making any provision for doubtful debts, because of the fact that exports are being based on 100% confirmed letter credit basis with fixed maturity dates/signed sales contract or buyer's P.O.

Trade and other payables

Trade and other payables are recognized when its contractual obligations arising from past events are certain and settlement of which is expected to result in an outflow from the Company of resources embodying economic benefits.

3.15 Provisions and contingencies

A provision is recognised on the date of statement of financial position if, as a result of past events, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more future events beyond the control of the company. The company does not recognise a contingent liability but discloses its existence separately in the financial statements.

3.16 Capital management

For the purpose of the Company's capital management, capital includes issued capital, share money deposit and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximize the shareholder value. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

3.17 General comments and obligations

a. All figures have been rounded off to the nearest BDT;

b. Previous year's figures and head of accounts in the financial statements have been re-arranged to confirm to current year's presentation wherever necessary.

The Company is required to pay minimum tax under section 163 of income tax act 2023, which will be considered as final settlement for the Company. As per provisions of sub-section (8) of the substituted section 163, the amount of excess tax paid due to the minimum tax being higher than the regular tax in any tax year may be adjusted against the regular tax in excess of the minimum tax payable for that tax year in the next tax year in which the regular tax amount of the taxable exceeds the minimum tax amount.

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company continued to be that of providing design, sourcing and marketing services.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr R Chadha	(Resigned 31 December 2025)
Mr A Kanoi	
Mr M Arora	(Resigned 31 December 2025)
Mr K Kanodia	(Appointed 31 December 2025)
Mr A Banaik	(Appointed 31 December 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:
- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption
This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Krishna Kanodia

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF DESIGN ARC UK LIMITED

Opinion

We have audited the financial statements of Design ARC UK Limited (the 'company') for the year ended 31 March 2026 which comprise the statement of comprehensive income, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption in preparing the Directors' Report and take advantage of the small companies exemption from the requirement to prepare a Strategic Report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Design ARC UK Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Accounting convention

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

The company has taken advantage of the following disclosure exemptions under FRS 101:

- presentation of a statement of cash flows and related notes;
- the requirements of IFRS 7 Financial Instruments: Disclosures;
- the requirement in paragraph 38 of IAS 1 ‘Presentation of Financial Statements’ to present comparative information in respect of: (i) paragraph 79(a) (iv) of IAS 1, (ii) paragraph 73(e) of IAS 16 Property Plant and Equipment (iii) paragraph 118 (e) of IAS 38 Intangibles Assets, (iv) paragraphs 76 and 79(d) of IAS 40 Investment Property;
- the requirements of paragraphs 10(d), 10(f), 16, 38A to 38D, 39 to 40 ,111 and 134-136 of IAS 1 Presentation of Financial Statements;
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors;
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.
- a reconciliation of the number and weighted average exercise prices of share options, how the fair value of share-based payments was determined and their effect on profit or loss and the financial position;

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 30.

These financial statements do not reflect the consolidation of the company's subsidiaries and are not statutory financial statements. The directors have nonetheless prepared and presented on the basis they are statutory financial statements for disclosure purposes in all other aspects.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

1 Accounting policies **(Continued)**

1.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable net of VAT.

Commission receivable is earned when the supplier ships the goods to the end customers.

Marketing fees receivable is earned when the supplier ships the goods to the end customers.

Sales of garments are earned when the risks and rewards of the goods have transferred to the customer.

1.4 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Amortisation is charged on the following basis:

Computer software	3 years straight line

1.5 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Leasehold land and buildings	Over the term of the lease
Leasehold improvements	5 years straight line
Fixtures and fittings	5 years straight line
Computers	3 years straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.6 Non-current investments

Interests in subsidiaries, associates and jointly controlled entities are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

A subsidiary is an entity controlled by the company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

1 Accounting policies **(Continued)**

1.7 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.8 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.9 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

1 Accounting policies **(Continued)**

1.10 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets held at amortised cost

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial. The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument to the net carrying amount on initial recognition.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.11 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

1 Accounting policies **(Continued)**

Financial liabilities at fair value through profit or loss

Financial liabilities are classified as measured at fair value through profit or loss when the financial liability is held for trading. A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of selling or repurchasing it in the near term, or
- on initial recognition it is part of a portfolio of identified financial instruments that the company manages together and has a recent actual pattern of short-term profit taking, or
- it is a derivative that is not a financial guarantee contract or a designated and effective hedging instrument.

Financial liabilities at fair value through profit or loss are stated at fair value with any gains or losses arising on remeasurement recognised in profit or loss.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.12 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.13 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

1 Accounting policies **(Continued)**

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

1.14 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.15 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.16 Share-based payments

The company operates an employee share ownership plan (ESOP) trust and has de facto control of the shares held by the trust and bears their benefits and risks. The company records assets and liabilities of the trust as its own. Consideration paid by the ESOP scheme for shares of the company is deducted from equity. Finance costs and administrative expenses incurred by the company in relation to the ESOP are recognised on an accruals basis.

The parent company PDS Limited has issued share options to certain directors. These are measured at fair value and recognised as an expense in the profit and loss account with a corresponding increase in equity. The fair value of the options was estimated at the date of grant using the Black - Scholes option pricing model. The fair value will be charged as an expense in the profit or loss account over the vesting period. The charge is adjusted each year to reflect the expected and actual level of vesting.

1.17 Leases

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

1 Accounting policies **(Continued)**

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for lease payments made at or before the commencement date plus any initial direct costs and an estimate of the cost of obligations to dismantle, remove, refurbish or restore the underlying asset and the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently adjusted for remeasurements of the lease liability and applies the relevant cost model, fair value model or revaluation model as set out within the accounting policies for the applicable asset class. Where the cost model is applied, the asset is depreciated from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term, and is periodically reduced by impairment losses, if any.

The lease liability is initially measured at the present value of the lease payments that are unpaid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise fixed payments, variable lease payments that depend on an index or a rate, amounts expected to be payable under a residual value guarantee, and the cost of any options that the company is reasonably certain to exercise, such as the exercise price under a purchase option, lease payments in an optional renewal period, or penalties for early termination of a lease.

The lease liability is measured at amortised cost using the effective interest method. It is reassessed at each financial period end to reflect lease modifications and any changes to the factors considered at initial measurement, as set out above. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

1.18 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss.

1.19 Fair value measurement

IFRS 13 establishes a single source of guidance for all fair value measurements. IFRS 13 does not change when an entity is required to use fair value, but rather provides guidance on how to measure fair value under IFRS when fair value is required or permitted. The company is exempt under FRS 101 from the disclosure requirements of IFRS 13. There was no impact on the company from the adoption of IFRS 13.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

2 Critical accounting estimates and judgements

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Information about such judgements and estimates is contained in either the accounting policies or in the notes to the financial statements.

Key sources of estimation uncertainty

Valuations of lease liability & right-of-use asset

The application of IFRS 16 requires the company to make judgements that affect the valuation of the lease liabilities and the right-of-use assets. These include determining the interest rate used for discounting of future cashflows. The present value of the lease payment is determined using the discount rate representing the company's incremental borrowing rate.

Share-based payments

The Group operates an employee compensation scheme, settled in equity. The fair value of equity-settled share-based payment arrangements requires significant judgement in the determination of the valuation of options, or the assumptions regarding vesting conditions being met, which will affect the expense recognised during the period.

These assumptions include the future volatility of the Parent's share price, future dividend yield and the rate at which awards will lapse or be forfeited. These assumptions are then applied to a recognised valuation model in order to calculate the fair value of the awards. The fair value attributed to the awards, and hence the charge made in the income statement, could be materiality affected should different assumptions be made to those applied by the Group. Details of these assumptions are set out in note 21. The Group uses a professional valuer in the determination of the fair value of options at grant date.

3 Revenue

	2026	2025
	£	£
Revenue analysed by class of business		
Commission receivable	2,291,281	1,142,105
Marketing fees receivable	424,250	1,147,339
Sale of garments & accessories	17,444	-
	2,732,975	2,289,444

4 Operating loss

Operating loss for the year is stated after charging/(crediting):	2026 £	2025 £
Exchange (gains)/losses	(5,288)	1,390
Depreciation of property, plant and equipment	227,025	222,683
(Profit)/loss on disposal of property, plant and equipment	(17,115)	901
Amortisation of intangible assets (included within administrative expenses)	2,941	4,727
Cost of inventories recognised as an expense	11,888	-
Share-based payments	14,927	26,693

5 Employees

The average monthly number of persons (including directors) employed by the company during the year was:

	2026 Number	2025 Number
Design	16	20
Sales	6	8
Management	3	3
Accounts/HR	4	3
Total	29	34

Their aggregate remuneration comprised:

	2026 £	2025 £
Wages and salaries	1,540,735	1,805,236
Social security costs	216,700	240,549
Pension costs	21,684	27,537
	1,779,119	2,073,322

6 Directors' remuneration

	2026	2025
	£	£
Remuneration for qualifying services	278,625	371,500
Company pension contributions to defined contribution schemes	1,981	2,642
	280,606	374,142

Remuneration disclosed above include the following amounts paid to the highest paid director:

	2026	2025
	£	£
Remuneration for qualifying services	176,250	235,000
Company pension contributions to defined contribution schemes	991	1,321

The number of directors for whom retirement benefits are accruing under defined contribution schemes amounted to 2 (2025: 2).

2 of the directors are paid under the Group's share option scheme.

		4,978,975	4,622,793	471,608	742,927

17 Fair value of financial liabilities

The directors consider that the carrying amounts of financial liabilities carried at amortised cost in the financial statements approximate to their fair values.

18 Trade and other payables

	2026	2025
	£	£
Trade payables	42,828	-
Amounts owed to fellow group undertakings	4,474,373	4,093,832
Accruals and deferred income	7,500	17,500
Other payables	251,586	254,082
	4,776,287	4,365,414

Trade payables and accrued expenses mainly comprise of amounts owed for trading purchases and associated costs.

All trade and other payables are due to be paid within 12 months of the balance sheet date. The fair value of trade and other payables are the same as the carrying value shown above.

19 Lease liabilities

Maturity analysis	2026 £	2025 £
Within one year	150,773	205,247
In two to five years	514,498	721,391
Total undiscounted liabilities	665,271	959,813
Future finance charges and other adjustments	(75,027)	(105,559)
Lease liabilities in the financial statements	590,244	894,768

Lease liabilities are classified based on the amounts that are expected to be settled within the next 12 months and after more than 12 months from the reporting date, as follows:

	2026	2025
	£	£
Current liabilities	118,636	151,841
Non-current liabilities	471,608	742,927
	590,244	894,768

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

19 Lease liabilities (Continued)

	2026	2025
Amounts recognised in profit or loss include the following:	£	£
Interest on lease liabilities	31,925	33,894

Other leasing information is included in note 25.

20 Deferred taxation

	Assets	
	2026	2025
	£	£
Deferred tax balances	175,020	175,020

Deferred tax assets are expected to be recovered within one year.

The following are the major deferred tax liabilities and assets recognised by the company and movements thereon during the current and prior reporting period.

	ACAs	Tax losses	Total
	£	£	£
Liability at 1 April 2024	(1,073)	-	(1,073)
Deferred tax movements in prior year			
Credit/(charge) to profit or loss	(20,237)	196,330	176,093
Asset at 1 April 2025 and 31 March 2026	(21,310)	196,330	175,020

Deferred tax assets and liabilities are offset in the financial statements only where the company has a legally enforceable right to do so.

21 Retirement benefit schemes

	2026	2025
Defined contribution schemes	£	£
Charge to profit or loss in respect of defined contribution schemes	21,684	27,537

The company operates a defined contribution pension scheme for all qualifying employees. The assets of the scheme are held separately from those of the company in an independently administered fund.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

22 Share-based payments

Options outstanding

The options outstanding at 31 March 2026 had an exercise price of INR 219 (2025: INR 133 to INR 174.91) and a weighted average contractual life of 0 years (2025: 0.6 years).

There were no options exercised in 2026 (2025: none).

Expenses

Related to equity settled share based payments	14,927	26,693

Share options were granted to the employees of the company on 22/10/2021. There are performance conditions attached to these options. Options granted under this plan vest as follows;

a. 25% of the options vest at the end of 1st year from the date of Grant,
b. 25% of the options vest at the end of 2nd year from the date of Grant,
c. 25% of the options vest at the end of 3rd year from the date of Grant,
d. 25% of the options vest at the end of 4th year from the date of Grant,

Exercise of an option is subject to continuous employment and fulfilling the conditions as set out in the grant letter.

Options were valued used the Black-Scholes option-pricing model. The fair value per option granted and the assumptions used in the calculations are as follows;

Grant date	22/10/2021
Share price at grant date	INR 273.80
Exercise price	INR 219.00
Number of employees	3
Shares under option	185,000
Vesting period (years)	4
Option life (years)	4
Expected life (years)	4
Fair value per option:	
Year 1	INR 94.80
Year 2	INR 107.00
Year 3	INR 117.20
Year 4	INR 125.20

The exercise price, and hence the fair value, of the options is denominated in INR and has been translated in the table above at the exchange rate on the date of grant being INR 103.194 = £1.

23 Share capital

	2026	2025	2026	2025
Ordinary share capital	**Number**	**Number**	**£**	**£**
Issued and fully paid				
50,000 Ordinary shares of £1 each	50,000	50,000	50,000	50,000

24 Other reserves

	2026	2025
	£	£
At the beginning of the year	190,000	163,307
Other movements	14,927	26,693
At the end of the year	204,927	190,000

The above relates to the share-based payment reserves.

As lessee

	2026	2025
Amounts recognised in profit or loss:	£	£
Expense relating to short-term leases	84,000	85,600

Set out below are the future cash outflows to which the lessee is potentially exposed that are not reflected in the measurement of lease liabilities:

	2026	2025
Land and buildings	£	£
Within one year	-	8,000

Information relating to lease liabilities is included in note 19.

26 Capital risk management

The company manages its capital to ensure that it will be able to continue as a going concern whilst maximising the return to stakeholders through the optimization of the equity balance. The capital structure of the company consists of cash and cash equivalents and equity attributable to equity holders of the parent, comprising of issued capital, reserves and retained earnings. The company also receives borrowings from its parent and fellow group companies.

The company is not subject to any externally imposed capital requirements.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

27 Financial Risk Management

The following section provides quantitative and qualitative disclosures on the effect that these risks have upon the company.

Credit Risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the company. The company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by independent rating agencies where available the company uses other publicly available financial information. The company's exposure and the credit ratings of its counterparties are continuously monitored.

The company does not have any significant credit risk exposure to any single counterparty or any company of counterparties having similar characteristics.

The company's principal financial assets are receivables and cash at bank.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash. Management monitors forecasts of the company's liquidity reserve, comprising cash and cash equivalents, on the basis of expected cash flow. At 31 March 2026, the company held cash and cash equivalents of £386,718 (2025: £528,902).

Foreign currency risk

The company's functional and presentation currency and the majority of its spending as well as financing facilities are in GBP. As such, no exchange rate risk exists. The company has no deposit or loan facilities, hence is not affected by interest rate fluctuations.

RSign Envelope ID: ENV79293947-7512-ADAD-5329-DFDC 14/05/2026 18:27 PM UTC

DIRECTORS' REPORT

The Directors have pleasure in submitting their annual report together with the audited financial statements for the year ended 31 March 2026.

Change of company name

By a special resolution passed on 31 October 2025, the Company changed its name to "Origin Global Limited" from "PDS Far East Limited".

Principal activities

The principal activities of the Company is trading of garments.

Dividends

The Directors do not recommend the payment of any dividend.

Share capital

Details of the share capital are summarised in the notes to financial statements.

Directors

The Directors of the Company during the year and up to the date of this report were:

Gaurav Pandey
Krishna Kanodia
Abhishekh Kanoi

The appointment of Directors is governed by the Company's Articles of Association.

DIRECTORS' REPORT

Business review

The Company's core business is trading of garment products.

During the year, the Group's revenue increased slightly to HK$299 million (2025: HK$220 million). Due to the improvements of cost control, the Company recorded HK$7 million profit (2025: Loss of HK$7 million) during the year.

On the whole, the financial position and liquidity of the Company is healthy. The Company has mainly relied on its equity and internally-generated cash flows to finance its operations. There is no significant event occurred after the reporting period.

The Company offers its employees competitive remuneration packages based on industry practices and performance of individual employees. Discretionary bonuses may be granted to reward and motivate those well-performed employees.

The Company is committed to environmental protection and sustainable development through promoting and adopting green practices in its business activities. Initiatives within the Company include, but are not limited to, encouraging employees to reduce paper consumption by reuse of single-sided printed paper, to assess the necessity of printing where appropriate and to use duplex printing. Management will continue to review the Company's green practices to integrate environmental, health and safety management and compliance considerations into operational processes.

One of the corporate goals of the Company is to enhance corporate value to shareholders. The Company is poised to foster business developments for achieving the sustainability of earnings growth and rewarding shareholders taking into account capital adequacy levels, liquidity positions and business expansion needs of the Company.

Directors' material interests in transactions, arrangements and contracts that are significant in relation to the Company's business

No transactions, arrangements and contracts of significance in relation to the Company's business of which the Company or any of its group companies was a party subsisted at the end of the year or at any time during the year in which any Directors of the Company had a material interest.

Directors' interests in shares and debentures of the Company or specified undertaking of the Company or any other associated corporation

At no time during the year was the Company or any of its group companies, a party to any arrangement to enable any of the Director of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Management contracts

No contract concerning the management and administration of the whole or any substantial part of the business of the Company was entered into or existed during the year.

DIRECTORS' REPORT

Equity-linked agreements

The Company had not entered into any equity-linked agreements during the year.

Permitted indemnity provisions

The Company's Articles of Association provides that a director or former director of the Company may be indemnified out of the Company's assets against any liability incurred by the director to a person other than the Company or an associated company of the Company in connection with any negligence, default, breach of duty or breach of trust in relation to the Company or associated company (as the case may be). This Article only applies if the indemnity does not cover the liability set out in the Company's Articles. This permitted indemnity provision is in force during the year and at the time of approval of this report.

Auditor

A resolution to re-appoint the retiring auditor, Chow Tsz Kit, Certified Public Accountant (Practising), will be put at the forthcoming annual general meeting.

On behalf of the Board

Gaurav Pandey
Director

HONG KONG.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF ORIGIN GLOBAL LIMITED
Formerly known as "PDS FAR EAST LIMITED"
(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the annexed financial statements of Origin Global Limited ("the Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 March 2026, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and our Auditor's Report Thereon

The Directors are responsible for the other information. The other information comprises the information included in the Directors' report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

/... to be continued

(Continuation)

Responsibilities of Directors for the Financial Statements

The Directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

/ to be continued

(Continuation)

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Chow Tsz Kit (Practising Certificate Number: P08162).

Chow Tsz Kit

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

1 General information

The Company is a private company incorporated and domiciled in Hong Kong with limited liabilities. Its registered office and principal place of business at 7/F., Park Fook Industrial Building, 615-617 Tai Nan West Street, Cheung Sha Wan, Kowloon, Hong Kong.

The Directors consider that the intermediate holding company is PDS Sourcing Limited, a private company incorporated in Mauritius.

PDS Limited, a company incorporated in India and the shares are listed on the Bombay Stock Exchange (Stock code: 538730) and National Stock Exchange of India (Stock code: PDSL), is the Company's ultimate holding company.

The principal activities of the Company is trading of garments.

2 Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance.

Going concern

As at 31 March 2026, there was a deficit on Shareholder's funds of HK$49,636,886.

The immediate holding company has confirmed its present intention to provide financial support to the Company to enable it to meet its liabilities as and when they fall due and to enable the Company to continue business for the foreseeable future. Accordingly, the financial statements have been prepared on a going concern basis.

3 Basis of preparation

These financial statements are prepared under the historical cost convention.

4 Adoption of new and revised Hong Kong Financial Reporting Standards

The HKICPA has issued a number of new and revised HKFRSs that are first effective for the current accounting period of the Company. The adoption of these HKFRSs has no material impact on these financial statements.

The Company has not applied the new or revised HKFRSs that have been issued but are not yet effective. The Company is in the process of making an assessment of what the impact of these amendments and new standards is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the financial statements.

5 Significant accounting policies

a Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated amortisation and depreciation and any accumulated impairment losses. The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Assets are depreciated over their estimated useful lives and after taking into account their estimated residual values, using the straight-line method at the following annual rates:

Furniture and fixtures	33.33%
Computers	33.33%

The gain or loss arising from derecognition of an item of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset and is recognised in profit or loss.

b Right-of-use asset and lease liabilities

A right-of-use asset and a lease liability is recognised for contracts under which the company obtained the right to use an underlying asset for a period of time in exchange for consideration, except for short-term or low value leases.

Right-of-use assets are measured at cost less accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities.

Cost represents aggregate of lease payments made at or before the lease commencement date, initial direct costs incurred, lease liability recognised at the lease commencement date and an estimate of restoration costs, less any incentives received.

5 Significant accounting policies - Continued

b Right-of-use asset and lease liabilities - Continued

Lease liabilities are initially measured at present value of the lease payments that are not paid at the lease commencement date at the company's incremental borrowing rate, subsequently adjusted for interest accrued and lease payments made, and re-measured for any modifications or changes in lease terms.

Lease payments for short-term or low value leases are recognised as an expense on a straight-line basis.

k Financial assets

The Company classifies its financial assets in the categories of financial assets at amortised costs and financial assets at FVOCI. The classification depends on the purposes for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Financial assets at amortised costs

Financial assets at amortised costs are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than twelve months after the end of the reporting period. These are classified as non-current assets.

Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.
Measurement

At initial recognition, the Company measures a financial asset at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the profit or loss.

5 Significant accounting policies - Continued

d Revenue recognition

Major categories of revenue are recognised in the financial statements on the following bases:

Sales of goods are recognised when goods are delivered and title together with risks and rewards of ownership of goods have been passed to the customers.

Commission and service income are recognised at the point in time when control of the asset is transferred to the customer, generally upon completion of the services.

Interest income is recognised on a time proportion basis on the principal outstanding and at the effective interest rate applicable.

e Receivables

A receivable is recognised when the Company's right to consideration is unconditional. A right to consideration is unconditional if only the passage of time is required before payment of that consideration is due. Receivables are stated at amortised cost using the effective interest method less allowance for credit losses.

f Financial assets and allowance for expected credit losses

Loss allowances for lifetime expected credit losses on accounts receivable are recognised using a provision matrix as for all outstanding balances over 365 days as at year end.

g Payables

Payables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method.

h Cash and cash equivalents

Cash and cash equivalents include cash in hand, bank balances and deposits and other short-term highly liquid investments with original maturities of three months or less.

5 Significant accounting policies - Continued

i Impairment of non-financial assets

At the end of each reporting period, assets, other than financial assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable. When an indication of impairment exists, the Company estimates the asset's recoverable amount, being the higher of the asset's fair value less costs to sell and its value in use. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount in profit or loss. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss recognised in prior year for an asset is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss.

j Income tax

Income tax represents the sum of the current tax and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit recognised in profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences, unused tax losses or unused tax credits can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

5 Significant accounting policies - Continued

j Income tax - Continued

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, based on tax rates that have been enacted or substantively enacted by the end of the reporting period. Deferred tax is recognised in profit or loss, except when it relates to items recognised in other comprehensive income or directly in equity, in which case the deferred tax is also recognised in other comprehensive income or directly in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

k Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees.

l Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of each of the Company's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The financial statements are presented in Hong Kong dollars, which is the Company's functional and the Company's presentation currency.

(ii) Transactions and balances in each entity's financial statements

Items included in the financial statements of each of the Company's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The financial statements are presented in Hong Kong dollars, which is the Company's functional and the Company's presentation currency.

5 Significant accounting policies - Continued

m Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Company has a present legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow is remote.

n Related parties

i A person, or a close member of that person's family, is related to the Company if that person:

a has control or joint control over the Company;

b has significant influence over the Company; or

c is a member of the key management personnel of the Company or the Company's parent.

ii An entity is related to the Company if any of the following conditions applies:

a The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

b One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

c Both entities are joint ventures of the same third party.

d One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

e The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company.

f The entity is controlled or jointly controlled by a person identified in (i).

g A person identified in (i)(a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

h The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to the parent of the Company.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

5 Significant accounting policies - Continued

o Share-based payments

The Company operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Company's operations. Employees (including directors) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees for grants after 7 November 2002 is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an external valuer using the Black-Scholes option-pricing model, further details of which are given in the respective note to the financial statements.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognised. Where awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting conditions is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Company or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of earnings per share.

6 Critical accounting estimates and judgements

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below:

a Income taxes

The Company is subject to income taxes in several jurisdictions. Significant estimates are required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

b Determination of functional currency

In determining the functional currency of each of the operating unit of the Company, judgement is required to determine the currency that mainly influences sales prices for goods and services and of the country/jurisdiction whose competitive forces and regulations mainly determine the sales prices of its goods and services. The functional currency of each of the operating unit of the Company is determined based on management's assessment of the primary economic environment in which the operating unit operates. When the indicators are mixed and the functional currency is not obvious, management uses its judgement to determine the functional currency that most faithfully represents the economic effects of the underlying transactions, events and conditions.

c Provision for expected credit losses on accounts receivable

The Company uses a provision matrix to calculate ECLs for accounts receivable. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns. (i.e. by geographical region).

6 Critical accounting estimates and judgements - Continued

c Provision for expected credit losses on accounts receivable - Continued

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e. gross domestic products) are expected to deteriorate over the next year which can lead to an increase number of defaults, the historical default rates are adjusted. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of a customer's actual default in the future. The information about the ECLs on the Company's accounts receivable is disclosed in the respective notes to the financial statements.

7 Revenue

	2026 HK$	2025 HK$
Sales of goods	298,935,409	220,220,265

Revenue from contracts with customers - Sales of goods

i Disaggregated revenue information

The Company's entire revenue of goods transferred is recognised at a point in time.

ii Performance obligations

Information about the Company's performance obligations is summarised below:

Sales of garment products
The performance obligation is satisfied upon delivery of garment products is generally due with 30 to 90 days from delivery, except for new customers, where payment in advance is normally required.

8 Other income and gains

	2026 HK$	2025 HK$
Bank interest income	895	3,022
Exchange gain, net	-	229,283
Service income	-	1,167,000
Government grant (Note)	-	80,000
Penalty on suppliers	85,580	-
	86,475	1,479,305

Note
The Maternity Leave Pay received in connection with the support from the Reimbursement of Maternity Leave Pay Scheme of the Government of the Hong Kong Special Administrative Region. There are no unfulfilled conditions or contingencies relating to these grants recognised during the year.

9 Profit / (loss) from operations

Profit / (Loss) from operations is arrived at after charging / (crediting) the following items:

	2026 HK$	2025 HK$
Cost of inventories sold	252,069,137	194,833,242
Exchange loss / (gain), net	305,995	(229,283)
Depreciation:		
- Property, plant and equipment	215,305	325,819
- Right-of-use asset	99,011	91,286
Impairment of accounts receivable	65,232	18,472
Staff costs (excluded Directors' remuneration)		
- Salaries and allowances	13,950,268	14,320,482
- Pension scheme contributions	152,580	155,505

10 Finance costs

	2026 HK$	2025 HK$
Interest on bank loans	1,706,938	1,668,450
Interest portion of lease payments	7,662	7,000
	1,714,600	1,675,450

11 Directors' remuneration

Remuneration of the Directors of the Company disclosed pursuant to section 383(1) of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation are as follows -

	2026 HK$	2025 HK$
Acting as Directors		
Emoluments (including benefit in kind)	2,027,468	2,483,000
Equity-settled share-based expenses	23,068	69,395
	2,050,536	2,552,395

12 Income tax

a No provision for Hong Kong profits tax has been made as the Company did not generate any assessable profits arising in Hong Kong during the year (2025: No provision)

Tax charge on assessable profits elsewhere have been calculated at rates of tax prevailing in the countries in which the Company operates, based on existing legislation, interpretation and practices in respect thereof.

12 Income tax - Continued

b The reconciliation between income tax expense and accounting loss of the Company in the financial statements is as follows:

	2026 HK$	2025 HK$
Profit / (loss) from operations	7,411,736	(7,204,560)
Notional tax at the applicable tax rate of 16.5%	1,222,937	(1,188,752)
Tax effect of non-taxable income	(148)	(59,056)
Tax effect of non-deductible expenses	35,525	68,258
Tax effect of (utilised) / unrecognised tax losses	(1,258,314)	1,179,550
	-	-

c At the end of reporting period, the Company had tax losses arising in Hong Kong of HK$45,738,000 (2025: HK$53,364,000), subject to agreement by the tax authority, that are available indefinitely for offsetting against future taxable profits of the Company in which the losses arose. Deferred tax assets have not been recognised in respect of the above items as it is not considered probable that taxable profits will be available against which the above items can be utilised.

13 Property, plant and equipment

	Office equipment HK$	Furniture and fixtures HK$	Total HK$
Cost			
At 1.4.2024	113,264	1,031,916	1,145,180
Additions	9,917	241,172	251,089
At 31.3.2025	123,181	1,273,088	1,396,269
Additions	18,924	180,426	199,350
Disposals	(93,948)	(577,021)	(670,969)
Exchange realignment	(945)	(8,829)	(9,774)
At 31.3.2026	47,212	867,664	914,876
Accumulated depreciation			
At 1.4.2024	63,422	562,438	625,860
Charge for the year	29,074	296,745	325,819
At 31.3.2025	92,496	859,183	951,679
Charge for the year	10,638	204,667	215,305
Written back on disposals	(93,948)	(577,002)	(670,950)
Exchange realignment	13,362	(14,390)	(1,028)
At 31.3.2026	22,548	472,458	495,006
Carrying amounts			
At 31.3.2026	24,664	395,206	419,870
At 31.3.2025	30,685	413,905	444,590

14 Right-of-use assets

The Company has lease contract for office premises which have lease terms between 1 to 3 years.

	2026 HK$	2025 HK$
At 1 April	80,810	127,553
Additions	201,382	44,545
Depreciation	(99,011)	(91,288)
At 31 March	183,181	80,810

15 Inventories

	2026 HK$	2025 HK$
Finished goods, at cost	1,655,418	-

16 Accounts receivable

	2026 HK$	2025 HK$
Accounts receivable	86,233,911	96,823,860
Less: Provision for impairment losses	(119,561)	(54,329)
Carrying amounts	86,114,350	96,769,531

The Company's trading terms with customers are mainly on credit, except for new customers, where payment in advance is normally required. The credit period is generally 30 days, extending up to 90 days. The Company seeks to maintain strict control over its outstanding receivables. Overdue balances are reviewed regularly by senior management.

In view of the aforementioned and the fact that the Company's accounts receivable related to a number of customers, there is no significant concentration of credit risk. The Company does not hold any collateral or other credit enhancements over its accounts receivable balances. The accounts receivable are non-interest bearing.

16 Accounts receivable - Continued

The movements of provision for impairment losses of accounts receivable are as follows:

	2026 HK$	2025 HK$
At 1 April	54,329	35,857
Add: Provision for the year	65,232	18,472
At 31 March	119,561	54,329

An impairment analysis is performed at each reporting date using a provision matrix approach to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e. geographical region). The calculation reflects the probability-weighted outcome; the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, accounts receivable are written off if past due for more than one year and are not subject to enforcement activity.

Set out below is the information about the credit risk exposure on the Company's accounts receivable using a provision matrix:

At 31 March 2026:

	Gross carrying amounts HK$	Expected credit loss rate HK$	Expected credit loss HK$
Current	21,367,543	0.14%	25,504
Past due:			
- Less than 1 month	26,856,512	0.14%	38,942
- 1 to 3 months	36,608,695	0.14%	53,083
- Over 3 months	1,401,161	0.14%	2,032
	86,233,911		119,561

At 31 March 2025:

	Gross carrying amounts HK$	Expected credit loss rate HK$	Expected credit loss HK$
Current	79,583,475	0.06%	44,655
Past due:			
- Less than 1 month	16,730,775	0.06%	9,388
- 1 to 3 months	509,610	0.06%	286
- Over 3 months	-	N/A	-
	96,823,860		54,329

16 Accounts receivable - Continued

The expected credit loss for accounts receivable as at 31 March 2026 and 2025 were assessed to be minimal.

17 Accounts payable, other payables and accruals

	2026 HK$	2025 HK$
Balance at 31 March	65,592,436	82,838,958
Less: Non-current portion	-	(331,620)
	65,592,436	82,507,338

Note:

i Accounts payable are non-interest bearing and normally settled on 30-day terms.

ii Accounts payable and accruals are non-interest bearing and have an average term of three months.

18 Interest-bearing borrowings

	2026 HK$	2025 HK$
Trust receipt loans, unsecured	29,504,009	10,589,871

The trust receipt loans were denominated in United States Dollars, interest-bearing at cost of funding Secured Overnight Financing Rate ("SOFR") plus 2.15% (2025: SOFR plus 2.15%) per annum and will be matured in 2026. (2025: Matured in 2025). The trust receipt loans are repayable on demand.

The Company's interest-bearing bank borrowings are guaranteed by the intermediate holding company and Directors of that immediate holding company.

19 Lease liabilities

	2026 HK$	2025 HK$
At 1 April	83,584	129,629
Addition of new lease	201,119	44,545
Interests for the year	7,662	7,000
Payments during the year	(105,945)	(97,590)
At 31 March	186,420	83,584
Less: Current portion	(967)	-
Non-current portion	185,453	83,584

20 Amounts due from a fellow subsidiary

	2026 HK$	2025 HK$	Maximum balances outstanding during the year HK$
PDS Far East USD, Inc	15,663,099	12,380,003	15,663,099

The amount is unsecured, non-interest bearing and have no fixed terms of repayments.

21 Amounts due to a subsidiary / immediate holding company

The amounts are unsecured, non-interest bearing and have no fixed terms of repayments.

22 Share capital

	2026 HK$	2025 HK$
Issued and fully paid 1,000 ordinary shares of US$1,000	7,780	7,780

23 Share option scheme

The employee of the Company are covered under the share-based schemes of Employee Stock Option Plan 2021 - Plan A and Phantom Stock Units Plan 2021 (the ultimate holding company).

Employee Stock Option Plan ("ESOP")

The ESOP is offered to all eligible employees fixed numbers of share options. Under the plan, the option price per share is 100% of the fair market value on the grant date with a discount of 20%. The options have a 4-year term plan and would be exercisable in 4 equal instalments.

Total share-based expense recognised in the profit or loss as part of employee benefits expense is as follows:

	2026 HK$	2025 HK$
Equity-settled share-based expense	23,068	69,395

Summarised information about movement in the share-based schemes:

The options outstanding under the ESOP as of 31 March 2026 had an exercise price equal to 80% of the fair market value of holding company's stock on the date of exercise.

The following share options were outstanding under the Scheme during the year:

	2026		2025	
	Weight average exercise price per share HK$	Number of options	Weight average exercise price per share HK$	Number of options
Balance b/f and c/f	28	50,000	28	50,000

24 Notes to the statement of cash flows

	Lease liabilities HK$	Interest-bearing bank borrowings HK$

Interest expenses	7,662	-
	186,420	29,504,009

25 Capital management

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern. The Directors regard total equity as capital, for capital management purposes.

The Company manages capital by regularly monitoring its current and expected liquidity requirements rather than using debt/equity ratio analysis.

26 Related party transactions

In addition to those related party transactions and balances disclosed elsewhere in the financial statements, the Company had the following significant transactions with its related parties:

a Transactions with related parties

	2026 HK$	2025 HK$
Intermediate holding company		
- Recharge of administrative expenses	1,460,583	1,507,359
- Purchases	390,945	505,700
Fellow subsidiaries		
- Sales	53,597,789	12,363,843
- Purchases	-	35,755,590

26 Related party transactions - Continued

b Balances with the related parties are unsecured, interest-free and repayable on demand.

c Key management personnel compensation

The key management personnel of the Company comprises all Directors, details of their emoluments were disclosed in respective note to the financial statements.

27 Financial instruments

a Categories of financial instruments

	2026 HK$	2025 HK$
Financial assets		
Financial assets at amortised costs	106,083,511	112,486,071
Financial liabilities		
Financial liabilities at amortised costs	157,978,868	170,177,410

b Financial risk management

The Company's activities exposed it to a variety of financial risks: foreign currency risk, credit risk, liquidity risk and interest rate risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

27 Financial Instruments - Continued

b Financial risk management - Continued

i Foreign currency risk

Foreign currency risk is the risk that the value of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company has certain exposure to foreign currency risk as some of its financial assets are denominated in currencies other than the functional currency of the Company mainly United State dollars ("US$"). The Company has not adopted any financial instruments for hedging purposes. However, the Company will constantly assess the foreign exchange risk it encounters so as to decide the hedging policy required against the possible foreign exchange risk that may arise.

The Directors consider there are no significant foreign exchange risk with respect to the US$ as HK$ is pegged to US$.

ii Credit risk

The carrying amounts of accounts receivable, deposits and cash and bank balances included in the statement of financial position represent the Company's maximum exposure to credit risk in relating to the Company's financial assets.

The Company has no concentrations of credit risk. The Company's credit risk is primarily attributable to the accounts and other receivables. It also sets credit limit on each individual customer and prior approval is required for any transaction exceeding that limit. The customer with sound payment history would accumulate a higher credit limit.

At the reporting date, the carrying amount of other receivables is immaterial and their exposures to credit risk are not considered to be significant. For accounts receivable, simplified approach was adopted and used to compute the expected credit losses.

The credit risk on bank balances is limited because the counterparty is a licensed bank in Hong Kong with high credit-ratings.

iii Liquidity risk

All the Company's financial liabilities are due less than one year.

The Company's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

iv Interest rate risk

The Company's exposure to cash flow interest-rate risk arises from its bank balances bearing interests at variable rates varied with the then prevailing market condition. The Directors consider the Company's exposure to cash flow interest rate risk is minimal.

27 Financial instruments - Continued

c Fair values

The Directors have considered that the carrying amounts of all financial assets and liabilities approximated to their fair values at 31 March 2026 and 31 March 2025.

28 Approval of financial statements

The financial statements were approved and authorised for issue by the Board of Directors on 14 MAY 2026

INDEPENDENT AUDITORS' REPORT

TO THE SHAREHOLDERS OF GOODEARTH APPARELS LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of GoodEarth Apparels Limited (the "Company"), which comprise the statement of financial position as at 31 March 2026, the statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, and a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the company give a true and fair view, in all material respects, the financial position of the company as at 31 March 2026 and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRSs, the Companies Act, 1994 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

AQC

b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

e) Evaluate the overall presentation, structure and content of the Company' financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, we also report the following:

a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;

b) in our opinion, proper books of accounts as required by law have been kept by the Company so far as it appeared from our examination of these books; and

c) the statements of financial position and statements of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of accounts.

2.07 Comparative information

Comparative information has been disclosed in respect of the previous period for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current period financial statements. Certain figures for previous period have been rearranged wherever considered necessary, as to ensure better comparability with the current period financial and to comply with relevant IASs.

2.08 Preparation and presentation of financial statements of the company

The Management of the company is responsible for the preparation and presentation of the financial statements of the company.

2.09 Components of the financial statements

According to the International Accounting Standard IAS-1 "Presentation of Financial Statements" the complete set of Financial Statements includes the following components:

i) Statement of financial position as at 31 March 2026.
ii) Statement of profit or loss and other comprehensive income for the year ended 31 March 2026.
iii) Statement of changes in equity for the year ended 31 March 2026.
iv) Statement of cash flows for the year ended 31 March 2026.
v) Notes to the financials statements including significant accounting policies.

3.00 Summary of significant policies

3.01 Principle of accounting policies

Specific accounting policies were selected and applied by the company's management for significant transactions and events that have a material effect within the framework of IAS-1 "Presentation of Financial Statements" in preparation and presentation of financial statements.

3.02 Accrual basis of accounting

The financial statements have been prepared, except statements of cash flows, under accrual basis of accounting in accordance with applicable International Accounting Standards which do not vary from the requirements of the Companies Act, 1994 and other laws and rules as applicable in Bangladesh

3.03 Going concern

The financial statements are prepared on a going concern basis. As per management assessment, there is no material uncertainty relating to events or condition which may cast doubt upon the Company's ability to continue as a going concern.

3.04 Statement of cash flows

The Statement of cash flows has been prepared in accordance with the requirements of IAS 7: Statement of cash flows. The cash generating from operating activities has been reported using the indirect method

3.05 Accounting policies, changes in accounting estimates and errors

Accounting policies

Accounting policies are the specific principles, bases, conventions, requirements and practices used by an entity in preparing and presenting its financial statements.

An existing accounting policy should only be changed where a new accounting will result in reliable and more relevant information being presented.

Any changes in accounting policy required to be accounted for retrospectively except where it is not practicable to determine the effect in prior periods.

Accounting estimates

The preparation of financial statements requires many estimates to be made on the basis of latest available and reliable information.

The effect of a change in accounting estimates should therefore be recognized prospectively.

Prior period errors

A prior period error is where an error has occurred even though reliable information was available when those financial statements were authorized for issue.

3.06 Events after the reporting period

Events after the reporting period that provide additional information about the Company's position at the date of statement of financial position or those that indicate the going concern assumption is not appropriate are reflected in the financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes when material. There are no material events after reporting date which required judgement or disclosure in the financial statement.

3.07 Taxation

Current tax

As an export oriented private limited company, applicable tax rate for the company is 0.60% on gross receipt or 10% on net profit or tax deducted at source- whichever is higher. As tax deducted at source is higher than others, it will be considered as final settlement.

Deferred tax

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they are reversed, based on the laws that have been enacted or substantively enacted by the reporting date.

3.08 Recognition of Property, plant and equipment

Recognition and measurement

According to IAS 16 "Property, Plant and Equipment" items of property, plant and equipment, excluding freehold land, freehold building and leasehold building, are measured at cost less accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises its purchase price, import duties and non-refundable taxes (after deducting trade discount and rebates) and any costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the intended manner.

Part of an item of property, plant and equipment having different useful lives, are accounted for as separate items (major components) of property, plant and equipment.

Subsequent costs

The cost of replacing or upgrading part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in the statement of comprehensive income as incurred.

Capital work in progress

Capital work in progress consists of acquisition costs, capital components and related installation cost, until the date when the asset is ready to use for its intended purpose. In case of import of components, Capital work in progress is recognized when risks and rewards associated with such assets are transferred to the Company.

Depreciation

No depreciation is charged on capital work in progress (CWIP) as CWIP is not yet available for use. Depreciation on other items of property plant and equipment is recognized on reducing balance or WDV basis over the estimated useful lives of each item of property, plant and equipment. For addition to property, plant and equipment, depreciation method, useful lives and residual balance are reviewed each reporting date and adjusted if appropriate.

The rate of depreciation varies according to the estimated useful lives of the items of property, plant and equipment. The depreciation rates for the current period are as follows:

Class of assets	Depreciation rate
Furniture and fixtures	10%
Leasehold improvements	10%
Plant and machineries	10%
Freehold factory building	5%
Motor vehicles	20%
Air conditioners	10%
Electrical installations	10%
Fire Protection & Prevention Equipment's	10%
Office Equipment's	10%
Other Equipment's	10%
Development projects	25%
IT equipment's	33%
Software/ERP	25%

A. QASEM & CO. CHARTERED ACCOUNTANTS

3.09 Inventories

Inventories are valued at the lower of cost and net realizable value as per IAS 2, after making due allowance for obsolete, rejection and slow moving items. Cost is valued using weighted average method. Net realizable value is the price at which inventories can be sold in the ordinary course business less the estimated cost of completion and the estimated cost necessary to make the sale.

3.10 Revenue recognition

The Company recognizes as revenue the amount that reflects the consideration to which the Company expects to be entitled in exchange for goods or services when (or as) it transfers control to the customer. To achieve that core principle, IFRS 15 establishes a five-steps model as follows.

- Identify the contract with a customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contract; and
- Recognise revenue when (or as) the entity satisfies a performance obligation.

Considering the five steps model, Revenue arises from the sale of goods and the rendering of services. It is measured at the fair value of consideration received or receivable, excluding taxes, and reduced by any rebates and trade discounts allowed as per IFRS-15.

Revenues are recognized when the risks and rewards of the ownership is transferred to the buyer, recovery of the consideration is probable, the associated cost and possible return can be estimated reliably and there is no continuing management involvement with the sale of goods or service provided.

3.11 Interest income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head 'other income' in the statement of profit or loss and other comprehensive income.

3.12 Transaction with related parties

The company carried out a number of transactions with related parties in the course of business and on arms length basis. Transaction with related parties has been appropriately recognized and disclosed in accordance with IAS 24 "Related Party Disclosures".

3.13 Foreign currency transactions

Foreign currency transactions are translated into Bangladesh Taka at the rate ruling on the transaction date. All monetery assets and liabilities at the statement of financial postion date are retranslated using rates prevailing on the date. This treatment is in accordence with IAS -21. The effects of changes in foreign exchange rates, which requires all differnces arising from foreign exchange transactions to be recogized in the comprehesive income statment. The closing exchange rate is considered as USD 1 = 122.8092.

3.14 Financial Instruments

Cash and cash equivalents

Cash and cash equivalents include cash in hand and cash at banks which are held and available for use by the company without any restriction. For the purposes of the cash flow statement, cash and cash equivalents comprise cash in hand, deposits held at financial institutions and short-term highly liquid investments with maturities of three months or less from the date of acquisition. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

Trade receivables

Trade receivable represents the amounts due from export customers. Accounts receivable stated at original invoice amount without making any provision for doubtful debts, because of the fact that exports are being based on 100% confirmed letter of credit basis with fixed maturity dates/signed sales contract or buyer's P.O.

Trade and other payables

Trade and other payables are recognized when its contractual obligations arising from past events are certain and settlement of which is expected to result in an outflow from the Company of resources embodying economic benefits.

3.15 Provisions and contingencies

A provision is recognised on the date of statement of financial position if, as a result of past events, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more future events beyond the control of the company. The company does not recognise a contingent liability but discloses its existence separately in the financial statements.

3.16 Capital management

For the purpose of the Company's capital management, capital includes issued capital, share money deposit and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximize the shareholder value. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

3.17 General comments and obligations

a. All figures have been rounded off to the nearest BDT;

b. Previous year's figures and head of accounts in the financial statements have been re-arranged to confirm to current year's presentation wherever necessary.

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is that of import and distribution of garments.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr E Mathews	
Mr K Kanodia	(Resigned 15 December 2025)
Mr S Punjabi	
Mr S Ballari	(Appointed 15 December 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV92472441-8474-BBFB-8143-FCBB 11/05/2026 14:30 PM UTC

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

.....

Mr S Ballari

Director

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF RECOVERED CLOTHING LIMITED

Opinion

We have audited the financial statements of Recovered Clothing Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption in preparing the Directors' Report and take advantage of the small companies exemption from the requirement to prepare a Strategic Report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to revenue and results.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Recovered Clothing Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 14.

The company has taken advantage of the exemption under section 400 of the Companies Act 2006 not to prepare consolidated accounts. The financial statements present information about the company as an individual entity and not about its group.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements. The company will also continue to obtain sufficient funding from within the group to enable it to pay its debts as they fall due. If the company were unable to obtain this funding, it would be unable to continue trading and adjustments would have to be made to reduce the value of assets to their realisable amount and to provide for any further liabilities which might arise.

1 Accounting policies **(Continued)**

1.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

-Sale of goods

Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

1.4 Non-current investments

Investments in subsidiary undertakings are stated at cost less provision for impairment.

1.5 Inventories

Inventories are valued at the weighted average cost. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the weighted average cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.6 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.7 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets held at amortised cost

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

1 Accounting policies **(Continued)**

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

1.8 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.9 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.10 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.11 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss.

2 Revenue

	2026	2025
	£	£
Revenue analysed by class of business		
Sale of garments	154,177	282,214

	2026	2025
	£	£
Revenue analysed by geographical market		
United Kingdom	5,994	227,350
Europe	148,183	54,864
	154,177	282,214

3 Operating loss

	2026	2025
Operating loss for the year is stated after charging/(crediting):	£	£
Exchange (gains)/losses	(753)	71,959
Cost of inventories recognised as an expense	607,941	932,487

4 Employees

The average monthly number of persons (including directors) employed by the company during the period was:

	2026	2025
	Number	Number
	4	6

Their aggregate remuneration comprised:

	2026	2025
	£	£
Wages and salaries	-	103,730
Social security costs	-	11,318
	-	115,048

4 Employees (Continued)

The directors acting during the year are remunerated by other group companies. There are no identifiable qualifying services for the company in 2026.

5 Finance costs

	2026	2025
	£	£
Interest on financial liabilities measured at amortised cost:		
Interest on other loans	70	-

6 Investments

	Current		Non-current	
	2026	2025	2026	2025
	£	£	£	£
Investments in subsidiaries	-	-	931,444	931,444

Fair value of financial assets carried at amortised cost

The directors believe that the carrying amounts of financial assets carried at amortised cost in the financial statements approximate to their fair values.

7 Subsidiaries

Details of the company's subsidiaries at 31 March 2026 are as follows:

Name of undertaking	Registered office	Principal activities	Class of shares held	% Held Direct	% Held Indirect
Sunny Up Limited	Unit 1 Chivenor Business Park, Barnstaple, Devon, United Kingdom, EX31 4AY	Import and distribution of garments	Ordinary	100.00	-
Sunny Up US Limited	1521 Concord Pike Suite 201, Wilmington, Delaware, United States of America, 19803	Import and distribution of garments	Ordinary	-	100.00

Sunny UP US Limited is a wholly owned subsidiary of Sunny Up Limited.

8 Inventories

	2026	2025
	£	£
Finished goods	1,059,242	1,432,745

9 Trade and other receivables

	2026	2025
	£	£
Trade receivables	52,382	544,555
Provision for bad and doubtful debts	(52,382)	-
	-	544,555
Corporation tax recoverable	5,533	-
VAT recoverable	63,815	156,645
Amounts owed by subsidiary undertakings	461,400	461,400
Amounts owed by related parties	-	2,976

PDS FASHIONS LIMITED

STRATEGIC REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present the strategic report for the year ended 31 March 2026.

Review of the business

1. Purpose and Scope

The Company acts as an internal service provider exclusively for fellow subsidiaries within the PDS Limited group. This report fulfils statutory requirements to inform shareholders about the Company's performance, position, risks, and outlook within this context.

2. Business Model and Activities

The Company's business model is centred on providing specialised business support and advisory services to the fellow PDS Group entities. Key services provided include:

- Providing strategic insights and guidance for managing growth, market positioning, and market expansion techniques.
- Assisting in undertaking potential risk and opportunity analysis.
- Supporting the analysis of business opportunities, including review of business prospects, financial records, and projections.
- Assisting with identification of plausible global clients and projects for group entities.
- Assisting with stakeholder management activities.
- Providing support in valuation, due diligence, and integration for potential transactions.
- Engaging third-party consultants as necessary for service delivery.
- Any other mutually agreed ancillary support activities.
- The Company leverages expertise and resources to enhance the strategic and operational capabilities of the PDS Group's trading entities.

3. Strategy

The Company's strategy is to be a valued and effective internal advisory unit, directly supporting the PDS Group's overall strategic goals by providing high-quality, timely, and relevant insights and support services to fellow subsidiaries. Strategic focus areas include enhancing the scope and depth of advisory services offered and ensuring efficient delivery.

4. Performance Review

Financial Performance:

Financial performance reflects the provision of services to fellow subsidiaries.

Turnover (intercompany service revenue): £12,457,569 (2025: £12,764,828). This remained similar to last year.

Loss before tax for the year: £388,127 (2025: £806,615).

Business Development:

Developments focused on enhancing internal service delivery, such as supporting key group strategic projects.

5. Position at Year-End

At 31st March 2026, the Company's financial position showed total net liability of £1,410,611 (2025: £1,138,319). The balance sheet primarily reflects the accumulation of losses. The Company's financial stability is supported by the parent company.

Principal risks and uncertainties

Key risks and uncertainties

Principal risks relate to the Company's function as an internal service provider:

- Reliance on Group Demand: Activity levels depend on the needs of fellow subsidiaries.
- Quality of Service: Ensuring the advice and support provided are consistently high-quality and impactful.
- Talent Retention: Retaining the necessary expertise within the advisory team.
- Indirect External Impact: While not directly exposed, the demand for services is indirectly influenced by external market conditions affecting the wider PDS Group.
- Management mitigates these by maintaining close group relationships, focusing on talent development, and ensuring robust internal processes.

Future Prospects

The Company's future prospects are tied to supporting the PDS Group's continued growth and strategic evolution. The focus remains on providing high-value advisory services and adapting to the group's changing requirements, contributing to its overall success.

Other business review

- *Health and safety*
The company recognises the importance of safeguarding the health, safety and welfare of its employees and has a health and safety policy in place. Regular updates are communicated to all employees.

-*Employees*
The company aims to ensure that the employees work in a safe and healthy environment. The company encourages the workforce to be involved by providing appropriate training, learning and career development programmes. It is also making information available to employees through the medium of frequent staff meetings, together with personal appraisals and feedback sessions.

PDS FASHIONS LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is the provision of management and consultancy services.

Results and dividends
The results for the year are set out on page 10.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr Pallak Seth	
Mr Abhishekh Kanoi	
Mr Manish Kumar Arora	
Mr Roland Seregi	(Resigned 9 May 2025)
Mr Bhavesh Shah	(Appointed 9 May 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:
- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV19381001-1020-DFCA-3143-CAAC 08/05/2026 14:06 PM UTC

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Going concern

The directors confirm that, having reviewed the company's forecasts, they consider that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly they continue to adopt the going concern basis in preparing the financial statements. The company will also continue to obtain sufficient funding from within the group to enable it to pay its debts as they fall due.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF PDS FASHIONS LIMITED

Opinion

We have audited the financial statements of PDS Fashions Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity, the statement of cash flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management’s incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

PDS Fashions Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;
- a reconciliation of the number and weighted average exercise prices of share options, how the fair value of share-based payments was determined and their effect on profit or loss and the financial position;
- for financial instruments and investment property measured at fair value and within the scope of IFRS 13, the valuation techniques and inputs used to measure fair value, the effect of fair value measurements with significant unobservable inputs on the result for the period and the impact of credit risk on the fair value; and
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 27.

1.2 Prior period error

The comparatives have been restated to incorporate the impact of bonus adjustments. Further information is on note 30.

RSign Envelope ID: ENV19381001-1020-DFCA-3143-CAAC 08/05/2026 14:06 PM UTC

1 Accounting policies **(Continued)**

1.3 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Furthermore, group companies have agreed to provided financial support by not seeking repayment of amounts owed until such time as the company is able to pay its debts. The company will also continue to obtain sufficient funding from within the group to enable it to pay its debts as they fall due. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

1.4 Revenue

Revenue is measured at the fair value of the management charges received or receivable.

Sales of goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer (usually on dispatch of the goods), the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

1.5 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

- Software - 3 years straight line
- Patents & licenses - 3 years straight line

1.6 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land and buildings	50 years straight line
Leasehold land and buildings	Over the term of the lease
Property Improvements	15 years straight line
Fixtures and fittings	3 years straight line
Computers	3 years straight line

RSign Envelope ID: ENV19381001-1020-DFCA-3143-CAAC 08/05/2026 14:06 PM UTC

1 Accounting policies **(Continued)**

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.7 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.8 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.9 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

RSign Envelope ID: ENV19381001-1020-DFCA-3143-CAAC 08/05/2026 14:06 PM UTC

1 Accounting policies **(Continued)**

1.10 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets held at amortised cost

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial. The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument to the net carrying amount on initial recognition.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.11 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

RSign Envelope ID: ENV19381001-1020-DFCA-3143-CAAC 08/05/2026 14:06 PM UTC

1 Accounting policies **(Continued)**

Derecognition of financial liabilities
Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.12 Equity instruments
Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.13 Taxation
The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax
The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax
Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.14 Employee benefits
The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

RSign Envelope ID: ENV19381001-1020-DFCA-3143-CAAC 08/05/2026 14:06 PM UTC

1 Accounting policies **(Continued)**

1.15 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.16 Share-based payments

Equity-settled share-based payments are measured at fair value at the date of grant by reference to the fair value of the equity instruments granted using the black scholes model. The fair value determined at the grant date is expensed on a straight-line basis over the vesting period, based on the estimate of shares that will eventually vest. A corresponding adjustment is made to equity.

When the terms and conditions of equity-settled share-based payments at the time they were granted are subsequently modified, the fair value of the share-based payment under the original terms and conditions and under the modified terms and conditions are both determined at the date of the modification. Any excess of the modified fair value over the original fair value is recognised over the remaining vesting period in addition to the grant date fair value of the original share-based payment. The share-based payment expense is not adjusted if the modified fair value is less than the original fair value.

Cancellations or settlements (including those resulting from employee redundancies) are treated as an acceleration of vesting and the amount that would have been recognised over the remaining vesting period is recognised immediately.

The ultimate parent company PDS Limited has issued share options to certain directors and employees. These are measured at fair value and recognised as an expense in the profit and loss account with a corresponding increase in equity. The fair value of the options was estimated at the date of grant using the Black - Scholes option pricing model. The fair value will be charged as an expense in the profit or loss account over the vesting period. The charge is adjusted each year to reflect the expected and actual level of vesting.

1.17 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for lease payments made at or before the commencement date plus any initial direct costs and an estimate of the cost of obligations to dismantle, remove, refurbish or restore the underlying asset and the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently adjusted for remeasurements of the lease liability and applies the relevant cost model, fair value model or revaluation model as set out within the accounting policies for the applicable asset class. Where the cost model is applied, the asset is depreciated from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term, and is periodically reduced by impairment losses, if any.

RSign Envelope ID: ENV19381001-1020-DFCA-3143-CAAC 08/05/2026 14:06 PM UTC

1 Accounting policies (Continued)

The lease liability is initially measured at the present value of the lease payments that are unpaid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise fixed payments, variable lease payments that depend on an index or a rate, amounts expected to be payable under a residual value guarantee, and the cost of any options that the company is reasonably certain to exercise, such as the exercise price under a purchase option, lease payments in an optional renewal period, or penalties for early termination of a lease.

The lease liability is measured at amortised cost using the effective interest method. It is reassessed at each financial period end to reflect lease modifications and any changes to the factors considered at initial measurement, as set out above. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

As lessor

When the company acts as a lessor, a lease is classified as a finance lease whenever it transfers substantially all the risks and rewards of ownership of the underlying asset to the lessee, either at the end of the lease term or for the major part of the economic life of the asset. All other leases are classified as operating leases. If an arrangement contains both lease and non-lease components, the company allocates the consideration in the contract to the two elements. When the company is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately, classifying the sub-lease with reference to the right-of-use asset arising from the head lease instead of the underlying asset.

Rental income from operating leases is recognised on a straight line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight line basis over the lease term.

1.18 Foreign exchange

Transactions in currencies other than pounds sterling are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss.

2 Adoption of new and revised standards and changes in accounting policies

Change in accounting policy

The company has changed its accounting policy for recognising employee bonus expenses from a cash basis to an accrual basis. Bonus costs are now recognised in the period in which the related performance is earned, providing a more appropriate matching of expenses with revenue. This change has been treated as a change in accounting estimate in accordance with IAS 8, and opening retained earnings have been adjusted for the impact of prior-period incentive payments.

RSign Envelope ID: ENV19381001-1020-DFCA-3143-CAAC 08/05/2026 14:06 PM UTC

3 Critical accounting estimates and judgements

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Key sources of estimation uncertainty
Valuations of lease liability & right-of-use asset
The application of IFRS 16 requires the company to make judgements that affect the valuation of the lease liabilities and the right-of-use assets. These include determining the interest rate used for discounting of future cashflows. The present value of the lease payment is determined using the discount rate representing the company's incremental borrowing rate.

Share-based payments
The Group operates an employee compensation scheme, settled in equity. The fair value of equity-settled share-based payment arrangements requires significant judgement in the determination of the valuation of options, or the assumptions regarding vesting conditions being met, which will affect the expense recognised during the period.

These assumptions include the future volatility of the Parent's share price, future dividend yield and the rate at which awards will lapse or be forfeited. These assumptions are then applied to a recognised valuation model in order to calculate the fair value of the awards. The fair value attributed to the awards, and hence the charge made in the income statement, could be materiality affected should different assumptions be made to those applied by the Group. Details of these assumptions are set out in note 12. The Group uses a professional valuer in the determination of the fair value of options at grant date.

4 Revenue

	2026	2025
	£	£
Revenue analysed by class of business		
Recharges to group companies	12,379,585	12,764,828
Sales to other related parties	77,984	-
	12,457,569	12,764,828

5 Operating profit/(loss)

Operating profit/(loss) for the year is stated after charging/(crediting):	2026 £	2025 £
Exchange losses	97,553	23,432
Fees payable to the company's auditor for the audit of the company's financial statements	16,900	14,800
Depreciation of property, plant and equipment	1,074,320	621,324
Loss on disposal of property, plant and equipment	794	-
Amortisation of intangible assets (included within administrative expenses)	751	1,017
Cost of inventories recognised as an expense	73,570	-
Share-based payments	3,544	36,144

6 Employees

The average monthly number of persons (including directors) employed by the company during the year was:

	2026 Number	2025 Number
	126	134

Their aggregate remuneration comprised:

	2026 £	2025 £
Wages and salaries	8,749,719	9,653,091

18 Lease liabilities

Net amounts due	2026 £	2025 £
Within one year	335,341	342,986
After more than one year	619,388	860,045
	954,729	1,203,031

Maturity analysis of future lease payments	2026 £	2025 £
Within one year	365,792	383,928
In two to five years	643,428	907,889
Total undiscounted liabilities	1,009,220	1,291,817
Future finance charges and other adjustments	(54,491)	(88,786)
Lease liabilities in the financial statements	954,729	1,203,031

Other leasing information is included in note 24.

19 Deferred taxation

	Assets	
	2026 £	2025 £
Deferred tax balances	97,032	-

Deferred tax assets are expected to be recovered after more than one year.

19 Deferred taxation (Continued)

The following are the major deferred tax liabilities and assets recognised by the company and movements thereon during the current and prior reporting period.

	ACAs £
Liability at 1 April 2024 and 1 April 2025	-
Deferred tax movements in current year	
Credit/(charge) to profit or loss	97,032
Asset at 31 March 2026	97,032

Deferred tax assets and liabilities are offset in the financial statements only where the company has a legally enforceable right to do so.

20 Retirement benefit schemes

	2026 £	2025 £
Defined contribution schemes		
Charge to profit or loss in respect of defined contribution schemes	300,615	141,616

The company operates a defined contribution pension scheme for all qualifying employees. The assets of the scheme are held separately from those of the company in an independently administered fund.

21 Share-based payments

Expenses

Related to equity settled share based payments	3,544	36,144

Share options were granted to the employees of the company on 22/10/2021. There are performance conditions attached to these options. Options granted under this plan vest as follows;

a. 25% of the options vest at the end of 1st year from the date of Grant,
b. 25% of the options vest at the end of 2nd year from the date of Grant,
c. 25% of the options vest at the end of 3rd year from the date of Grant,
d. 25% of the options vest at the end of 4th year from the date of Grant,

Exercise of an option is subject to continuous employment and fulfilling the conditions as set out in the grant letter.

Options were valued used the Black-Scholes option-pricing model. The fair value per option granted and the assumptions used in the calculations are as follows;

Grant date	22/10/2021
Share price at grant date	INR 273.80
Exercise price	INR 219.00
Number of employees	4
Shares under option	35,000
Vesting period (years)	4
Option life (years)	4
Expected life (years)	4
Fair value per option:	
Year 1	INR 94.80
Year 2	INR 107.00
Year 3	INR 117.20
Year 4	INR 125.20

The exercise price, and hence the fair value, of the options is denominated in INR and has been translated in the table above at the exchange rate on the date of grant being INR 103.194 = £1.

22 Share capital

	2026	2025	2026	2025

Loss as previously reported		(681,406)
Adjustments to prior year		
Bonus provision		(125,209)
Loss as adjusted		(806,615)

Notes to reconciliation

During the current financial year, management identified that the bonus provision for the year ended 31 March 2025 was understated by £125,209 due to an oversight in the accrual process. This error has been corrected retrospectively in accordance with IAS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, as adopted under FRS 101.

As a result, the opening balance of retained earnings as at 1 April 2025 has been reduced by £125,209, and the corresponding liability has been increased.

This adjustment has no impact on the current year's profit or loss but ensures that the financial statements reflect a true and fair view of the company's financial position.

Auditor's Report and Audited Financial Statements

of

Techno Sourcing BD Limited

As at and for the year ended 31 March 2026

Independent Auditor's Report
to the shareholders of
Techno Sourcing BD Limited

Opinion

We have audited the financial statements of Techno Sourcing BD Limited hereinafter referred to as "the company" which comprise the statement of financial position as at 31 March 2026, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the company as at 31 March 2026, and its financial performance and its cash flows for the year ended in accordance with International Financial Reporting Standards (IFRSs), the Companies Act 1994 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the organization in accordance with the International Ethics Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and ICAB bye laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRS) and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

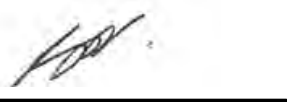
Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud and error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As a part of audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements of the company. We are responsible for the direction, supervision and performance of the audit . We remain solely responsible for our audit opinion.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable , related safeguards.



Report on other Legal and Regulatory Requirements

In accordance with Companies Act 1994, we also report the following:

a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof.

b) in our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books; and

c) the company's financial position and statement of comprehensive income dealt with by the report are in agreement with the books of account.

Techno Sourcing BD Limited
Notes to the Financial Statements
As at and for the year ended 31 Mar 2026

1.1 Background and legal status

Techno Sourcing BD Limited hereinafter referred to as 'the Company' was formed and incorporated with the Register of Joint Stock Companies and Firms, Bangladesh on 06 February 2019 under the Companies Act 1994 as a private limited company limited by shares vide Registration no: C-149908/2019. The address of the registered office of the company is Ta-131, Wakil Tower, 131 Gulshan Badda Link Rd, Dhaka 1212.

On 22nd October 2019, through acquisition of 51% share of KiK Service Unit Limited by Design Pod Limited with its headquarter in Hong Kong, the name of the company has been changed to Techno Sourcing BD Limited from KiK Service Unit Limited and the changed name of the company was duly registered with the Registrar of Joint Stock Companies.

Nature of business

The principal activities of the Company are to provide support services to German group companies regarding all aspects of sourcing of textiles, including but not limited to quality assurance services, compliances in supplier manufacturing units.

2 Basis of preparation

2.1 Statement of compliance

The financial statements have been prepared in following accrual basis of accounting except for statement of cash flows in accordance with International Accounting Standards (IASs), International Financial Reporting Standards (IFRSs), Companies Act 1994 and other applicable laws and regulations.

2.2 Other regulatory compliance

The company is required to comply with following major laws and regulations along with Companies Act 1994:

The Income Tax Act 2023
The Value Added Tax and Supplementary Duty Act, 2012
The Value Added Tax and Supplementary Duty Rules, 2016
The Customs Act, 1969
Bangladesh Labor laws 2006 ammended upto 2023

2.3 Basis of measurement

The financial statements have been prepared on historical cost following the accrual basis on accounting.

2.4 Functional and presentational currency

These financial statements are prepared in Bangladesh Taka (Taka/Tk/BDT), which is the Company's functional currency. All financial information presented in Taka has been rounded off to the nearest integer unless otherwise indicated.

2.5 Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

2.6 Going concern

The commercial operation of the company has been started from the year 2019. The board of directors of the company believes that the company has adequate resources and group support to continue its operation in the foreseeable future. As a result, the financial statements of the company has been prepared on a going concern basis.

2.7 Statement of cash flows

Cash Flow Statement is prepared as per International Accounting Standard (IAS-7). Cash flow from operating activities is determined for the period under indirect method.

2.8 Reporting period

The financial statement of the company covers for the period from 01 April 2025 to 31 March 2026.

2.9 Date of authorization

The audited financial statements for the year ended 31 March 2026 was authorized by the Board of Directors on _____.

3.00 Significant accounting policies

The accounting policies set out below have been applied consistently in these financial statements.

3.01 Property, plant and equipment

i) Recognition and measurement

Items of PPE are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that are directly attributable to the acquisition of the assets and any other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the intended manner.

Management reviews the expected useful life of property, plant and equipment at each accounting period. Any change in asset's useful life is adjusted prospectively.

ii) Subsequent cost

The cost of replacing part of an item of property, plant and equipment will be recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The cost of the day to day servicing of the property, plant and equipment are recognized in the statement of profit and loss as incurred.

Depreciation and amortization is provided so as to write down the assets to their residual values as 5% over their estimated useful lives on straight-line method . The selection of these residual values and estimated lives requires the exercise of management judgment. The depreciation method used reflects the pattern in which the asset's economic benefits are consumed by the entity. The depreciation charge for each period should be recognized as an expense unless it is included in the carrying amount of another asset. The principal annual rates are as follows:

Class of assets	Estinmated useful life
Office Equipment	20%
Furniture & Fixtures	10%
Computer Equipment	25%
Leasehold Imrovements	25%

Intangible asset

Recognition and measurement

Intangible assets are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible asset is recognized when all the conditions for recognition as per IAS 38: Intangible assets are met. The cost of an intangible asset comprises its purchase price, import duties and non-refundable taxes and any directly attributable cost of preparing the asset for its intended use.

Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognized in the profit and loss account when incurred.

The intangible assets are amortized over their respective individual estimated useful lives on a straight line basis commencing from the date the assets are available to the company for its use.

The useful life of intangible assets is considered as follows-

Category	Rate %
Software	20.00%

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern.

3.02 Right of use assets and lease liabilities

The standard requires recognition of a 'right of use' asset, representing the right to use the underlying asset and a liability, representing the obligation to make lease payments, for almost all lease contracts. The impact on the Income Statement is that former lease-operating expenses are replaced by depreciation and interest. Total expenses (depreciation for 'right of use' assets and interest on lease liabilities) are higher in the earlier years of a typical lease and lower in the later years, in comparison with former accounting for operating leases.

3.03 Foreign currency transactions

Transactions in foreign currencies are translated to Taka at the foreign exchange rate prevailing on the date of transaction. All monetary assets and liabilities denominated in foreign currencies at reporting date are translated to Taka at the rate of exchange prevailing on that date. Resulting exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognized in the profit and loss and other comprehensive income as per International Accounting Standard (IAS) 21 The Effects of Changes in Foreign Exchange Rates.

3.04 Financial instruments

(i) Receivables from customer

Receivable from customers are recognized and stated the value of operational expenses with a markup. After deducting the payment received from customer and carried at anticipated realizable values.

(ii) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand and cash at bank that are readily convertible to a known amount of cash, and are subject to an insignificant risk of change in value.

3.05 Liability for terminal benefits & earned leave

(i) Terminal Benefit

The Company has provided unrecognized terminal benefits as per the requirement of Bangladesh Labour Law 2006 & its subsequent amendment. Terminal benefits for its permanent employees, provision in respect of which is made on the basis of Actuarial Valuation. This scheme qualifies as a Defined Benefit Plan as per IAS 19 "Employee Benefits".

(ii) Earned Leave encashment

The Company has provided Earned Leave encashment as per the requirement of Bangladesh Labour Law 2006 & its subsequent amendment. Earned Leave encashment for its permanent employees, provision in respect of which is made on the basis of Actuarial Valuation. This scheme qualifies as a Defined Benefit Plan as per IAS 19 "Employee Benefits".

(iii) Incentive bonus

The Company provides incentive bonus to employees based on budgeted revenue and profitability. Although not contractually mandated, consistent past practice creates a constructive obligation.
The bonus is treated as a short-term employee benefit under IAS 19 and is recognized in profit or loss in the period of decision of payment finalization to whenever related services are rendered as per IAS-8. A provision will made at the reporting date based on achievement of budget criteria & management may fit neccessary to run its operation.

3.06 Provisions & contingencies

Provision is recognized on the balance sheet date if, as a result of past events, the company has a present legal or constructive obligation that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation.

No provision is recognized for-

a) Any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Corporation; or

b) Any present obligation that arises from past events but is not recognized because-

* It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
* A reliable estimate of the amount of obligation cannot be made.

Contingencies arising from claim, litigation assessment, fines, penalties etc. are recorded when it is probable that a liability has been incurred and the amount can reasonably be measured.

3.07 Taxation

Current tax

Income tax expense represents the sum of the current tax and deferred tax. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority. The company qualifies as a private company limited by shares; hence the applicable tax rate is 27.5% for the period.

Deferred tax

Deferred tax is recognized using the balance sheet method. Deferred tax arises due to temporary difference deductible or taxable for the events or transactions recognized in the statement of profit or loss and other comprehensive income. A temporary difference is the difference between the carrying amounts of assets and liabilities and its tax base amount in the statement of financial position. Deferred tax asset or liability is the amount of income tax recoverable or payable in future periods recognised in the current period. The deferred tax asset / income or liability / expense do not create a legal liability / recoverability to and from the income tax authority.

3.08 Revenue recognition

In compliance with the requirements of IFRS - 15, revenue from the service is measured at the fair value of the consideration received or receivable, net of returns. The five step model has been complied in case of revenue recognition.

The five step model consist of :

1. Identification of contract(s) with a customer
2. Identification of performance obligation
3. Determination of transaction price
4. Allocation of transaction price to separate performance obligations
5. Recognition of revenue when entity satisfies performance obligations

3.09 Finance expenses

Finance expenses comprises of bank charges and interest expenses.

3.10 Events after the reporting period

Amounts recognized in the financial statements are adjusted for events after the reporting period that provide evidence of conditions that existed as at 31st March, 2026. No adjustment is given in the financial statements for events after the reporting period that are indicative of conditions that arose after the reporting period.

3.11 General

i) All financial information presented in Taka have been rounded off to the nearest integer; and

ii) Figures in brackets denote negative.

iii) Previous year's figures have been rearranged wherever considered necessary to conform to current year's presentation.

INDEPENDENT AUDITOR'S REPORT

To,
The Shareholders,
PDS Multinational FZCO
Dubai, United Arab Emirates.

Report on the Audit of Financial Statements.

Opinion

We have audited the accompanying financial statements of PDS Multinational FZCO, Dubai, United Arab Emirates which comprise the statement of financial position as at March 31, 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity & statement of cash flows for the period then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2026 and its financial performance for the period then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the requirements of Code of Ethics for Professional Accountants, issued by International Ethics Standards Board for Accountants (IESBA) together with ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those charged with governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

1. We have obtained all the information and explanations which we considered necessary for our audit;

2. The financial statements comply with the applicable provisions of Dubai Integrated Economic Zones Authority Implementing Regulations 2024 pursuant to Law No. (16) of 2021, concerning the formation of legal Company at Dubai Airport Free Zone;

3. The financial statements give a true and fair view of the profit or loss of the Company for the relevant period and state of the Company's affairs at the end of the financial year;

4. The Company has undertaken only activities permitted under its license;

5. Capital Adequacy is maintained during the year ended March 31, 2026.

FOR PDS MULTINATIONAL FZCO

Mr. Rahul Khettry
Authorized Signatory

ALIA Chartered Accountancy
عليا للمحاسبة القانونية

PDS MULTINATIONAL FZCO

Office No. 308, Building 5WA, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements for the year ended March 31, 2026

1 **LEGAL STATUS :**

PDS Multinational FZCO is incorporated on **February 01, 2021 under License No.- 4617 issued by Dubai Airport Free Zone Authority, Dubai, UAE**

The registered address of the company is Office No. 308, Building 5WA, Dubai Airport Free Zone, Dubai, United Arab Emirates.

The company is managed and controlled by following persons:

1.Mr.Deepak Kumar Seth
2.Mr. Rahul Khettry

2 **BUSINESS ACTIVITIES :**

The activity of the company are as follows:-
(a) Clothing including sports clothes and uniforms Trading
(b) Clothing accessories Trading
(c) Investment in Commercial Enterprises & Management

3 **Basis of Preparation**

3.1 The financial statements are prepared under the historical cost convention basis applied consistently. Accrual basis of accounting has been followed by the company for the financial statements except the cash flow. These financial statements are prepared on the assumption of going concern basis.

3.2 The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and the applicable provisions of the Dubai Integrated Economic Zones Authority (DIEZA) Implementing Regulations 2024.

Corporate tax :

On 9 December 2022, the UAE Ministry of Finance released the Federal Decree-Law No.47 of 2022 on the taxation of Corporations and Business (the Law) to enact a Federal corporate tax (CT) regime in the UAE. The CT regime will become effective for accounting years beginning on or after 1 June 2023 and accordingly, it has an income tax related impact on the financial statements for the accounting years beginning on or after June, 1, 2023.

The Cabinet of Ministry Decision No. 116/2022 effective from 2023, specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000 and a rate of 0% on qualifying income of free zone entities.

4 **Significant Accounting Judgments, Estimates And Assumptions**

The preparation of these financial statements require management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and accompanying disclosure at the reporting date.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future periods affected.

The key judgments and estimates and assumptions that have significant impact on the financial statements of the Company are as discussed below:

PDS MULTINATIONAL FZCO

Office No. 308, Building SWA, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements for the year ended March 31, 2026

4.1 Satisfaction of Performance Obligation

The Company is required to assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point of time in order to determine the appropriate method of recognizing revenue. The Company has assessed that the revenue is recognized at a point in time based on agreements entered with customers and the provisions of relevant laws and regulations.

4.2 Determination of Transaction Prices

The Company is required to determine the transaction price in respect of each of its contract with customers. In making such judgment the Company assesses the impact of any variable consideration in the contract, due to discounts, the existence of any significant financial component in the contract and any non-cash consideration in the contract.

In determining the impact of variable consideration the Company uses the "most-likely amount" method in IFRS 15 whereby the transaction price is determined by reference to the single most likely amount in the range of possible consideration amounts.

4.3 Transfer of Control in Contract With Customers

In the cases where the Company determines that performance obligation are satisfied at a point in time, revenue is recognized when the control over the asset that is the subject of the contract is transferred to the customer.

The Company has elected to adopt cost model / fair value model for investment properties. Accordingly investment properties are carried at cost less accumulated depreciation and any accumulated impairments / fair value in accordance with IAS 40.

4.4 Useful live of Property, Plant and Equipments

The Company's management determines the estimated useful lives of its property, plant and equipment for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. The management periodically reviews estimated useful lives and the depreciation method to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets.

Depreciation is calculated on a straight line basis over the estimated useful lives of the assets as follows:-

Computer Equipment	3 Years
Office Furniture & Fixture	3 Years
Software	3 Years
Intangible Assets	3 Years
Leasehold Building	3 Years

5 Adoption of new and revised standards (IFRSs)

The Company has adopted all International Financial Reporting Standards (IFRS), amendments and interpretations issued by the International Accounting Standards Board (IASB) that are relevant and applicable to its operations and effective for the financial year commencing on April 01, 2025.

Standards and amendments effective for the current year

The following standards and amendments apply for the first time to the financial reporting periods commencing on or after March 01, 2025.

-Non-current Liabilities with Covenants – Amendments to IAS 1

-Classification of Liabilities as Current or Non-current – Amendments to IAS 1

-Lease Liability in a Sale and Leaseback – Amendments to IFRS 16

-Supplier Finance Arrangements – Amendments to IAS 7 and IFRS 7

PDS MULTINATIONAL FZCO

Office No. 308, Building 5WA, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements for the year ended March 31, 2026

5.1 New and revised International Financial Reporting Standards

The following amendments, improvements and interpretations that are assessed by management as likely to have an impact on the financial statements, have been issued by the IASB prior to the date the financial statements were authorized for issue, but have not been applied in these financial statements as their effective dates of adoption are for future accounting periods.

Particulars	Effective for Annual periods beginning from
Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7	January 01, 2026
Annual Improvements to IFRS Accounting Standards – Volume 11	January 01, 2026
IFRS 18 Presentation and Disclosure in Financial Statements	January 01, 2027
IFRS 19 Subsidiaries without Public Accountability: Disclosures	January 01, 2027

IFRS 16- Leases

The company assess at contract inception whether a contract is, or contains, a lease, That is if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful life of the right-of-use asset is 3 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of' lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short- term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

6 Summary of Significant Accounting Policies

6.1 Revenue recognition:

Revenue from the sale of goods is recognized when the goods are delivered and titles have passed, at which times all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of goods.
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the Company.
- The cost incurred or to be incurred in respect of the transaction can be measured reliably.

6.2 Property plant and equipments

Property and equipment are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of the assets.

At the end of each reporting period, management conducts an assessment of property and equipment to determine whether there are any indications that assets may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made.

6.3 Investment properties

Properties held for rental or capital appreciation purposes are classified as investment properties. Investment properties are measured at cost less any accumulated depreciation and any accumulated impairments losses / fair value in accordance with IAS 40.

The Company determines at each reporting date whether there is any objective evidence that the investment properties are impaired. Whenever the carting amount of an investment property exceeds their recoverable amount, an impairment loss is recognized in income statement. The recoverable amount of the investment properties is the higher of investment property's net selling price and the value in use. The net selling price is the amount obtainable from the sale of an investment property in an arm's length transaction less related costs while value in use is the present value of estimated future cash flows expected to arise from the continuing use of investment property and from its disposal at the end of its useful life.

6.4 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization less any accumulated impairment losses. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible assets with finite useful life are reviewed at least at the end of each reporting period. The amortization expense on intangible assets with finite useful lives is recognized in the income statement.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment annually either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on perspective basis.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the income statement when the asset is derecognized.

6.5 Financial assets - classification, measurement, recognition and derecognition

Classification

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the companies' model for managing them. Financial assets can be classified into following categories:

- those to be measured at fair value through other comprehensive income or through profit or loss, and
- those to be measured at amortized cost

Measurement

Financial assets are recognized and derecognized on trade date when the purchase and sale of a financial asset is made under a contract whose terms require delivery of financial asset within the timeframe established by market concerned.

Financial assets are initially measured at cost, plus transaction cost, except for those financial assets classified at fair value through other comprehensive income or profit or loss, which are initially measured at fair value.

Subsequent measurement of financial assets after initial measurement can be classified into two categories

PDS MULTINATIONAL FZCO

Office No. 308, Building 5WA, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements for the year ended March 31, 2026

a. Equity Instruments

All the financial assets that are equity instruments are measured at fair value through other comprehensive income or through profit or loss. This is an irrevocable choice that the Company has made on adoption of IFRS 9 or will make on subsequent measurement of equity instrument unless equity instrument are held for trading, in which case, they must be measured at fair value through profit or loss. Dividend income for all equity instrument is recognized in profit or loss statement when the right of payment has been established.

b. Debt Instrument

Debt instruments are also measured at fair value through other comprehensive income unless they are classified at amortized cost. They are classified at amortized cost only if:

- the assets held within a business model whose objective is to hold the asset to collect the contractual cash flows; and
- the contractual terms of the debt instrument give rise, on specified date, to cash flows that are solely payments of principal and interest on the principal outstanding.

Derecognition

Financial asset is derecognized when:

- The right to receive cash flow from the asset have expired; or
- The Company retains the right to receive cash flow from the asset, but has assumed an obligation to pay them in full without material delay to third party under a "pass-through" arrangement, and
- The Company has transferred its rights to receive cash flow from the asset and either:

has transferred substantially all the risk and rewards of the asset, or
has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

The company recognizes all allowance for expected credit losses for all debt instrument not held at fair value through profit or loss. ECLs are based on the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an effective interest rate.

6.6 Financial liabilities - classification, measurement, recognition and derecognition

Financial liabilities within the scope of IFRS 9 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or other financial liabilities.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

PDS MULTINATIONAL FZCO

Office No. 308, Building SWA, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements for the year ended March 31, 2026

6.7 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within due dates and therefore are all classified as current. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value.

6.8 Trade and Other Payables

These amounts represents liabilities for goods and services received by the Company in ordinary course of business which are unpaid at the year end. They are generally paid within 3 months and therefore are all classified as current.

6.9 Employee End of Service Benefits

The Company provides end-of-service benefits to its employees. The entitlement to these benefits is usually based upon the employees' final salary and length of service, subject to the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment.

6.10 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of the past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and the amount can be reliably estimated.

Provisions are measured at present value of the expenditures expected to be required to settle the obligation at the end of the reporting period, using the effective interest rate.

Provisions are reviewed at each financial statement date ad adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

6.11 Foreign Currency Translation

Transaction in currencies other than the company's functional currency (Foreign Currencies) are recorded at the rates of exchange prevailing on the dates of transactions. Monetary items denominated in foreign currencies are re-translated at the rates prevailing on the balance sheet date. Non- monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined the resultant income or gain is shown in the income statement.

6.12 Cash & Cash Equivalents

Cash and cash equivalents for the purpose of cash flow statement is cash and bank balances and short term deposits with maturity of less than three months, net of bank overdrafts.

6.13 Reporting Currency & Rounding Up

The functional currency and reporting currency is UAE Dirhams. The figures are rounded up to UAE Dirhams.

22 RISK MANAGEMENT

a. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or the counterparty to the financial instrument fails to meet its contractual obligation. The Company is exposure to credit risk is concentrated on bank balance, trade receivables, loans & advances and deposits.

The company's bank accounts are with local branches of banks operating in the U.A.E. Trade receivables are stated at realizable value net of allowance and bad debts. Deposits with government departments are refundable and secured.

PDS MULTINATIONAL FZCO

Office No. 308, Building SWA, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements for the year ended March 31, 2026

b. **Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

c. **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

d. **Currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

e. **Liquidity Risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Fair values

At the balance sheet date, the fair values of financial assets and liabilities at year end approximate to their carrying amounts and have been very carefully scrutinized by the management for their correctness.

23 COMPARATIVE FIGURES

The fiscal period covers the period of 12 months from April 01, 2025 to March 31, 2026. Previous year covers the period of 12 months from April 01, 2024 to March 31, 2025. Previous year figures might be reclassified & regrouped to conform to the current year presentation.

24 APPROVAL OF FINANCIAL STATEMENTS

These financial statements were approved and signed by the shareholder May 14, 2026.

The attached notes form an integral part of these accounts.
Auditors report is annexed hereto.

INDEPENDENT AUDITOR'S REPORT

To,
The Shareholders,
PDS Multinational FZCO
Dubai, United Arab Emirates.

Report on the Audit of Consolidated Financial Statements.

Opinion

We have audited the accompanying financial statements of **PDS Multinational FZCO** Dubai, United Arab Emirates which comprise the statement of financial position as at March 31, 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity & statement of cash flows for the period then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2026 and its financial performance for the period then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the requirements of Code of Ethics for Professional Accountants, issued by International Ethics Standards Board for Accountants (IESBA) together with ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those charged with governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

DUBAI - U.A.E.

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

1. We have obtained all the information and explanations which we considered necessary for our audit;

2. The financial statements comply with the applicable provisions of Dubai Integrated Economic Zones Authority Implementing Regulations 2024, concerning the formation of legal Company at Dubai Airport Free Zone;

3. The financial statements give a true and fair view of the profit or loss of the Company for the relevant period and state of the Company's affairs at the end of the financial year;

4. The Company has undertaken only activities permitted under its license;

5. Capital Adequacy is maintained during the year ended March 31, 2026.

Accrual basis of accounting has been followed by the company for the financial statements except the cash flow. These financial statements are prepared on the assumption of going concern basis.

Corporate Tax :

On 9 December 2022, the UAE Ministry of Finance released the Federal Decree-Law No.47 of 2022 on the taxation of Corporations and Business (the Law) to enact a Federal corporate tax (CT) regime in the UAE. The CT regime will become effective for accounting years beginning on or after 1 June 2023 and accordingly, it has an income tax related impact on the financial statements for the accounting years beginning on or after June, 1, 2023.

The Cabinet of Ministry Decision No. 116/2022 effective from 2023, specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000 and a rate of 0% on qualifying income of free zone entities.

3.2 The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and the applicable provisions of the Dubai Integrated Economic Zones Authority (DIEZA) Implementing Regulations 2024.

4 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of these financial statements require management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and accompanying disclosure at the reporting date.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future periods affected.

The key judgments and estimates and assumptions that have significant impact on the financial statements of the Company are as discussed below:

4.1 Satisfaction of Performance Obligation

The Company is required to assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point of time in order to determine the appropriate method of recognizing revenue. The Company has assessed that the revenue is recognized at a point in time based on agreements entered with customers and the provisions of relevant laws and regulations.

4.2 Determination of Transaction Prices

The Company is required to determine the transaction price in respect of each of its contract with customers. In making such judgment the Company assesses the impact of any variable consideration in the contract, due to discounts, the existence of any significant financial component in the contract and any non-cash consideration in the contract.

In determining the impact of variable consideration the Company uses the "most-likely amount" method in IFRS 15 whereby the transaction price is determined by reference to the single most likely amount in the range of possible consideration amounts.

PDS MULTINATIONAL FZCO

Office No. 301,302,304, Third Floor,Building 5 West A, Dubai Airport Free Zone, Dubai, United Arab Emirates

Consolidated Notes to the financial statements - for the period ended March 31, 2026

4.3 Transfer of Control In Contract With Customers

In the cases where the Company determines that performance obligation are satisfied at a point in time, revenue is recognized when the control over the asset that is the subject of the contract is transferred to the customer.

The Company has elected to adopt cost model / fair value model for investment properties. Accordingly investment properties are carried at cost less accumulated depreciation and any accumulated impairments / fair value in accordance with IAS 40.

4.4 Useful live of Property, Plant and Equipments

The Company's management determines the estimated useful lives of its property, plant and equipment for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. The management periodically reviews estimated useful lives and the depreciation method to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets.

5 ADOPTION OF NEW AND REVISED STANDARDS (IFRSS)

The Group has adopted all International Financial Reporting Standards (IFRS), amendments and interpretations issued by the International Accounting Standards Board (IASB) that are relevant to its operations and effective for the current reporting period. The consolidated financial statements have been prepared in accordance with IFRS as issued by the IASB and the applicable regulations governing the entities comprising the Group effective for the financial year commencing on April 01, 2025.

5.1 Standards and amendments effective for the current year

The following standards and amendments apply for the first time to the financial reporting periods commencing on or after January 01, 2025.

-Non-current Liabilities with Covenants – Amendments to IAS 1
-Classification of Liabilities as Current or Non-current – Amendments to IAS 1
-Lease Liability in a Sale and Leaseback – Amendments to IFRS 16
-Supplier Finance Arrangements – Amendments to IAS 7 and IFRS 7

5.2 New and revised International Financial Reporting Standards

The following amendments, improvements and interpretations that are assessed by management as likely to have an impact on the financial statements, have been issued by the IASB prior to the date the financial statements were authorized for issue, but have not been applied in these financial statements as their effective dates of adoption are for future accounting periods.

Particulars	Effective for Annual periods beginning from
Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7	January 01, 2026
Annual Improvements to IFRS Accounting Standards – Volume 11	January 01, 2026
IFRS 18 Presentation and Disclosure in Financial Statements	January 01, 2027
IFRS 19 Subsidiaries without Public Accountability: Disclosures	January 01, 2027

IFRS 16- Leases

The company assess at contract inception whether a contract is, or contains, a lease, That is if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration.

PDS MULTINATIONAL FZCO

Office No. 301,302,304, Third Floor,Building 5 West A, Dubai Airport Free Zone, Dubai, United Arab Emirates

Consolidated Notes to the financial statements - for the period ended March 31, 2026

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful life of the right-of-use asset is 3 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of' lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short- term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

6.1 Revenue recognition:

Revenue from the sale of goods is recognized when the goods are delivered and titles have passed, at which times all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of goods.
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the Company.
- The cost incurred or to be incurred in respect of the transaction can be measured reliably.

6.2 Property plant and equipments

Property and equipment are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of the assets.

At the end of each reporting period, management conducts an assessment of property and equipment to determine whether there are any indications that assets may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made.

6.3 Investment properties

Properties held for rental or capital appreciation purposes are classified as investment properties. Investment properties are measured at cost less any accumulated depreciation and any accumulated impairments losses / fair value in accordance with IAS 40.

The Company determines at each reporting date whether there is any objective evidence that the investment properties are impaired. Whenever the carting amount of an investment property exceeds their recoverable amount, an impairment loss is recognized in income statement. The recoverable amount of the investment properties is the higher of investment property's net selling price and the value in use. The net selling price is the amount obtainable from the sale of an investment property in an arm's length transaction less related costs while value in use is the present value of estimated future cash flows expected to arise from the continuing use of investment property and from its disposal at the end of its useful life.

6.4 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization less any accumulated impairment losses. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible assets with finite useful life are reviewed at least at the end of each reporting period. The amortization expense on intangible assets with finite useful lives is recognized in the income statement.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment annually either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on perspective basis.

Management has performed an annual impairment assessment for intangible assets with indefinite useful lives and concluded that no impairment was required as at the reporting date.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the income statement when the asset is derecognized.

6.5 Financial assets - classification, measurement, recognition and derecognition

Classification

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the companies' model for managing them. Financial assets can be classified into following categories:

- those to be measured at fair value through other comprehensive income or through profit or loss, and
- those to be measured at amortized cost

Measurement

Financial assets are recognized and derecognized on trade date when the purchase and sale of a financial asset is made under a contract whose terms require delivery of financial asset within the timeframe established by market concerned.

Financial assets are initially measured at cost, plus transaction cost, except for those financial assets classified at fair value through other comprehensive income or profit or loss, which are initially measured at fair value.

Subsequent measurement of financial assets after initial measurement can be classified into two categories

a. Equity instruments

All the financial assets that are equity instruments are measured at fair value through other comprehensive income or through profit or loss. This is an irrevocable choice that the Company has made on adoption of IFRS 9 or will make on subsequent measurement of equity instrument unless equity instrument are held for trading, in which case, they must be measured at fair value through profit or loss. Dividend income for all equity instrument is recognized in profit or loss statement when the right of payment has been established.

b. Debt instrument

Debt instruments are also measured at fair value through other comprehensive income unless they are classified at amortized cost. They are classified at amortized cost only if:

- the assets held within a business model whose objective is to hold the asset to collect the contractual cash flows; and
- the contractual terms of the debt instrument give rise, on specified date, to cash flows that are solely payments of principal and interest on the principal outstanding.

Derecognition

Financial asset is derecognized when:

- The right to receive cash flow from the asset have expired; or
- The Company retains the right to receive cash flow from the asset, but has assumed an obligation to pay them in full without material delay to third party under a "pass-through" arrangement, and

PDS MULTINATIONAL FZCO

Office No. 301,302,304, Third Floor,Building 5 West A, Dubai Airport Free Zone, Dubai, United Arab Emirates

Consolidated Notes to the financial statements - for the period ended March 31, 2026

- The Company has transferred its rights to receive cash flow from the asset and either:

has transferred substantially all the risk and rewards of the asset, or

has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

The company recognizes all allowance for expected credit losses for all debt instrument not held at fair value through profit or loss. ECLs are based on the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an effective interest rate.

6.6 Financial liabilities - classification, measurement, recognition and derecognition

Financial liabilities within the scope of IFRS 9 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or other financial liabilities.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

6.7 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within due dates and therefore are all classified as current. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value.

6.8 Trade and Other Payables

These amounts represents liabilities for goods and services received by the Company in ordinary course of business which are unpaid at the year end. They are generally paid within 3 months and therefore are all classified as current.

6.9 Employee End of Service Benefits

The Company provides end-of-service benefits to its employees. The entitlement to these benefits is usually based upon the employees' final salary and length of service, subject to the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment.

6.10 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of the past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and the amount can be reliably estimated.

PDS MULTINATIONAL FZCO

Office No. 301,302,304, Third Floor,Building 5 West A, Dubai Airport Free Zone, Dubai, United Arab Emirates

Consolidated Notes to the financial statements - for the period ended March 31, 2026

Provisions are measured at present value of the expenditures expected to be required to settle the obligation at the end of the reporting period, using the effective interest rate.

Provisions are reviewed at each financial statement date ad adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

6.11 Foreign Currency Translation

Transaction in currencies other than the company's functional currency (Foreign Currencies) are recorded at the rates of exchange prevailing on the dates of transactions. Monetary items denominated in foreign currencies are re-translated at the rates prevailing on the balance sheet date. Non- monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined the resultant income or gain is shown in the income statement.

6.12 Cash & Cash Equivalents

Cash and cash equivalents for the purpose of cash flow statement is cash and bank balances and short term deposits with maturity of less than three months, net of bank overdrafts.

6.13 Reporting Currency & Rounding Up

The functional currency and reporting currency is UAE Dirhams. The figures are rounded up to UAE Dirhams.

26 RISK MANAGEMENT

26.1 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or the counterparty to the financial instrument fails to meet its contractual obligation. The Company is exposure to credit risk is concentrated on bank balance, trade receivables, loans & advances and deposits.

The company's bank accounts are with local branches of banks operating in the U.A.E. Trade receivables are stated at realizable value net of allowance and bad debts. Deposits with government departments are refundable and secured.

26.2 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

b. Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

26.3 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

SPRING DESIGN LONDON LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of this company is that of a holding company and is engaged in the trading of ready-made garments and accessories.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr Abhishekh Kanoi	
Mr Suresh Punjabi	
Mr Roland Seregi	(Resigned 9 May 2025)
Mr Bhavesh Shah	(Appointed 9 May 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:
- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV94594021-5521-DBAD-1716-BBEB 15/05/2026 16:01 PM UTC

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SPRING DESIGN LONDON LIMITED

Opinion

We have audited the financial statements of Spring Design London Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young

London E1W 1YW

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management’s incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls) and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Spring Design London Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;
- comparative narrative information; and
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 16.

1.2 Going concern

At the time of approving the financial statements, the directors have carefully considered the trading outlook for the coming year and expected cashflows and have a reasonable expectation that the company has access to adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

1.3 Revenue

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The company recognises revenue when it transfers control of a product or service to a customer.

RSign Envelope ID: ENV94594021-5521-DBAD-1716-BBEB 15/05/2026 16:01 PM UTC

1 Accounting policies **(Continued)**

1.4 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.5 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.6 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

RSign Envelope ID: ENV94594021-5521-DBAD-1716-BBEB 15/05/2026 16:01 PM UTC

1 Accounting policies (Continued)

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.7 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

RSign Envelope ID: ENV94594021-5521-DBAD-1716-BBEB 15/05/2026 16:01 PM UTC

1 Accounting policies **(Continued)**

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.8 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.9 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

ROKSANDA (UK) LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is that of the sale of women's clothing and accessories.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr Roland Seregi	(Resigned 9 May 2025)
Mr Abhishekh Kanoi	
Mr Sagarkumar Ballari	
Mr Bhavesh Shah	(Appointed 9 May 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV34394327-9064-DCEB-4339-DEFF 13/05/2026 08:54 AM UTC

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption
This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ROKSANDA (UK) LIMITED

Opinion

We have audited the financial statements of Roksanda (UK) Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young

London E1W 1YW

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Roksanda (UK) Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Reporting period

The company was incorporated on 22 May 2024. Therefore, the comparative figures represent a period of 10.5 months.

1.2 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 13.

1.3 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

1.4 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

1 Accounting policies **(Continued)**

-Sale of goods
Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

-Collaborative income
Revenue represents amounts receivable from the collaboration with other companies. Revenue is recognised once the performance conditions of the agreement have been met.

1.5 Inventories
Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.6 Cash and cash equivalents
Cash and cash equivalents include cash in hand and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.7 Financial assets
Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss
When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

RSign Envelope ID: ENV34394327-9064-DCEB-4339-DEFF 13/05/2026 08:54 AM UTC

1 Accounting policies **(Continued)**

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

RSign Envelope ID: ENV34394327-9064-DCEB-4339-DEFF 13/05/2026 08:54 AM UTC

1 Accounting policies **(Continued)**

1.8 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.9 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.10 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.11 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.12 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

RSign Envelope ID: ENV34394327-9064-DCEB-4339-DEFF 13/05/2026 08:54 AM UTC

1 Accounting policies (Continued)

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

NORTHERN BRANDS LIMITED

DIRECTORS' REPORT
FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is that of the design and sale of clothing.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Ms Alexandra Pickles	
Mr Sagarkumar Ballari	
Mr Abhishekh Kanoi	
Mr Roland Seregi	(Resigned 9 May 2025)
Mr Bhavesh Shah	(Appointed 9 May 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:
- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV13340941-6247-BCAE-7598-CFDF 29/04/2026 15:27 PM UTC

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption
This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Bhavesh Shah

Mr Bhavesh Shah
Director

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF NORTHERN BRANDS LIMITED

Opinion

We have audited the financial statements of Northern Brands Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management’s incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Northern Brands Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 15.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

1.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

-Sale of goods

Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

1 Accounting policies **(Continued)**

1.4 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Software	10 year straight line

1.5 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

RSign Envelope ID: ENV13340941-6247-BCAE-7598-CFDF 29/04/2026 15:27 PM UTC

1 Accounting policies **(Continued)**

1.6 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.7 Cash and cash equivalents

Cash and cash equivalents include cash in hand.

1.8 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

RSign Envelope ID: ENV13340941-6247-BCAE-7598-CFDF 29/04/2026 15:27 PM UTC

1 Accounting policies **(Continued)**

Financial assets at fair value through other comprehensive income
Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets
Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets
Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.9 Financial liabilities
The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

RSign Envelope ID: ENV13340941-6247-BCAE-7598-CFDF 29/04/2026 15:27 PM UTC

1 Accounting policies **(Continued)**

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.10 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.11 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.12 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

DIRECTORS' REPORT
FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is that of the distribution of lifestyle products.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr Abhishekh Kanoi	
Mr Roland Seregi	(Resigned 9 May 2025)
Mr Suresh Punjabi	
Mr Bhavesh Shah	(Appointed 9 May 2025)
Mr Vinal Patel	(Appointed 24 November 2025)
Mr Charles Rudge	(Appointed 24 November 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

RSign Envelope ID: ENV32980177-5083-ABFB-9514-BEAA 29/04/2026 21:01 PM UTC

Statement of directors' responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Bhavesh Shah

.....

Mr Bhavesh Shah

Director

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BRAND COLLECTIVE CORPORATION LIMITED

Opinion

We have audited the financial statements of Brand Collective Corporation Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young
Quadrant House

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management’s incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Brand Collective Corporation Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- comparative narrative information;
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 17.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Revenue

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The company recognises revenue when it transfers control of a product or service to a customer.

RSign Envelope ID: ENV32980177-5083-ABFB-9514-BEAA 29/04/2026 21:01 PM UTC

1 Accounting policies (Continued)

1.4 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following basis:

Software	3 year straight line

1.5 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Fixtures and fittings	20% straight line
Plant and equipment	33.33% straight line
Computers	33.33% straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.6 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

RSign Envelope ID: ENV32980177-5083-ABFB-9514-BEAA 29/04/2026 21:01 PM UTC

1 Accounting policies (Continued)

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.7 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

RSign Envelope ID: ENV32980177-5083-ABFB-9514-BEAA 29/04/2026 21:01 PM UTC

1 Accounting policies (Continued)

Financial assets held at amortised cost
Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Impairment of financial assets
Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets
Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.10 Financial liabilities
The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities
Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities
Financial liabilities are derecognised when, and only when, the company’s obligations are discharged, cancelled, or they expire.

1.11 Equity instruments
Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

RSign Envelope ID: ENV32980177-5083-ABFB-9514-BEAA 29/04/2026 21:01 PM UTC

1 Accounting policies (Continued)

1.12 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.13 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

SUNNY UP LTD.

DIRECTORS' REPORT
FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company continued to be that of import and distribution of garments.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr K Kanodia	(Resigned 15 December 2025)
Mr E Matthews	
Mr B Shah	
Mr D Colwill	(Resigned 7 April 2025)
Mr S Jatar	(Appointed 15 December 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:
- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV44107571-1117-EDED-7538-DEDE 15/05/2026 16:27 PM UTC

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Bhavesh Shah

.....

Mr B Shah

Director

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SUNNY UP LTD.

Opinion

We have audited the financial statements of Sunny Up Ltd. (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management’s incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, review of correspondence with and reports to the regulators, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company’s members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company’s members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company’s members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Sunny Up Ltd. is a private company limited by shares incorporated in England and Wales. The registered office is Unit 16-20, Riverbank Court, North Devon Business Park, Chivenor, Barnstaple, EX31 4FY. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention.The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 26.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Furthermore, group companies have agreed to provided financial support by not seeking repayment of amounts owed until such time as the company is able to pay its debts. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements, notwithstanding the net liabilities of £120,697 (2025: net assets of £627,142).

1.3 Revenue

Revenue is measured based on the consideration specified in a contract with a customer. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

RSign Envelope ID: ENV44107571-1117-EDED-7538-DEDE 15/05/2026 16:27 PM UTC

1 Accounting policies **(Continued)**

1.4 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Software	25% Straight Line

1.5 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Leasehold land and buildings	Straight line over the term of the lease
Leasehold improvements	4% Straight Line and the term of the lease
Fixtures and fittings	25% Straight Line
Plant and equipment	25% Straight Line
Computers	25% Straight Line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.6 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

RSign Envelope ID: ENV44107571-1117-EDED-7538-DEDE 15/05/2026 16:27 PM UTC

1 Accounting policies (Continued)

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.7 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

RSign Envelope ID: ENV44107571-1117-EDED-7538-DEDE 15/05/2026 16:27 PM UTC

1 Accounting policies (Continued)

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

RSign Envelope ID: ENV44107571-1117-EDED-7538-DEDE 15/05/2026 16:27 PM UTC

1 Accounting policies **(Continued)**

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.10 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.11 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.12 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

RSign Envelope ID: ENV44107571-1117-EDED-7538-DEDE 15/05/2026 16:27 PM UTC

1 Accounting policies (Continued)

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.13 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.14 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.15 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for lease payments made at or before the commencement date plus any initial direct costs and an estimate of the cost of obligations to dismantle, remove, refurbish or restore the underlying asset and the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently adjusted for remeasurements of the lease liability and applies the relevant cost model, fair value model or revaluation model as set out within the accounting policies for the applicable asset class. Where the cost model is applied, the asset is depreciated from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term, and is periodically reduced by impairment losses, if any.

RSign Envelope ID: ENV44107571-1117-EDED-7538-DEDE 15/05/2026 16:27 PM UTC

1 Accounting policies (Continued)

The lease liability is initially measured at the present value of the lease payments that are unpaid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise fixed payments, variable lease payments that depend on an index or a rate, amounts expected to be payable under a residual value guarantee, and the cost of any options that the company is reasonably certain to exercise, such as the exercise price under a purchase option, lease payments in an optional renewal period, or penalties for early termination of a lease.

The lease liability is measured at amortised cost using the effective interest method. It is reassessed at each financial period end to reflect lease modifications and any changes to the factors considered at initial measurement, as set out above. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

2 Critical accounting estimates and judgements

In the application of the company’s accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Critical judgements

Valuation of lease liability & right-of-use asset

The application of IFRS 16 requires the company to make judgements that affect the valuation of the lease liabilities and the right-of-use assets. These include determining the interest rate used for discounting of future cashflows. The present value of the lease payment is determined using the discount rate representing the company’s incremental borrowing rate.

Independent Auditor's Report

TO THE MEMBERS OF SUNNY UP US LIMITED

Report on the Audit of the Special purpose financial statement

Opinion

We have audited the accompanying special purpose financial statement of Sunny UP US Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2026, the Statement of Profit and Loss, including Other Comprehensive Income, Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and notes to the financial statement, including a summary of material accounting policy information and other explanatory information (hereinafter referred to as "financial statement"). The special purpose financial statement have been prepared by the management of Company, solely for the purpose of preparation of the consolidated special purpose financial statement of its ultimate holding company, PDS Limited.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid special purpose financial statement give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit, total comprehensive profit, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the special purpose financial statement in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibility for the Audit of the Financial Statement' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statement, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statement.

Management's Responsibility for the Special purpose financial statement

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these special purpose financial statement that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with Companies (Indian Accounting Standard) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the special purpose financial statement that give a true and fair view and free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Special purpose financial statement

Our objectives are to obtain reasonable assurance about whether the special purpose financial statement as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the special purpose financial statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statement, including the disclosures, and whether the special purpose financial statement represent the underlying transactions and events in a manner that achieves fair presentation.

  Materiality is the magnitude of misstatement in the special purpose financial statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the special purpose financial statement may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the financial statement.

  We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

  We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Reporting Requirements

We further report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid financial statement.

b) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and Statement of Changes in Equity, and dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the financial statement.

Restriction on Distribution and Use

These Special Purpose Financial Statement has been prepared for the limited purpose of preparation of the consolidated Special Purpose Financial Statement of PDS Limited. As a result, the Special purpose financial statement may not be suitable for another purpose. Our report is intended solely for the use of the Company and should not be distributed to or used by other parties.

Sunny UP US Limited

Notes to standalone financial statements for the year ended 31 March 2026

Note 1: Corporate information

Sunny Up, US Ltd. ("the Company"), is incorporated in the state of Delware, United States of America. The Company was incorporated on June 06, 2024.The Company has its registered office in the State of Delaware is 1512 Concord Pike Suite 201 in the City of Wilmington, in the Country of New Castle, 19803.

These annual financial statements have been prepared in accordance with Indian Accounting Standard (IND AS) and in accordance with the the relevant provisions of the Delaware General Corporation Law (DGCL). The company has made use of the size-dependent for the preparation of the notes to the financial statements in accordance with Indian Accounting Standard (IND AS).

Note 2: Statement of compliance

The Standalone financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as amended and other relevant provisions. The accounting policies are applied consistently to all the periods presented in the standalone financial statements.

Basis of preparation and presentation

The standalone financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the relevant accounting policies mentioned. The financial statements are presented in USD.

Going concern

The Board of Directors have considered the financial position of the Company at March 31, 2026 and the projected cash flows and financial performance of the Company for at least twelve months from the date of standalone financial statements as well as planned cost and cash improvement actions, and believe that the plan for sustained profitability remains on course.

The Board of Directors have taken actions to ensure that appropriate long-term cash resources are in place at the date of signing the accounts to fund the Company's operations.

Note 3: Significant accounting policies

a) **Significant accounting judgements, estimates and assumptions**

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these standalone financial statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates.

Judgements:

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the standalone financial statements:

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Estimates and Assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Estimates and underlying assumptions are reviewed at each balance sheet date. Such changes are reflected in the assumptions when they occur.

i) Income taxes

The Company is subject to income tax laws as applicable in United States of America. Significant judgment is required in determining provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognises liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

ii) Contingencies
Contingent Liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal and other claims. By virtue of their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgements and the use of estimates regarding the outcome of future events.

iii) Recoverability of deferred taxes
In assessing the recoverability of deferred tax assets, management considers whether it is probable that taxable profit will be available against which the losses can be utilised. The ultimate realisation of deferred tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the projected future taxable income and tax planning strategies in making this assessment.

iv) Impairment of long lived assets
The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets. The Company assesses impairment of long lived assets which are recorded at cost. At the time when there are any indications that such assets have suffered a loss, if any, is recognised in the Statement of Profit and Loss.

b) Current versus non-current classification
The Company presents assets and liabilities in the balance sheet based on a current/ non-current classification.

Assets:
An asset is treated as current when it is:
i) Expected to be realised or intended to be sold or consumed in normal operating cycle.
ii) Held primarily for the purpose of trading.
iii) Expected to be realised within twelve months after the reporting period, or
iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
All other assets are classified as non-current.

Liabilities:
A liability is current when:
i) It is expected to be settled in normal operating cycle
ii) It is held primarily for the purpose of trading
iii) It is due to be settled within twelve months after the reporting period, or
iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
All other liabilities are classified as non-current.
Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Property, plant and equipment (PPE) and Investment property
Property, plant and equipment, capital work in progress are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Such cost includes expenditure that is directly attributable to the acquisition of the asset.
An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss within other income or expense (as applicable).

Subsequent Costs: The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item of property, plant and equipment, if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably with the carrying amount of the replaced part getting derecognised. The cost for day-to-day servicing of property, plant and equipment are recognised in statement of profit and loss as and when incurred.

Decommissioning Costs: The present value of expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Capital work in progress: Capital work in progress comprises the cost of fixed assets that are not ready for their intended use at the reporting date.

Depreciation: Depreciation on PPE, except leasehold improvements, is provided on straight-line method over the useful lives of assets. Depreciation for assets purchased / sold during a period is proportionately charged to Statement of Profit and Loss. Leasehold improvements are amortised over the lease term or the remaining useful life of the assets whichever is lower.

d) Intangible assets

Recognition and measurement

Intangible assets that are acquired by the Company are measured initially at cost. Intangible assets with finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses, if any.

Amortisation: Intangible assets, with infinite lives, are amortized over their respective individual estimated useful lives on a straight-line basis, commencing from the date the assets are available to the Company for their use. In case of the trade mark capitalised, the Company is amortizing it over period of 5 years from the date of capitalisation. Specialized software's are amortized over a period of 5 years or license period whichever is earlier.

e) Borrowing costs

Borrowing costs consists of interest and amortization of ancillary costs that an entity incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

f) Foreign currency transaction

Functional and presentation currency

The Company's standalone financial statements are presented in USD which is also the Company's functional currency. Functional currency is the currency of the primary economic environment in which a Company operates and is normally the currency in which the Company primarily generates and expends cash. All the financial information presented in USD except where otherwise stated.

Initial recognition

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Measurement at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured in terms of historical cost are not retranslated.

g) Revenue recognition

Income from corporate and sourcing support services rendered to group companies are recognized as the services are rendered based on a cost plus mark-up in accordance with the terms of respective arrangements.

'Unbilled revenue' included in other financial assets represent revenue in excess of billings as of the Balance Sheet date. 'Unearned revenues' included in financial liabilities represent billing in excess of revenue recognized.

Revenue from sale of goods is recognised when a customer obtains control of the goods. Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and services tax, etc. Further, revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the entity.

Other Income

i) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

ii) Any Other Income is recognized on an accrual basis.

h) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(a) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease terms and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

(b) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for termination of a lease, if the lease term reflects the Company exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

(c) Short term leases

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (that is those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the recognition exemption for leases of low-value assets to leases of office equipment and laptop computers that are considered to be of low value.

Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

h) Provisions, Contingent liabilities and Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

i) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle obligation.

ii) a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are neither recognised nor disclosed. However, when realisation of income is virtually certain, related asset is recognised.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date and adjusted where necessary to reflect the current best estimate of obligation or asset.

i) Financial instruments

A financial instrument is a contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

j) Taxes on income

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income (OCI) or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets are offset against current tax liabilities if, and only if, a legally enforceable right exists to set off the recognised amounts and there is an intention either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred Tax

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

k) Cash and cash equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash balance on hand, cash balance at banks, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

l) Earnings per share (EPS)

In determining earnings per share, the Company considers the net profit after tax and includes the post tax effect of any extra ordinary items.

i) Basic earning per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

(All monetary numbers in USD unless otherwise specified)

Note 15: Other liabilities

Particulars	As at 31 March 2026	As at 31 March 2025
Other payables	4,63,577	1,20,733
Statutory remittances	-	4,354
Total	**4,63,577**	**1,25,087**

Note 16: Revenue from Operations

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Revenue on Sale of Products		
Traded goods	9,66,721	10,73,859
Sales-Others	-	-
Total	**9,66,721**	**10,73,859**

(i) Revenue information

In the following table, revenue is disaggregated by major products/service lines and timing of revenue recognition:

Particulars	Timing of revenue recognition	Year ended 31 March 2026	Year ended 31 March 2025
Traded goods	At point in time	9,66,721	10,73,859
Sales-Others	At point in time	-	-
Total		**9,66,721**	**10,73,859**

(ii) Contract balances

Assets and liabilities related to contracts with customers:

Particulars	As at 31 March 2026	Year ended 31 March 2025
Unbilled Revenue	-	-
Trade receivables	3,90,856	-
Total	-	-

Contract assets primarily relate to the Company's right to consideration for work completed but not yet billed at reporting date for services rendered to customers. Contract assets are transferred to receivables when the rights become unconditional.

Contract liabilities primarily relate to the Company's obligation to transfer goods or services to customer for which the Company has invoiced the customer or received advances from the customer for rendering of services. Contract liabilities are recognised as revenue as the Company performs under the contract.

Note 17: Other income

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Miscellaneous income including sale of scrap	-	-
Bank deposits	-	-
Total	-	-

(i) Auditors' remuneration:		
For independent audit	1,050	-
For tax audit	-	-
Other Tax Matters	-	-
Reimbursement of expenses	-	-
Total	1,050	-

Note 23: Earnings per share

Basic EPS amounts is calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of common and dilutive common equivalent shares outstanding during the year, except where the result would be anti-dilutive.

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Profit/(loss) attributable to equity holders	(2,09,772)	77,974
Weighted average number of equity shares outstanding during the year	100	27
Basic earnings per share (USD)	(2,097.72)	279.74
Diluted earnings per share (USD)	(2,097.72)	364.66
Face value per share (USD)	1.00	1.00

Note 24: Income Tax

The major components of income tax expense for the years ended 31 March 2026 and 31 March 2025 are:

Particulars	Year ended 31 March 2026	Year ended 31 March 2025
Current Tax	-	10,880
Deferred tax charge/ (credit)	-	-
Total	-	10,880

(All monetary numbers in USD unless otherwise specified)

Note 25: Capital management

The Company's objective for managing capital is to ensure:
- ability to continue as a going concern, so that the Company can continue to provide returns to shareholders and benefits for other stakeholders, and
- maintain optimal capital structure to reduce the cost of capital.

The Company monitors capital structure using gearing ratio, which is calculated as under:

Particular	Year ended 31 March 2026	Year ended 31 March 2025
Borrowings	-	-
Less: Cash and Cash Equivalents	(8,860)	(6,597)
Less: Bank balances other than cash and cash equivalents	-	-
Adjusted net debt (A)	**(8,860)**	**(6,597)**
Equity share capital (refer note 14)	100	100
Other equity (refer note 15)	(1,81,798)	27,974
Total capital (B)	**(1,81,698)**	**28,074**
Capital and net debt (A+B)=(C)	**(1,90,558)**	**21,477**
Gearing ratio (D = C/A)	**2150.77%**	**-325.57%**

a) No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2026 and 31 March 2025.
b) For the purpose of capital management, capital includes issued equity capital and all other reserves attributable to the equity holders of the Company.

Note 26: Related Party Disclosures

Disclosures in accordance with the requirements of Ind AS 24 on Related Party Disclosures, as identified and certified by the management, are set out as below:

(a) Details of related parties:

Description of relationship	Names of related parties
Holding Company	Sunny Up Limited
Key Management Personnel	Elliot Matthews

(b) Details of related party transactions during the year ended 31 March 2026

Particulars	Relationship	Year ended 31 March 2026	Year ended 31 March 2025
Recovery of expenses			
Sunny Up Ltd	Holding Company		2,32,988

(c) Balance outstanding at the end of the year

Particulars	Relationship	As at 31 March 2026	As at 31 March 2025
Trade payables			
Sunny Up Ltd	Holding Company		2,32,988

Note 27: Fair value disclosure

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, carrying value of financial assets and financial liabilities including trade receivable, cash and cash equivalent, other bank balances, other financial assets, trade payables, borrowings, other financial liabilities etc. represent the best estimate of fair value.

The management assessed that fair value of these financial assets and liabilities significantly approximate their carrying amount.

a) Fair value of financial assets:

Particular	Carrying values		Fair values	
	As at 31 March 2026	As at 31 March 2025	As at 31 March 2026	As at 31 March 2025
Financial assets measured at amortised cost				
Trade receivables	2,59,788	3,60,856	2,59,788	3,60,856
Cash and cash equivalents	8,860	6,597	8,860	6,597
Total (A)	**2,68,647**	**3,67,453**	**2,68,647**	**3,67,453**
Financial assets measured at FVOCI				
Investments	-	-	-	-
Total (B)	-	-		-
Total (A+B)	**2,68,647**	**3,67,453**	**2,68,647**	**3,67,453**

b) Fair value of financial liabilities:

Financial liabilities measured at amortised cost				
Trade payables	52,610	2,32,888	52,610	2,32,888
Dues to related party	-	-	-	-
Total	**52,610**	**2,32,888**	**52,610**	**2,32,888**

Note 28: Commitments and Contingencies

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities

LILY AND LIONEL LONDON LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is that of the wholesale and retail of clothing, footwear and accessories.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

B Shah	
M Arora	(Resigned 31 December 2025)
R Chadha	(Resigned 31 December 2025)
S Ballari	(Appointed 31 December 2025)
S Jatar	(Appointed 31 December 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV12495094-9095-CADF-4850-EBAB 14/05/2026 22:23 PM UTC

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption
This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF LILY AND LIONEL LONDON LIMITED

Opinion

We have audited the financial statements of Lily and Lionel London Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Lily and Lionel London Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

The company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of IFRS 7 Financial Instruments: Disclosures;
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement;
- the requirement in paragraph 38 of IAS 1 ‘Presentation of Financial Statements’ to present comparative information in respect of: (i) paragraph 79(a) (iv) of IAS 1, (ii) paragraph 73(e) of IAS 16 Property Plant and Equipment (iii) paragraph 118 (e) of IAS 38 Intangibles Assets, (iv) paragraphs 76 and 79(d) of IAS 40 Investment Property and (v) paragraph 50 of IAS 41 Agriculture;
- the requirements of paragraphs 10(d), 10(f), 16, 38A to 38D, 39 to 40 ,111 and 134-136 of IAS 1 Presentation of Financial Statements;
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors; and
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.
- the requirement to present a statement of cash flows and related notes.
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 12.

1.2 Going concern

The financial statements have been prepared on a going concern basis, notwithstanding that at the balance sheet date, the company's had net liabilities of £770,675 (2025: £606,225).

In view of this uncertainty the directors have obtained confirmation of financial support from the parent company who will not seek repayment of the amounts owed until such time as the company is able to repays its debts. By taking this and future plans in consideration, the directors consider the going concern basis to be appropriate because the company will continue to obtain sufficient funding from within the group to enable it to pay its debts as they fall due for the next 15 months.

1 Accounting policies (Continued)

1.3 Revenue

Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

1.4 Goodwill

Goodwill represents the excess of the cost of acquisition of unincorporated businesses over the fair value of net assets acquired. It is initially recognised as an asset at cost and is subsequently measured at cost less impairment losses.

For the purposes of impairment testing, goodwill is allocated to the cash-generating units expected to benefit from the acquisition. Cash-generating units to which goodwill has been allocated are tested for impairment at least annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is subsequently reversed if, and only if, the reasons for the impairment loss have ceased to apply.

Goodwill is amortised over a 10 year straight line basis.

1.5 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.6 Cash and cash equivalents

Cash and cash equivalents include cash in hand and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.7 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

1 Accounting policies **(Continued)**

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

1 Accounting policies **(Continued)**

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.8 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.9 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.10 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.11 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

RSign Envelope ID: ENV12495094-9095-CADF-4850-EBAB 14/05/2026 22:23 PM UTC

1 Accounting policies (Continued)

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

DESIGN ARC BRANDS LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is that of the wholesale and retail of clothing, footwear and accessories.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

B Shah	
R Chadha	(Resigned 31 December 2025)
M Arora	(Resigned 31 December 2025)
S Ballari	(Appointed 31 December 2025)
S Jatar	(Appointed 31 December 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV06275964-9901-DFDE-9698-CDAD 14/05/2026 22:24 PM UTC

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption
This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF DESIGN ARC BRANDS LIMITED

Opinion

We have audited the financial statements of Design Arc Brands Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue and profit.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Design Arc Brands Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

The company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of IFRS 7 Financial Instruments: Disclosures;
- the requirement in paragraph 38 of IAS 1 ‘Presentation of Financial Statements’ to present comparative information in respect of: (i) paragraph 79(a) (iv) of IAS 1, (ii) paragraph 73(e) of IAS 16 Property Plant and Equipment (iii) paragraph 118 (e) of IAS 38 Intangibles Assets, (iv) paragraphs 76 and 79(d) of IAS 40 Investment Property;
- the requirements of paragraphs 10(d), 10(f), 16, 38A to 38D, 39 to 40 ,111 and 134-136 of IAS 1 Presentation of Financial Statements;
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors;
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.
- the requirement to present a statement of cash flows and related notes.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 17.

1.2 Going concern

The financial statements have been prepared on a going concern basis, notwithstanding that at the balance sheet date, the company's had net liabilities of £2,889,379 (2025: £2,033,555).

In view of this uncertainty the directors have obtained confirmation of financial support from the parent company who will not seek repayment of the amounts owed until such time as the company is able to repays its debts. By taking this and future plans in consideration, the directors consider the going concern basis to be appropriate because the company will continue to obtain sufficient funding from within the group to enable it to pay its debts as they fall due for the next 15 months.

1.3 Revenue

Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

RSign Envelope ID: ENV06275964-9901-DFDE-9698-CDAD 14/05/2026 22:24 PM UTC

1 Accounting policies **(Continued)**

1.4 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Computer software	3 years straight line

1.5 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Fixtures and fittings	10 years straight line
Computers	3 years straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.6 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

RSign Envelope ID: ENV06275964-9901-DFDE-9698-CDAD 14/05/2026 22:24 PM UTC

1 Accounting policies **(Continued)**

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.7 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

RSign Envelope ID: ENV06275964-9901-DFDE-9698-CDAD 14/05/2026 22:24 PM UTC

1 Accounting policies **(Continued)**

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

RSign Envelope ID: ENV06275964-9901-DFDE-9698-CDAD 14/05/2026 22:24 PM UTC

1 Accounting policies **(Continued)**

1.10 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.11 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.12 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.13 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.14 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

1 Accounting policies (Continued)

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

PDS CENTRAL AMERICA LIMITED

DIRECTORS' REPORT

The Directors have pleasure in submitting their annual report together with the audited financial statements for the year ended 31 March 2026.

Principal activities

The principal activities of the Company are trading of garments.

Dividends

The Directors do not recommend the payment of any dividend.

Share capital

Details of the share capital are summarised in the notes to financial statements.

Directors

The Directors during the year and up to the date of this report were:

Kanodia Krishna
Kanoi Abhishekh
Sunasara Sadikbhai Ismailbhai
Attignal Narayana Swamy Shree Shyam (Resigned on 27 March 2026)

The appointment of Directors is governed by the Company's Articles of Association.

Business review

The Company is a wholly-owned subsidiary of another body corporate. Accordingly, the Company is exempted from preparing a business review.

PDS CENTRAL AMERICA LIMITED

DIRECTORS' REPORT

Directors' material interests in transactions, arrangements and contracts that are significant in relation to the company's business

No transactions, arrangements and contracts of significance in relation to the Company's business of which the Company or any of its group companies was a party subsisted at the end of the year or at any time during the year in which any Directors of the Company had a material interest.

Directors' interests in shares and debentures of the company or specified undertaking of the company or any other associated corporation

At no time during the year was the Company or any of its group companies, a party to any arrangement to enable any of the Director of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Management contracts

No contract concerning the management and administration of the whole or any substantial part of the business of the Company was entered into or existed during the year.

Equity-linked agreements

The Company had not entered into any equity-linked agreements during the year.

Permitted indemnity provisions

The Company's Articles of Association provides that a director or former director of the Company may be indemnified out of the Company's assets against any liability incurred by the director to a person other than the Company or an associated company of the Company in connection with any negligence, default, breach of duty or breach of trust in relation to the Company or associated company (as the case may be). This Article only applies if the indemnity does not cover the liability set out in the Company's Articles. This permitted indemnity provision is in force during the year and at the time of approval of this report.

Auditor

A resolution to re-appoint the retiring auditor, Chow Tsz Kit, Certified Public Accountant (Practising), will be put at the forthcoming annual general meeting.

On behalf of the Board

Kano Ohmichi
Director

HONG KONG,

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF PDS CENTRAL AMERICA LIMITED
(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the annexed financial statements of PDS Central America Limited ("the Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 March 2026, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and our Auditor's Report Thereon

The Directors are responsible for the other information. The other information comprises the information included in the Directors' report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

/ ... to be continued

(Continuation)

Responsibilities of Directors for the Financial Statements

The Directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

/ to be continued

(Continuation)

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Chow Tsz Kit (Practising Certificate Number: P06162).

Chow Tsz Kit
Certified Public Accountant (Practising)

HONG KONG.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

1 General information

The Company is a private company incorporated and domiciled in Hong Kong with limited liabilities. Its registered office and principal place of business at 7/F., Park Fook Industrial Building, 615-617 Tai Nan West Street, Cheung Sha Wan, Kowloon, Hong Kong.

The Directors consider that the immediate holding company is PDS Sourcing Limited, a private company incorporated in Mauritius.

The Directors consider that the intermediate holding company is Multinational Textile Group Limited, a private company incorporated in Mauritius.

PDS Limited, a company incorporated in India and the shares are listed on the Bombay Stock Exchange (Stock code: 538730) and National Stock Exchange of India (Stock code: PDSL), is the Company's ultimate holding company.

The principal activities of the Company are trading of garments.

2 Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance.

3 Basis of preparation

a These financial statements have been prepared under the historical cost convention.

b The Company is inactive since incorporation. The immediate holding company has confirmed its present intention to provide financial support to the Company to enable it to meet its liabilities as and when they fall due and to enable the Company to continue business for the foreseeable future. Accordingly, the financial statements have been prepared on a going concern basis.

c As at 31 March 2026, there was a deficit on Shareholder's funds of HK$4,097,436.

The holding company has confirmed its present intention to provide financial support to the Company to enable it to meet its liabilities as and when they fall due and to enable the Company to continue business for the foreseeable future. Accordingly, these financial statements have been prepared on a going concern basis.

4 Adoption of new and revised Hong Kong Financial Reporting Standards

The Company has not applied the new or revised HKFRSs that have been issued but are not yet effective. The Company is in the process of making an assessment of what the impact of these amendments and new standards is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the financial statements.

5 Significant accounting policies

a Revenue

The Company has no revenue during the year.

b Receivables

A receivable is recognised when the Group's right to consideration is unconditional. A right to consideration is unconditional if only the passage of time is required before payment of that consideration is due. Receivables are stated at amortised cost using the effective interest method less allowance for credit losses.

c Payables

Payables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method.

d Cash and cash equivalents

Cash and cash equivalents include cash in hand, bank balances and deposits and other short term highly liquid investments with original maturities of three months or less.

e Income tax

Income tax expense represents the sum of current tax and deferred tax.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

NOTES TO THE FINANCIAL STATEMENTS - Continued
FOR THE YEAR ENDED 31 MARCH 2026

5 Significant accounting policies - Continued

e Income tax - Continued

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Tax rates enacted or substantively enacted at the end of the reporting period are used to determine deferred tax.
Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

f Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Assets are depreciated over their estimated useful lives and after taking into account their estimated residual values, using the straight-line method at the following annual rate:

IT equipment	33.33%

The residual values, useful lives and depreciation method are reviewed and adjusted, if appropriate, at the end of each reporting period.

The gain or loss arising from the derecognition of an item of property, plant and equipment is the difference between the net sale proceeds and the carrying amount of the relevant asset and is recognised in profit or loss.

g Impairment of non-financial assets

At the end of each reporting period, assets, other than financial assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable. When an indication of impairment exists, the Company estimates the asset's recoverable amount, being the higher of the asset's fair value less costs to sell and its value in use. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount in profit or loss. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss recognised in prior year for an asset is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss.

5 Significant accounting policies - Continued

h) Foreign currencies

The financial statements are presented in Hong Kong dollar, which is the same as the functional currency of the Company. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss except for differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income, in which cases, the exchange differences are also recognised directly in other comprehensive income.

i Related parties

i A person, or a close member of that person's family, is related to the Company if that person:

a has control or joint control over the Company;

b has significant influence over the Company; or

c is a member of the key management personnel of the Company or the Company's parent.

ii An entity is related to the Company if any of the following conditions applies:

a The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

b One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

c Both entities are joint ventures of the same third party.

d One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

e The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company.

f The entity is controlled or jointly controlled by a person identified in (i).

g A person identified in (i)(a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

h The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to the parent of the Company.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

6 Critical accounting estimates and judgements

The Company makes estimates, assumptions and judgements as appropriate in the preparation of the financial statements. These estimates and judgements are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances and will, by definition, seldom equal the actual results. The estimates, assumptions and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next year.

7 Directors' remuneration

No emolument was paid or payable during the year to any Directors. (2025: Nil)

8 Other revenue

	2026 HK$	2025 HK$
Interest income	175	-
Exchange gain	397	2
	572	2

9 Loss before taxation

Loss before taxation is arrived at after charging the following items:

	2026 HK$	2025 HK$
Auditor's remuneration	8,800	8,000
Depreciation	12,073	436
Staff costs including Directors' emoluments:		
Salaries and allowances	705,758	614,182

10 Income tax

a No Hong Kong profits tax has been provided in the financial statements as no assessable profits was earned during the year. (2025: No provision)

b The reconciliation between income tax expense and accounting loss of the Company in the financial statements is as follows:

	2026 HK$	2025 HK$
Loss before taxation	(2,060,268)	(2,817,168)
Notional tax at the applicable tax rate of 16.5%	(339,944)	(464,832)
Tax effect of unrecognised tax losses	339,944	464,832
	-	-

c At the end of the reporting period, the Company had unused tax losses of HK$4,877,436 (2025: HK$2,817,168). These tax losses are available for carry-forward and may be offset against future taxable profits of the respective entity in which they originated. Deferred tax assets of approximately HK$805,000 (2025: HK$465,000) have not been recognised in respect of these unused tax losses as it is not considered probable that sufficient taxable profits will be available in the near future for these unused tax losses to be utilised.

11 Property, plant and equipment

	2026 HK$	2025 HK$
IT equipment, at cost		
Balance b/f	5,310	-
Additions	1,899,876	5,310
Balance c/f	1,905,186	5,310
Accumulated depreciation		
Balance b/f	436	-
	12,073	436
Balance c/f	12,509	436
Carrying amounts		
Balance c/f	1,892,677	4,874

12 Amounts due to fellow subsidiaries / intermediate holding company

The amounts are unsecured, interest-free and repayable on demand.

13 Share capital

	2026 HK$	2025 HK$
Issued and fully paid 100,000 ordinary shares of US$100,000	778,000	778,000

14 Related party transactions

In addition to those related party transactions and balances disclosed elsewhere in the financial statements, the Company does not have other significant transactions with its related parties:

Key management personnel compensation

The key management personnel of the Company comprises all Directors, details of their emoluments were disclosed in note 7

15 Capital management

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern. The Directors regard total equity as capital, for capital management purposes.

The Company manages capital by regularly monitoring its current and expected liquidity requirements rather than using debt/equity ratio analysis.

16 Financial instruments

a Categories of financial instruments

	2026 HK$	2025 HK$
Financial assets		
Financial assets at amortised costs	48,242	30,120
Financial liabilities		
Financial liabilities at amortised costs	6,038,355	2,072,162

b Financial risk management

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and interest rate risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

i Credit risk

The carrying amounts of bank balances included in the statement of financial position represent the Company's maximum exposure to credit risk in relating to the Company's financial assets.

The credit risk on bank balances is limited because the counterparty is a licensed bank in Hong Kong with high credit-ratings.

ii Liquidity risk

All the Company's financial liabilities are due less than one year.

The Company's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

iii Interest rate risk

The Company has no significant interest-bearing liability during the period, even at the end of reporting period.

KNIT GALLERY HONG KONG LIMITED
Formerly known as "PDS Incubation Company Limited"

DIRECTORS' REPORT

The Directors have pleasure in submitting their annual report together with the audited financial statements for the year ended 31 March 2026.

Change of name

By a special resolution on 30 October 2025, the Company changed it name from "PDS Incubation Company Limited" to "Knit Gallery Hong Kong Limited".

Principal activities

The Company is inactive during the year since incorporation.

Dividends

The Directors do not recommend the payment of any dividend.

Share capital

Details of the share capital are summarised in the notes to financial statements.

Directors

The Directors during the year and up to the date of this report were:

Mohandas THEKKEYIL	
Abhishekh KANOI	
Vijayanand Arunachalam	(Appointed on 20 November 2025)
Suresh Mahadev PUNJABI	(Resigned on 20 November 2025)

The appointment of Directors is governed by the Company's Articles of Association.

Business review

The Company is a wholly-owned subsidiary of another body corporate. Accordingly, the Company is exempted from preparing a business review.

KNIT GALLERY HONG KONG LIMITED
Formerly known as "PDS Incubation Company Limited"

DIRECTORS' REPORT

Directors' material interests in transactions, arrangements and contracts that are significant in relation to the company's business

No transactions, arrangements and contracts of significance in relation to the Company' s business of which the Company or any of its group companies was a party subsisted at the end of the year or at any time during the year in which any Directors of the Company had a material interest.

Directors' interests in shares and debentures of the company or specified undertaking of the company or any other associated corporation

At no time during the year was the Company or any of its group companies, a party to any arrangement to enable any of the Director of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Management contracts

No contract concerning the management and administration of the whole or any substantial part of the business of the Company was entered into or existed during the year.

Equity-linked agreements

The Company had not entered into any equity-linked agreements during the year.

Permitted indemnity provisions

The Company's Articles of Association provides that a director or former director of the Company may be indemnified out of the Company ' s assets against any liability incurred by the director to a person other than the Company or an associated company of the Company in connection with any negligence, default, breach of duty or breach of trust in relation to the Company or associated company (as the case may be). This Article only applies if the indemnity does not cover the liability set out in the Company's Articles. This permitted indemnity provision is in force during the year and at the time of approval of this report.

Auditor

A resolution to re-appoint the retiring auditor, Chow Tsz Kit, Certified Public Accountant (Practising), will be put at the forthcoming annual general meeting.

On behalf of the Board

Mohandas THEKKEYIL
Director

HONG KONG.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF KNIT GALLERY HONG KONG LIMITED
Formerly known as "PDS Incubation Company Limited"
(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the annexed financial statements of PDS Incubation Company Limited ("the Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 March 2026, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and our Auditor's Report Thereon

The Directors are responsible for the other information. The other information comprises the information included in the Directors' report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

/... to be continued

(Continuation)

Responsibilities of Directors for the Financial Statements

The Directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

  Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

/ to be continued

(Continuation)

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Chow Tsz Kit, practising certificate number: P05162.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2026

1 General information

The Company is a private company incorporated and domiciled in Hong Kong with limited liabilities, its registered office and principal place of business at 7/F., Park Fook Industrial Building, 615-617 Tai Nan West Street, Cheung Sha Wan, Kowloon, Hong Kong.

The Directors consider that the immediate holding company is PDS Manufacturing Limited, a private company incorporated in Mauritius.

The Directors consider that the intermediate holding company is Multinational Textile Group Limited, a private company incorporated in Mauritius.

PDS Limited, a company incorporated in India and the shares are listed on the Bombay Stock Exchange (Stock code: 538730) and National Stock Exchange of India (Stock code: PDSL), is the Company's ultimate holding company.

The Company is inactive during the year since incorporation.

2 Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards (" HKFRSs"), which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards (" HKASs ") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (" HKICPA ") and accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance.

3 Basis of preparation

a These financial statements have been prepared under the historical cost convention.

b The Company is inactive since incorporation. The shareholders confirmed their present intention to provide financial support to the Company to enable it to meet its liabilities as and when they fall due and to enable the Company to continue business for the foreseeable future. Accordingly, the financial statements have been prepared on a going concern basis.

4 Adoption of new and revised Hong Kong Financial Reporting Standards

The HKICPA has issued a number of new and revised HKFRSs that are first effective for the current accounting period of the Company. The adoption of these HKFRSs has no material impact on these financial statements.

The Company has not applied the new or revised HKFRSs that have been issued but are not yet effective. The Company is in the process of making an assessment of what the impact of these amendments and new standards is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the financial statements.

5 Significant accounting policies

a Revenue

The Company has no revenue during the year.

b Payables

Payables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method.

c Cash and cash equivalents

Cash and cash equivalents include cash in hand, bank balances, and deposits and other short-term highly liquid investments with original maturities of three months or less.

d Income tax

Income tax expense represents the sum of current tax and deferred tax.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Tax rates enacted or substantively enacted at the end of the reporting period are used to determine deferred tax.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

5 Significant accounting policies - Continued

e Impairment of non-financial assets

At the end of each reporting period, assets, other than financial assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable. When an indication of impairment exists, the Company estimates the asset's recoverable amount, being the higher of the asset's fair value less costs to sell and its value in use. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount in profit or loss. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss recognised in prior year for an asset is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss.

f Foreign currencies

The financial statements are presented in Hong Kong dollar, which is the same as the functional currency of the Company. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss except for differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income, in which cases, the exchange differences are also recognised directly in other comprehensive income.

g Related parties

i A person, or a close member of that person's family, is related to the Company if that person:

a has control or joint control over the Company;

b has significant influence over the Company; or

c is a member of the key management personnel of the Company or the Company's parent.

5 Significant accounting policies - Continued

g Related parties - Continued

i An entity is related to the Company if any of the following conditions applies:

a The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

b One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

c Both entities are joint ventures of the same third party.

d One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

e The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company.

f The entity is controlled or jointly controlled by a person identified in (i).

g A person identified in (i)(a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

h The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to the parent of the Company.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

6 Critical accounting estimates and judgements

The Company makes estimates, assumptions and judgements as appropriate in the preparation of the financial statements. These estimates and judgements are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances and will, by definition, seldom equal the actual results. The estimates, assumptions and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next year.

7 Directors' remuneration

No emolument was paid or payable during the year to any Directors. (2025: Nil)

8 Other revenue, net

	2026 HK$	2025 HK$
Bank interest income	58	284
Exchange gain	(11)	7
	47	291

9 Income tax

a No Hong Kong profits tax has been provided in the financial statements as no assessable profits was earned during the year. (2025: No provision)

b The reconciliation between income tax expense and accounting loss of the Company in the financial statements is as follows:

	2026 HK$	2025 HK$
Loss before taxation	(27,886)	(21,122)
Notional tax at the applicable tax rate of 16.5%	(4,601)	(3,485)
Tax effect of unrecognised tax losses	4,601	3,485
	-	-

c No deferred tax has been provided as in the opinion of Directors, no such liability would arise in the foreseeable future.

10 Share capital

	2026 HK$	2025 HK$
Issued and fully paid 10,000 ordinary shares of US$10,000	77,800	77,800

11 Related party transactions

Except to those related party transactions and balances disclosed elsewhere in the financial statements, the Company does not have other significant related party transactions and balances.

12 Capital management

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern. The Directors regard total equity as capital, for capital management purposes.

The Company manages capital by regularly monitoring its current and expected liquidity requirements rather than using debt/equity ratio analysis.

13 Financial instruments

a Categories of financial instruments

	2026 HK$	2025 HK$
Financial assets		
Financial assets at amortised costs	18,494	46,382
Financial liabilities		
Financial liabilities at amortised costs	8,000	6,000

b Financial risk management

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and interest rate risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

i Credit risk

The carrying amounts of bank balances and amount due from a fellow subsidiary included in the statement of financial position represent the Company's maximum exposure to credit risk in relating to the Company's financial assets.

The credit risk on bank balances is limited because the counterparty is a licensed bank in Hong Kong with high credit-ratings.

The credit risk on amount due from a fellow subsidiary is closely monitored by the Directors.

13 Financial instruments - Continued

b Financial risk management - Continued

ii Liquidity risk

All the Company's financial liabilities are due less than one year.

The Company's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

iii Interest rate risk

The Company has no significant interest-bearing liability during the year, even at the end of reporting period.

c Fair values

The Directors have considered that the carrying amounts of all financial assets and liabilities approximated to their fair values at 31 March 2026 and 31 March 2025.

14 Approval of financial statements

The financial statements were approved and authorised for issue by the Board of Directors on 13 MAY 2026

Company registration number 14841429 (England and Wales)

NEW LOBSTER LIMITED

STRATEGIC REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present the strategic report for the year ended 31 March 2026.

Review of the business

Operating as a core licensee for the Ted Baker brand, New Lobster Limited is the global hub for the design and sourcing of adult clothing and accessories.

The financial results for the year are presented on page 9.

Revenue is primarily derived from the wholesale distribution of Ted Baker-branded products and commissions from sales of other Ted Baker licensee customers.

As noted in last year's Business Review, the Company was significantly impacted by the collapse of the UK and US direct retail businesses in 2024. This not only resulted in the loss of retail commission income, but also adversely affected brand perception among long-standing wholesale partners and the wider consumer market.

Consequently, the Company was required to manage elevated levels of inventory arising from cancelled orders, leading to increased discounting and reduced margins. At the same time, wholesale partners were more cautious in committing to new orders during 2025–26 as the market adjusted following the administration of the former retail partners.

In response to these challenging trading conditions, management acted decisively, undertaking a comprehensive review of the business. This included resizing the cost base through headcount realignment, renegotiating key supplier terms, implementing a structured approach to clearing excess stock, and working closely with the brand owners to protect and reposition the Ted Baker brand.

Key performance indicators for the year remain turnover and profitability. Revenue for the period was £42.2m (2025: £44.6m), with a pre-tax loss of £4.2m (2025: £1.7m). No dividend was declared during the year (2025: £nil).

The turnaround programme is now well advanced and early signs of stabilisation are evident. Based on the approved budget and a strengthened forward order book, the Directors are targeting a return to at least break-even in the current financial year, with the business well positioned to rebuild profitability as market conditions normalise and demand recovers.

Principal risks and uncertainties

New Lobster expects the market to continue to be challenging and competitive in the coming year, not to mention ongoing conflicts affecting consumer confidence and wider logistic issues. The primary risks to the business and expansion are counterparty risks in the current dynamic and evolving environment. However, we believe the Company is in a good position to capitalise on its leadership, design, and sourcing skills.

Development and performance

We believe the Company is well established in our markets with strong recognition of the Ted Baker brand. We are actively involved in attracting new strong partnerships and customers while building deeper relationships with existing customers. With a strong foundation and robust support from the ultimate parent company, New Lobster is well-positioned for a complete turnaround to long-term growth and consistent performance.

NEW LOBSTER LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company continues to be that of the designing and sourcing of apparel.

Results and dividends
The results for the year are set out on page 9.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr S Ballari
Mr S Goodwin
Mr S Jatar
Mr M Watts

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

On behalf of the board

Mr M Watts
Director

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF NEW LOBSTER LIMITED

Opinion

We have audited the financial statements of New Lobster Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management, testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

New Lobster Limited is a private company limited by shares incorporated in England and Wales. The registered office is 6-10 Market Road, London, N7 9PW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;
- a reconciliation of the number and weighted average exercise prices of share options, how the fair value of share-based payments was determined and their effect on profit or loss and the financial position; and
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Lifestyle Limited. The group accounts of PDS Lifestyle Limited are available to the public and can be obtained as set out in note 24.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

RSign Envelope ID: ENV24556569-8825-EEFD-5110-BCBC 08/05/2026 15:34 PM UTC

1 Accounting policies **(Continued)**

1.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

Sale of goods

Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

Agency commission receivable

Commission receivable is earned when the supplier delivers to the end customers.

1.4 Intangible assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Software	3 years straight line

1.5 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Fixtures and fittings	10 years straight line
Computers	3 years straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.6 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

RSign Envelope ID: ENV24556569-8825-EEFD-5110-BCBC 08/05/2026 15:34 PM UTC

1 Accounting policies **(Continued)**

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.7 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

RSign Envelope ID: ENV24556569-8825-EEFD-5110-BCBC 08/05/2026 15:34 PM UTC

1 Accounting policies **(Continued)**

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

RSign Envelope ID: ENV24556569-8825-EEFD-5110-BCBC 08/05/2026 15:34 PM UTC

1 Accounting policies **(Continued)**

1.10 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.11 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.12 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

RSign Envelope ID: ENV24556569-8825-EEFD-5110-BCBC 08/05/2026 15:34 PM UTC

1 Accounting policies **(Continued)**

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.13 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.14 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.15 Share-based payments

The ultimate parent company PDS Limited has issued share options to certain directors and employees. These are measured at fair value and recognised as an expense in the profit and loss account with a corresponding increase in equity. The fair value of the options was estimated at the date of grant using the Black - Scholes option pricing model. The fair value will be charged as an expense in the profit or loss account over the vesting period. The charge is adjusted each year to reflect the expected and actual level of vesting.

When the terms and conditions of equity-settled share-based payments at the time they were granted are subsequently modified, the fair value of the share-based payment under the original terms and conditions and under the modified terms and conditions are both determined at the date of the modification. Any excess of the modified fair value over the original fair value is recognised over the remaining vesting period in addition to the grant date fair value of the original share-based payment. The share-based payment expense is not adjusted if the modified fair value is less than the original fair value.

Cancellations or settlements (including those resulting from employee redundancies) are treated as an acceleration of vesting and the amount that would have been recognised over the remaining vesting period is recognised immediately.

RSign Envelope ID: ENV24556569-8825-EEFD-5110-BCBC 08/05/2026 15:34 PM UTC

1 Accounting policies (Continued)

1.16 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

2 Critical accounting estimates and judgements

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Critical judgements

Share-based payments

The Group operates an employee compensation scheme, settled in equity. The fair value of equity-settled share-based payment arrangements requires significant judgement in the determination of the valuation of options, or the assumptions regarding vesting conditions being met, which will affect the expense recognised during the period.

These assumptions include the future volatility of the Company's share price, future dividend yield and the rate that which awards will lapse or be forfeited. These assumptions are then applied to a recognised valuation model in order to calculate the fair value of the awards. The fair value attributed to the awards, and hence the charge made in the income statement, could be materiality affected should different assumptions be made to those applied by the Group. Details of these assumptions are set out in note 19. The Group uses a professional valuer in the determination of the fair value of options at grant date.

18 Share-based payments

The options outstanding at 31 March 2026 had an exercise price INR 219 (2025: INR 133 to INR 174.91) and a weighted average contractual life of 0 years (2025: 0.6 years).

There were no options exercised in 2025 or 2026.

Expenses		
Related to equity settled share based payments	707	6,244

Share options were granted to the employees of the company on 22/10/2021. There are performance conditions attached to these options. Options granted under this plan vest as follows;

a. 25% of the options vest at the end of 1st year from the date of Grant,
b. 25% of the options vest at the end of 2nd year from the date of Grant,
c. 25% of the options vest at the end of 3rd year from the date of Grant,
d. 25% of the options vest at the end of 4th year from the date of Grant,

Exercise of an option is subject to continuous employment and fulfilling the conditions as set out in the grant letter.

Options were valued used the Black-Scholes option-pricing model. The fair value per option granted and the assumptions used in the calculations are as follows;

Grant date	22/10/2021
Share price at grant date	INR 273.80
Exercise price	INR 219.00
Number of employees	3
Shares under option	185,000
Vesting period (years)	4
Option life (years)	4
Expected life (years)	4
Fair value per option:	
Year 1	INR 94.80
Year 2	INR 107.00
Year 3	INR 117.20
Year 4	INR 125.20

The exercise price, and hence the fair value, of the options is denominated in INR and has been translated in the table above at the exchange rate on the date of grant being INR 103.194 = £1.

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is that of the sale of womenswear, menswear and childrenswear apparel.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr Sagarkumar Ballari	
Mr Abhishekh Kanoi	
Mr Bhavesh Shah	(Appointed 9 May 2025)
Mr Roland Seregi	(Resigned 9 May 2025)
Mr Andrew Reaney	

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV49016494-5594-EBCF-8210-AAFD 13/05/2026 15:47 PM UTC

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Andrew reaney

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF OLE FASHION LIMITED

Opinion

We have audited the financial statements of OLE Fashion Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls) and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

OLE Fashion Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Reporting period

The company was incorporated on 30 May 2024. Therefore, the comparative figures represent a period of 11 months and 1 day.

1.2 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

The company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of IFRS 7 Financial Instruments: Disclosures;
- the requirement in paragraph 38 of IAS 1 ‘Presentation of Financial Statements’ to present comparative information in respect of: (i) paragraph 79(a) (iv) of IAS 1, (ii) paragraph 73(e) of IAS 16 Property Plant and Equipment (iii) paragraph 118 (e) of IAS 38 Intangibles Assets, (iv) paragraphs 76 and 79(d) of IAS 40 Investment Property;
- the requirements of paragraphs 10(d), 10(f), 16, 38A to 38D, 39 to 40 ,111 and 134-136 of IAS 1 Presentation of Financial Statements;
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors;
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.
- the requirement to present a statement of cash flows and related notes.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 20.

1.3 Going concern

The financial statements have been prepared on a going concern basis, notwithstanding that at the balance sheet date, the company's had net liabilities of £934,930 (2025: £1,120,651).

In view of this uncertainty the directors have obtained confirmation of financial support from the parent company who will not seek repayment of the amounts owed until such time as the company is able to repays its debts. By taking this and future plans in consideration, the directors consider the going concern basis to be appropriate because the company will continue to obtain sufficient funding from within the group to enable it to pay its debts as they fall due for the next 15 months.

The intermediate holding company has also agreed to provide financial support for at least the next 12 months.

1 Accounting policies (Continued)

1.4 Revenue

Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

1.5 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Leasehold land and buildings	Over the term of the lease
Leasehold improvements	1.25 years straight line
Fixtures and fittings	3 to 10 years straight line
Computers	3 years straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.6 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1 Accounting policies **(Continued)**

1.7 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

Inventories held for distribution at no or nominal consideration are measured at the lower of cost and replacement cost, adjusted where applicable for any loss of service potential.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

1 Accounting policies **(Continued)**

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.10 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

1 Accounting policies **(Continued)**

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.11 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.12 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.13 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.14 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

1 Accounting policies **(Continued)**

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for lease payments made at or before the commencement date plus any initial direct costs and an estimate of the cost of obligations to dismantle, remove, refurbish or restore the underlying asset and the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently adjusted for remeasurements of the lease liability and applies the relevant cost model, fair value model or revaluation model as set out within the accounting policies for the applicable asset class. Where the cost model is applied, the asset is depreciated from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term, and is periodically reduced by impairment losses, if any.

The lease liability is initially measured at the present value of the lease payments that are unpaid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise fixed payments, variable lease payments that depend on an index or a rate, amounts expected to be payable under a residual value guarantee, and the cost of any options that the company is reasonably certain to exercise, such as the exercise price under a purchase option, lease payments in an optional renewal period, or penalties for early termination of a lease.

The lease liability is measured at amortised cost using the effective interest method. It is reassessed at each financial period end to reflect lease modifications and any changes to the factors considered at initial measurement, as set out above. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

2 Revenue

	2026	2025
	£	£
Revenue analysed by class of business		
Sale of garments	1,143,599	-

DBS LIFESTYLE LIMITED

DIRECTORS' REPORT

The Directors have pleasure in submitting their first report together with the audited financial statements for the year ended 31 March 2026.

Principal activities

The Company is engaged in trading of garments during the year.

Dividends

The Directors do not recommend the payment of any dividend.

Share capital

Details of the share capital are summarised in the notes to financial statements.

Directors

The Directors during the year and up to the date of this report were:

Mohandas THEKKEYIL
Suresh Mahadev PUNJABI
Sadikbhai Ismailbhai SUNASARA
Bhawnish SURI
Divya Sahni SURI

The appointment of Directors is governed by the Company's Articles of Association.

Business review

The Company falls within reporting exemption for the year. Accordingly, the Company is exempted from preparing a business review.

Directors' material interests in transactions, arrangements and contracts that are significant in relation to the company's business

No transactions, arrangements and contracts of significance in relation to the Company's business of which the Company or any of its group companies was a party subsisted at the end of the year or at any time during the year in which any Directors of the Company had a material interest.

DIRECTORS' REPORT

Directors' interests in shares and debentures of the company or specified undertaking of the company or any other associated corporation

At no time during the year was the Company or any of its group companies, a party to any arrangement to enable any of the Director of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Management contracts

No contract concerning the management and administration of the whole or any substantial part of the business of the Company was entered into or existed during the year.

Equity-linked agreements

The Company had not entered into any equity-linked agreements during the year.

Permitted indemnity provisions

The Company's Articles of Association provides that a director or former director of the Company may be indemnified out of the Company's assets against any liability incurred by the director to a person other than the Company or an associated company of the Company in connection with any negligence, default, breach of duty or breach of trust in relation to the Company or associated company (as the case may be). This Article only applies if the indemnity does not cover the liability set out in the Company's Articles. This permitted indemnity provision is in force during the year and at the time of approval of this report.

Auditor

A resolution to re-appoint the retiring auditor, Chow Tsz Kit, Certified Public Accountant (Practising), will be put at the forthcoming annual general meeting.

On behalf of the Board

Mohandas THEKKEYIL
Director

HONG KONG,

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF DBS LIFESTYLE LIMITED
(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the annexed financial statements of DBS Lifestyle Limited ("the Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 March 2026, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and our Auditor's Report Thereon

The Directors are responsible for the other information. The other information comprises the information included in the Directors' report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

/... to be continued

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF DBS LIFESTYLE LIMITED
(Incorporated in Hong Kong with limited liability)

(Continuation)

Responsibilities of Directors for the Financial Statements

The Directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

/ ... to be continued

(Continuation)

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Chow Tsz Kit, practising certificate number: P08162.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026

1 General information

The Company is a private company incorporated and domiciled in Hong Kong with limited liabilities, its registered office and principal place of business at 7/F., Park Fook Industrial Building, 615-617 Tai Nan West Street, Cheung Sha Wan, Kowloon, Hong Kong.

The Directors consider that the immediate holding company is PDS Sourcing Limited, a private company incorporated in Mauritius.

The Directors consider that the intermediate holding company is Multinational Textile Group Limited, a private company incorporated in Mauritius.

PDS Limited, a company incorporated in India and the shares are listed on the Bombay Stock Exchange (Stock code: 538730) and National Stock Exchange of India (Stock code: PDSL), is the Company's ultimate holding company.

The Company is engaged in trading of garments during the year.

2 Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance.

3 Basis of preparation

a These financial statements have been prepared under the historical cost convention.

b The Company is inactive since incorporation. The immediate holding company has confirmed its present intention to provide financial support to the Company to enable it to meet its liabilities as and when they fall due and to enable the Company to continue business for the foreseeable future. Accordingly, the financial statements have been prepared on a going concern basis.

4 Adoption of new and revised Hong Kong Financial Reporting Standards

The HKICPA has issued a number of new and revised HKFRSs that are first effective for the current accounting period of the Company. The adoption of these HKFRSs has no material impact on these financial statements.

The Company has not applied the new or revised HKFRSs that have been issued but are not yet effective. The Company is in the process of making an assessment of what the impact of these amendments and new standards is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the financial statements.

5 Significant accounting policies

a Revenue

Revenue represents gross receipt from sales of garment products during the year.

b Payables

Payables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method.

c Receivables

Receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any impairment. A provision for impairment of receivables is made when there is objective evidence (such as the probability of insolvency or significant financial difficulties of debtors) that the Company will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the carrying amount of the receivables and the present value of the estimated future cash flows, discounted at the original effective interest rate. The carrying amount of receivables is reduced through the use of an allowance account. Impaired debts are derecognised when they are assessed as uncollectible. Subsequent recovery of amounts previously written off is credited to profit or loss.

d Cash and cash equivalents

Cash and cash equivalents include cash in hand, bank balances and deposits and other short-term highly liquid investments with original maturities of three months or less.

5 Significant accounting policies - Continued

e Income tax

Income tax expense represents the sum of current tax and deferred tax.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Tax rates enacted or substantively enacted at the end of the reporting period are used to determine deferred tax.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

f Impairment of non-financial assets

At the end of each reporting period, assets, other than financial assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable. When an indication of impairment exists, the Company estimates the asset's recoverable amount, being the higher of the asset's fair value less costs to sell and its value in use. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount in profit or loss. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss recognised in prior year for an asset is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss.

g Foreign currencies

The financial statements are presented in Hong Kong dollar, which is the same as the functional currency of the Company. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss except for differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income, in which cases, the exchange differences are also recognised directly in other comprehensive income.

5 Significant accounting policies - Continued

h Related parties

i A person, or a close member of that person's family, is related to the Company if that person:

a has control or joint control over the Company;

b has significant influence over the Company; or

c is a member of the key management personnel of the Company or the Company's parent.

ii An entity is related to the Company if any of the following conditions applies:

a The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

b One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

c Both entities are joint ventures of the same third party.

d One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

e The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company.

f The entity is controlled or jointly controlled by a person identified in (i).

g A person identified in (i)(a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

h The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to the parent of the Company.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

6 Critical accounting estimates and judgements

The Company makes estimates, assumptions and judgements as appropriate in the preparation of the financial statements. These estimates and judgements are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances and will, by definition, seldom equal the actual results. The estimates, assumptions and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next year.

7 Other revenue

	2026 HK$	2025 HK$
Exchange gain, net	35	-

8 Directors' remuneration

No emolument was paid or payable during the year to any Directors. (2025: Nil)

9 Income tax

a No Hong Kong profits tax has been provided in the financial statements as no assessable profits was earned during the year. (2025: No provision)

b The reconciliation between income tax expense and accounting profit / (loss) of the Company in the financial statements is as follows:

	2026 HK$	2025 HK$
Profit / (loss) before taxation	109,369	(23,405)
Notional tax at the applicable tax rate of 16.5%	18,045	(3,861)
Tax effect of unrecognised tax losses	-	3,861
Tax effect of income not subject to tax	(18,045)	-
	-	-

c No deferred tax has been provided as in the opinion of Directors, no such liability would arise in the foreseeable future.

10 Amount due from immediate holding company

	2026 HK$	2025 HK$
PDS Sourcing Limited	77,800	77,800
Maximum balances outstanding during the year / period	77,800	77,800

The amount is unsecured, interest-free and has no fixed terms of repayment.

11 Amount due to a fellow subsidiary

The amount is unsecured, interest-free and has no fixed terms of repayment.

12 Share capital

	2026 HK$	2025 HK$
Issued and fully paid 10,000 ordinary shares of US$10,000	77,800	77,800

13 Related party transactions

Except to those related party transactions and balances disclosed elsewhere in the financial statements, the Company does not have other significant related party transactions and balances.

14 Capital management

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern. The Directors regard total equity as capital, for capital management purposes.

The Company manages capital by regularly monitoring its current and expected liquidity requirements rather than using debt/equity ratio analysis.

15 Financial instruments

a Categories of financial instruments

	2026 HK$	2025 HK$
Financial assets Financial assets at amortised costs	148,684	78,295
Financial liabilities Financial liabilities at amortised costs	8,000	47,000

15 Financial instruments - Continued

b Financial risk management

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and interest rate risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

i Credit risk

The carrying amounts of bank balances and amount due from a fellow subsidiary included in the statement of financial position represent the Company's maximum exposure to credit risk in relating to the Company's financial assets.

The credit risk on bank balances is limited because the counterparty is a licensed bank in Hong Kong with high credit-ratings.

The credit risk on amount due from a fellow subsidiary is closely monitored by the Directors.

ii Liquidity risk

All the Company's financial liabilities are due less than one year.

The Company's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

iii Interest rate risk

The Company has no significant interest-bearing liability during the year, even at the end of reporting period.

c Fair values

The Directors have considered that the carrying amounts of all financial assets and liabilities approximated to their fair values at 31 March 2026 and 31 March 2025.

16 Approval of financial statements

The financial statements were approved and authorised for issue by the Board of Directors on 13 MAY 2026

Company registration number 14777296 (England and Wales)

PDS LIFESTYLE LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company continued to be that of a holding company.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid (2025: £nil). The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr S Ballari
Mr A Kanoi
Mr M Watts

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV70386594-1683-CFAD-8544-FBFC 08/05/2026 15:51 PM UTC

Statement of disclosure to auditor

Each director in office at the date of approval of this annual report confirms that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- the director has taken all the steps that he / she ought to have taken as a director in order to make himself / herself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Mr M Watts
Director

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF PDS LIFESTYLE LIMITED

Opinion

We have audited the financial statements of PDS Lifestyle Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls).

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

PDS Lifestyle Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, United Kingdom, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Lifestyle Limited. The group accounts of PDS Lifestyle Limited are available to the public and can be obtained as set out in note 14.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

1.3 Cash and cash equivalents

Cash and cash equivalents include cash in hand, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

RSign Envelope ID: ENV70386594-1683-CFAD-8544-FBFC 08/05/2026 15:51 PM UTC

1 Accounting policies **(Continued)**

1.4 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company’s business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

RSign Envelope ID: ENV70386594-1683-CFAD-8544-FBFC 08/05/2026 15:51 PM UTC

1 Accounting policies **(Continued)**

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.5 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.6 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.7 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

2 Operating loss

	2026	2025
Operating loss for the year is stated after charging/(crediting):	£	£
Exchange losses	83,859	101,387

OFICIAIS DE CONTAS

Independent Auditor's Report

TO THE MEMBERS OF POSITIVE MATERIALS INDUSTRIES LDA

Report on the Audit of the Special purpose financial statements

Opinion

We have audited the accompanying special purpose financial statements of **POSITIVE MATERIALS INDUSTRIES LDA** (the Company), which comprise the balance sheet as at March 31st 2026 (showing total assets of 1.169.798,52 euros and total negative equity of 823.925,06 euros, including a net profit of 111.602,39 euros), the Statement of Profit and Loss, including Other Comprehensive Income (herein after referred to as "special purpose financial statements"). The special purpose financial statements have been prepared by the management of Company, solely for the purpose of preparation of the consolidated financial statements of its ultimate holding company, PDS Limited.

In our opinion and to the best of our information and according to the explanations given to us, nothing has come to our knowledge that should lead us to conclude that the aforesaid special purpose financial statements do not give a true and fair view in all material aspects, in conformity with the Portuguese Accounting Regulations (NCRF) other accounting principles generally accepted in Portugal, of the state of affairs of the Company as at March 31 st 2026, and its total comprehensive ptofit for the period ended on that date.

Basis for Opinion

We conducted our audit of the special purpose financial statements in accordance with the International Standards on Auditing 800 (Revised) - Audits of Financial Statements Prepared in Accordance with Special Purpose Frameworks. Our responsibilities under those Standards are further described in the 'Auditor's Responsibility for the Audit of the special purpose financial statements' section of our report.

ACM
SOCIEDADE DE REVISORES
OFICIAIS DE CONTAS

Information other than the special purpose financial statements and Auditor's report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors report, but does not include the special purpose financial statements and our auditors' report thereon.

Our opinion on the special purpose financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the special purpose financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the special purpose financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the special purpose financial statements

The Company's Board of Directors is responsible for the preparation of these special purpose financial statements that give a true and fair view of the financial position and financial performance of the Company in accordance with the accounting principles generally accepted in Portugal.

This responsibility also includes maintenance of adequate accounting records and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the special purpose financial statements that give a true and fair view and free from material misstatement, whether due to fraud or error.

In preparing the special purpose financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

ACM
SOCIEDADE DE REVISORES OFICIAIS DE CONTAS

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the special purpose financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these special purpose financial statements.

A limited review of financial statements is a work of limited assurance. The procedures we performed consist fundamentally of enquiries and analytical procedures and consequent evaluation of the evidence obtained.

The procedures performed in a limited review are significantly shorter than the procedures performed in an audit carried out in accordance with International Standards on Auditing (ISA). Consequently, we do not express an audit opinion on these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the special purpose financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

ACM
SOCIEDADE DE REVISORES
OFICIAIS DE CONTAS

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

• Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the special purpose financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the special purpose financial statements, including the disclosures, and whether the special purpose financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the special purpose financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the special purpose financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the special purpose financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

ACM
SOCIEDADE DE REVISORES
OFICIAIS DE CONTAS

Other Reporting Requirements

We further report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid special purpose financial statements.

b) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), are dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the special purpose financial statements.

Basis of Accounting and Restriction on Distribution and Use

The Special Purpose Financial Statements have been prepared for the internal use of the Company. As a result, the Special Purpose Financial Statements may not be suitable for another purpose. It should not be used for any other purpose without our prior written consent.

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is that of providing R&D support to its parent company.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr Roland Seregi	(Resigned 9 May 2025)
Mr Abhishekh Kanoi	
Mr Sagarkumar Ballari	
Mr Bhavesh Shah	(Appointed 9 May 2025)

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV64596946-9238-FBED-8843-EECA 24/04/2026 08:28 AM UTC

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF POSITIVE MATERIALS LIMITED

Opinion

We have audited the financial statements of Positive Materials Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Positive Materials Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 12.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

In addition, the parent company has agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

1.3 Revenue

Revenue comprises sales of goods or services provided to customers net of value added tax and other sales taxes, less an appropriate deduction for actual and expected returns and discounts. Revenue is recognised when performance obligations are satisfied and the control of goods or services is transferred to the buyer. Where the performance obligation is satisfied over time, revenue is recognised in accordance with its progress towards complete satisfaction of that performance obligation.

1 Accounting policies (Continued)

1.4 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Computers	3 year's straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the income statement.

1.5 Impairment of tangible and intangible assets

At each reporting end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.6 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1 Accounting policies (Continued)

1.7 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company’s business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

RSign Envelope ID: ENV64596946-9238-FBED-8843-EECA 24/04/2026 08:28 AM UTC

1 Accounting policies **(Continued)**

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.8 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.9 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.10 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1 Accounting policies (Continued)

1.11 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

VIVERE LONDON LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company continued to be that of wholesale and retail of clothing, footwear and textiles.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr Damian Hopkins	(Resigned 26 March 2026)
Mr Rahul Khettry	
Mr Roland Seregi	(Resigned 9 May 2025)
Mr Bhavesh Shah	(Appointed 9 May 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV07195464-9718-BAAB-4839-ABBD 08/05/2026 15:44 PM UTC

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption
This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF VIVERE LONDON LIMITED

Opinion

We have audited the financial statements of Vivere London Limited (the 'company') for the year ended 31 March 2026 which comprise the profit and loss account, the balance sheet and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report. We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemption in preparing the directors' report and from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Director that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Bhavesh Shah

Mr Bhavesh Shah
Director

Company registration number 14089027 (England and Wales)

1 Accounting policies

Company information

Vivere London Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House, 4 Thomas More Square, London, E1W 1YW.

1.1 Basis of preparation

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

1.3 Revenue

Turnover is recognised at the fair value of the consideration received or receivable for goods provided in the normal course of business, and is shown net of VAT and other sales related taxes. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer (usually on dispatch of the goods), the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

1.4 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Computers	3 Years on a straight line basis

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

1 Accounting policies **(Continued)**

1.5 Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.6 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition.

At each reporting date, an assessment is made for impairment. Any excess of the carrying amount of stocks over its estimated selling price less costs to complete and sell is recognised as an impairment loss in profit or loss. Reversals of impairment losses are also recognised in profit or loss.

1.7 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

RSign Envelope ID: ENV07195464-9718-BAAB-4839-ABBD 08/05/2026 15:44 PM UTC

1 Accounting policies **(Continued)**

1.8 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Basic financial liabilities

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

1.9 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

RSign Envelope ID: ENV07195464-9718-BAAB-4839-ABBD 08/05/2026 15:44 PM UTC

1 Accounting policies (Continued)

1.10 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.11 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.12 Leases

As lessee

Rentals payable under operating leases, including any lease incentives received, are charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leases asset are consumed.

2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

3 Employees

The average monthly number of persons (including directors) employed by the company during the year was:

	2026 Number	2025 Number
Total	7	3

The directors acting during the period are remunerated by other group companies. There are no identifiable qualifying services for this company in 2026.

ADAPTIVE FASHION LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the year ended 31 March 2026.

Principal activities
The principal activity of the company is that of the sale of adaptive men's and women's clothing.

Results and dividends
The results for the year are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Mr Sagarkumar Ballari	
Mr Abhishekh Kanoi	
Mr Roland Seregi	(Resigned 9 May 2025)
Mr Bhavesh Shah	(Appointed 9 May 2025)

Auditor
The auditor, UHY Hacker Young, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company’s transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RSign Envelope ID: ENV70464159-7940-FBDB-3759-BCFC 27/04/2026 11:32 AM UTC

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

Small companies exemption
This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ADAPTIVE FASHION LIMITED

Opinion

We have audited the financial statements of Adaptive Fashion Limited (the 'company') for the year ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young

London E1W 1YW

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Adaptive Fashion Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new International Financial Reporting Standards in issue but not yet effective at the reporting date;
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 10.

1.2 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

In addition, group companies have agreed not to seek repayment of amounts owed until the company is able to pay its debts as they fall due.

1.3 Revenue

Revenue is measured at the fair value of the consideration received or receivable.

1 Accounting policies **(Continued)**

-Sale of goods
Revenue represents amounts receivable from the distribution of garments net of discounts and value added tax. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

-Collaborative income
Revenue represents amounts receivable from the collaboration with other companies. Revenue is recognised once the performance conditions of the agreement have been met.

1.4 Cash and cash equivalents
Cash and cash equivalents include cash in hand and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.5 Financial assets
Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss
When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost
Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

RSign Envelope ID: ENV70464159-7940-FBDB-3759-BCFC 27/04/2026 11:32 AM UTC

1 Accounting policies **(Continued)**

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.6 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

1 Accounting policies **(Continued)**

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.7 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.8 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.9 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.10 Leases

As lessee

At inception, the company assesses whether a contract is, or contains, a lease within the scope of IFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Where a tangible asset is acquired through a lease, the company recognises a right-of-use asset and a lease liability at the lease commencement date. Right-of-use assets are included within property, plant and equipment, apart from those that meet the definition of investment property.

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of machinery that have a lease term of 12 months or less, or for leases of low-value assets including IT equipment. The payments associated with these leases are recognised in profit or loss on a straight-line basis over the lease term.

INDEPENDENT AUDITOR'S REPORT

To the Members of Knit Gallery India Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Knit Gallery India Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 ("The Act" or "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon. The Board's Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended]. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The financial statements of the Company for the year ended March 31, 2025 have been audited by the predecessor auditor who expressed an unmodified opinion on the financial statements vide their report dated June 25, 2025.

Our opinion on the audited financial statements is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, (hereinafter referred to as the "Order"), we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

(c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;

(d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;

(e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act;

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in “Annexure B” to this report;

(g) With respect to the matter to be included in the Auditors’ Report under Section 197(16) of the Act, in our opinion and according to the information and explanations given to us, no managerial remuneration for the year ended March 31, 2026 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

.

(h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 33 to the financial statements;

ii. The Company has accounted for material foreseeable losses, if any, for long-term contracts including derivative contracts

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company

iv. a) The management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, if any, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediaries shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

b) The management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, if any, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c) Based on such audit procedures, we have considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

v. The Company has not declared or paid any dividend during the year, hence requirement for compliance with Section 123 of the Act is not applicable.

vi. Based on our examination, which included test checks, the Company has used accounting software(s) for maintaining its books of account which has a feature of recording audit trail (edit log) facility and has been operated throughout the year for all relevant transactions recorded in the respective software(s), except that in respect of the Inventory accounting software, audit trail feature is not enabled throughout the year.

Further, except for the accounting software(s) referred in above paras, where the audit trail feature is not enabled, we did not come across any instance of audit trail feature being tampered with.

Additionally, where enabled, the audit trail has been preserved by the company on and from December 21, 2024 as per the statutory requirements for record retention.

Annexure – A to the Independent Auditor's Report

(Referred to in paragraph 1 of the Independent Auditors' Report of even date to the members of **Knit Gallery India Private Limited** on the financial Statements as of and for the year ended March 31, 2026)

We report that:

i. In respect of its Property Plant and Equipment and Intangible Assets:

a) (A) According to information and explanations given to us, the Company has maintained the records showing full particulars, including quantitative details and situation of its property, plant and equipment, however the same is pending for updation and reconciliation.

(B) The Company has maintained proper records showing full particulars of intangible assets.

b) The Property, plant and equipment of the Company are physically verified by the management according to a phased programme to cover all the items over a specified period, which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Pursuant to the said programme, physical verification of Property, plant and equipment was carried out by the management. However, proper reconciliation of the amount of Property, Plant & Equipment with the books of accounts is still under progress and the management is in the process of completion of the same.

c) According to the information and explanations given to us and on the basis of our examination, title deeds of the immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in schedule of Property, Plant and Equipment to the financial statements, are held in the name of the Company.

d) The Company has not revalued its property, plant and equipment (including right of use assets) and intangible assets during the year. Therefore, the provisions of clause 3(i)(d) of the Order are not applicable to the Company.

e) According to information and explanations given by the management, no proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder. Therefore, provisions of clause 3(1)(e) of the Order are not applicable to the Company.

ii. In respect of its Inventories:

a) The management has conducted Physical verification of Inventories (other than stocks lying with third parties and in-transit) at all its locations, wherever possible, at reasonable intervals during the year and as far as we can ascertain and according to the information and the explanations given to us, the discrepancies noticed between the physical stocks and book stocks were not material and the same have been properly dealt with in the books of account.

b) As per the information and explanations provided to us and based on our examination of the books of accounts of the Company, the Company has been sanctioned working capital limits in excess of ₹5 crore, in aggregate, from banks on the basis of security of current assets. The quarterly returns or statements filed with banks are not in agreement with the books of accounts. The variances observed in current assets disclosed are as under:

(Rs. in Lakhs)

Quarter ended	As per returns filed with banks	As per books of accounts	Variance	Remarks
June 30, 2025	9,935.83	6,006.39	3,929.44	The new management is in the process of resolving the matter.
September 30, 2025	8,756.10	5,669.25	3,086.85	
December 31, 2025	12,466.32	5,609.83	6,856.49	
March 31, 2026	14,780.04	6,042.65	8,737.39	

iii. According to the information and explanations given to us and based on the audit procedures performed, the Company has during the year for loan availed by a related party. The Company has not granted any loans or advances in the nature of loans, secured or unsecured, or provided any guarantee or security to companies, firms, Limited Liability Partnerships or any other parties during the year. Therefore, provisions of clause 3(iii) (a) to 3(iii) (f) of the Order are not applicable to the Company.

iv. In our opinion and according to the information and explanations given to us and records examined by us, the company has not granted any loans or made any investment, or provided any guarantees or security to the parties covered under section 185 and 186. Therefore, the provision of clause 3(iv) of the said Order are not applicable to the company

v. According to the information and explanations given to us, the Company has not accepted any deposits from the public or amount which are deemed to be deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) rules 2014 (as amended).

vi. We have broadly reviewed the books of account maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013 in respect of textile products manufactured by the Company and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. As explained to us, since the revenue from exports in foreign exchange exceeds seventy five percent of the total revenue of the Company, cost audit is not applicable to the Company under the Companies (Cost Records and Audit) Rules, 2014.

vii. According to the information and explanations given to us and the records of the Company examined by us:

a) The Company has been generally regular in depositing amounts deducted/accrued in the books of accounts in respect of undisputed statutory dues, including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues, as applicable. There was no material undisputed outstanding statutory dues as at the year end, for a period of more than six months from the date they became payable.

b) There are no dues of Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues which have not been deposited with the appropriate authorities on account of any dispute.

viii. According to the information and explanation given to us, there were no transactions which have not been recorded in the books of account, which have been surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year. Therefore, provisions of clause 3(viii) of the Order are not applicable to the Company.

ix. In respect of its Borrowings:

a) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not defaulted in repayment of loans or borrowings to any financial institution, bank, Government or debenture holders.

b) Basis the information and explanation provided to us, the Company has not been declared a wilful defaulter by any bank or financial institution or other lender.

c) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has availed loans from banks and financial institutions. The amount of loan was applied for the purpose for which the loan was obtained. Further the Company has not availed any loans from Government or has not issued any debenture during the year.

d) Based on the information and explanation given to us, and the books of account examined by us, short term funds raised during the year have not been utilized for long term purposes.

e) The Company does not have any subsidiaries, joint ventures or associate companies. Therefore, provisions of clause 3(ix)(e) and 3(ix)(f) of the Order are not applicable to the Company.

x. a) According to the information and explanations given to us and based on our examination of the records of the Company, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Thus, the provisions of clause 3(x)(a) of the order are not applicable to the Company.

b) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Therefore, the provisions of clause 3(x)(b) of the Order are not applicable to the Company.

xi.

a) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company noticed or reported during the year nor have we been informed of any such case by the management.

b) We have not come across any instance of fraud, therefore report under sub-section 12 of section 143 of the Companies Act,2013 is not required to be filed by us in Form ADT-4 as prescribed under rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

c) As reported to us by the management, there are no whistle-blower complaints received by the Company during the year.

xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

xiii. Based on our examination of the books and records of the Company, and as confirmed by the management, all the transactions entered into with the related parties are in compliance with section 177 and 188 of Companies Act, 2013, where applicable, and the details have been disclosed in the financial statements in accordance with the applicable accounting standards.

xiv. In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business; However, we are yet to receive the Internal audit reports hence not considered.

xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.

xvi. a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.Accordingly, paragraph 3 (xvi)(a) of the Order is not applicable to the Company.

b) In our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities during the year. Therefore, the provisions of clause 3(xvi)(b) of the Order are not applicable to the Company;

c) In our opinion, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Therefore, the provisions of clause 3(xvi)(c) of the Order are not applicable to the Company;

d) According to the representations given by the management, the Group does not have any CIC. Therefore, the provisions of clause 3(xvi)(d) of the Order are not applicable to the Company;

xvii. The Company has not incurred cash loss during the current financial year. However, it had incurred cash loss of Rs.414.83 lakhs in the immediately preceding financial year.

xviii. There has been resignation of statutory auditors during the year. We have taken into consideration the issue, objections or concern raised, if any, by the out-going auditors.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. According to the information and explanations given to us and based on our examination of the records of the Company, the company does not meet the criteria as specified under 135(1) of the Act read with companies (Corporate Social Responsibility Policy) Rules ,2014 and accordingly, reporting under Clause 3[xx] of the order is not applicable.

Annexure - B to the Independent Auditor's Report

(Referred to in paragraph 2 (f) of the Independent Auditors' Report of even date to the members of KNIT GALLERY INDIA PRIVATE LIMITED on the financial Statements as of and for the year ended March 31, 2026)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. We have audited the internal financial controls over financial reporting of **Knit Gallery India Private Limited** ('the Company') as of March 31, 2026 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

   (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

   (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

   (c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India, except for certain incremental improvements to be made w.r.t. financial accounting processes.

GSC LINK LIMITED

DIRECTORS' REPORT

The Directors have pleasure in submitting their annual report together with the audited financial statements for the period from 23 April 2025 (date of incorporation) to 31 March 2026.

Incorporation

The Company was incorporated on 23 April 2025 in the name of GSC Link Limited under the Hong Kong Companies Ordinance.

Principal activities

The Company is a full-service agency partner providing FOB and DDP solutions to global customers with multi-category expertise in the apparel industry.

Dividends

The Directors do not recommend the payment of any dividend.

Share capital

Details of the share capital are summarised in the notes to financial statements.

Directors

The Directors during the period and up to the date of this report were:

Michael Anthony Yee	(First Director)
Abhishekh KANOI	(Appointed on 1 July 2025)
Shriram Nilkanth JATAR	(Appointed on 1 July 2025)

The appointment of Directors is governed by the Company's Articles of Association.

Business review

The Company is a wholly-owned subsidiary of another body corporate. Accordingly, the Company is exempted from preparing a business review.

DIRECTORS' REPORT

Directors' material interests in transactions, arrangements and contracts that are significant in relation to the company's business

No transactions, arrangements and contracts of significance in relation to the Company's business of which the Company or any of its group companies was a party subsisted at the end of the period or at any time during the period in which any Directors of the Company had a material interest.

Directors' interests in shares and debentures of the company or specified undertaking of the company or any other associated corporation

At no time during the year was the Company or any of its group companies, a party to any arrangement to enable any of the Director of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Management contracts

No contract concerning the management and administration of the whole or any substantial part of the business of the Company was entered into or existed during the period.

Equity-linked agreements

The Company had not entered into any equity-linked agreements during the period.

Permitted indemnity provisions

The Company's Articles of Association provides that a director or former director of the Company may be indemnified out of the Company's assets against any liability incurred by the director to a person other than the Company or an associated company of the Company in connection with any negligence, default, breach of duty or breach of trust in relation to the Company or associated company (as the case may be). This Article only applies if the indemnity does not cover the liability set out in the Company's Articles. This permitted indemnity provision is in force during the period and at the time of approval of this report.

Auditor

A resolution to re-appoint the retiring auditor, Chow Tsz Kit, Certified Public Accountant (Practising), will be put at the forthcoming annual general meeting.

On behalf of the Board

Abhishekh KANOI
Director

HONG KONG,

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF GSC LINK LIMITED
(Incorporated in Hong Kong with limited liability)

Opinion

We have audited the annexed financial statements of GSC Link Limited ("the Company"), which comprise the statement of financial position as at 31 March 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the period from 23 April 2025 (date of incorporation) to 31 March 2026, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 March 2026, and of its financial performance and its cash flows for the period from 23 April 2025 (date of incorporation) to 31 March 2026 in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and our Auditor's Report Thereon

The Directors are responsible for the other information. The other information comprises the information included in the Directors' report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

/ to be continued

(Continuation)

Responsibilities of Directors for the Financial Statements

The Directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

... to be continued

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF GSC LINK LIMITED
(Incorporated in Hong Kong with limited liability)

(Continuation)

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Chow Tsz Kit, practising certificate number: P08162.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 23 APRIL 2025 (DATE OF INCORPORATION) TO 31 MARCH 2026

1 General information

The Company is a private company incorporated and domiciled in Hong Kong with limited liabilities, its registered office and principal place of business at Unit A, 27/F., King Palace Plaza 55 King Yip Street, Kwun Tong, Kowloon, Hong Kong.

The Directors consider that the immediate holding company is PDS Sourcing Limited, a private company incorporated in Mauritius.

The Directors consider that the intermediate holding company is Multinational Textile Group Limited, a private company incorporated in Mauritius.

PDS Limited, a company incorporated in India and the shares are listed on the Bombay Stock Exchange (Stock code: 538730) and National Stock Exchange of India (Stock code: PDSL), is the Company's ultimate holding company.

The Company is a full-service agency partner providing FOB and DDP solutions to global customers, with multi-category expertise in the apparel industry.

2 Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance.

3 Basis of preparation

These financial statements have been prepared under the historical cost convention.

4 Adoption of new and revised Hong Kong Financial Reporting Standards

The Company has not applied the new or revised HKFRSs that have been issued but are not yet effective. The Company is in the process of making an assessment of what the impact of these amendments and new standards is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the financial statements.

5 Significant accounting policies

a Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated amortisation and depreciation and any accumulated impairment losses. The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Assets are depreciated over their estimated useful lives and after taking into account their estimated residual values, using the straight-line method at the following annual rates:

Furniture and fixtures	20%
IT equipment	33%
Plant and machinery	20%

The gain or loss arising from derecognition of an item of property, plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant asset and is recognised in consolidated profit or loss.

b Financial assets

The Group classifies its financial assets in the categories of financial assets at amortised costs and financial assets at FVOCI. The classification depends on the purposes for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Financial assets at amortised costs

Financial assets at amortised costs are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than twelve months after the end of the reporting period. These are classified as non-current assets.

5 **Significant accounting policies - Continued**

b Financial assets - Continued

Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

Measurement

At initial recognition, the Group measures a financial asset at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the profit or loss.

c Revenue

Revenue represents gross receipt from rendering of services during the period.

d Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Company and when the revenue can be measured reliably, on the following bases:

Service income is recognised when relevant services are rendered.

e Receivables

A receivable is recognised when the Group's right to consideration is unconditional. A right to consideration is unconditional if only the passage of time is required before payment of that consideration is due. Receivables are stated at amortised cost using the effective interest method less allowance for credit losses.

f Financial assets and allowance for expected credit losses

Loss allowances for lifetime expected credit losses on accounts receivable are recognised using a provision matrix as for all outstanding balances over 365 days as at year end.

5 Significant accounting policies - Continued

g Income tax

Income tax expense represents the sum of current tax and deferred tax.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Tax rates enacted or substantively enacted at the end of the reporting period are used to determine deferred tax.
Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

h Payables

Payables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method.

i Cash and cash equivalents

Cash and cash equivalents include cash in hand, bank balances and deposits and other short-term highly liquid investments with original maturities of three months or less.

j Right-of-use asset and lease liabilities

A right-of-use asset and a lease liability is recognised for contracts under which the Company obtained the right to use an underlying asset for a period of time in exchange for consideration, except for short-term or low value leases.

Right-of-use assets are measured at cost less accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities.

Cost represents aggregate of lease payments made at or before the lease commencement date, initial direct costs incurred, lease liability recognised at the lease commencement date and an estimate of restoration costs, less any incentives received.

Lease liabilities are initially measured at present value of the lease payments that are not paid at the lease commencement date at the Company's incremental borrowing rate, subsequently adjusted for interest accrued and lease payments made, and re-measured for any modifications or changes in lease terms.

Lease payments for short-term or low value leases are recognised as an expense on a straight-line basis.

5 Significant accounting policies - Continued

k Impairment of non-financial assets

At the end of each reporting period, assets, other than financial assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable. When an indication of impairment exists, the Company estimates the asset's recoverable amount, being the higher of the asset's fair value less costs to sell and its value in use. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount in profit or loss. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss recognised in prior year for an asset is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss.

l Foreign currencies

The financial statements are presented in United States dollar, which is the same as the functional currency of the Company. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss except for differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in other comprehensive income. In which cases, the exchange differences are also recognised directly in other comprehensive income.

m Related parties

i A person, or a close member of that person's family, is related to the Company if that person:

a has control or joint control over the Company;

b has significant influence over the Company; or

c is a member of the key management personnel of the Company or the Company's parent

5 Significant accounting policies - Continued

m Related parties - Continued

ii An entity is related to the Company if any of the following conditions applies:

a The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

b One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

c Both entities are joint ventures of the same third party.

d One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

e The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company.

f The entity is controlled or jointly controlled by a person identified in (i).

g A person identified in (i)(a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

h The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to the parent of the Company.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

6 Critical accounting estimates and judgements

The Company makes estimates, assumptions and judgements as appropriate in the preparation of the financial statements. These estimates and judgements are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances and will, by definition, seldom equal the actual results. The estimates, assumptions and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next year.

7 Revenue

	US$
Sales and marketing income	1,232,479
Service income	680,000
	1,912,479

8 Finance costs

	US$
Interests on leases	41,694

9 Loss before taxation

Loss before taxation is arrived at after charging the following items:-

	US$
Depreciation - Property, plant and equipment	89,687
Depreciation - Right-of-use asset	192,280
Exchange loss, net	432
Rent and rates	20,603
Staff costs (including Directors' remuneration):-	
Salaries and allowances	711,371
Provident fund contributions	9,676

10 Directors' remuneration

Remuneration of the Director of the Company disclosed pursuant to section 383(1) of the Hong Kong Companies Ordinance and Part 2 of the Companies (Disclosure of Information about Benefits of Directors) Regulation are as follows:-

	US$
Acting as Director	
Emoluments (including benefit in kind)	300,768
Retirement benefits scheme contributions	-
	300,768

11 Income tax

a No Hong Kong profits tax has been provided in the financial statements as no assessable profits was earned during the period.

11 Income tax - Continued

b The reconciliation between income tax credit and accounting loss of the Company in the financial statements is as follows:

	US$
Loss before taxation	(1,166,196)
Notional tax at the applicable tax rate of 16.5%	(192,422)
Tax credit for the period	(192,422)

c The components of deferred tax assets recognised in the consolidated financial statements and the movements during the period are as follows:

	Tax losses HK$
At 1.4.2024, 31.3.2025 and 1.4.2025	-
Credited to consolidated profit or loss	(192,422)
At 31.3.2026	(192,422)

12 Property, plant and equipment

	Furniture and fixtures US$	IT equipment US$	Plant and machinery US$	Total US$
Cost				
Acquisition of business	-	-	219,530	219,530
Additions	5,430	4,028	-	9,458
At 31.3.2026	5,430	4,028	219,530	228,988
Accumulated depreciation				
Acquisition of business	-	-	43,905	43,905
Charge for the period and	815	1,060	43,907	45,782
At 31.3.2026	815	1,060	87,812	89,687
Carrying amounts				
At 31.3.2026	4,615	2,968	131,718	139,301

13 Right-of-use assets

	Land and buildings US$
Cost	
Additions and at 31.3.2026	799,812
Accumulated depreciation	
Charge for the year and at 31.3.2026	192,280
Carrying amounts	
At 31.3.2026	607,532

14 Goodwill

	US$
Cost	
Additions and at 31.3.2026	1,167,814

Goodwill arising from business combination is allocated, at acquisition, to the relevant cash-generating units ("CGUs") that are expected to benefit from that business combination.

The recoverable amounts of the CGUs are determined from value-in-use calculations. The key assumptions for the value-in-use calculations are those regarding the discount rates, growth rates and budgeted gross margin and turnover during the period. The Company estimates discount rates using pre-tax rates that reflect current market assessments of the time value of money and the risk specific to the CGUs. Budgeted gross margin and turnover are based on past practices and expectations on market development.

The Group prepares cash flow forecasts derived from the most recent financial budgets approved by the Directors for the next five years and at a pre-tax discount rate of 4%.

15 Amount due from immediate holding company

	US$
PDS Sourcing Limited	49,352

The amount is unsecured, interest free and have no fixed terms of repayment. Maximum balances outstanding during the period is US$49,352.

16 Amount due to intermediate holding company / fellow subsidiaries

The amounts are unsecured, interest free and have no fixed terms of repayment.

17 Lease liabilities

	US$
Balance b/f	-
Addition of new lease	799,812
Interests for the year	41,694
Payments during the year	(173,467)
Balance c/f	668,039
Less: Current portion	(279,355)
Non-current portion	388,684

18 Share capital

	US$
Issued and fully paid:	
100 ordinary shares of US$1,200,100	1,200,100

On 23 April 2025 (date of incorporation), the Company issued 100 ordinary shares with the amount of US$100 for the purpose of initial working capital.

On 1 July 2025, the Company issued 150 ordinary shares with the amount of US$1,200,000 for the purpose of additional working capital.

19 Related party transactions

In addition to those related party transactions and balances disclosed elsewhere in the financial statements, the Company had the following significant transactions with its related parties:

a Transactions with related parties

	US$
Fellow subsidiaries	
- Recharge of administrative expenses	156,469
Immediate holding company	
- Recharge of administrative expenses	20,648
Intermediate holding company	
- Recharge of administrative expenses	165,394

b Key management personnel compensation

The key management personnel of the Company comprises all Directors. details of their emoluments were disclosed in note 10.

20 Capital management

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern. The Directors regard total equity as capital, for capital management purposes.

The Company manages capital by regularly monitoring its current and expected liquidity requirements rather than using debt/equity ratio analysis.

21 Financial instruments

a Categories of financial instruments

	US$
Financial assets	
Financial assets at amortised costs	1,960,937
Financial liabilities	
Financial liabilities at amortised costs	3,841,682

21 Financial instruments - Continued

b Financial risk management

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and interest rate risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

i Credit risk

The carrying amounts of bank balances, other receivables and amount due from immediate holding company included in the statement of financial position represent the Company's maximum exposure to credit risk in relating to the Company's financial assets.

The credit risk on bank balances is limited because the counterparty is a licensed bank in Hong Kong with high credit ratings.

The credit risk on other receivables and amount due from a fellow subsidiary is closely monitored by the Directors.

ii Liquidity risk

All the Company's financial liabilities are due less than one year.

The Company's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

iii Interest rate risk

The Company has no significant interest-bearing liability during the year, even at the end of reporting period.

c Fair values

The Directors have considered that the carrying amounts of all financial assets and liabilities approximated to their fair values at 31 March 2026.

22 Comparative figures

These financial statements covered the year ended 31 March 2026 and comparative figures covered the period from 23 April 2025 (date of incorporation) to 31 March 2026. Therefore, the figures shown in the statement of profit or loss and other comprehensive income and related notes are not comparable.

23 Approval of financial statements

The financial statements were approved and authorised for issue by the Board of Directors on

Company registration number 16822799 (England and Wales)

SIMPLE APPROACH-UK LIMITED

DIRECTORS' REPORT

FOR THE PERIOD ENDED 31 MARCH 2026

The directors present their annual report and financial statements for the period ended 31 March 2026.

Principal activities
The company was incorporated on 31 October 2025. The principal activity of the company is that of the provision of services.

Results and dividends
The results for the period are set out on page 7.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors
The directors who held office during the period and up to the date of signature of the financial statements were as follows:

Mr B Shah	(Appointed 31 October 2025)
Mr R Jain	(Appointed 31 October 2025)

Statement of directors' responsibilities
The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure to auditor
So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

RSign Envelope ID: ENV63404024-4126-ADAE-1032-CDBD 05/05/2026 07:29 AM UTC

Small companies exemption
This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

On behalf of the board

Ravi Jain

Mr R Jain
Director

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SIMPLE APPROACH-UK LIMITED

Opinion

We have audited the financial statements of Simple Approach-UK Limited (the 'company') for the period ended 31 March 2026 which comprise the income statement, the statement of financial position, the statement of changes in equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2026 and of its profit for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

UHY Hacker Young
Quadrant House
4 Thomas More Square
London E1W 1YW

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the directors' report for the financial period for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

UHY Hacker Young

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the Company and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the Company, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to inflated revenue.

Audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Company information

Simple Approach-UK Limited is a private company limited by shares incorporated in England and Wales. The registered office is Quadrant House - Floor 6, 4 Thomas More Square, London, E1W 1YW. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Reporting period

The company was incorporated on 31 October 2025. Therefore, the first set of accounts are prepared for the 5 months and 1 day to to 31 March 2026.

1.2 Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS:

- inclusion of an explicit and unreserved statement of compliance with IFRS;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of key management personnel compensation;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the group accounts of PDS Limited. The group accounts of PDS Limited are available to the public and can be obtained as set out in note 9.

1.3 Going concern

The directors have at the time of approving the financial statements, a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

1.4 Revenue

Revenue is measured at the fair value of the fees received or receivable.

1.5 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

RSign Envelope ID: ENV63404024-4126-ADAE-1032-CDBD 05/05/2026 07:29 AM UTC

1 Accounting policies (Continued)

1.6 Financial assets

Financial assets are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the company’s business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

The company has made an irrevocable election to recognize changes in fair value of investments in equity instruments through other comprehensive income, not through profit or loss. A gain or loss from fair value changes will be shown in other comprehensive income and will not be reclassified subsequently to profit or loss. Equity instruments measured at fair value through other comprehensive income are recognized initially at fair value plus transaction cost directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognized through other comprehensive income are directly transferred to retained earnings when the equity instrument is derecognized or its fair value substantially decreased. Dividends are recognized as finance income in profit or loss.

RSign Envelope ID: ENV63404024-4126-ADAE-1032-CDBD 05/05/2026 07:29 AM UTC

1 **Accounting policies** **(Continued)**

Impairment of financial assets

Financial assets carried at amortised cost and FVOCI are assessed for indicators of impairment at each reporting end date.

The expected credit losses associated with these assets are estimated on a forward-looking basis. A broad range of information is considered when assessing credit risk and measuring expected credit losses, including past events, current conditions, and reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.7 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.8 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.9 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of inventories or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

INDEPENDENT AUDITOR'S REPORT

To,
The Shareholders,
Tritron Fashion FZCO
Dubai, United Arab Emirates.

Report on the Audit of Financial Statements.

Opinion

We have audited the accompanying financial statements of Tritron Fashion FZCO, Dubai, United Arab Emirates which comprise the statement of financial position as at March 31, 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity & statement of cash flows for the period then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2026 and its financial performance for the period then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the requirements of Code of Ethics for Professional Accountants, issued by International Ethics Standards Board for Accountants (IESBA) together with ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those charged with governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

1. We have obtained all the information and explanations which we considered necessary for our audit;

2. The financial statements comply with the applicable provisions of Dubai Integrated Economic Zones Authority Implementing Regulations 2024 pursuant to Law No. (16) of 2021, concerning the formation of legal Company at Dubai Airport Free Zone;

3. The financial statements give a true and fair view of the profit or loss of the Company for the relevant period and state of the Company's affairs at the end of the financial year;

4. The Company has undertaken only activities permitted under its license;

5. Capital Adequacy is maintained during the year ended March 31, 2026.

For the period ended March 31, 2026, the company had a net loss of AED 11,07,103 and as on March 31, 2026 accumulated loss of AED 11,07,103 against share capital of AED 100,000. The financial statement have been prepared on a going concern basis as the shareholder agreed to provide the company with adequate financial support to enable it to meet its financial commitments for the foreseeable future.

3.2 The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and the applicable provisions of the Dubai Integrated Economic Zones Authority (DIEZA) Implementing Regulations 2024.

4 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of these financial statements require management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and accompanying disclosure at the reporting date.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future periods affected.

The key judgments and estimates and assumptions that have significant impact on the financial statements of the Company are as discussed below:

4.1 Satisfaction of Performance Obligation

The Company is required to assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point of time in order to determine the appropriate method of recognizing revenue. The Company has assessed that the revenue is recognized at a point in time based on agreements entered with customers and the provisions of relevant laws and regulations.

TRITRON FASHION FZCO

Office No. 2W M095, Mezzanine Floor, Dubai Airport Freezone-UAE

Notes to the financial statements - for the period ended March 31, 2026

4.2 Determination of Transaction Prices

The Company is required to determine the transaction price in respect of each of its contract with customers. In making such judgment the Company assesses the impact of any variable consideration in the contract, due to discounts, the existence of any significant financial component in the contract and any non-cash consideration in the contract.

In determining the impact of variable consideration the Company uses the "most-likely amount" method in IFRS 15 whereby the transaction price is determined by reference to the single most likely amount in the range of possible consideration amounts.

4.3 Transfer of Control in Contract With Customers

In the cases where the Company determines that performance obligation are satisfied at a point in time, revenue is recognized when the control over the asset that is the subject of the contract is transferred to the customer.

The Company has elected to adopt cost model / fair value model for investment properties. Accordingly investment properties are carried at cost less accumulated depreciation and any accumulated impairments / fair value in accordance with IAS 40.

4.4 Useful live of Property, Plant and Equipments

The Company's management determines the estimated useful lives of its property, plant and equipment for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. The management periodically reviews estimated useful lives and the depreciation method to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets.

5 ADOPTION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS) & INTERPRETATIONS

The Company has adopted all International Financial Reporting Standards (IFRS), amendments and interpretations issued by the International Accounting Standards Board (IASB) that are relevant and applicable to its operations and effective for the financial year commencing on April 01, 2025.

5.1 New and revised International Financial Reporting Standards

The following standards and amendments apply for the first time to the financial reporting periods commencing on or after January 01, 2025.

-Non-current Liabilities with Covenants – Amendments to IAS 1

-Classification of Liabilities as Current or Non-current – Amendments to IAS 1

-Lease Liability in a Sale and Leaseback – Amendments to IFRS 16

-Supplier Finance Arrangements – Amendments to IAS 7 and IFRS 7

5.2 New & Revised IFRS in issue but not effective or early adopted

The following standards and interpretations had been issued but not yet mandatory for annual reporting periods ending March 31, 2025. Management anticipates that these new standards, interpretations, and amendments will be adopted in the financial statements as and when they are applicable and adoption of these new standards, interpretations, and amendments, may have no material impact on the financial statements in the period of initial application.

IFRS 19 Subsidiaries without Public Accountability: Disclosures	January 01, 2027

IFRS 16- Leases

The company assess at contract inception whether a contract is, or contains, a lease, That is if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) **Right-of-use assets**

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful life of the right-of-use asset is 3 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of' lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short- term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

6 SUMMARY OF SIGNIFICANT ACOUNTING POLICIES

6.1 Revenue recognition:

Revenue from the sale of goods is recognized when the goods are delivered and titles have passed, at which times all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of goods.
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the Company.
- The cost incurred or to be incurred in respect of the transaction can be measured reliably.

6.2 Property plant and equipments

Property and equipment are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of the assets.

At the end of each reporting period, management conducts an assessment of property and equipment to determine whether there are any indications that assets may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made.

6.3 Investment properties

Properties held for rental or capital appreciation purposes are classified as investment properties. Investment properties are measured at cost less any accumulated depreciation and any accumulated impairments losses / fair value in accordance with IAS 40.

The Company determines at each reporting date whether there is any objective evidence that the investment properties are impaired. Whenever the carting amount of an investment property exceeds their recoverable amount, an impairment loss is recognized in income statement. The recoverable amount of the investment properties is the higher of investment property's net selling price and the value in use. The net selling price is the amount obtainable from the sale of an investment property in an arm's length transaction less related costs while value in use is the present value of estimated future cash flows expected to arise from the continuing use of investment property and from its disposal at the end of its useful life.

6.4 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization less any accumulated impairment losses. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible assets with finite useful life are reviewed at least at the end of each reporting period. The amortization expense on intangible assets with finite useful lives is recognized in the income statement.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment annually either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on perspective basis.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the income statement when the asset is derecognized.

6.5 Financial assets - classification, measurement, recognition and derecognition

Classification

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the companies' model for managing them. Financial assets can be classified into following categories:

- those to be measured at fair value through other comprehensive income or through profit or loss, and
- those to be measured at amortized cost

Measurement

Financial assets are recognized and derecognized on trade date when the purchase and sale of a financial asset is made under a contract whose terms require delivery of financial asset within the timeframe established by market concerned.

Financial assets are initially measured at cost, plus transaction cost, except for those financial assets classified at fair value through other comprehensive income or profit or loss, which are initially measured at fair value.

Subsequent measurement of financial assets after initial measurement can be classified into two categories

a. Equity Instruments

All the financial assets that are equity instruments are measured at fair value through other comprehensive income or through profit or loss. This is an irrevocable choice that the Company has made on adoption of IFRS 9 or will make on subsequent measurement of equity instrument unless equity instrument are held for trading, in which case, they must be measured at fair value through profit or loss. Dividend income for all equity instrument is recognized in profit or loss statement when the right of payment has been established.

b. Debt Instrument

Debt instruments are also measured at fair value through other comprehensive income unless they are classified at amortized cost. They are classified at amortized cost only if:

- the assets held within a business model whose objective is to hold the asset to collect the contractual cash flows; and
- the contractual terms of the debt instrument give rise, on specified date, to cash flows that are solely payments of principal and interest on the principal outstanding.

Derecognition

Financial asset is derecognized when:

- The right to receive cash flow from the asset have expired; or
- The Company retains the right to receive cash flow from the asset, but has assumed an obligation to pay them in full without material delay to third party under a "pass-through" arrangement, and
- The Company has transferred its rights to receive cash flow from the asset and either:
  has transferred substantially all the risk and rewards of the asset, or
  has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

The company recognizes all allowance for expected credit losses for all debt instrument not held at fair value through profit or loss. ECLs are based on the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an effective interest rate.

6.6 Financial liabilities - classification, measurement, recognition and derecognition

Financial liabilities within the scope of IFRS 9 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or other financial liabilities.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

6.7 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within due dates and therefore are all classified as current. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value.

6.8 Trade and Other Payables

These amounts represents liabilities for goods and services received by the Company in ordinary course of business which are unpaid at the year end. They are generally paid within 3 months and therefore are all classified as current.

6.9 Employee End of Service Benefits

The Company provides end-of-service benefits to its employees. The entitlement to these benefits is usually based upon the employees' final salary and length of service, subject to the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment.

6.10 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of the past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and the amount can be reliably estimated.
Provisions are measured at present value of the expenditures expected to be required to settle the obligation at the end of the reporting period, using the effective interest rate.

Provisions are reviewed at each financial statement date ad adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

6.11 Value added tax

As per the Federal Decree-Law No. (08) of 2017, effective from January 1, 2018 for companies incorporated in UAE. Value Added Tax (VAT), is charged at 5% standard rate or 0% (as the case may be) on every taxable supply and deemed supply made by the taxable person. The Company is required to file its VAT returns and compute the payable tax (which is output tax less input tax) for the allotted tax periods and deposit the same within the prescribed due dates of filing VAT return and tax payment.

Corporate tax

On 9 December 2022, the UAE Ministry of Finance released the Federal Decree-Law No.47 of 2022 on the taxation of Corporations and Business (the Law) to enact a Federal corporate tax (CT) regime in the UAE. The CT regime will become effective for accounting periods beginning on or after 1 June 2023 and accordingly, it has an Corporate tax related impact on the financial statements for the accounting periods beginning on or after June, 1, 2023.

The Cabinet of Ministry Decision No. 116/2022 effective from 2023, specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000 and a rate of 0% on qualifying income of free zone entities.

Corporate tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI. The Company has determined that interest and penalties related to Corporate taxes, including uncertain tax treatments, do not meet the definition of Corporate taxes, and therefore accounted for them under IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

The Company has determined that the global minimum top-up tax which it is required to pay under Pillar Two legislation is an Corporate tax in the scope of IAS 12. The Company has applied a temporary mandatory relief from deferred tax accounting for the impacts of the top-up tax and accounts for it as a current tax when it is incurred.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous periods. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to Corporate taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

6.12 Foreign Currency Translation

Transaction in currencies other than the company's functional currency (Foreign Currencies) are recorded at the rates of exchange prevailing on the dates of transactions. Monetary items denominated in foreign currencies are re-translated at the rates prevailing on the balance sheet date. Non- monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined the resultant income or gain is shown in the income statement.

6.13 Cash & Cash Equivalents

Cash and cash equivalents for the purpose of cash flow statement is cash and bank balances and short term deposits with maturity of less than three months, net of bank overdrafts.

6.14 Reporting Currency & Rounding Up

The functional currency and reporting currency is UAE Dirhams. The figures are rounded up to UAE Dirhams.

18 RISK MANAGEMENT

18.1 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or the counterparty to the financial instrument fails to meet its contractual obligation. The Company is exposure to credit risk is concentrated on bank balance, trade receivables, loans & advances and deposits.

The company's bank accounts are with local branches of banks operating in the U.A.E. Trade receivables are stated at realizable value net of allowance and bad debts. Deposits with government departments are refundable and secured.

TRITRON FASHION FZCO

Office No. 2W M095, Mezzanine Floor, Dubai Airport Freezone-UAE

Notes to the financial statements - for the period ended March 31, 2026

18.3 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Fair values

At the balance sheet date, the fair values of financial assets and liabilities at year end approximate to their carrying amounts and have been very carefully scrutinized by the management for their correctness.

19 COMPARATIVE FIGURES

The fiscal period covers the period of 12 months and 29 days from March 03, 2025 to March 31, 2026. Comparative figures are not available as the financial statements are being presented for the first time since incorporation of the Company.

20 APPROVAL OF FINANCIAL STATEMENTS

INDEPENDENT AUDITOR'S REPORT

To,
The Shareholders,
PDS Radius Brands FZCO
Dubai, United Arab Emirates.

Report on the Audit of Financial Statements.

Opinion

We have audited the accompanying financial statements of PDS Radius Brands FZCO, Dubai, United Arab Emirates which comprise the statement of financial position as at March 31, 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity & statement of cash flows for the period then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2026 and its financial performance for the period then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the requirements of Code of Ethics for Professional Accountants, issued by International Ethics Standards Board for Accountants (IESBA) together with ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those charged with governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

1. We have obtained all the information and explanations which we considered necessary for our audit;

2. The financial statements comply with the applicable provisions of Dubai Integrated Economic Zones Authority Implementing Regulations 2024 pursuant to Law No. (16) of 2021, concerning the formation of legal Company at Dubai Airport Free Zone;

3. The financial statements give a true and fair view of the profit or loss of the Company for the relevant period and state of the Company's affairs at the end of the financial year;

4. The Company has undertaken only activities permitted under its license;

5. Capital Adequacy is maintained during the year ended March 31, 2026.

PDS RADIUS BRANDS FZCO

Premises No. 2 W M060, Mezzanine Floor, 2 West , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

1 LEGAL STATUS :

PDS RADIUS BRANDS FZCO is incorporated on **July 03, 2023 under License No.- LEGAL STATUS 05755 issued by Dubai Airport Free Zone Authority, Dubai, UAE**

The registered address of the company is Premises No. 2 W M060, Mezzanine, 2 West , Dubai Airport Free Zone, Dubai, United Arab Emirates

The company is managed and controlled by following persons:

1.Mr.Rahul Khettry

2 BUSINESS ACTIVITIES :

The activity of the company are as follows:-

(a) Clothing, including sports clothes and uniforms Trading

(b) Clothing accessories Trading

3 BASIS OF PREPARATION

3.1 The financial statements are prepared under the historical cost convention basis applied consistently. Accrual basis of accounting has been followed by the company for the financial statements except the cash flow.

For the period ended March 31, 2026, the company had a net loss of AED 228,108 and as on March 31, 2026 accumulated loss of AED 3,645,033 against share capital of AED 100,000. The financial statement have been prepared on a going concern basis as the shareholder agreed to provide the company with adequate financial support to enable it to meet its financial commitments for the foreseeable future.

3.2 The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and the applicable provisions of the Dubai Integrated Economic Zones Authority (DIEZA) Implementing Regulations 2024.

4 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of these financial statements require management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and accompanying disclosure at the reporting date.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future periods affected.

The key judgments and estimates and assumptions that have significant impact on the financial statements of the Company are as discussed below:

4.1 Satisfaction of Performance Obligation

The Company is required to assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point of time in order to determine the appropriate method of recognizing revenue. The Company has assessed that the revenue is recognized at a point in time based on agreements entered with customers and the provisions of relevant laws and regulations.

PDS RADIUS BRANDS FZCO

Premises No. 2 W M060, Mezzanine Floor, 2 West , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

4.2 Determination of Transaction Prices

The Company is required to determine the transaction price in respect of each of its contract with customers. In making such judgment the Company assesses the impact of any variable consideration in the contract, due to discounts, the existence of any significant financial component in the contract and any non-cash consideration in the contract.

In determining the impact of variable consideration the Company uses the "most-likely amount" method in IFRS 15 whereby the transaction price is determined by reference to the single most likely amount in the range of possible consideration amounts.

4.3 Transfer of Control in Contract With Customers

In the cases where the Company determines that performance obligation are satisfied at a point in time, revenue is recognized when the control over the asset that is the subject of the contract is transferred to the customer.

The Company has elected to adopt cost model / fair value model for investment properties. Accordingly investment properties are carried at cost less accumulated depreciation and any accumulated impairments / fair value in accordance with IAS 40.

4.4 Useful live of Property, Plant and Equipments

The Company's management determines the estimated useful lives of its property, plant and equipment for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. The management periodically reviews estimated useful lives and the depreciation method to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets.

5 ADOPTION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS) & INTERPRETATIONS

The Company has adopted all International Financial Reporting Standards (IFRS), amendments and interpretations issued by the International Accounting Standards Board (IASB) that are relevant and applicable to its operations and effective for the financial year commencing on April 01, 2025.

5.1 Standards and Interpretations effective in the current period

The following standards and amendments apply for the first time to the financial reporting periods commencing on or after January 01, 2025.

-Non-current Liabilities with Covenants – Amendments to IAS 1
-Classification of Liabilities as Current or Non-current – Amendments to IAS 1
-Lease Liability in a Sale and Leaseback – Amendments to IFRS 16
-Supplier Finance Arrangements – Amendments to IAS 7 and IFRS 7

5.2 New & Revised IFRS in issue but not effective or early adopted

The following standards and interpretations had been issued but not yet mandatory for annual reporting periods ending March 31, 2025. Management anticipates that these new standards, interpretations, and amendments will be adopted in the financial statements as and when they are applicable and adoption of these new standards, interpretations, and amendments, may have no material impact on the financial statements in the period of initial application.

IFRS 16- Leases

The company assess at contract inception whether a contract is, or contains, a lease, That is if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful life of the right-of-use asset is 3 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short- term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

6.1 Revenue recognition:

Revenue from the provision of services is recognized when the services are provided, at which times all the following conditions are satisfied:

- The Company has rendered the contracted services to the customer, thereby transferring the significant benefits of those services.
- The Company does not retain any continuing managerial involvement or effective control over the services provided.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the Company.
- The costs incurred, or expected to be incurred, in respect of the transaction can be measured reliably.

6.2 Property plant and equipments

Property and equipment are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of the assets.

At the end of each reporting period, management conducts an assessment of property and equipment to determine whether there are any indications that assets may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made.

6.3 Investment properties

Properties held for rental or capital appreciation purposes are classified as investment properties. Investment properties are measured at cost less any accumulated depreciation and any accumulated impairments losses / fair value in accordance with IAS 40.

The Company determines at each reporting date whether there is any objective evidence that the investment properties are impaired. Whenever the carting amount of an investment property exceeds their recoverable amount, an impairment loss is recognized in income statement. The recoverable amount of the investment properties is the higher of investment property's net selling price and the value in use. The net selling price is the amount obtainable from the sale of an investment property in an arm's length transaction less related costs while value in use is the present value of estimated future cash flows expected to arise from the continuing use of investment property and from its disposal at the end of its useful life.

PDS RADIUS BRANDS FZCO

Premises No. 2 W M060, Mezzanine Floor, 2 West , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

6.4 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization less any accumulated impairment losses. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible assets with finite useful life are reviewed at least at the end of each reporting period. The amortization expense on intangible assets with finite useful lives is recognized in the income statement.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment annually either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on perspective basis.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the income statement when the asset is derecognized.

6.5 Financial assets - classification, measurement, recognition and derecognition

Classification

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the companies' model for managing them. Financial assets can be classified into following categories:

- those to be measured at fair value through other comprehensive income or through profit or loss, and
- those to be measured at amortized cost

Measurement

Financial assets are recognized and derecognized on trade date when the purchase and sale of a financial asset is made under a contract whose terms require delivery of financial asset within the timeframe established by market concerned.

Financial assets are initially measured at cost, plus transaction cost, except for those financial assets classified at fair value through other comprehensive income or profit or loss, which are initially measured at fair value.

Subsequent measurement of financial assets after initial measurement can be classified into two categories

a. Equity instruments

All the financial assets that are equity instruments are measured at fair value through other comprehensive income or through profit or loss. This is an irrevocable choice that the Company has made on adoption of IFRS 9 or will make on subsequent measurement of equity instrument unless equity instrument are held for trading, in which case, they must be measured at fair value through profit or loss. Dividend income for all equity instrument is recognized in profit or loss statement when the right of payment has been established.

PDS RADIUS BRANDS FZCO

Premises No. 2 W M060, Mezzanine Floor, 2 West , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

b. Debt instrument

Debt instruments are also measured at fair value through other comprehensive income unless they are classified at amortized cost. They are classified at amortized cost only if:

- the assets held within a business model whose objective is to hold the asset to collect the contractual cash flows; and
- the contractual terms of the debt instrument give rise, on specified date, to cash flows that are solely payments of principal and interest on the principal outstanding.

Derecognition

Financial asset is derecognized when:

- The right to receive cash flow from the asset have expired; or
- The Company retains the right to receive cash flow from the asset, but has assumed an obligation to pay them in full without material delay to third party under a "pass-through" arrangement, and
- The Company has transferred its rights to receive cash flow from the asset and either:
  has transferred substantially all the risk and rewards of the asset, or
  has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

The company recognizes all allowance for expected credit losses for all debt instrument not held at fair value through profit or loss. ECLs are based on the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an effective interest rate.

6.6 Financial liabilities - classification, measurement, recognition and derecognition

Financial liabilities within the scope of IFRS 9 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or other financial liabilities.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

6.7 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within due dates and therefore are all classified as current. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value.

6.8 Trade and Other Payables

These amounts represents liabilities for goods and services received by the Company in ordinary course of business which are unpaid at the year end. They are generally paid within 3 months and therefore are all classified as current.

PDS RADIUS BRANDS FZCO

Premises No. 2 W M060, Mezzanine Floor, 2 West , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

6.9 Employee End of Service Benefits

The Company provides end-of-service benefits to its employees. The entitlement to these benefits is usually based upon the employees' final salary and length of service, subject to the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment.

6.10 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of the past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and the amount can be reliably estimated.

Provisions are measured at present value of the expenditures expected to be required to settle the obligation at the end of the reporting period, using the effective interest rate.

Provisions are reviewed at each financial statement date ad adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

6.11 Value added tax

As per the Federal Decree-Law No. (08) of 2017, effective from January 1, 2018 for companies incorporated in UAE. Value Added Tax (VAT), is charged at 5% standard rate or 0% (as the case may be) on every taxable supply and deemed supply made by the taxable person. The Company is required to file its VAT returns and compute the payable tax (which is output tax less input tax) for the allotted tax periods and deposit the same within the prescribed due dates of filing VAT return and tax payment.

Corporate tax

On 9 December 2022, the UAE Ministry of Finance released the Federal Decree-Law No.47 of 2022 on the taxation of Corporations and Business (the Law) to enact a Federal corporate tax (CT) regime in the UAE. The CT regime will become effective for accounting periods beginning on or after 1 June 2023 and accordingly, it has an Corporate tax related impact on the financial statements for the accounting periods beginning on or after June, 1, 2023.

The Cabinet of Ministry Decision No. 116/2022 effective from 2023, specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000 and a rate of 0% on qualifying income of free zone entities.

Corporate tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI. The Company has determined that interest and penalties related to Corporate taxes, including uncertain tax treatments, do not meet the definition of Corporate taxes, and therefore accounted for them under IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

The Company has determined that the global minimum top-up tax – which it is required to pay under Pillar Two legislation – is an Corporate tax in the scope of IAS 12. The Company has applied a temporary mandatory relief from deferred tax accounting for the impacts of the top-up tax and accounts for it as a current tax when it is incurred.

PDS RADIUS BRANDS FZCO

Premises No. 2 W M060, Mezzanine Floor, 2 West , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous periods. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to Corporate taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

6.12 Foreign Currency Translation

Transaction in currencies other than the company's functional currency (Foreign Currencies) are recorded at the rates of exchange prevailing on the dates of transactions. Monetary items denominated in foreign currencies are re-translated at the rates prevailing on the balance sheet date. Non- monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined the resultant income or gain is shown in the income statement.

6.13 Cash & Cash Equivalents

Cash and cash equivalents for the purpose of cash flow statement is cash and bank balances and short term deposits with maturity of less than three months, net of bank overdrafts.

6.14 Reporting Currency & Rounding Up

The functional currency and reporting currency is UAE Dirhams. The figures are rounded up to UAE Dirhams.

19 RISK MANAGEMENT

19.1 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or the counterparty to the financial instrument fails to meet its contractual obligation. The Company is exposure to credit risk is concentrated on bank balance, trade receivables, loans & advances and deposits.

The company's bank accounts are with local branches of banks operating in the U.A.E. Trade receivables are stated at realizable value net of allowance and bad debts. Deposits with government departments are refundable and secured.

PDS RADIUS BRANDS FZCO

Premises No. 2 W M060, Mezzanine Floor, 2 West , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

19.2 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

b. Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

19.3 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Fair values

At the balance sheet date, the fair values of financial assets and liabilities at year end approximate to their carrying amounts and have been very carefully scrutinized by the management for their correctness.

20 COMPARATIVE FIGURES

The fiscal year covers the period of 12 Months From 01 April 2025 to March 31, 2026. The Comparative figures covers the period of 12 months from 01 April, 2024 to 31st March 2025. Previous year figures might be reclassified & regrouped to conform to the current year presentation.

21 APPROVAL OF FINANCIAL STATEMENTS

These financial statements were approved and signed by the shareholder on April 24, 2026.

INDEPENDENT AUDITOR'S REPORT

To,
The Shareholders,
PG Capital F.Z.E
Ajman, United Arab Emirates.

Report on the Audit of Financial Statements.

Opinion

We have audited the accompanying financial statements of PG Capital F.Z.E, Ajman, United Arab Emirates which comprise the statement of financial position as at March 31, 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity & statement of cash flows for the period then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2026 and its financial performance for the period then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the requirements of Code of Ethics for Professional Accountants, issued by International Ethics Standards Board for Accountants (IESBA) together with ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those charged with governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

1. We have obtained all the information and explanations which we considered necessary for our audit;

2. The financial statements comply with the applicable provisions of Dubai Integrated Economic Zones Authority Implementing Regulations 2024 pursuant to Law No. (16) of 2021 pursuant to Law No. (16) of 2021., concerning the formation of legal Company at Dubai Airport Free Zone;

3. The financial statements give a true and fair view of the profit or loss of the Company for the relevant period and state of the Company's affairs at the end of the financial year;

4. The Company has undertaken only activities permitted under its license;

5. Capital Adequacy is maintained during the year ended March 31, 2026.

Notes to the Financial Statements - for the year ended March 31, 2026

1 LEGAL STATUS :

PG CAPITAL F.Z.E. is incorporated on **May 21, 2020 under License No.- 27909 issued by Ajman Free Zone Authority, Ajman, UAE**

The registered address of the company is Premises No. B.C. 1303912, Ajman Free Zone C1 Building, Ajman, United Arab Emirates

The company is managed and controlled by following persons:

1.Mr.Rahul Khettry

2 BUSINESS ACTIVITIES :

The activity of the company is as follows:
Commercial Enterprises Investment, Institution & Management

3 BASIS OF PREPARATION

3.1 The financial statements are prepared under the historical cost convention basis applied consistently. Accrual basis of accounting has been followed by the company for the financial statements except the cash flow.

3.2 The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and the applicable provisions of the Dubai Integrated Economic Zones Authority (DIEZA) Implementing Regulations 2024.

4 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of these financial statements require management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and accompanying disclosure at the reporting date.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future years affected.

The key judgments and estimates and assumptions that have significant impact on the financial statements of the Company are as discussed below:

4.1 Satisfaction of Performance Obligation

The Company is required to assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point of time in order to determine the appropriate method of recognizing revenue. The Company has assessed that the revenue is recognized at a point in time based on agreements entered with customers and the provisions of relevant laws and regulations.

4.2 Determination of Transaction Prices

The Company is required to determine the transaction price in respect of each of its contract with customers. In making such judgment the Company assesses the impact of any variable consideration in the contract, due to discounts, the existence of any significant financial component in the contract and any non-cash consideration in the contract.

In determining the impact of variable consideration the Company uses the "most-likely amount" method in IFRS 15 whereby the transaction price is determined by reference to the single most likely amount in the range of possible consideration amounts.

4.3 Transfer of Control in Contract With Customers

In the cases where the Company determines that performance obligation are satisfied at a point in time, revenue is recognized when the control over the asset that is the subject of the contract is transferred to the customer.

The Company has elected to adopt cost model / fair value model for investment properties. Accordingly investment properties are carried at cost less accumulated depreciation and any accumulated impairments / fair value in accordance with IAS 40.

4.4 Useful live of Property, Plant and Equipments

The Company's management determines the estimated useful lives of its property, plant and equipment for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. The management yearically reviews estimated useful lives and the depreciation method to ensure that the method and year of depreciation are consistent with the expected pattern of economic benefits from these assets.

5 ADOPTION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS) & INTERPRETATIONS

The Company has adopted all International Financial Reporting Standards (IFRS), amendments and interpretations issued by the International Accounting Standards Board (IASB) that are relevant and applicable to its operations and effective for the financial year commencing on April 01, 2025.

5.1 Standards and Interpretations effective in the current period

The following standards and amendments apply for the first time to the financial reporting periods commencing on or after January 01, 2025.

-Non-current Liabilities with Covenants – Amendments to IAS 1
-Classification of Liabilities as Current or Non-current – Amendments to IAS 1
-Lease Liability in a Sale and Leaseback – Amendments to IFRS 16
-Supplier Finance Arrangements – Amendments to IAS 7 and IFRS 7

5.2 New & Revised IFRS in issue but not effective or early adopted

The following standards and interpretations had been issued but not yet mandatory for annual reporting periods ending March 31, 2025. Management anticipates that these new standards, interpretations, and amendments will be adopted in the financial statements as and when they are applicable and adoption of these new standards, interpretations, and amendments, may have no material impact on the financial statements in the period of initial application.

Particulars	Effective for Annual years beginning from
Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7	January 01, 2026
Annual Improvements to IFRS Accounting Standards – Volume 11	January 01, 2026
IFRS 18 Presentation and Disclosure in Financial Statements	January 01, 2027
IFRS 19 Subsidiaries without Public Accountability: Disclosures	January 01, 2027

IFRS 16- Leases

The company assess at contract inception whether a contract is, or contains, a lease, That is if the contract conveys the right to control the use of an identified assets for a year of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful life of the right-of-use asset is 3 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of' lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the year in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short- term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

6.1 Revenue recognition:

Revenue / income from trading and investment activities in financial instruments such as equity shares, derivatives (futures & options), bonds and other securities is recognized when all of the following conditions are satisfied:

- The Company has entered into a binding transaction, and the significant risks and rewards of ownership of the financial instrument have been transferred, which is generally on the trade date
- The Company ceases to have control over the financial instrument sold.
- The amount of income, gain or loss arising from the transaction can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the Company.

Revenue from the sale of financial instruments is measured as the difference between the consideration received and the carrying amount of the respective financial asset and is recognized in the Statement of Profit and Loss.

Financial instruments held for trading are subsequently measured at **fair value**, and any **unrealized gains or losses** arising from changes in fair value are recognized in the **Statement of Profit and Loss** in accordance with **IFRS 9**

6.2 Property plant and equipments

Property and equipment are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of the assets.

At the end of each reporting year, management conducts an assessment of property and equipment to determine whether there are any indications that assets may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made.

6.3 Investment properties

Properties held for rental or capital appreciation purposes are classified as investment properties. Investment properties are measured at cost less any accumulated depreciation and any accumulated impairments losses / fair value in accordance with IAS 40.

The Company determines at each reporting date whether there is any objective evidence that the investment properties are impaired. Whenever the carting amount of an investment property exceeds their recoverable amount, an impairment loss is recognized in income statement. The recoverable amount of the investment properties is the higher of investment property's net selling price and the value in use. The net selling price is the amount obtainable from the sale of an investment property in an arm's length transaction less related costs while value in use is the present value of estimated future cash flows expected to arise from the continuing use of investment property and from its disposal at the end of its useful life.

6.4 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization less any accumulated impairment losses. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization year and the amortization method for an intangible assets with finite useful life are reviewed at least at the end of each reporting year. The amortization expense on intangible assets with finite useful lives is recognized in the income statement.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment annually either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on perspective basis.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the income statement when the asset is derecognized.

6.5 Financial assets - classification, measurement, recognition and derecognition

Classification

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the companies' model for managing them. Financial assets can be classified into following categories:

- those to be measured at fair value through other comprehensive income or through profit or loss, and
- those to be measured at amortized cost

Measurement

Financial assets are recognized and derecognized on trade date when the purchase and sale of a financial asset is made under a contract whose terms require delivery of financial asset within the timeframe established by market concerned.

Financial assets are initially measured at cost, plus transaction cost, except for those financial assets classified at fair value through other comprehensive income or profit or loss, which are initially measured at fair value.

Subsequent measurement of financial assets after initial measurement can be classified into two categories

a. Equity instruments

All the financial assets that are equity instruments are measured at fair value through other comprehensive income or through profit or loss. This is an irrevocable choice that the Company has made on adoption of IFRS 9 or will make on subsequent measurement of equity instrument unless equity instrument are held for trading, in which case, they must be measured at fair value through profit or loss. Dividend income for all equity instrument is recognized in profit or loss statement when the right of payment has been established.

b. Debt instrument

Debt instruments are also measured at fair value through other comprehensive income unless they are classified at amortized cost. They are classified at amortized cost only if:

- the assets held within a business model whose objective is to hold the asset to collect the contractual cash flows; and
- the contractual terms of the debt instrument give rise, on specified date, to cash flows that are solely payments of principal and interest on the principal outstanding.

Derecognition

Financial asset is derecognized when:

- The right to receive cash flow from the asset have expired; or
- The Company retains the right to receive cash flow from the asset, but has assumed an obligation to pay them in full without material delay to third party under a "pass-through" arrangement, and
- The Company has transferred its rights to receive cash flow from the asset and either:

has transferred substantially all the risk and rewards of the asset, or
has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

The company recognizes all allowance for expected credit losses for all debt instrument not held at fair value through profit or loss. ECLs are based on the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an effective interest rate.

6.6 Financial liabilities - classification, measurement, recognition and derecognition

Financial liabilities within the scope of IFRS 9 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or other financial liabilities.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

PG CAPITAL F.Z.E

Premises No. B.C. 1303912, Ajman Free Zone C1 Building, Ajman, United Arab Emirates

Notes to the Financial Statements - for the year ended March 31, 2026

6.7 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within due dates and therefore are all classified as current. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value.

6.8 Trade and Other Payables

These amounts represents liabilities for goods and services received by the Company in ordinary course of business which are unpaid at the year end. They are generally paid within 3 months and therefore are all classified as current.

6.9 Employee End of Service Benefits

The Company provides end-of-service benefits to its employees. The entitlement to these benefits is usually based upon the employees' final salary and length of service, subject to the completion of a minimum service year. The expected costs of these benefits are accrued over the year of employment.

6.10 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of the past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and the amount can be reliably estimated.

Provisions are measured at present value of the expenditures expected to be required to settle the obligation at the end of the reporting year, using the effective interest rate.

Provisions are reviewed at each financial statement date ad adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

6.11 Value added tax

As per the Federal Decree-Law No. (08) of 2017, effective from January 1, 2018 for companies incorporated in UAE. Value Added Tax (VAT), is charged at 5% standard rate or 0% (as the case may be) on every taxable supply and deemed supply made by the taxable person. The Company is required to file its VAT returns and compute the payable tax (which is output tax less input tax) for the allotted tax periods and deposit the same within the prescribed due dates of filing VAT return and tax payment.

Corporate tax

On 9 December 2022, the UAE Ministry of Finance released the Federal Decree-Law No.47 of 2022 on the taxation of Corporations and Business (the Law) to enact a Federal corporate tax (CT) regime in the UAE. The CT regime will become effective for accounting periods beginning on or after 1 June 2023 and accordingly, it has an Corporate tax related impact on the financial statements for the accounting periods beginning on or after June, 1, 2023.

The Cabinet of Ministry Decision No. 116/2022 effective from 2023, specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000 and a rate of 0% on qualifying income of free zone entities.

PG CAPITAL F.Z.E

Premises No. B.C. 1303912, Ajman Free Zone C1 Building, Ajman, United Arab Emirates

Notes to the Financial Statements - for the year ended March 31, 2026

Corporate tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI. The Company has determined that interest and penalties related to Corporate taxes, including uncertain tax treatments, do not meet the definition of Corporate taxes, and therefore accounted for them under IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

The Company has determined that the global minimum top-up tax – which it is required to pay under Pillar Two legislation – is an Corporate tax in the scope of IAS 12. The Company has applied a temporary mandatory relief from deferred tax accounting for the impacts of the top-up tax and accounts for it as a current tax when it is incurred.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous periods. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to Corporate taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

6.12 Foreign Currency Translation

Transaction in currencies other than the company's functional currency (Foreign Currencies) are recorded at the rates of exchange prevailing on the dates of transactions. Monetary items denominated in foreign currencies are re-translated at the rates prevailing on the balance sheet date. Non- monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined the resultant income or gain is shown in the income statement.

6.13 Cash & Cash Equivalents

Cash and cash equivalents for the purpose of cash flow statement is cash and bank balances and short term deposits with maturity of less than three months, net of bank overdrafts.

6.14 Reporting Currency & Rounding Up

The functional currency and reporting currency is UAE Dirhams. The figures are rounded up to UAE Dirhams.

15 RISK MANAGEMENT

15.1 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or the counterparty to the financial instrument fails to meet its contractual obligation. The Company is exposure to credit risk is concentrated on bank balance, trade receivables, loans & advances and deposits.

The company's bank accounts are with local branches of banks operating in the U.A.E. Trade receivables are stated at realizable value net of allowance and bad debts. Deposits with government departments are refundable and secured.

15.2 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

b. Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

15.3 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Fair values

At the balance sheet date, the fair values of financial assets and liabilities at year end approximate to their carrying amounts and have been very carefully scrutinized by the management for their correctness.

16 COMPARATIVE FIGURES

The fiscal year covers the year of 12 months from April 01, 2025 to March 31, 2026. The Previous fiscal period covers the period of 12 months from April 01, 2024 to March 31, 2025. Previous year figures might be reclassified & regrouped to conform to the current year presentation.

DUBAI - U.A.E
STELLAR BRANDS GLOBAL FZCO

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

DUBAI - U.A.E

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

1. We have obtained all the information and explanations which we considered necessary for our audit;

2. The financial statements comply with the applicable provisions of Dubai Integrated Economic Zones Authority Implementing Regulations 2024 pursuant to Law No. (16) of 2021, concerning the formation of legal Company at Dubai Airport Free Zone;

3. The financial statements give a true and fair view of the profit or loss of the Company for the relevant period and state of the Company's affairs at the end of the financial year;

4. The Company has undertaken only activities permitted under its license;

5. Capital Adequacy is maintained during the year ended March 31, 2026.

STELLAR BRANDS GLOBAL FZCO

STELLAR BRAND GLOBAL FZCO

Premises 308, 5WA , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

1 LEGAL STATUS :

PDS SOURCING FZCO is incorporated on **October 26, 2022 under License No.- LEGAL STATUS 05396 issued by Dubai Airport Free Zone Authority, Dubai, UAE. Trade Name has been changed to STELLAR BRAND GLOBAL FZCO on 26th June, 2025.**

The registered address of the company is Premises No. 308, 5WA , Dubai Airport Free Zone, Dubai, United Arab Emirates

The company is managed and controlled by following persons:

1.Mr.Deepak Kumar Seth
2.Mr.Rahul Khettry

2 BUSINESS ACTIVITIES :

The activity of the company are as follows:-
(a) Clothing, including sports clothes and uniforms Trading
(b) Clothing accessories Trading
(c) Footwear Trading

3 BASIS OF PREPARATION

3.1 The financial statements are prepared under the historical cost convention basis applied consistently. Accrual basis of accounting has been followed by the company for the financial statements except the cash flow.

For the period ended March 31, 2026, the company had a net loss of AED 1,537,437 and as at March 31 2025, the company had accumulated loss of AED 1,509,070 against share capital of AED 100,000. The financial statement have been prepared on a going concern basis.

3.2 The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and the applicable provisions of the Dubai Integrated Economic Zones Authority (DIEZA) Implementing Regulations 2024.

4 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of these financial statements require management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and accompanying disclosure at the reporting date.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future periods affected.

The key judgments and estimates and assumptions that have significant impact on the financial statements of the Company are as discussed below:

4.1 Satisfaction of Performance Obligation

The Company is required to assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point of time in order to determine the appropriate method of recognizing revenue. The Company has assessed that the revenue is recognized at a point in time based on agreements entered with customers and the provisions of relevant laws and regulations.

STELLAR BRAND GLOBAL FZCO

Premises 308, SWA , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

4.2 Determination of Transaction Prices

The Company is required to determine the transaction price in respect of each of its contract with customers. In making such judgment the Company assesses the impact of any variable consideration in the contract, due to discounts, the existence of any significant financial component in the contract and any non-cash consideration in the contract.

In determining the impact of variable consideration the Company uses the "most-likely amount" method in IFRS 15 whereby the transaction price is determined by reference to the single most likely amount in the range of possible consideration amounts.

4.3 Transfer of Control in Contract With Customers

In the cases where the Company determines that performance obligation are satisfied at a point in time, revenue is recognized when the control over the asset that is the subject of the contract is transferred to the customer.

The Company has elected to adopt cost model / fair value model for investment properties. Accordingly investment properties are carried at cost less accumulated depreciation and any accumulated impairments / fair value in accordance with IAS 40.

4.4 Useful live of Property, Plant and Equipments

The Company's management determines the estimated useful lives of its property, plant and equipment for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. The management periodically reviews estimated useful lives and the depreciation method to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets.

5 ADOPTION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS) & INTERPRETATIONS

The Company has adopted all International Financial Reporting Standards (IFRS), amendments and interpretations issued by the International Accounting Standards Board (IASB) that are relevant and applicable to its operations and effective for the financial year commencing on April 01, 2025.

5.1 Standards and Interpretations effective in the current period

The following standards and amendments apply for the first time to the financial reporting periods commencing on or after January 01, 2025.

-Non-current Liabilities with Covenants – Amendments to IAS 1

-Classification of Liabilities as Current or Non-current – Amendments to IAS 1

-Lease Liability in a Sale and Leaseback – Amendments to IFRS 16

-Supplier Finance Arrangements – Amendments to IAS 7 and IFRS 7

5.2 New & Revised IFRS in issue but not effective or early adopted

The following standards and interpretations had been issued but not yet mandatory for annual reporting periods ending March 31, 2025. Management anticipates that these new standards, interpretations, and amendments will be adopted in the financial statements as and when they are applicable and adoption of these new standards, interpretations, and amendments, may have no material impact on the financial statements in the period of initial application.

STELLAR BRAND GLOBAL FZCO

Premises 308, 5WA , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

Particulars	Effective for Annual periods beginning from
Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7	January 01, 2026
Annual Improvements to IFRS Accounting Standards – Volume 11	January 01, 2026
IFRS 18 Presentation and Disclosure in Financial Statements	January 01, 2027
IFRS 19 Subsidiaries without Public Accountability: Disclosures	January 01, 2027

IFRS 16- Leases

The company assess at contract inception whether a contract is, or contains, a lease, That is if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful life of the right-of-use asset is 3 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of' lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short- term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

6.1 Revenue recognition:

Revenue from the sale of goods is recognized when the goods are delivered and titles have passed, at which times all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of goods.
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the Company.
- The cost incurred or to be incurred in respect of the transaction can be measured reliably.

6.2 Property plant and equipments

Property and equipment are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of the assets.

At the end of each reporting period, management conducts an assessment of property and equipment to determine whether there are any indications that assets may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made.

6.3 Investment properties

Properties held for rental or capital appreciation purposes are classified as investment properties. Investment properties are measured at cost less any accumulated depreciation and any accumulated impairments losses / fair value in accordance with IAS 40.

The Company determines at each reporting date whether there is any objective evidence that the investment properties are impaired. Whenever the carting amount of an investment property exceeds their recoverable amount, an impairment loss is recognized in income statement. The recoverable amount of the investment properties is the higher of investment property's net selling price and the value in use. The net selling price is the amount obtainable from the sale of an investment property in an arm's length transaction less related costs while value in use is the present value of estimated future cash flows expected to arise from the continuing use of investment property and from its disposal at the end of its useful life.

6.4 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization less any accumulated impairment losses. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible assets with finite useful life are reviewed at least at the end of each reporting period. The amortization expense on intangible assets with finite useful lives is recognized in the income statement.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment annually either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on perspective basis.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the income statement when the asset is derecognized.

6.5 Financial assets - classification, measurement, recognition and derecognition

Classification

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the companies' model for managing them. Financial assets can be classified into following categories:

- those to be measured at fair value through other comprehensive income or through profit or loss, and
- those to be measured at amortized cost

Measurement

Financial assets are recognized and derecognized on trade date when the purchase and sale of a financial asset is made under a contract whose terms require delivery of financial asset within the timeframe established by market concerned.

Financial assets are initially measured at cost, plus transaction cost, except for those financial assets classified at fair value through other comprehensive income or profit or loss, which are initially measured at fair value.

Subsequent measurement of financial assets after initial measurement can be classified into two categories

a. Equity instruments

All the financial assets that are equity instruments are measured at fair value through other comprehensive income or through profit or loss. This is an irrevocable choice that the Company has made on adoption of IFRS 9 or will make on subsequent measurement of equity instrument unless equity instrument are held for trading, in which case, they must be measured at fair value through profit or loss. Dividend income for all equity instrument is recognized in profit or loss statement when the right of payment has been established.

b. Debt instrument

Debt instruments are also measured at fair value through other comprehensive income unless they are classified at amortized cost. They are classified at amortized cost only if:

- the assets held within a business model whose objective is to hold the asset to collect the contractual cash flows; and
- the contractual terms of the debt instrument give rise, on specified date, to cash flows that are solely payments of principal and interest on the principal outstanding.

Derecognition

Financial asset is derecognized when:

- The right to receive cash flow from the asset have expired; or
- The Company retains the right to receive cash flow from the asset, but has assumed an obligation to pay them in full without material delay to third party under a "pass-through" arrangement, and
- The Company has transferred its rights to receive cash flow from the asset and either:
  - has transferred substantially all the risk and rewards of the asset, or
  - has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

The company recognizes all allowance for expected credit losses for all debt instrument not held at fair value through profit or loss. ECLs are based on the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an effective interest rate.

6.6 Financial liabilities - classification, measurement, recognition and derecognition

Financial liabilities within the scope of IFRS 9 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or other financial liabilities.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

6.7 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within due dates and therefore are all classified as current. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value.

6.8 Trade and Other Payables

These amounts represents liabilities for goods and services received by the Company in ordinary course of business which are unpaid at the year end. They are generally paid within 3 months and therefore are all classified as current.

6.9 Employee End of Service Benefits

The Company provides end-of-service benefits to its employees. The entitlement to these benefits is usually based upon the employees' final salary and length of service, subject to the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment.

6.10 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of the past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and the amount can be reliably estimated.

Provisions are measured at present value of the expenditures expected to be required to settle the obligation at the end of the reporting period, using the effective interest rate.

Provisions are reviewed at each financial statement date ad adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

6.11 Value added tax

As per the Federal Decree-Law No. (08) of 2017, effective from January 1, 2018 for companies incorporated in UAE. Value Added Tax (VAT), is charged at 5% standard rate or 0% (as the case may be) on every taxable supply and deemed supply made by the taxable person. The Company is required to file its VAT returns and compute the payable tax (which is output tax less input tax) for the allotted tax periods and deposit the same within the prescribed due dates of filing VAT return and tax payment.

Corporate tax

On 9 December 2022, the UAE Ministry of Finance released the Federal Decree-Law No.47 of 2022 on the taxation of Corporations and Business (the Law) to enact a Federal corporate tax (CT) regime in the UAE. The CT regime will become effective for accounting periods beginning on or after 1 June 2023 and accordingly, it has an Corporate tax related impact on the financial statements for the accounting periods beginning on or after June, 1, 2023.

The Cabinet of Ministry Decision No. 116/2022 effective from 2023, specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000 and a rate of 0% on qualifying income of free zone entities.

STELLAR BRAND GLOBAL FZCO

Premises 308, SWA , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

Corporate tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI. The Company has determined that interest and penalties related to Corporate taxes, including uncertain tax treatments, do not meet the definition of Corporate taxes, and therefore accounted for them under IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

The Company has determined that the global minimum top-up tax – which it is required to pay under Pillar Two legislation – is an Corporate tax in the scope of IAS 12. The Company has applied a temporary mandatory relief from deferred tax accounting for the impacts of the top-up tax and accounts for it as a current tax when it is incurred.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous periods. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to Corporate taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

6.12 Foreign Currency Translation

Transaction in currencies other than the company's functional currency (Foreign Currencies) are recorded at the rates of exchange prevailing on the dates of transactions. Monetary items denominated in foreign currencies are re-translated at the rates prevailing on the balance sheet date. Non- monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined the resultant income or gain is shown in the income statement.

6.13 Cash & Cash Equivalents

Cash and cash equivalents for the purpose of cash flow statement is cash and bank balances and short term deposits with maturity of less than three months, net of bank overdrafts.

6.14 Reporting Currency & Rounding Up

The functional currency and reporting currency is UAE Dirhams. The figures are rounded up to UAE Dirhams.

17 RISK MANAGEMENT

17.1 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or the counterparty to the financial instrument fails to meet its contractual obligation. The Company is exposure to credit risk is concentrated on bank balance, trade receivables, loans & advances and deposits.

The company's bank accounts are with local branches of banks operating in the U.A.E. Trade receivables are stated at realizable value net of allowance and bad debts. Deposits with government departments are refundable and secured.

STELLAR BRAND GLOBAL FZCO

Premises 308, SWA , Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

17.2 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

b. Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

17.3 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Fair values

At the balance sheet date, the fair values of financial assets and liabilities at year end approximate to their carrying amounts and have been very carefully scrutinized by the management for their correctness.

18 COMPARATIVE FIGURES

The Current fiscal year covers the period of 12 months from April 01, 2025 to March 31, 2026. The Previous fiscal period covers the year of 12 months from April 01, 2024 to March 31, 2025. Previous year figures might be reclassified and regrouped to conform with the current year's figures.

INDEPENDENT AUDITOR'S REPORT

To,
The Shareholders,
PDS Brand Manufacturing FZCO
Dubai, United Arab Emirates.

Report on the Audit of Financial Statements.

Opinion

We have audited the accompanying financial statements of PDS Brand Manufacturing FZCO, Dubai, United Arab Emirates which comprise the statement of financial position as at March 31, 2026, and the statement of profit or loss and other comprehensive income, statement of changes in equity & statement of cash flows for the period then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2026 and its financial performance for the period then ended in accordance with International Financial Reporting Standards (IFRSs).

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the requirements of Code of Ethics for Professional Accountants, issued by International Ethics Standards Board for Accountants (IESBA) together with ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those charged with governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with management and those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

1. We have obtained all the information and explanations which we considered necessary for our audit;

2. The financial statements comply with the applicable provisions of Dubai Integrated Economic Zones Authority Implementing Regulations 2024 pursuant to Law No. (16) of 2021, concerning the formation of legal Company at Dubai Airport Free Zone;

3. The financial statements give a true and fair view of the profit or loss of the Company for the relevant period and state of the Company's affairs at the end of the financial year;

4. The Company has undertaken only activities permitted under its license;

5. Capital Adequacy is maintained during the year ended March 31, 2026.

PDS BRANDS MANUFACTURING FZCO

Premises No. 6EB 339-SD30, Third Floor, 6 East B, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

1 LEGAL STATUS :

PDS Brands Manufacturing FZCO is incorporated on **January 01, 2022 under License No.- 5013 issued by Dubai Airport Free Zone Authority, Dubai, UAE**

The registered address of the company is Premises No. 6EB 339-SD30, Third Floor, 6 East B, Dubai Airport Free Zone, Dubai, United Arab Emirates

The company is managed and controlled by following persons:

1.Mr.Deepak Kumar Seth
2.Mr.Rahil Khettry

2 BUSINESS ACTIVITIES :

The activity of the company are as follows:-
(a) Clothing, including sports clothes and uniforms Trading
(b) Clothing accessories Trading
(c) Footwear Trading

3 BASIS OF PREPARATION

3.1 The financial statements are prepared under the historical cost convention basis applied consistently. Accrual basis of accounting has been followed by the company for the financial statements except the cash flow.

For the year ended March 31, 2026, the company had a net loss of AED 1,584,076 and as at March 31 2026, the company had accumulated loss of AED 1,044,266 against share capital of AED 100,000.

3.2 The financial statements are prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and the applicable provisions of the Dubai Integrated Economic Zones Authority (DIEZA) Implementing Regulations 2024.

4 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of these financial statements require management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities and accompanying disclosure at the reporting date.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future periods affected.

The key judgments and estimates and assumptions that have significant impact on the financial statements of the Company are as discussed below:

4.1 Satisfaction of Performance Obligation

The Company is required to assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point of time in order to determine the appropriate method of recognizing revenue. The Company has assessed that the revenue is recognized at a point in time based on agreements entered with customers and the provisions of relevant laws and regulations.

PDS BRANDS MANUFACTURING FZCO

Premises No. 6EB 339-SD30, Third Floor, 6 East B, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

4.2 Determination of Transaction Prices

The Company is required to determine the transaction price in respect of each of its contract with customers. In making such judgment the Company assesses the impact of any variable consideration in the contract, due to discounts, the existence of any significant financial component in the contract and any non-cash consideration in the contract.

In determining the impact of variable consideration the Company uses the "most-likely amount" method in IFRS 15 whereby the transaction price is determined by reference to the single most likely amount in the range of possible consideration amounts.

4.3 Transfer of Control in Contract With Customers

In the cases where the Company determines that performance obligation are satisfied at a point in time, revenue is recognized when the control over the asset that is the subject of the contract is transferred to the customer.

The Company has elected to adopt cost model / fair value model for investment properties. Accordingly investment properties are carried at cost less accumulated depreciation and any accumulated impairments / fair value in accordance with IAS 40.

4.4 Useful live of Property, Plant and Equipments

The Company's management determines the estimated useful lives of its property, plant and equipment for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. The management periodically reviews estimated useful lives and the depreciation method to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets.

5 ADOPTION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS) & INTERPRETATIONS

The Company has adopted all International Financial Reporting Standards (IFRS), amendments and interpretations issued by the International Accounting Standards Board (IASB) that are relevant and applicable to its operations and effective for the financial year commencing on April 01, 2025.

5.1 Standards and Interpretations effective in the current period

The following standards and amendments apply for the first time to the financial reporting periods commencing on or after January 01, 2025.

-Non-current Liabilities with Covenants – Amendments to IAS 1
-Classification of Liabilities as Current or Non-current – Amendments to IAS 1
-Lease Liability in a Sale and Leaseback – Amendments to IFRS 16
-Supplier Finance Arrangements – Amendments to IAS 7 and IFRS 7

5.2 New & Revised IFRS in issue but not effective or early adopted

The following standards and interpretations had been issued but not yet mandatory for annual reporting periods ending March 31, 2025. Management anticipates that these new standards, interpretations, and amendments will be adopted in the financial statements as and when they are applicable and adoption of these new standards, interpretations, and amendments, may have no material impact on the financial statements in the period of initial application.

PDS BRANDS MANUFACTURING FZCO

Premises No. 6EB 339-SD30, Third Floor, 6 East B, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

Particulars	Effective for Annual periods beginning from
Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7	January 01, 2026
Annual Improvements to IFRS Accounting Standards – Volume 11	January 01, 2026
IFRS 18 Presentation and Disclosure in Financial Statements	January 01, 2027
IFRS 19 Subsidiaries without Public Accountability: Disclosures	January 01, 2027

IFRS 16- Leases

The company assess at contract inception whether a contract is, or contains, a lease, That is if the contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful life of the right-of-use asset is 3 years.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

ii) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

PDS BRANDS MANUFACTURING FZCO

Premises No. 6EB 339-SD30, Third Floor, 6 East B, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short- term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

6.1 Revenue recognition:

Revenue from the sale of goods is recognized when the goods are delivered and titles have passed, at which times all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of goods.
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the Company.
- The cost incurred or to be incurred in respect of the transaction can be measured reliably.

6.2 Property plant and equipments

Property and equipment are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated using the straight-line method from the date of acquisition to the estimated useful lives of the assets.

At the end of each reporting period, management conducts an assessment of property and equipment to determine whether there are any indications that assets may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made.

6.3 Investment properties

Properties held for rental or capital appreciation purposes are classified as investment properties. Investment properties are measured at cost less any accumulated depreciation and any accumulated impairments losses / fair value in accordance with IAS 40.

PDS BRANDS MANUFACTURING FZCO

Premises No. 6EB 339-SD30, Third Floor, 6 East B, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

The Company determines at each reporting date whether there is any objective evidence that the investment properties are impaired. Whenever the carting amount of an investment property exceeds their recoverable amount, an impairment loss is recognized in income statement. The recoverable amount of the investment properties is the higher of investment property's net selling price and the value in use. The net selling price is the amount obtainable from the sale of an investment property in an arm's length transaction less related costs while value in use is the present value of estimated future cash flows expected to arise from the continuing use of investment property and from its disposal at the end of its useful life.

6.4 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization less any accumulated impairment losses. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible assets with finite useful life are reviewed at least at the end of each reporting period. The amortization expense on intangible assets with finite useful lives is recognized in the income statement.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment annually either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on perspective basis.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the income statement when the asset is derecognized.

6.5 Financial assets - classification, measurement, recognition and derecognition

Classification

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the companies' model for managing them. Financial assets can be classified into following categories:

- those to be measured at fair value through other comprehensive income or through profit or loss, and
- those to be measured at amortized cost

Measurement

Financial assets are recognized and derecognized on trade date when the purchase and sale of a financial asset is made under a contract whose terms require delivery of financial asset within the timeframe established by market concerned.

Financial assets are initially measured at cost, plus transaction cost, except for those financial assets classified at fair value through other comprehensive income or profit or loss, which are initially measured at fair value.

Subsequent measurement of financial assets after initial measurement can be classified into two categories

PDS BRANDS MANUFACTURING FZCO

Premises No. 6EB 339-SD30, Third Floor, 6 East B, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

a. Equity instruments

All the financial assets that are equity instruments are measured at fair value through other comprehensive income or through profit or loss. This is an irrevocable choice that the Company has made on adoption of IFRS 9 or will make on subsequent measurement of equity instrument unless equity instrument are held for trading, in which case, they must be measured at fair value through profit or loss. Dividend income for all equity instrument is recognized in profit or loss statement when the right of payment has been established.

b. Debt instrument

Debt instruments are also measured at fair value through other comprehensive income unless they are classified at amortized cost. They are classified at amortized cost only if:

- the assets held within a business model whose objective is to hold the asset to collect the contractual cash flows; and
- the contractual terms of the debt instrument give rise, on specified date, to cash flows that are solely payments of principal and interest on the principal outstanding.

Derecognition

Financial asset is derecognized when:

- The right to receive cash flow from the asset have expired; or
- The Company retains the right to receive cash flow from the asset, but has assumed an obligation to pay them in full without material delay to third party under a "pass-through" arrangement, and
- The Company has transferred its rights to receive cash flow from the asset and either:
  - has transferred substantially all the risk and rewards of the asset, or
  - has neither transferred nor retained substantially all the risk and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

The company recognizes all allowance for expected credit losses for all debt instrument not held at fair value through profit or loss. ECLs are based on the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an effective interest rate.

6.6 Financial liabilities - classification, measurement, recognition and derecognition

Financial liabilities within the scope of IFRS 9 are classified as financial liabilities at fair value through profit or loss, loans and borrowings, or other financial liabilities.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

PDS BRANDS MANUFACTURING FZCO

Premises No. 6EB 339-SD30, Third Floor, 6 East B, Dubai Airport Free Zone, Dubai, United Arab Emirates

Notes to the financial statements - for the year ended March 31, 2026

6.7 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are generally due for settlement within due dates and therefore are all classified as current. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value.

6.8 Trade and Other Payables

These amounts represents liabilities for goods and services received by the Company in ordinary course of business which are unpaid at the year end. They are generally paid within 3 months and therefore are all classified as current.

6.9 Employee End of Service Benefits

The Company provides end-of-service benefits to its employees. The entitlement to these benefits is usually based upon the employees' final salary and length of service, subject to the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment.

6.10 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of the past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and the amount can be reliably estimated.

Provisions are measured at present value of the expenditures expected to be required to settle the obligation at the end of the reporting period, using the effective interest rate.

Provisions are reviewed at each financial statement date ad adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

6.11 Value added tax

As per the Federal Decree-Law No. (08) of 2017, effective from January 1, 2018 for companies incorporated in UAE. Value Added Tax (VAT), is charged at 5% standard rate or 0% (as the case may be) on every taxable supply and deemed supply made by the taxable person. The Company is required to file its VAT returns and compute the payable tax (which is output tax less input tax) for the allotted tax periods and deposit the same within the prescribed due dates of filing VAT return and tax payment.

Corporate tax

On 9 December 2022, the UAE Ministry of Finance released the Federal Decree-Law No.47 of 2022 on the taxation of Corporations and Business (the Law) to enact a Federal corporate tax (CT) regime in the UAE. The CT regime will become effective for accounting periods beginning on or after 1 June 2023 and accordingly, it has an Corporate tax related impact on the financial statements for the accounting periods beginning on or after June, 1, 2023.

The Cabinet of Ministry Decision No. 116/2022 effective from 2023, specifies the threshold of income over which the 9% tax rate would apply and accordingly, the Law is now considered to be substantively enacted. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000 and a rate of 0% on qualifying income of free zone entities.

Notes to the financial statements - for the year ended March 31, 2026

Corporate tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI. The Company has determined that interest and penalties related to Corporate taxes, including uncertain tax treatments, do not meet the definition of Corporate taxes, and therefore accounted for them under IAS 37 Provisions, Contingent Liabilities and Contingent Assets.

The Company has determined that the global minimum top-up tax – which it is required to pay under Pillar Two legislation – is an Corporate tax in the scope of IAS 12. The Company has applied a temporary mandatory relief from deferred tax accounting for the impacts of the top-up tax and accounts for it as a current tax when it is incurred.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous periods. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to Corporate taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

6.12 Foreign Currency Translation

Transaction in currencies other than the company's functional currency (Foreign Currencies) are recorded at the rates of exchange prevailing on the dates of transactions. Monetary items denominated in foreign currencies are re-translated at the rates prevailing on the balance sheet date. Non- monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined the resultant income or gain is shown in the income statement.

6.13 Cash & Cash Equivalents

Cash and cash equivalents for the purpose of cash flow statement is cash and bank balances and short term deposits with maturity of less than three months, net of bank overdrafts.

6.14 Reporting Currency & Rounding Up
